PEDAL BASS MELODEON. The First Premium over all competitors, The First Premium over all competitors, at the Fair of the Massachusetts Charitable Mechanic Association, of the National Fair, Washington, D. C., also at the Ohio State Fair, held at Columbus, O. was awarded to the Manufactures.

By means of a new method of Voicing, known only to themselves, they have succeeded in harsh and buzzing sound which formerly characterized the instrument, and rendered the tones full, clear and organ like. The action is prompt and reliable, enabling the performer to execute the most rapid music without bluring the tones. The swell is arranged to give great expression.

ranged to give great expression THE PEBIL BISS MELODEONS, Are designed particularly for Churches, Lodges, Halls, &c. It is arranged with two manuals or Halls, &c. It is arranged with two manuals or bank keys, the lower set running an octave higher than the other, and may be used separately, and thus get in one case two distinct instruments; or, by use of the coupler, the two banks of keys may be played at the same time by use of the front set only. This connected with the Pedal Bass, will produce the effect of a large organ, and is sufficiently heavy to fill a house that seats from 1000 to 1500 nersons.

THE ORGAN MELODEON

Is designed for parlor and private use. The construction is similar to the Church Instrument, be ing arranged with two banks of Keys, and when used together, by means of the coupler, is capable of as great volume of power as the Church instrument, when used wishout the Pedals.

Also, every variety of Melodeons for Parlor use. Purchasers may rely upon instruments from our Manufactory, being made in the most complete and throw h manner. Having removed to the spacinos buildings, 511 Washington Street; We have facilities for manufacturing purposes, and employ none but the most expeienced and skilul workmen. In short, we will promise our customers and I strument equal if not superior to any Manufactur and guarantee entire and perfect satisfaction.

Music Teachers, Leacers of Choirs, and others interested in musical matters, are respectfully invited to visit our Roooms at any time and examine or test the instruments on exhibition for sale at their pleasure. As a still further guarantee to the public as to the excellence of the Melodeons from our Manufactory, we beg leave to refer by permission, to the following Piano Forte Manufacturers of Boston, who have examined our Instruments and will give their opinion when called upon:

Be Gentle with thy Wife.

Be gentle! for you little know How many trials rise; Although to thee they may be small, To her of giant size.

Be gentle! though perchance that lip
May speak a murmuring tone,
The heart may beat with kirdness yet,
And joy to be thine own.

Be gentle! weary hours of pain,
'Tis woman's lot to bear;
Then yield her what support thou can
And all her sorrows share.

At times may have some grief,
And even in a pettish word
May seek to find relief. Be gentle! for unkindness now May rouse an angry storm, That all after years of life

Collins, of course, demurred to this extravagant demand, but it is supposed he was obliged to come down in something handsome for the extraordinary influence of the female lobby in the person of the Ohlo widow. It is said that Collins has this time been a The Ladies Home Magazine for July, worse victim than ever to the vultures of the

> New Steamers longer than the Leviathan. While the public attention has been attracted so strongly by the unusual dimensions of the Leviathan that the name of that vessel is in everybody's mouth, it happens singularly enough that two vessels of greater length, and of a more remarkable character have been advancing to completion in Liverpool without the general public being even cognizant of their existence. These vessels are each 700 feet long. They have been constructed by Messrs. Vernon & Son for the Oriental Inland Steam Company and are intended for the navigation of the Indian rivers. The purpose of their peculiar construction is to enable a large carge to be carried at a good rate of speed upon a light draught of water. The great rivers of India, though penetrating far into the interior, and though containing large volumes of water, are, nevertheless, shallow during the dry season. The vessels navishould get aground, and they must present such little resistance to the water as to be able to achieve a satisfactory rate of progress against the stream. All these indications are admirably fulfilled in these vessels .- Liverpool Albion.

A YERS

A NEW and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more of less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first imbortance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the eminent gentlemen to whom we are allowed to refer for these facts, are

Prof. Valentine Mort, the distinguished Surgeon of New York City.

geon of New York City.

DOCT. A. A. HAYES, Practical Chemist of the Port of Boston, and Geologist for the State of Mas-

geon of New York City.

Doct. A. A. Hayes, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

IRA L. Moore, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used famm in his extensive practice.

H. C. Southwick, Esq., one of the first mechan's in New York City.

C. A. Dayis, M. D., Sup't and Surgeon of the United States Marine Hospital, at Chelsea, Mass. Did space permit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by Chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, fo produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the citrative effect is present. All the inert and obnovious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more puriely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition. I have supplied the accurate Formulæ by which both my Pectoral and Pill

one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

Their life consists in their composition was known? Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was tronounced by scientific men to be a wonderful ledicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and simulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to the and being purely vegetable, no harm can arise the first origin of disease.

BLACKMAN'S BALSAM THIS Article has been before the public more than ten years, and has given better satisfaction than an / other medicine ever be fore offered to the community. It is used for Coughs, Colds and all affections of the throat and lungs. References and certificates without number, might be given were it neccessary, but the article has been so thoroughly tested that all such efforts are useless. Doctor Blackman, has prepared a Salve and Spread Plasters, and also a Linament, which is a new medicine, but has given the best satisfaction, where used either as an extern il or internel medicine. The above medicines can be found at the Falls Village Drug Store, of C. B. Maltbie & Co., and at the stere of

sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have hone of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose s

Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their rightee are come known the public will no longer virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.

AYER'S CHERRY PECTORAL,

For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

This remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to excape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties of Colds, Coughs, Hoarseness, &c.; and for Children it is the pleasantest and safest medicine that can be obtained.

As it has long been in constant use throughout this section we need not do more than assure the This remedy has won for itself such notoriety

VIRGINIA LAND FOR SALE!!

A RARE chance to make profitable investment is now offered. A tract of land in Prince Villiam's County, Virginia, containing 525 acres is offered for sale at \$10 per more Cash. About 150 acres are in cultivation, and of the remainder 150 acres are covered with the finest growth of White Oak, and Pine timber, that the undersigned has ever seen. Besides the timber which would be worth more than the price of the land to a 'live Yan-kee,' who uses his hands as well as his head, there is probably 10.000 cords of wood growing upon the p.ace. There are two comfortable dwellings upon it, several springs, two smalls reams fed by springs running through it, and one side is bounded by a brook of considerable size. The land is located in sight of the Potomac and but two miles from the head of boat navigation, on a Creek which empties into the Potomac. The land is equal to any in the valley of the Connecticut. The wood and timber can be easily del vered in marke's, where it commands a fine price. Any person having the money to invest, but who does not desire to become a resident of Virginia, will find it a very profitable investment, as the land is offered far below its actual value which is constantly increasing; a large per cent on the price might be made by purchasing and engaging some person to deliver the timber in market for a share of the proceeds of sale. The undersigned is well acquainted with every part of the said tract of land. Persons desiring to learn more concerning the adaptation of land in this part of Virginia, to farming purposes, will please enquire of Hon. W. W. Welch.

ONE OF THE BEST PURGATIVE AND LIV-or Medicines now before the public, namely, Dr. Sanford's Invigorator, or Liver Remedy, that acts as a Cathartic, easier, milder and more effect-ual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its moroid matter, then on the stomach and bowels to carry off that matter thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartles. It strengthens the system at the same time that it purges it, and when taken dails 5000 lbs Cream Tartar, 1 25 bbls Fustic,

Dr. Sanford's Invigorator came to us recommend ed as a cure for Liver Complaints, and all diseases arising from diseased Liver. The testimonials of so many of our Physicians in its favor, induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspep-tics, for it made a complete cure before the first tics, for it made a complete cure before the first bottle was taken and now we can eat anything edible without trouble, while before nothing but the lightest food would digest, and often that gave pain.
