██████ Para, ██████████ 2014.

Dear ████████

here I am, by this present page, with the best wishes for your life and for your administration

Enthusiastically I ask you which kind of steps may I walk in order to achieve a volunteering, a sponsor, a scholarship, a homestay, a ████████ an interchanging, a mecenat, a donation, an ████████ (why not?)... with what I can develop a serious study and a monography about this important event, sympathetic way to help while I learn more-and-more about that theme, moment to make become stronger the relationship between our countries towards the whole world comprehension by our participation.

Trying to make easy your decision, I make you know that I have complete courses given by ████████ universities - these courses are called "graduação" here - in Music, in ████████ in Singing, in Social Studies, in ████████ and in ████████ (now I study Tourism), besides the "post-graduação" in Education, in Administration, in ████████ in Fashion, in Engineering and in History; I attach the "masters" in ████████ and in ████████ achieved and the "PhD" in Production, course in which I am a terminal student. I make you know, too, that I can communicate both in English and French, in Spanish and Italian (and in Portuguese, of course, my mother tongue).

Send your answer utilizing, please, the address below, from where I write and from where I thank you very much, dear ████████ for your kind attention.

** four centuries, last year, since ████████ Leet, important person for Connecticut's history, is born. Despite it, I have heard nothing about the memorations here in the interior of my subdevelopped country (no books, ████████ records, ████████ DVDs, ████████ photos...), reason by which I want to ████████ something. Other suggestion from you is welcome.*
