I am writing to make the following request. We recently tried to do this through the Governor's website but have not received a response.

[REDACTED] [REDACTED] is a young boy being treated at [REDACTED] [REDACTED] Research Hospital. After three years, he is just finishing [REDACTED] last chemo treatment. We are trying to get a postcard sent to him from every state in the [REDACTED]. We are missing a postcard from [REDACTED]. May we please ask that the Governor's [REDACTED] send a card to this young man.

We would like for the postcard to have the state's name on the front. We are posting these to [REDACTED] Facebook page. You may reference [REDACTED] Facebook page at "Praying for [REDACTED]"

Would you please confirm to my email address that a postcard has been sent.
