HOLLOWAY'S PILLS

THE blood furnishes the material of every bone, muscle, gland and fibre in the human frame.— When pure, it secures health to every ergan; when corrupt, it necessarily produces disease. Holloway's Pills one ate directly upon the elements of the stre in of life, neutralizing the principle of disease, and thus radically curing the malady, whether located in the nerves, the stomach, the liver, the bowels, the massles, the skin, the brain, or any other part of the system.

Used Throughout The World!! HOLLOWAY'S PILLS are equally efficacious in complaints common to the whole human race, and in disorders peculiar to certain climates and locali-

ALARMING DISORDERS.

Dyspepsia, and derangement of the liver, the source of infirmity and suffering, and the cause of innumerable deaths, yield to these curatives in all \$ 100,00 cases, however aggravated, acting as a mild purgative alterative and tonic; they relieve the bowels, purify the fluids, and invigorate the system and the constitution at the same time. General Weakness-Nervous Complaints

When all stimulants fail, the renovating and bracing properti s of these Pills give firmness to the shaking nerves and enfeebted muscles of the victim of general debility.

DELICATE FEMALES. All irregularities and ailments incident to the delicate and sensitive organs of the sex are remov-ed or prevented by a few doses of the mild, but infallible alteratives. No mother who regards her own or her children's health should fail to have them within her reach.

SCIENTIFIC ENDORSEMENTS. The London Lancet, The London Medical Retview, and the most eminent of the faculty in Grea-Britain, France and Germany, have salogized the Pills and their inventor.

Holloway's Pills are the best remedy known in the world for the following diseases. Indigestion Influenza Inflammation Asthma Diarrhœ

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body. Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel,
Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appe-tite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but un-necessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer about what remedy to employ when in need of a

VIRGINIA LAND FOR SALE!! A RARE chance to make profitable investment is now offered. A tract of land in Prince Villiam's County. Virginia, containing 525 acres offered for sale at \$10 per scre CASH. About 50 scres are in cultivation, and of the remainder 50 acres are covered with the finest growth of White Oak, and Pine timber, that the undersigned has ever seen. Besides the timber which would be worth more than the price of the land to a 'live Yan-kee,' who uses his hands as well as his head, there is probably 10.000 cords of wood growing upon the cace. There are two comfortable dwellings upon t, several springs, two smalls reams fed by springs brook of considerable size the land is located in sight of the P-tomac and but two miles from the head of boat navigation, on a Creek which empties int the Potomac. The land is equal t any in the valley of the Connecticut. The wood and timber can be easily del vered in market, where it compands of the price. Any person baying the money mands a fine price. Any person having the money to invest, but who does not desire to become a res-ident of Virginia, will find it a very profitable in-vestment, as the land is offered far below its actual vestment, as the land is offered far below its actual value which is constantly increasing; a large per cent on the price might be made by purchasing a dengaging some person to deliver the timber in market for a share of the proceeds of sale. The undersigned is well acquainted with every part of the said tract of land. AYER'S ONE DOLLAR

ONE OF THE BEST PURGATIVE AND LIVer Medicines now before the public, namely, Dr. Sanford's Invigorator, or Liver Remedy, that acts as a Cathartic, easier, milder and more effect-ual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first
on the Liver to eject its moroid matter, then
or, the stomach and bowels to carry off that
matter thus accomplishing two purposes effectually, without any of the painful feelings
experienced in the operations of most Cathartime that it purges it, and when taken daily
in most rate doses will strengthen and build in n moderate doses will strengthen and build it

up with unusual rapidity.

Dr, Sanfo d's Invigorator is compounded entirely from new articles of medicines, name-

ome idea of the strength of these gums may be formed when it is known that one bottle ot the Invigorator contains as much strength as one hundred doses of Calomel, without any of

one hundred doses of Catomer, without its deleterious effects.

Though posse sing rare medicinal powers, these gums bave been but little known to physicians, and never used in their prescriptions until used in the form of the Invigorator, which met with such unprecedented success as to induce the proprietor to offer it as a family med-icine tried and known in its effects. It has icine tried and known in its effects. It has rarely ever failed to cure Liver Complaints in

their worst forms. Indigestion being caused by a deranged Liver is cered when the Liver is excited to ac-Jaundice is caused by an improper action of

Jaundice is caused by an improper action of the Liver, and as a proof that the Invigorator relieves this disease, let any one troubled with Jaundice take the Invigorator regularly one week, and their skin will begin to assume its original color. Costi veness can be permanently cured by the Invigorator. Take it in small doses on retir-

ing, and it assists nature in her operations.

By gradually diminishing the dose, the bowels are left in a healthy and active state, and work as regularly as clock work.

Sick Headaehe is very soon relieved by taking a double dose of the Invigorator, which corrects all acidity and sourness of the stometh.

For an over-loaded stomach it has ro equal. as it relieves all oppressive or uneasy feeling after eating heartily. For a family med cine generally, all who use it speak in the highest terms.

ed as a cure for Liver Complaints, and all diseases arising from diseased Liver. The testimonials of so many of our Physicians in its favor, induced us so many of our Physicians in its tayor, induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspep-tics, for it made a complete cure before the first bottle was taken and now we can eat anything edble without trouble, while before nothing but the lightest food would digest, and often that gave pain. Now what we want to say to a lour readers s, if Liver Complaint or Dyspepsia trouble you, do not fail to try this the greatest remedy in the world.

-State Fact. We take infinite pleasure in recommending this medicine as a preventative for Fever and Ague, Chill Fever, and all Fevers of a Bilious Type. It operates with oer ainty, and thousands are willing

to testify to its wonderful virtues,

There has never been treed in our family a remedy which has met with such unbounded success in the cure of diseases incident to children, as Dr. Sanford's Invigorator; nor is it alone for discases of children that we use it; for it acts as a Cathartic so mildly and gently, and seems to renovate the system so thoroughly that we think we are doing a service to all in advising them, when they need medicine, to try this remedy. There are cases that have come under our notice where great benefit has been received in diseases of the Liver, Stomach and lowels, v here all other remedies failed to give relief. It has become so useful in our family that we will not be without it.—Jacksonville, Ala. Re-
