

The Republican.

C. B. MALTBE, Editor.

Saturday, May 7, 1859.

The Legislature has this week assembled, and started with some noble resolutions, we hope they may be carried out to the letter, and that they may prick the consciences of those disposed to vote a few extra miles to themselves: consistency will of course either cut off the mileage, or else give extra pay to the clerks and other officers. We shall see the purity as it appears in acts and care but little for words without.

We this week publish all of the Senate action on Wednesday, and part of the House doings—the rest with the message will be published next week.

We notice that many of our neighbors are publishing praises of their villages and the enterprise displayed in and about them—we cannot boast of any great revival of business enterprise, except in the agricultural line; the interest in such matters is daily advancing in this section and in proportion to the work on the Fair grounds and trotting course which are now progressing rapidly towards completion.— Falls Village will in a very short time be possessed of one of the finest half mile trotting courses in N-w England. The Union Agricultural Society by its Executive Committee has perfected its list of Premiums, and we shall probably publish them next week. The society is well sustained, and will no doubt present a Cattle Show & Fair next fall equal to any local society in the State.

A few remarks made by us two weeks ago seem to have barked the sore shins of one Clark down in the State of Winsted.— Poor fellow, we are really sorry for him. The coat was made for others, not him—but as he has put it on let him wear it and kick as much as he pleases, he cannot hurt anybody but himself, and ought to have found it out before now.

Married.—We are informed that Mr. Wheeler Green of Ashley Falls, Mass., who has attained the mature age of over 100 years, was recently married to a Mrs. Schemmerhorn, of Norfolk, who also has arrived at the respectable age of 80 years.

We call attention to the advertisement of Messrs. Light & Bradbury's Piano Fortes. These instruments contain all the improvements introduced in Pianos either in Europe or America. They are made by thoroughly experienced, educated mechanics and every part is fitted by an artist. A rich and pure tone the utmost power and strength with evenness and equality are some of their characteristics; and in all respects they are without doubt, eminently superior to all others made in the country. We advise all our readers wishing a Piano Forte to secure for themselves one of these superb and justly popular instruments.

We would call attention to the Advertisement of the Portrait of Hon. Edward Everett, which appeared in our columns last week. This Portrait will be a desirable addition to any ones collection of engravings, and is surely within the reach of all.

We would call the attention of our readers to the Advertisement of Cowles & Leete, in another column. They have for a long time sold a large amount of goods in this part of Connecticut, and have recently removed to more extensive and convenient quarters. They now consider their store the largest in this part of New England.

Bro. Clark offers the Falls Village Editor \$50.00 to be "made good." A job of that kind would be cheaply performed at that price.—Litchfield Enquirer

Fiddlesticks! Deacon, a better man and one a great deal more decent, could be made for three cents, any time.

LITERARY NOTICES.

Owing to a pressure of Advertising matter, we have omitted the customary monthly notices for a few weeks past. We have received Harper's Monthly, Home Magazine, Krackerbocker Magazine, Merry's Museum, Common School Journal, American Agriculturist, Great Republic Monthly, Boys' and Girls' Magazine, and many others, which we should be happy to receive subscriptions for at club rates. Each Journal is peculiarly interesting and instructive and well appreciated by the community. We shall hereafter notice them more fully as they appear.

THE PILLAR OF FIRE; OR, ISRAEL IN BONDAGE.

By Rev. J. H. Ingraham, author of "The Prince of the House of David." New York: Putney & Russell, Philadelphia, G. G. Evans, 439 Chestnut Street.

"The Prince of the House of David" has had a sale unexcelled by any volume of its size and character. In that work the effort was made to illustrate events in the land of Judea, by the letters of a Jewish maiden. In this a young prince of Phenicia is supposed to write from Egypt. The condition of the children of Israel, and the wonders wrought by Moses, form the staple of the work, and as such of Egyptian history and description is introduced as necessary to complete the picture, and give it fullness and unity. Mr. Ingraham has diligently consulted all accessible authorities upon the antiquities and customs of Egypt, and the volume is the result of long and patient study. Many difficulties

attend an undertaking of such a nature, and justice to the writer requires that the preface and appendix should be read before the text of the work. The object is to promote a knowledge of the Bible, by leading readers to compare and verify, and search for themselves. The material for the volumes, it is proper to say, is drawn from other sources, and the imagination of the writer is employed to fill up, from brief data, a continuous narrative. It is a Phenician and cotemporary view of the scenes and events which we are accustomed to regard from quite a different standpoint. It will popularize knowledge upon subjects heretofore restricted to archaeologists.

This entrancing and instructive book of 596 pages, bound in excellent style, is sold for \$1.25—same price as "The Prince of the House of David."

Evans of Philadelphia, has purchased 10,000 copies of "The Pillar of Fire," and 5,000 of the "Prince of the House of David," and will mail a handsome Gift, with either book, on receipt of the price and twenty cents for postage.

A new Classified Catalogue of Standard Books, in every Department of Literature, with a new list of Gifts for 1859, has just been issued by Evans, and will be mailed free, on application. Address G. G. Evans, 439 Chestnut Street, Philadelphia, Pa.

The Book of Anecdotes, AND BUDGET OF FUN. G. G. EVANS, PUBLISHER, NO. 439 CHESTNUT STREET, PHILADELPHIA.

We have here a neat volume, containing a capital budget of fun, being filled with the most laughable sayings and jokes of celebrated wits and humorists. The publication, too, is well timed, as the traveling season is about to commence, and we can hardly imagine a work better calculated to amuse leisure, as a reading companion on board a steamboat or a railway car. Merriam, too, is good for the mind. It chases away care and enlivens ennui. In the language of the poet, it is wise to "laugh while you may"—be candid when you can.

This mirth provoking book is sold at the low price of One Dollar. Evans will mail a copy and a handsome present to all persons remitting one dollar for the book, and twenty cents for postage. Address, G. G. EVANS, Publisher, 439 Chestnut Street, Philadelphia, Pa.

N. B.—New Classified Catalogues of Books and Gifts sent free, on application by mail.

Legislative Causes.

SENATE.—The following caucus nominations were made Tuesday evening in the Senate, 13 members being present: President, pro tem, Thaddeus Welles, of Glastenbury.

Clerk, Calven H. Carter. Messengers, Lucius G. Goodrich and Asa B. Work.

Door Keeper, Wm F. McGinley. State Printers, Day & Clark.

HOUSE OF REPRESENTATIVES.—The Republican members got together at about eight o'clock, when the meeting was called to order by Hon. Zebulon Brockway of Lyme.

Mr. Brockway was chosen Chairman; Wm. G. Coe of Winchester, and Wm. S. Wakeman of Sherman, Clerks, pro tem.

The meeting then proceeded to a formal ballot for Speaker, resulting in a vote of 82 of which Augustus Brandegee, of New London, received 77; 5 scattering. His nomination was made unanimous.

The clerk read the withdrawal of Mr. Brandegee, on the ground of the sudden death, on Monday, of his father. The withdrawal was accepted.

An informal ballot was then had with following results: Whole number of votes, 95. Oliver A. Perry, Fairfield - 55. Jeremiah Halsey, Norwich - 35. Wm. G. Coe, Winchester - 8. A. H. Byington, Norwich - 2. Mr. Perry's nomination was made unanimous.

A ballot was then proceeded to for 1st Clerk, pending which the following resolution was presented: WHEREAS, Serious abuses have grown out of the practice of voting extra compensation to the clerks and other officers of the Legislature; therefore,

Resolved, That we will discontinue and oppose all extra grants for services performed during the present session; and, that in nominating such clerks and other officers, we do so with the assurance that the compensation by law established will be satisfactory to the nominees of this caucus, and that no extra pay will be sought for or received by them.

The resolution was adopted unanimously. The ballot for 1st Clerk was then proceeded with, with the following result: Whole number of votes 112. Wm. W. Stone, New Haven 62. A. L. Train, Milford 49. Scattering 1.

Mr. Stone's nomination was made unanimous. An informal ballot was had for 2d Clerk, the claims of Lewis C. Stanton of Clinton, Daniel E. Holcomb of Granby, and Francis Chambers of Hartford being advocated by several members. The ballot resulted as follows: Whole number of votes 108. L. E. Stanton 48. Daniel E. Holcomb 46. Chas. W. Butler 11. Francis Chamber 3.

A formal ballot was had when Daniel E. Holcomb received 62 votes, out of 116, and was declared nominated.

Leverett P. Owen and William W. Andrews were nominated Messengers.

Stephen W. Sage, George T. Adams and James Hayes were nominated for doorkeepers. Mr. Coe stated that as it was known that on the subject of the State Printing the opinion of the caucus was unanimous, he would move that Messrs. Day & Clark of Hartford be nominated State Printers.

To cavil over these comparatively small things, when there were greater leaks needing attention—but if the squeezing process was to be continued, he should move that the members throw in to the State their per diem allowance and pay their own traveling expenses.

Mr. Turill thought that saving should be made in little things as well as greater. Here the discussion was dropped, and Messrs. Day & Clark were unanimously nominated for State Printers.

Messrs. Byington of Norwich, Coe of Winsted, and Comstock of Lyme, were appointed a Committee to call caucuses of the party, &c.

The caucus then adjourned. DEMOCRATIC CAUCUS.—At the Democratic Caucus, Tuesday evening.

Hon. Henry C. Deming was nominated for Speaker, he having 73 out of 84 votes. Asa Willey, of Stafford, was nominated for Clerk, and Wm. D. Hinman, of Cheshire, Assistant Clerk.

Richard S. Burt, and Henry Cooley, for Messengers. Warren B. Leonard, Thomas Perkins, and Huntington F. Kenney, Doorkeepers. John L. Hawks, for Joint Messengers. A. E. & F. L. Burr, for State Printers.

The Election Parade.—The procession and other celebrations of Wednesday came fully up to the expectation, and everything so far as we learn, passed off satisfactorily. The day was exceedingly fine and large numbers of persons came in from the surrounding country to see the show and partake of the pleasures of "Election Day." The procession did not get under way until about half after eleven o'clock, and the line of march was somewhat varied from the original programme, affording an opportunity to nearly the whole city to enjoy the spectacle, which was remarkably fine, embracing seven military companies and three or four bands besides a large number of citizens and strangers, on horseback and in carriages. Gov. Morgan, of New York, and other distinguished gentlemen were present from abroad. Governor Buckingham rode on horseback, being to the crowds as he passed along.—Courant.

Up at Springfield, they are chuckling over the acknowledged fact that the water in the Connecticut has been so high that the shad have escaped the fishermen below and run past Hartford, and are appearing in great numbers at Double Ditch. The Republican of Tuesday chronicles the arrival of the avant couriers, great, fat, thick-backed fellows, and says that 500 shad were taken in the limits of Springfield on the night before Tuesday. It makes little difference with Hartforders whether their shad are brought down the river from Springfield, and under the Hadley Falls dam, where, if the up river theory is correct, they will be captured as in a private fish pond, or whether they come up from Saybrook and all along shore below us.—Anyhow, we are bound to have them, and enjoy the best of them. We could not enjoy a satisfactory legislative session unless a fair proportion of the genuine Connecticut river shad can be served up at our breakfast table.—Courant.

The Annual Meeting of the Litchfield Co. Medical Society was held at Litchfield, April 28 1859, Dr. James Welch V. P. in the Chair.

Harmon W. Shove, M. D. of Woodbury was admitted a member of the Society.

The following members were appointed delegates to the Am. Med. Association for 1860, viz:—Dr. John H. Welch, J. W. Bidwell, H. W. Shove, G. B. Miller, J. W. Phelps.—The following members were elected Fellows of the State Society.—Dr. Samuel T. Salisbury, John H. Welch, Benjamin Welch, G. Seymour, G. B. Miller.

Elmore C. Hine of Plymouth, was elected gratuitous student to attend the ensuing course of Lectures at Yale College.

Dr. Bostwick then resigned his appointment of Delegate to the Am. Association for the present year, and Dr. Samuel T. Salisbury, was appointed in his place. The following officers were then elected for the ensuing year:—Dr. James Welch, President; H. W. Buel, Vice President; D. E. Bostwick, Clerk.

Railroad Accident.—A passenger on Conductor Stock's, train New York & New Haven R. R., Monday morning, was killed near Mamaroneck station, by being thrown from the platform of the car. He came on board the train at Port Chester, and when near the Mamaroneck station stepped out upon the platform, apparently intending to get off the train at that place. The brakeman warned him of his danger, and urged him to enter the cars, but he refused, and before the brakeman had time to make any further request he fell between the cars, and was horribly mangled. His head was torn to pieces, both legs cut off, and his body otherwise mutilated. The brakes had been applied for the purpose of stopping the train at that station, when the accident happened, but the cars were under too much headway to be checked. His name or place of residence are not known. A coroner's jury was summoned, and a verdict was rendered that the deceased came to his death by falling from the train in a state of intoxication.

Fire in Birmingham.—The Hoop and Skirt factory of Linson DeForest, in Birmingham, was destroyed by fire on Sunday morning about sunrise. The two fire companies, by the utmost efforts succeeded in saving other buildings that stood closely adjoining the factory, and a large amount of property is preserved by their exertions. The loss is estimated at about \$6,000, and the property insured for only \$1600. The origin of the fire is unknown.

A Man Murdered by his Son-in-Law.—Samuel Fish of Welfleet, Mass., who has been insane at times, shot his father-in-law, Eben S. Ward, about 1 o'clock, Monday morning; and afterwards attempted to shoot himself, but the gun misfired. The murderer first alarmed the family by throwing brick through the window, when Mr. Ward and his wife got out of bed and lighted a lamp, soon after which the fatal shot was fired through the window. Fish has been arrested and confesses the deed.

Horrible Murder.—A murder was committed at the town of Sand Lake, N.Y., about 14 miles from Troy on Sunday. An old man named John Belding, beat out his daughter's brains with a hammer. He was laboring under a fit of insanity, and imagined that his daughter was possessed of a devil. The murdered girl was about 19 years of age. Belding was committed to jail in Troy.

The Senate then proceeded into the Hall of the House of Representatives to receive the Governor's Message.

After returning from the Representatives Hall, the Senate voted that the stated hour of meeting in the morning should be 9 o'clock, and then adjourned.

In the House 288 members were present, and a Speaker was elected by the following vote: Lewisohn, Feb. Jan. 28, 1857. M. McCormick.

ITEMS.

Wm. A. Ives' auger factory at Churchville, about four miles north of New Haven, was destroyed by fire on Monday afternoon; loss about \$20,000; insured in several Hartford offices for \$10,000 or \$12,000. It caught from sparks from the burning machines.

On Friday afternoon, of last week, Capt. Lewis of the Steamer Elm City, ran his boat ashore, while coming through Hurlgate, rather than run down a small pleasure boat that was in his path. By the help of two steam tugs the Elm City was got off without damage. The act was a noble one.

The two men arrested in Providence upon suspicion of having robbed the depot and Post Office at South Windham, prove to be two respectable citizens of Oliveville E. I. whose characters are above reproach.—They were accordingly discharged.

The Norwich Savings Bank was broken into last Sunday night. After effecting an entrance the burglars ransacked the banking room, rummaged the drawers, but found nothing to reward their efforts. A little filing was done to the safe, but given up as useless.

Edward Breed of the firm of Breed & Griswold, job carpenters on Thames street, West Side, Norwich, was severely injured at about 7 o'clock Monday morning, 2d instant, by the falling of several feet of lumber upon his person.

Horace Greely proposes to take a four months' Western trip this season through Kansas, the Gold Region at the Eastern base of the Rocky Mountains, Utah, and the Great Basin, to California, returning across the Continent or by the Isthmus, as circumstances shall dictate.—He expects to be present at the Republican Convention in Kansas on the 18th inst., and if he has time after reaching the Pacific coast, will visit Oregon.

The Charter Oak Chair, made by Messrs. Robbins & Winslip, was placed in the Senate Chamber Wednesday, and a photograph of the chair was made by Davis, the daguerrian artist. The chair elicits compliments from all who see it; the color is very rich, and the effect satisfactory. The photograph by Davis, appeared on the glass, to be quite successful.—Courant.

SAVE YOUR DOCTOR'S BILLS.—When Dr. Wistar's Balsam of Wild Cherry will cure coughs, colds, bleeding at the lungs, and arrest the fast destroyer Consumption, it does more than most Physicians can do. A single trial will satisfy the incredulous.

DYSPEPSIA. Considering the various forms in which this disease develops itself, it may be called "hydra headed." In its train follow Indigestion, Pain in Stomach, Heartburn, Water Brash, Costiveness, Piles, Acidity, Oppression after Eating, Jaundice, Flatulency, Torpor of the Liver, Dizziness, Debility, Female Complaints, &c. Some of the first men in our land have given their written certificates relative to the cures effected in their own persons by the Oxygenated Bitters; while testimonials from other sources, editorial opinions and voluntary expressions from persons who are averse to see their names in print, are perfectly overwhelming. Read the following from a highly respectable Clergyman: EAST TAUNTON, MASS. Feb. 9, 1858. To the Editor of the Portland Mirror.—Sir:—Oxygenated Bitters.—For more than twenty-five years I have been a sufferer from dyspepsia. Beside trying the patience of my family physicians in the almost useless trial of their various prescriptions, I have tried a great variety of patent medicines with a similar result. Through the kindness of my physician, I received last March half a dozen bottles of the Oxygenated Bitters. I began to use them without any hope of deriving help from them. Being determined to give them a fair trial I continued their use, but without any perceptible benefit till June. Since then I have gradually improved in health till I am entirely free from acidity of the stomach, and from the consequent flatulency, and the awful and almost distracting sick headache, which often used to try the patience of my family physicians, and for all other ministerial duties, and rendered life a burden. I feel that I owe it, as an expression of gratitude to Messrs. Fowler & Co., and also a testimonial to the public, to recommend their Oxygenated Bitters, as, in my estimation, the only remedy that most trying, most vexing, and cruel diseases, to which poor human flesh is heir, the dyspepsia. Having suffered so long, and tried so many different remedies with no good result, I can recommend the Oxygenated Bitters, with confidence few others can. If any of the readers of the Mirror are suffering, I beg of them to make trial of these Bitters without delay. JAMES B. JUSHING.

GROVER & BAKER'S CELEBRATED FAMILY SEWING MACHINES. NEW STYLES. PRICES FROM \$40 TO \$125. EXTRA CHARGE OF \$5 FOR HEMMERS.

These Machines sew from two spools, as purchased from the store, requiring no re-winding of thread; they Hem, Fell, Gather, and Stitch in a superior style, finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. They will do better and cheaper sewing than a seamstress can, even if she works for one cent an hour, and are, unquestionably, the best Machines in the market for family sewing, on account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing—executing either heavy or fine work with equal facility, and without special adjustment.

As evidence of the unquestioned superiority of their Machines, the GROVER & BAKER SEWING MACHINE COMPANY beg leave to respectfully refer to the following TESTIMONIALS.

"Having had one of Grover & Baker's Machines in my family for nearly a year and a half, I take pleasure in commending it as every way reliable for the purpose for which it is designed—Family Sewing."—Mrs. Joshua Leavitt, wife of Rev. Dr. Leavitt, Editor of N. Y. Independent.

"I have used a Grover & Baker Sewing Machine for two years, and have found it adapted to all kinds of family sewing, from Cambric to Broadcloth Garments have been run out without the giving way of a stitch. The machine is easily kept in order, and easily used."—Mrs. A. B. Whipple, wife of Rev. Geo. Whipple, New York.

"Your Sewing Machine has been in use in my family the past two years, and the ladies request me to give you their testimonials to its perfect adaptation, as well as labor-saving qualities in the performance of family and household sewing."—Robert Edwards, New York.

"For several months we have used Grover & Baker's Sewing Machine, and have come to the conclusion that every lady who desires her sewing beautifully and quickly, would be most fortunate in possessing it. After trying and making an indelible 'iron needle-woman,' whose combined qualities of beauty, strength, and simplicity, are invaluable."—J. W. Morris, daughter of Gen. Geo. P. Morris, Editor of the Home Journal.

"I take pleasure in saying, that the Grover & Baker Sewing Machine has more than sustained my expectations. After trying and retaining others, I have three of them in operation in my different places, and after four years' trial, have no fault to find."—J. H. Hammond, Senator of South Carolina.

"My wife has had one of Grover & Baker's Family Sewing Machines for some time, and I am satisfied it is one of the best labor-saving machines that has been invented. I take much pleasure in recommending it to the public."—J. G. Harris, Gov. of Tennessee.
