The following message has been sent to the Legislature of Maryland by Governor THE BRIDGEPORT FARMER HAS THE LABORST CIRCULATION OF ANY PAPER

GENTLEMEN OF THE SENATE AND HOUSE OF REPRESENTATIVES:—The extraordinary condition of affairs in Maryland has induced me to exercise the constitutional prerogative vested in the Governor, to summon the Legislature in special session, in the hope that your wisdom may enable you to devise prompt and effective means to restore peace and safety to our State. I shall detail briefly the startling events which have induced me to summon you together, and which have so suddenly placed us in the state of anarchy, confusion and danger, from which I sincerely trust you may be able to extricate us. Believing it to be the design of the Administration to pass over our soil troops for the defense of the City of Washington, and fearing that the passage of such troops would excite our people and provoke a collision, I labored earnestly to induce the President to forego his purpose. I waited upon him in person, and urged the importance of my request. I subsequently communicated with him and his Cabinet by special dispatches, entreating an abandonment of his designs. To all my requests I could get but the reply that Washington was threatened with attack; that the Government had resolved to defend it; that that there was no other way of obtaining troops than by passing them over the soil of Maryland, and that the military necessity of the case rendered it impossible for the government to abandon its plans, much as it desired to avoid the dangers of a collision. My correspondence with the authorities at Washington is herewith submitted. The consequences are known to you.

On Friday last a detachment of troops from Massachusetts soldiers all the protection they could afford, acting with the utmost promptness and bravery. But they were powerless to restrain the mob. Being in Baltimore, and was attacked by an irresponsible mob, and several persons on both sides were killed. The military of the city were ordered out to assist in the preservation of the peace. The railroad companies were requested by the Mayor and myself to transport no m

States Arsenal at Pikesville, informed me that he had resigned his commussion. Being advised of the probability that the mob might attempt the destruction of this property, and thereby complicate our difficulties with the authorities at Washington, I ordered Col. Petherbridge to proceed with sufficient force and occupy the premises in the name of the United States Government, of which proceeding I immediately notified the War Department.

I was notified that the troops were to be marched to Washington. They desired to go without obstruction from our people, but they had orders to go to Washington and were deterorders to go to Washington, and were determined to obey those orders. The Tribune now gives loose rein to its instincts, and will wax bolder and become more exultant as the bonds of union are weakened or dissevered. Indeed, there is ground for the belief that the Tribune would regret nothing so much as a reconstruction of the dismembered Republic, and that its labors are directed, not to bring back the slave States, which have seceded, but to drive off those which still remain.—Albany Evening Journal, (Republican)

WHO ARE THE DISUNIONISTS?

If the Cotton States consider the value of the Union de batable, we maintain their perfect right to discuss it. Nay, we hold with Jefferson to the inalienable right of communities to alter or abolish forms of government that have become oppressive or injurious; and if the Cotton States shall become satisfied that they can do better out of the Union than in it, we insist on letting them go in peace. The right to secede may be a revolutionary one, but it exists nevertheless; and we do not see how one party can have a right to do what another party has a right to prevent. We must ever resist the asserted right of any State to remain in the Union and nullify or dely the laws thereof; to withdraw from the Union is quite another matter. And whenever a considerable section of our Union shall deliberately resolve to go out, we shall resist all coerciv me sures designed to keep it in. WHO ARE THE DISUNIONISTS ?

It has poured its coarse ridicule on every man who ventured to express a fear that this anti-slavery controversy might end in disunion. Its pot term of derision has been "Union saver." ISTEN TO THE VOICE OF EXPERIENCE—One wood to the dying should arrest the attention and awake the alarm of Young Men in our community, where so many are sinking under that long array of evits that arrise from that dreadful scourge, solitary vice, and other indiscretions and youthful indulge cos. Listen, young men, ere it is too late; and suffering in enervated youth-a premature old age arising from that secret mabil which undermines the bodily health, and the mennai powers. Remember and seek the true physician, DR. FikeDerick MORKILL, of No. 9 Howard street, Boston.
