A SAFE MAN TO INSURE .- By a steam boat explosion on a Western river a passenger was thrown unburt into the water, and at once struck out lustily for the shore, blowing like a porpoise all the while. He reached the bank almost exhausted, and was reached the bank almost exhausted, and was caught by a bystander and drawn out panting. "Well, old fellow, said his friend, "had a hard time eh?" WHO ARE THE DISUNIONISTS !

WHO ARE THE DISUNIONISTS ?

WHO ARE THE DISUNIONISTS:

Had Washington's Farewell Address appeared as anoriginal document any time during the last ten years, the
Tribune would have scouted its union-loving sentiments,
and have made them the but of its jeers. It has attacke
the Union with arguments; it has attack it with satistics; with jokes; with slang; with sneers; with ribaldry;
with inuendo; with every weapon, in short, of its well
stocked armory of abuse.—[New York World, Republi

Greeley and Garrison—the Tribune and Liberator—look upon disupion as a blessing, if in its train it brings servile insurrection and the abolition of slavery.—New York Courier and Enquirer (Republican.)

## NOW AND THEN.

There is a class of men-men who never have, and do not now, at heart, care anything for the Union-who set themselves up, at the friends of the Star Spangled Banner. They talk glibly of "traitors," as though they had ever been patriots.

The New England States, which have lately been wild with excitement, in the last war with England, refused to allow their citizens to go beyond the State limits in defence of the federal force said to have gone up the the national flag, and burned blue light sig- Kanawha River. nals for the benefit of the enemy. These same States, in the war with Mexico, opposed it. and refused to send troops; and most of the New Englanders who did volunteer, were equipped and enrolled through the influence of private enterprise.

Some of the principal leaders of the Aboli tion Republican party who are so active in the present fratricidal war and who are so desirous of having "war redder than blood" the Mexican war voted against furnishing our soldiers with the neccessary supplies.

Most of the men in this State who are so fierce in denouncing all who differ with them as "traitors," were likewise the loudest in denouncing the Mexican war, stigmatizing those who engaged in it as "murderers."

From the actions of our present loud mouthed patriots, it appears that when our flag is assailed by a foreign power, it is right to denounce those who defend its honor; but when civil war is about to burst upon the country, no one must raise his voice in opposition to it, under rendering himself liable to mob violence.

And to cover these denunciations and law less proceeding, mobbing and rioting, the "Stars and Stripes,"-the symbol of a free people, free thought, free speech and a free press-are invoked. That banner, which has

stock corporation, and was used for the manufacture of cotton canvass, and doing a good business. try; nothing for the Union; nothing for constitutional liberty. Their great professions of patriotism are simply made to cover up their detestable and lawless plundering acts. Yale and of Mr. Russell's military school; Quartermaster, A. V. S. Smith of Ridge-field; Chaplain, Rev. G. W. Lasher of Nor-are busy plundering the II. S. Tasaning are busy plundering the U. S. Treasury. Out upon such hypecrites! They are the real traitors, and will be soon looked upon

> It is stated that President Davis has written a letter to Lincoln, in which he makes fair and honorable peace propositions. He concludes his letter by saying that

and treated as such.

"The spectacle of four hundred thousand men—let me say brothers—thus arrayed against each other, with the most destructive weapons of modern warfare in their hands, is a sight from which the patriot turns away appalled. In Heaven's name, let us not drive them into actual conflict. If possible, let us avert a collision, the horrors of which will have no parallel."

Lincoln has not yet responded to this patriotic and noble appeal, and it is said that he will not. His actions show that he and his advisers had rather slaughter millions of men than to settle our existing difficulties peaceably. He came into power with a mind filled with dark and bloody designs; and he appointed an Abolition cabinet to help him carry out those designs. He is daily committing treason against our Conrtitution, and a motion to impeach and remove him should be made as soon as Congress assembles.

Before Gov. Yatas appointed Mr. Browning to succeed Senator Douglas, he offered the place to several promi-nant Democrats, who declined it. He therefore gave the office to a conservative Republican.—New Hauss Courier. This is one of the late falsehoods started

by the "no party:" "no party now!" press. It is untrue in every particular. The Demo. cratic friends of Judge Douglas held a meeting to suggest a proper successor, when they were given to understand that no respect would be paid to their action. The place was never offered to a Democrat. And the person appointed is a bitter Abolition fanatio -one of the Lincoln kind, who believes this country " cannot exist half slave and half free;" and who advocates a policy that will drench our country with fraternal blood, and enact in the Southern States scenes of unheard barbarity.

Bridgeport City Bank have declared a blood of the opposing force. What a lament-dividend of three and a half per cent payable able spectacle! All the accursed work of on and after July 1.

WASHINGTON AND SOUTHERN HAWLEY & CO.'S HARDWA NEWS.

Gov. Curtin's reinforcement to Col. Walace has reached Cumberland. Gen. McClellan is hourly expected there. A portion of Gen. It is semi-officially announced that the President's Message will suggest no compromise of the present troubles of the country. The policy already announced by words and deeds is to be adhered to, and on this point it is said the Cabinet is united. The despot at Washington has determined to win the desperate game he is playing; and unless he is soon checked by the conservative men of the North, liberty of every description will be crushed out in this country.

The steamer Bridgeport will make an excursion to New York July 4th., returning on the 5th, giving passengers an opportunity to witness the military encampments at different points about New York, together with the military display in that city, and the freworks in the evening. The steamer Bridgeport is a fine boat ; her officers are polite; gentlemanly, and attentive; and those who wish so enjoy a pleasant trip have a fine chance afforded them.

From Texas we learn that the crops are excellent. Sugar and cotton were in a fine condition. Large droves of cattle are being sent from Texas to New Orleans. Those Abolition Republicans who have prayed that the South might be "starved out," will have to wait some time, according to the present aspect of affairs, before they have their inhuman petitions answered, and their diabolical desires gratified.

Preston, Litchfield County:

Messas. Pomeroy & Morse: Gentlemen:—Enclosed find a list of new subscribers, which please add to the bundle of papers that already comes to this Post Office. The Democrats in this section consider the Old Farmer one of the best papers issued, and they cordially recommend it to the support of the true Democracy everywhere. We hope the time will soon come when a copy of it will be found in the house of every Democrat in Litchfield County. If the sterling, straightforward, unfinching old sheet had had a wider circulation in this county heretofore, we now would have in our midst fewer Abolition Republican fanatics, and more Union loving Democrats—men who would support the Constitution instead of trampling upon it. The people in this section who take your valuable paper are determined to do all they can to sustain you and to extend its circulation. Long may you live to publish the Old Farmer, and send it on its weekly mission. The people here appreciate the firm and noble position you have taken, and will stand by you. The Abolition Republicans may pounce upon you "wolf-like," but they cannot hurt you in the estimation of your real friends—the true Democracy.

## MATTERS IN BROOKFIELD.

MATTERS IN BROOKFIELD.

BROOKFIELD, JUNE 24, 1861.

DEAR FARNER:—Although old Brookfield is an out of the way place, it is not wholly exempt from a great evil, viz: Abolition Republicanism. And since the excitement rans very high among the younger portion of the community, it has crept—in the skulking manner of Republicanism—among the students of St. Paul's School, nearly all of whom very from sixteen to twenty years of age. About one half of the school is composed of Republicans; and they seem to take pleasure in insulting and bullying the other half, who are staunch Democrats, friends of the Union, and opposers of the war policy of our Abolition President. We have requested our opponents several times, in a gentlemanly manner, to cease insulting us, but, of course, since they have not the least idea of what a gentleman is, they will not do it; and so, knowing the justice of our cause, we will make them, vi et armis,

"For conquer we must, lockading fleet; and several vessels have

"For conquer we must, When our cause is just."

When our cause is just."

And now, Messrs. Editors, we trust you will keep or giving us words of encouragement, that we may persever in keeping in the true political faith. It will infuse strength into us, and cause us to stand firm in our principles. And when we arrive at the estate of manhood, we will go forth to take our part in the great struggle and help to blot Abolitionism from the land, if it then continues to exist. We feel that the old Democratic principles are right, and will finally triumph; and we hope we shall live to see the last vestige of Abolition Republicanism swept from the tace of the earth.

BALTIMORE, 3 A. M., June 27th.—George P. Kane, Marshall of the Police, was arrested at his house by order of Gen. Banks, and conveyed to Fort McHenry, where he is now prisoner. Gen. Banks issued a proclamation naming John B. Kenley, of Maryland, as Provost Marshall, superintending, also with the powers of Police Commissioner. Kenley is to exercise supreme control over the department until some known loyal citizen is appointed to act as Marshall. The proclamation gives as a reason for the arrest of Kane that he is known to be acting with and abetting those in armed rebellion to the government, at the head of an armed force which he had used to conceal rather than detect treason to the government.

PROF. WOOD—DEAR SIR:—I was induced more than a year ago to try your vauudole HAIR RESTORATIVE, for the purpose of cleansing my head of dandruf. I had suffered with it-upon my head for vears, and had never been able to get anything to do me any good in removing it, although I had tried many preparations, until I saw your advertisement ing Harrisburg paper. Being there at the time, I called at Gloss & Bunkle's drug store, and bought a bottle, and now am prepared to recommend it to universal use, for it has completely rend; yed all dandruff from my head, and an application once in 'ce weeks keeps it free from any itching or other unpleasan neas. I must also state that my hair had become quite white in places, and, by the use of your preparation, has been restored to its original color. I am now 50 years of age, and although I have used two bottles of the Restorative, no one has any knowledge of it, as I allow a few gray hairs to remain, in order to have my appearance comport with my age. My head is now of less trouble to me, in keeping it clean, &c., than at any time since I was a child. I consider your preparation of great value, and, although I do not like to expose myself, I consider it my duly to say so. You can use this or any part of it in any shape you think proper, if it is worth anything to you. MEDICAL

WOOD'S HAIR RESTORATIVE.—Unlike most specifics, this is proved, by unimpeachable evidence, to possess great efficacy as a restorer of the hair to its prestine vigor. Where the head had become almost hald because of sickness, the use of this article has produced a beautiful growth of thick, glossy thair. It is therefore a valuable preparation for all classes. Its Ingredients are such as to effectually eradicate dandruff and other impurities which operate so injuriously to the hair. It also has curative properties of another description. In many cases pimples and other disfigurements of the skin disappear wherever it is used. There is no hazard attaching to the trial or this remedy, and its effects can only be beneficial, as the compound, if it does not cause a manifest improvement, is incapable or doing harm, as its component elements are perfectly innocuous.—Roston Transcript, April 2 1839.

After my hair was completely restored, I continued its use by applying two or three times per month. My hair has ever continued healthy, soft and glossy, and my scalp perfectly free from dandruff. I do not imagine the facts above mentioned will be of any particular advantage to you, or even faster your vanity at this late day, as I am well aware they are all well known already, and even more wonderful ones throughout the Union. I have occupied my time in traveling the greater part of the time the past three years, and have taken pride and pleasure in recommending your Restorative, and exhibiting its effects in my own case. In several instances I have met with people that have pronounced it a humburg; saying they had used it and without effect. In every instance, however, it proved, by probing the matter, that they had not used your article at all, but had used some new article, said to be as good as yours, and selling at about half the price. I have noticed two or three articles myself advertised as above, which I have no doubt are humburgs. DEAR SIR:—I hereby send you a statement that I think you are entitled to the benefit of. I am a resident of Bloomington, and have been for over thirty years. I am now over 56 years of age. For about twenty years past my hair has been turning considerably gray, and was almost entirely white, and very stiff and unpliant. I have seen a number of certificates of the very wonderful effect of your HAIR RESTORATIVE, but supposed there was more fiction than truth in them; but entertaining a strong desire to have my hair, if possible, restored to its original color and sneess, as it was in my lyounger days a beautiful black, I concluded I would make the experiment commencing in a small way. I purchased one of your small bottles, at one dollar, and commenced using, following directions as nearly as I could. I soon discovered the dandruff removed, and my hair, that was failing off in large quantities, was considerably tightened, and a radical change taking place in the color. I have continued to use it till I have used three of your small bottled and just begun on the fourth. I have now as pretty a hea of dark brown, or light black haur as any man, or as I had isn my youthful days, when a boy in the hills of western Virginia.
