NEW AGRICULTURAL SETTLEMENT. To all wanting Farms, A rare opportunity in addightful and heal thy climate 25 miles southeast of Philadelphia. on the Camden and Atlan-

tic Railroad, New Jersey. An old estate consisting of several thousands of acres of productive soil has been divided into Farms of surious sizes to sait the purchaser. A population of some afteen handeed, from various parts of the middle states and New England have Parts of the middle states and New Eagland have settled tarts tare place states and New Eagland have selers' Guides.

School and other Geographies, Maps, and Travelers' Guides.

School and other Geographies, Maps, and Travelers' Guides.

Geology—The works of Hugh Miller, Harris, Historical—By Prescott, Irving, Bancroft, Robertson of Wasat, Clover, Cora, Peaches, Grapes and Vegetsels. It is considered the best Fait Sod in the Usian. Tar place is perfectly secure from frosts—the destrictive enemy of the Faimer. Crops of grain, grass and frait are now growing and can be professions.

Machanical—And Scientific—The most approved the productiveness of the land of the productiveness of the land of the productiveness of the land. And Scientific—The most approved the productiveness of the land of the productiveness of the land of the productiveness of the land. And Scientific—The most approved the land in the figure in the latest and most approved the states and from the states and most approved the states and from the states and most approved the states and from the states and most approved the states and from the states and most approved the states and from the states and most approved the states and most approved the states and from the states and most approved the states and from the states and most approved the states and from the states and most approved the states and from the states and from the states and most approved the states and states and most approved the states and most approved the states and states and states and states and states and states and taciail. The terms are made casy to secure the rapid suprovement of the land, which is only sold for actual improvement. The result has been, that within the pas year, some three handred houses have been erected, two mills, one steam, four stores some forty ymyards and peach crechards, planted, and alarge manber of other improvements, making it a desirable and active place of business.

THE MARKET,

so the reader may perceive from its location, is the
BEST IN THE UNION.

Produce bringing double the price than in locations away rom the city, and more than double
the price than the West. It is known that the earliest and best fruits and vegetables in this lati-

earliest and best truits and vegetables in this lati-tatic come from New Jersey, and are annually ex-ported to the extent of millions.

In locating nere, the settler has many advanta-ges. He is within a few hoars ride of the great-cities of New England and Middle States, he is near his old friends and associations, he is in a settled the sid free Land associations, we is in a settled conferred was every improvement of conferrand conferrance. It is at head, fie can buy every article his wasts at the changes and soil his produce for the highest first and soil his produce has sometiments, with the same is for instanting advice service, and will easily an approximate, and ledigatful climate, where the production of the change approximately unknown. The result of the change approximately unknown. The result of the change approximately and a very least state of the change approximately as a very least state of the change app

read a per a mater, and Isligatfal climate, where change up a three pank own. The result of the change up a three pank and an anorwing, humber that way of bothing and more wang, humber the place, every article of a beginning that he way of bothing and more wang, humber the place, every article of a beginning the place, every article of a beginning the place, every article of a beginning the place in the Union where bridings and improvements canbe mide changer.

The reader will at once be strack with the advantages high erresponds and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless these state nexts were correct, no one would be invited to examine the land before purchasing. This all are expected to do. They will see land under cultivation, such is the extent of the settlement that they will no doubt, meet persons from their own neighborhood; they will witness the improvements and can jutge the character of the population. If they come with a view to settle, they should come prepared to stay a day or two and be ready to purchase, as locations cannot be held on refusal.

There are two daily trains to Philadelphia, and to all settlers who improve, the Raihoud Company graces a Free Ticket for six months, and a half-price Ticket for three years.

THE TOWN OF HAMMONTON.

In connection with the agricultural settlement, a new and thriving town has naturally arisen, which presents indocements for any kind of business, particularly stores and manufactories, The Shoe business could be carried on in this place and market to good advantage, also cotton business, and the stratege of the place, can be had at from \$100 and upwards.

The Hammouton Farmer, a monthly literary and agricultural sheet, containing fall information of \$100 and upwards.

has a selection and least additions, as it would effect the improvement of the place, can be had at from Liddies' do o 2 Ladies' Pearl Card Cases. 3 Ladies' Pearl Card Cases. 4 Ladies' Pearl Card Ca
