GREAT INDIAN REMEDY, FOR FEMALES.

DR. MATTISSON'S INDIAN EMMENAGOGUE
This celebrated female medicine, possessing virtues unknown to anything else of the kind, and proving effectual after all others have failed, is designed for both married and single ladies, and is the very best thing known for the purpose, as it will bring on the monthly sickness in cases of obstruction from any cause, and after all other remedies of the kind have been tried in vain.

Over Two Thousand Bottles
Have Now Been Sold
without a single failure when taken as directed, and without the least injury to health in any case. It is put up in bottles of three different strengths, with full directions for using, and sent by Express, closely sealed, to all parts of the country.
PRICES—Full strength, \$10; half strength, \$5; quarter strength, \$3. per bottle.

REMEMBER—This medicine is designed expressly for OBSTINATE CASES, which all other remedies of the kind have failed to cure; also that it is warranted as represented in every respect, or the price will be refunded.

Beware of imitations! none genuine and warranted unless purchased directly of Dr. M., or at his office.
Accommodations for ladies wishing to remain in the city a short time for treatment.

Dr. Mattison's Diuretic Compound,
FOR ACUTE AND CHRONIC GONORRHOEA.
This new remedy contains neither Balsam Copava, Spirits of Nitre, Cubeba, Turpentine, or any other noxious drug, but is an elegant vegetable liquid, pleasant to the taste and smell, grateful to the stomach, cooling, cleansing and healing in its operation, and speedily allaying all heat and irritation in the urinary passages. You, therefore, who have been swallowing down Balsam Gopava either in capsules or mixtures, for months in succession, until with pale face and disordered stomach, your breath and clothes are filled with a vile odor, throw away the disgusting mixtures, and send for a bottle of this New Remedy, which will not only cure you at once, but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

One Bottle, which lasts a week, will often effect a permanent cure. Price \$2 00.
Dr. Mattison's Anti-Syphilitic Symply,
FOR CONSTITUTIONAL SYPHILIS.
No remedy ever discovered has done what this has been achieved by this. Under its use, every form of constitutional syphilitic taint is speedily cured and in a few weeks the subtle poison is completely eradicated from the system and health and strength are permanently restored.

It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with \$450 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia, and New York for five years.

One bottle, which lasts a month, will often effect a perfect cure. Price \$10; half size \$5.
Dr. Mattison's Nerve Invigorator,
For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss of Reason.

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole vegetable kingdom, which in combination, form the most perfect antidote for this obstinate and distressing class of maladies ever yet discovered. It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, and restoring them to comparative health, strength and happiness. Price—Quart bottle, which lasts a month, \$10; half size, \$5.

Prepared and sold only at Dr. MATTISSON'S Remedial Institute For Special Diseases, No. 23 Union Street, Providence, R. I., and sent by express, secure from observation, to all parts of the United States.

A Word of Caution.
It has been estimated that over Two Hundred Thousand Dollars are paid to swindling quacks annually, in New England alone, and that too without the least benefit to those who pay it.
All this comes from trusting, without inquiry, to men who are alike destitute of honor, character and skill, and whose only recommendation is their own false and extravagant assertions in praise of themselves. The only way to avoid impostures is to take no man's word, no matter what his pretensions are, but Make Inquiry. It will cost you nothing, and may save you many regrets: for as advertising physicians in nine cases out of ten are bogus, there is no safety in trusting any of them unless you know who and what they are.

Dr. M. will send free by enclosing one stamp above, a Pamphlet on Diseases of Women, and on Private Diseases generally, giving full information, with the most undoubted references and testimonials, without which no advertising physician or medicine of this kind is deserving of any confidence whatever.

Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISSON, as above. 13

Highly Important to the Married,
or those about to be Married.
This little work gives information to the world which is worth knowing, and by a simple perusal of its lines more than half of the human suffering might be prevented.— Sent (free) by addressing DR. FANCETT, Box 62, Broadway P. O., N. Y. 18

PUBLIC ACTS.

PASSED MAY SESSION, 1862.
CHAPTER LXX.

An Act relating to the Militia.—(Continued.)
CHAPTER IV.—(CONTINUED.)
Of the Duties of Officers and Privates.

Sec. 46. Whenever a regiment shall be ordered out for inspection, the brigade inspector shall inspect such regiment, agreeably to the rules adopted for the army of the United States, and he shall take an accurate account, from personal inspection, of the quality of arms and accoutrements of both officers and privates, and whether they are fit or unfit for service; and he shall also examine the clothing of the men, and see whether they are in complete uniform, according to law; and make a report of the same to the adjutant general, on or before the fifteenth day of October, in each year.

Sec. 47. The commanding officer of each company shall make return of the state of his company, with the number enrolled therein, and of all their arms, equipments and ammunition, to the commanding officer of the regiment, within ten days after each parade required by law.

Sec. 48. The commanding officer of each regiment shall make return of the state of his regiment, with the number of men enrolled therein, and of all their arms, equipments and ammunition, together with a roster of the field, staff and commissioned officers of his regiment, to the commanding officer of the brigade, within twenty days after the last annual parade.

Sec. 49. The commandant of each brigade shall make duplicate returns of the state of his brigade, together with a roster of the field, staff and commissioned officers of his brigade, one of which he shall transmit to the commanding general, and the other to the adjutant general on or before the first day of December annually.— Each brigade, regiment, company and band, shall be furnished with a suitable book for records, and the commanding officer of each company and band shall cause the names of all persons belonging to his company or band, and all discharges, votes, and proceedings of such company or band; and shall cause copies of any part of said records to be given, when required, reasonable compensation being made therefor; and the adjutant general shall prescribe the form of keeping such records. The adjutant general shall keep a record of all the proceedings of his office, and annually, in the month of January, furnish to the commander in chief a roster of the general, field, commissioned and staff officers, and also procure and furnish, at the expense of the state, such books for the instruction of the militia as the commander in chief may deem necessary; blank books and forms; and perform all other duties which shall be necessary to carry into full effect the provisions of this act.

CHAPTER V.
Of Parades and Encampments.

Sec. 50. There shall be one parade annually, in the month of May, for one day by company; also one parade by regiment or brigade in each year, in the month of September or October, for three successive days.

Sec. 51. The commanding officer of each company shall order his command in the month of May, annually, at some proper place, within its limits, fully armed and equipped for the purpose of discipline and inspection. He shall also order his company to assemble at such time and place in the month of September or October, as may be designated by his superior officer, in pursuance of this act, for brigade or regimental inspection and review.

Sec. 52. The commanding officer of division, when he deems it expedient, may, with the consent and approbation of the commander in chief, issue orders to the commandants of brigades, to assemble their respective brigades for an encampment three successive days, at such time as the commandants of each brigade shall designate the tenth day of September and the fifteenth day of October, in each year; or if said commandant of division shall deem it more advantageous, he shall direct said commandants of brigade to issue orders to the commanding officers of their respective regiments, to order their several regiments separately, within the time above specified, for the purpose aforesaid, at such time as the commandant of said brigade shall designate; and the commander of the troops to be assembled shall appoint the place for such encampment, and give due notice thereof to the commander of the division, if it be an encampment of brigade; but if it be an encampment of a regiment such notice shall be given to the commandant of the brigade to which such regiment is attached.

Sec. 53. Whenever the members of any company or band are to be assembled for parade; or the choice of officers, a notice specifying the time and place of such parade or choice of officers, when read in the hearing of the person to be warned, or left with him or at his usual place of abode, or addressed by mail to such person, three days previous to the day of such parade or the choice of officers, shall be considered a legal notice.

Sec. 54. The commanding officer of the day, at any parade required by this act, may cause those under his command to perform any field or camp duty which may seem proper, and may also put under guard for the day, any officer or soldier who shall disobey the orders of his superior officer, or who in anywise interrupts the exercises of the day; also all other persons who shall trespass on the parade ground, or in any way interrupt or molest the orderly discharge of duty by those under arms.

Sec. 55. All orders for encampment, inspection, and review shall be published at least fifteen days previous to such encampment; and the commanding officers may read such division, brigade, regimental orders, and notify members of their command as specified in said orders for the purpose therein expressed, which notice shall be sufficient warning to all such members as are present.

Sec. 56. The major general shall annually issue an order for an officer drill, to be held for a time not exceeding four successive days, at the State Arsenal at Hartford, commencing at 8 o'clock A. M. on such Tuesday between the tenth day of August and the tenth day of September; as he shall designate for instruction in military drill field exercises, evolutions, camp duties, in inspection and review, as performed at the

United States Military Academy at West Point. The annual officers' drill shall be composed of the major general and staff, the brigadier generals and their respective staffs, the field and staff officers of the several regiments, together with their respective drum, file and trumpet majors, also the captains, lieutenants, and first sergeants of each company in the State. And the major general shall give at least fifteen days notice thereof, by mail, to such of the aforesaid officers whose names shall appear on the record of the adjutant general; and the adjutant general shall furnish a copy of said record to the major general, at any time he may apply therefor for that purpose; which notice shall be deemed a sufficient warning to all such officers for said annual drill.

Sec. 57. The major general shall select for the annual officer drill a competent drill master, at such compensation as may be agreed upon between the contracting parties, subject to the approval of the commander in chief; to be paid by the comptroller of the State; and the adjutant general shall furnish all arms, ammunition, equipments and tents, and other articles necessary for the drill and camp duty of the officers; and shall provide a suitable camp ground and field, as near as practicable to the Arsenal, subject to the acceptance of the major general.

Sec. 58. The commander in chief may, on reasonable apprehension that the militia of this State will be needed for actual service in case of war, rebellion, invasion, or prevention of invasion, either in the service of this State or of the United States, order the militia, or such portion thereof as he may deem necessary, to rendezvous at some suitable place for encampment, instruction in military drill, camp duty, field exercises, inspection and review; and during such service the officers and men shall be subject to rules and regulations of the army of the United States, and entitled to the same compensation and allowance, to be paid from the State Treasury, in such manner and at such times as the commander in chief shall direct.

Sec. 59. At each regimental or brigade parade, and on the last day of each officers' drill, there shall be employed, at the expense of the State, a band of music, to be paid as hereinafter provided.

CHAPTER VI.
Of Compensation and Supplies.

Sec. 60. There shall annually be paid for services rendered at the company, regimental or brigade parades, in conformity to this act, the following sums, to wit: to all general, field staff, commissioned, [and] non-commissioned officers, musicians and privates, who shall perform military duty in complete uniform, in pursuance of the provisions of this act, the sum of two dollars for each and every day of such duty, together with a mileage of five cents per mile in going from and returning to their respective towns. To each member of every regimental band, fully organized and fully equipped in the prescribed uniform, and who shall perform duty at any regimental or brigade review, two dollars and fifty cents for each day of said duty, together with a mileage of five cents per mile, in going from and returning to their respective towns. And two dollars per day shall be allowed for each horse used on any parade required by this act, in going from and returning to the place of storage of any field piece in the hands of any light artillery company; and every regimental band that shall conform to the provisions of this act, shall be allowed from the State Treasury the sum of fifty dollars per annum as rent for a suitable armory and drill room, and as compensation for cleaning and keeping in good repair the same; also the sum of ten dollars annually for the storage of any field piece in the hands of any light artillery company; and every regimental band that shall conform to the provisions of this act, shall be allowed from the State Treasury the sum of fifty dollars per annum as rent for a suitable room for practice, and for the purchase of music; and the comptroller of the State shall draw an order for such sums, on the certificate of the quartermaster general that such companies and bands are in possession of such suitable armories and rooms as aforesaid, and that no injury has been done to any property of the State therein deposited; such order to be made payable to the commanding officer of such company or band.

Sec. 61. Every officer, musician and private who shall perform military duty in accordance with the provisions of this act, or who may have been prevented from doing the same by sickness, bodily infirmity, or other reasonable cause, shall be exempt from doing jury duty, if he shall desire it, and from the payment of a poll tax, during such service.

Sec. 62. If any company of Governor's Guards shall parade annually in the month of May, or shall at any other time do active duty by order of the commander in chief, each member of such company shall receive for such duty the same per diem compensation and mileage and the same sum for each horse used on parade, as is allowed members of the active militia; and shall receive for armory rent the same sum allowed by this act to other companies for armory rents, which payment shall be made at the same time and in the same manner in which similar payments are required by this act to be made to other companies.

Sec. 63. The commanding officer of each company shall within ten days after the May parade, make and certify, under oath, and return to the adjutant general, a complete list of the persons who shall have done duty in conformity with this act, and who are entitled to be paid for military services as aforesaid, stating the amount due, and the towns to which such persons belong respectively; and the adjutant general shall, on or before the fifteenth day of June, annually, forward the same to the comptroller directing him to pay the treasurers of the several towns whose names are aforesaid, the amount due said members respectively; and the treasurers of said towns shall pay, on demand, on and after the thirtieth day of said month of June, the sums due the members of companies whose names have been returned to them as hereinbefore provided; and the said town treasurers shall be disbursed by them in pursuance of this act; to be paid by their several officers.

Sec. 64. It shall be the duty of the paymaster general, at the close of the officers' drill and also at the close of the regimental and brigade parades in each year, under such regulations as shall be prescribed by the commander in chief, to pay such officers, musicians and privates as shall have done duty at such officers' drill, or such regimental or brigade parade, the amount due them under the provisions of this act for such duty; and for that purpose the comptroller of the State is authorized to draw orders on the State Treasurer in favor of the paymaster general, for such claims as the adjutant general shall certify to him, in his opinion he is authorized to pay said orders out of any unappropriated money in the Treasury; and should there be none, when thus called for, then the State Treasurer is authorized to borrow the amount necessary for such purposes. And the paymaster general, after payment of such officers, musicians and privates shall settle with the State Treasurer, by returning any surplus sums in his hands, or by receiving from the comptroller his order on the Treasurer for any sums of money that he may have paid over and above the sum received by him for such purposes, and he shall file his vouchers with the comptroller.

Sec. 65. The commanding officer of each company shall within ten days after the May parade, make and certify, under oath, and return to the adjutant general, a complete list of the persons who shall have done duty in conformity with this act, and who are entitled to be paid for military services as aforesaid, stating the amount due, and the towns to which such persons belong respectively; and the adjutant general shall, on or before the fifteenth day of June, annually, forward the same to the comptroller directing him to pay the treasurers of the several towns whose names are aforesaid, the amount due said members respectively; and the treasurers of said towns shall pay, on demand, on and after the thirtieth day of said month of June, the sums due the members of companies whose names have been returned to them as hereinbefore provided; and the said town treasurers shall be disbursed by them in pursuance of this act; to be paid by their several officers.

Sec. 66. It shall be the duty of the paymaster general, at the close of the officers' drill and also at the close of the regimental and brigade parades in each year, under such regulations as shall be prescribed by the commander in chief, to pay such officers, musicians and privates as shall have done duty at such officers' drill, or such regimental or brigade parade, the amount due them under the provisions of this act for such duty; and for that purpose the comptroller of the State is authorized to draw orders on the State Treasurer in favor of the paymaster general, for such claims as the adjutant general shall certify to him, in his opinion he is authorized to pay said orders out of any unappropriated money in the Treasury; and should there be none, when thus called for, then the State Treasurer is authorized to borrow the amount necessary for such purposes. And the paymaster general, after payment of such officers, musicians and privates shall settle with the State Treasurer, by returning any surplus sums in his hands, or by receiving from the comptroller his order on the Treasurer for any sums of money that he may have paid over and above the sum received by him for such purposes, and he shall file his vouchers with the comptroller.

Sec. 67. Whenever the commander in chief shall call out the militia of the State pursuant to the requisition of the President of the United States, he shall be authorized to provide at the expense of this State, for said militia, all necessary food, uniforms, arms, equipments and clothing, together with horses, baggage, wagons, camp equipage, and means of transporting said force into the service of the United States.

CHAPTER VII.
Of Fines.

Sec. 68. General, field and commissioned officers, for any neglect of duty, or for disobedience of orders, or for any unofficer-like conduct, shall be liable to be tried by a court martial. Each staff officer, non-commissioned officer, musician and private of any regiment, company or band, who shall without satisfactory excuse to the commander in chief, fail to appear at the time and place appointed for any parade or choice of officers, or who, when appearing, shall leave said parade or meeting for the choice of officers, without the permission of the commanding officer, shall forfeit his pay for the day's services, and shall also pay a fine of five dollars for each day, or time of absence, or neglect of duty; and every staff officer, non-commissioned officer, musician and private, who shall be guilty of any unofficer-like or disgraceful conduct or disobedience of orders, shall be liable to be tried by a court martial. Each staff officer, non-commissioned officer, musician and private, who shall incur any fine or forfeiture, shall be notified of the same within five days thereafter.

Sec. 69. The certificates of any commanding officer, made under oath, shall be evidence of any and all forfeitures and fines incurred in pursuance of this act; and if any forfeiture or fine incurred as aforesaid, shall be paid within ten days after notice thereof, the said commanding officer may collect the same in an action of debt in his own proper name and shall have process of attachment and execution against the body of the delinquent, to be proceeded with in all respects as in actions of tort; and all fines and forfeitures incurred under the seventh chapter of this act, when recovered, shall be appropriated for the benefit of the company or band to which the delinquent belongs, to be used in the purchase of arms, music and musical instruments, and any other articles necessary in the performance of military duty; and the commanding officer of every company or band shall keep or cause to be kept a correct account of all moneys thus received and the manner in which the same have been appropriated, which account shall, at all times, be open to the inspection of the field officers of the regiment to which such company or band is attached.

Sec. 70. Each staff officer, non-commissioned officer, musician and private of any regiment, company or band, who appears on parade, shall pay for deficiency in arms, ammunition and accoutrements, for each day of exercise, inspection or review, the following fines, to wit: for deficiency of musket, rifle or pair of pistols, each, two dollars; of a sabre or sword, each, two dollars; and for deficiency in ammunition or in any other article provided for by the State, or required by law, one dollar; and any musician who shall appear without his instruments of music shall be considered as not appearing on parade. And if any staff officer, non-commissioned officer, musician or private of any regiment or company, shall neglect to appear in the uniform of such regiment or company, at any time when he shall be required to perform military duty, he shall forfeit the sum of five dollars; and such fines shall be collected and appropriated in the same manner as provided in the preceding section.

Sec. 71. No member of any military company or band shall be released or excused from the performance of military duty by reason of an appointment in any fire company or fire department, without the written consent of the commanding officer of such military company or band.

CHAPTER VIII.
Proceedings in case of alarm.

Sec. 72. The commander in chief, or in his absence, the major general, may on an alarm, invasion or notice of the appearance of an enemy, either by sea or land, order the whole or any part of the militia, to assemble, and may lead, order or employ them for the assistance or relief of any of the inhabitants of the State, attacked by an enemy, or in any danger of being attacked, and may issue and publish such orders as he shall judge expedient to carry into execution the intent of this act; and all subordinate officers shall yield entire obedience, etc.; and the officers commanding brigades, regiments, and companies shall have the same authority within their respective commands; but when either of them shall find it necessary to order out the force under his command, he shall forthwith dispatch intelligence of such order, and the occasion thereof, together with an account of his movements and operations, to the commander in chief, or to any of his superior officers, as he may deem best conducive to the public safety; and the officer receiving such intelligence shall observe the same line of conduct, in order that the information may, in the most expeditious way, come to the commander in chief; and when any company, regiment, brigade, or division of the militia of this State shall be ordered into service by the adjutant general, or by alarm, each non-commissioned officer, musician and private, who neglects to appear at the place of rendezvous, in person or by substitute, and join the company to which he belongs, shall be taken to be a soldier absent without leave, and shall be dealt with accordingly; and each non-commissioned officer, musician and private, shall have the same notice, when ordered into service by the adjutant general, or by division of the militia of this State, as those who are called out by detachments.

Sec. 73. The commanding officer of each company shall immediately after a detachment, company, regiment, brigade or division shall be ordered out to rendezvous for service at any particular time and place, make return of the names and places of abode of all the persons under his command, who shall have incurred any of the penalties provided in the next preceding article of this act, to the brigade major of the brigade to which they respectively belong; and the brigade major, within twenty days from the time of his receiving said return, shall make a like return to the State Attorney for the county in which such persons or persons may reside.

Sec. 74. The superior court may hear and determine all actions for any violations of the provisions of this chapter; and the State Attorneys, in the several counties, may prosecute the same, by action of debt, in the face of the State, or by information in behalf of the State; and when said fines and forfeitures are recovered, they shall pay them into the State Treasury.

Sec. 75. Every sergeant, corporal, musician and private of the militia, that shall be detailed or detached to perform a tour of military duty, under the authority of this State, or of the United States, may procure a substitute of equal grade with himself, to be appointed and accepted by the superior officer in charge, at the place of rendezvous, who shall be the only proper officer to approve and accept of such substitute, and determine their qualifications; and such officer shall not accept a substitute, unless he is completely equipped and in uniform, according to law; and such substitute, when accepted and voluntarily enrolled, shall be subject to the laws of this State, for forming and conducting the military force, while in actual service.

Sec. 76. The commanding officer of the company from which any detachment is made, shall give immediate notice thereof to the person or persons detached, which notice shall be in writing, signed by such officer, and shall be read in the hearing of the person detached, or an attested copy of it shall be left at his usual place of abode, by one of the sergeants of said company; and whenever any sergeant, corporal, musician or private, detached and notified as aforesaid, shall refuse or neglect to appear in person or by substitute, appointed as aforesaid, at the time and place appointed for the rendezvous of such detachment, he shall be taken to be a soldier absent without leave, and shall be dealt with accordingly.

Sec. 77. When the militia, or any detachment thereof, shall be called into actual service, under the provisions of this act, they shall be entitled to the same pay and rations as the army of the United States.

Sec. 78. If any person holding a commission in the militia of this State, and detached to hold himself in readiness for service, by virtue of any law of the United States, shall, during the period for which the detachment shall be made, die, be disabled, promoted or discharged from such detachment, the commander in chief of the militia may cause some other proper officer of the militia to be detached to serve in his stead.

CHAPTER IX.
Of Courts Martial.

Sec. 79. General, field, commissioned and staff officers, for disobedience of orders, unofficer-like conduct while on duty, or during any day appropriated for military exercise or parade, and for the neglect of any duty imposed upon them as officers of the militia, be subject to trial by general court martial, according to the nature and practice of war; which court martial shall consist of not less than five nor more than seven members; and the senior officer, who shall always be of a rank superior to the officer on trial, shall preside. A court martial, for the trial of an officer under the grade of a field officer, shall be appointed by the commanding officer of the brigade to which he belongs; for the trial of an officer of the grade of a field officer, by the commanding officer of the division; for the trial of a general officer, by the commander in chief. And in every court martial there shall be a judge advocate, who shall discharge the duties of that office according to the usage and practice of courts martial; and no other person shall be admitted to prosecute or defend the arrested officer.

Sec. 80. Whenever a court martial shall be ordered, the order shall designate the time and place of holding the same, and the name of the officer to preside, and the number and rank of other officers of which the court is to be composed; and if the court shall be ordered by the commander in chief, the order shall be signed by the commander in chief, or by the adjutant general, and shall be of the tenor following, to wit:

"STATE OF CONNECTICUT, SS.
GENERAL ORDERS.
A general court martial is ordered to assemble at on the day of for the trial of such person or persons as may

VINELAND.
TO ALL WANTING FARMS.
New Settlement of Vineland.
REMEDY FOR HARD TIMES.

Rate Opportunity in the best Market and most delightful and healthful Climate in the Union. Only thirty miles south of Philadelphia on a railroad; being a Rich, Heavy Soil and highly productive Wheat land. Amongst the best in the Garden State of New Jersey.

It consists of 20,000 acres of good land, divided into farms of different sizes to suit the purchaser—from 20 acres and upwards, and is sold at the rate of \$5 to \$20 per acre for the farm land, payable one-fourth cash, and the balance by quarterly installments, with legal interest, within the term of four years.

In, in great part, a Rich Clay Loam, suitable for Wheat, Grass and Potatoes—also a dark and rich sandy loam, suitable for corn, sweet potatoes, tobacco, all kinds of vegetables and root crops, and the finest varieties of fruit, such as grapes, peaches, apricots, nectarines, blackberries, melons and other fruits, best adapted to the Philadelphia and New York markets. In respect to the soil and crops there can be no mistake, as visitors can examine both, and are expected to buy before so doing, and finding these statements correct—under these circumstances, unless these statements were correct, there would be no use in their being made. It is considered

The Best Fruit Soil in the Union.
[See Reports of Solon Robinson, Esq., of the New York Tribune, and the well known agriculturist, William Parry, Cincinnati, New Jersey, which will be furnished inquirers.]

By looking over a map the reader will perceive that it enjoys the best market in the Union, and has direct communication with New York and Philadelphia, twice a day, being only 32 miles from the latter.— Produce in this market brings double the price that it does in 10 cities distant from the market the same morning. It is gathered and what the farmer sells he gets the highest price; whilst grocers and other articles he purchases, he gets at the lowest price. In the West, what he sells brings him a pittance, but for what he buys he has many other advantages. He is within a few hours, by railroad, of all the great cities of New England and the Middle States. He has school for his children, divine service, and all the advantages of civilization, and he is near a large city.

THE CLIMATE
Is delightful, the winters being salubrious and open, whilst the summers are no warmer than in the North. The location is most favorable, being a change of climate for health, and being much benefited in Vineland. The climate is the climate for all pulmonary affections, dyspepsia, or general debility. Visitors will notice a difference in a few days. Chills and fevers are unknown.

INVESTORS AT HAND
Building material is plenty. Fish and game are plentiful and cheap.
Visitors may expect, however, to see a good deal of property that has not been settled before.

This question the reporter naturally asks. It is because it has been held in large tracts by families not disposed to sell, and being without railroad facilities, they had few purchasers. The railroad has just been opened through the property this season, for the first time.

Visitors are shown over the land in a carriage, free of expense, and afforded time opportunity for thorough investigation, and to come with a view to settle, and all day money to secure the purchase. Locations are not held open for refusal.

The safest thing in hard times, where there has been a run out of employment or business, and possess some little means or small income, is to start themselves a home. They can buy a piece of land at a small price, and earn more than wages in working it, and when it is done they have a certain independence and no loss. A few acres in fruit trees will ensure a comfortable living. The land is put down at low prices, and all improvements can be made at a cheaper rate than in most any other time.

Report of Solon Robinson,
OF THE NEW YORK TRIBUNE,
UPON THE
VINELAND SETTLEMENT.

The following is an extract from the report of Solon Robinson, Esq., published in the New York Tribune, in reference to Vineland. All persons can read this Report with interest.

Advantages of Farming near Home—Vineland—Remarks upon Mari—Soil: its great fertility—The Cause of Fertility—Amount of Crops Produced—Practical Evidence.

It is certainly one of the most extensive fertile tracts, in almost level position, and suitable condition for pleasant farming that we know of this side of the western prairie. We found some of the oldest farms here, and they were as profitable as any when first cleared of forest fifty or a hundred years ago.

The geologist would soon discover the cause of this continued fertility. The whole country is a marine deposit, and all through the soil we found evidence of calcareous substances, generally in the form of indurated calcareous shells, showing many distinct forms of ancient shells of the tertiary formation; and this starchy substance is scattered all through the soil, in a very comminuted form, and in the exact condition most easily assimilated by such plants as the farmer desires to cultivate.

Mari, in all its forms, has been used to fertilize crops in England, from the time it was occupied by the Romans; and in France and Germany a mari-land is considered as a valuable bed of manure, that can be dug and carried and spread over the field. How much more valuable than it must be, when found already mixed through the soil, where new particles will be turned up and exposed and transformed to the owner's use every time he tills the earth.

Having then satisfied our minds of the cause, they will not be excited with wonder at seeing indubitable evidence of fertility in a soil which in other situations, having the same general characteristics or at least appearance, is entirely unproductive. It is its productivity is promoted by artificial fertilization.

A few words about the quality and value of this land for cultivation, of which we have some very good proof.

Our first visit was to Wm D. Wilson, Franklin township, Gloucester county, who purchased some eight miles north of Millville, about three years ago, for the purpose of establishing a steam mill, to work up the timber into lumber, to send off by the new railroad, as well as the firewood and coal for which he built a branch track a mile and a half long. He also purchased sixteen miles of the road with ties, and has done up the mill profitable, though his main object was to open a farm, having become convinced that the soil was valuable for cultivation. In this he has not been disappointed, as some of his crops prove. For instance, last year, the second time of cropping, 300 bushels of potatoes on one acre, worth 60 cents a bushel in the field. This year, seven acres, without manure, produced 350 bushels of oats. In one field, the first crop was potatoes, planted among the roots, and yielded 70 bushels. The second crop was wheat, and yielded 16 bushels, and the stubble turned under and sown to buckwheat, which yielded 33 2-8 bushels, and then the ground was sown to clover, and timothy, which gave a crop 2 1/4 tons per acre.

FINKLE & LYON SEWING MACHINE COMPANY
538 Broadway, N. Y.
155 FULTON STREET, BROOKLYN.

IMPORTANT FACTS.
FACT No. 1. This Company being duly licensed, their machines are protected against infringements or litigation.
FACT No. 2. These Machines make the lock stitch, alike on both sides, and use a little less than half as much thread or silk as the chain or loop stitch machines.
FACT No. 3. These Machines are better adapted than any other sewing machines in the market, to the frequent changes in almost endless variety of sewing required in a family. They will sew from one to twenty thicknesses of materials, without stopping and make every stitch perfect. They will even sew from the finest gauze to the heaviest cloth, and even stout lead leather, without changing the feed, needle, or tension, or making any adjustment of machine whatever. Is not such a machine best adapted to family use, and if best adapted to family use, why not for every variety of light sewing manufacture? For work to heavy for our Family Machine, we recommend our larger sizes.

FACT No. 4. These Machines make the most elastic seam of any sewing machine in use, a fact of very great importance in sewing elastic goods, or goods of any kind on a large size.
FACT No. 5. No Machine is more simple in its construction or more easily understood. The reputation of these Machines, wherever used, will fully demonstrate each of the above facts.
FACT No. 6. These Machines took the highest Premium at the Franklin Institute, Philadelphia.
FACT No. 7. These Machines took the highest Premium at the New Jersey State Fair.
FACT No. 8. These Machines took the highest Medal at the American Institute, in the city of New York, together with the highest Premium for sewing machine work.
FACT No. 9. These Machines took both the highest Premiums at Mechanics' Fair Utica, New York.
FACT No. 10. These Machines can do the same thing generally, whenever properly exhibited in competition with other first class sewing machines.

But we have space for only one fact more it is the most important Fact of all.
FACT No. 11. We warrant every machine we sell to give BETTER satisfaction than any other sewing machine in market, or money refunded.
The peculiarities of the FINKLE & LYON Machines seem quite incredible to persons who have never seen or used them. Hence the constant inquiry of thousands from almost every part of the civilized world viz: "What are the peculiar merits and distinctive characteristics of the Finkle & Lyon Sewing Machine?" To this inquiry we offer the above explicit and undeniable Facts—Facts that are facts—not Facts made such by mere reference to certain kind, personal friends, who may wish to relieve themselves of certain personal obligations, but Facts demonstrated by the practical use of the Machines, in every variety of family sewing, or manufactures.
The Company being determined to meet the Times, have reduced the price list of their excellent Machines, and have furnished them with all necessary appendages, including the hemmer, gages, &c., to be found anywhere. Please call and examine them.

THE BEST AND CHEAPEST HOUSEHOLD REMEDY IN THE WORLD.
Madame ZADOC PORTER'S GREAT COUGH REMEDY

Madame ZADOC PORTER'S Curative Balsam is warranted if used according to the directions, to cure in all cases, Coughs, Whooping Cough, Asthma, and all affections of the Throat and Lungs.
Madame ZADOC PORTER'S Balsam is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords. Its medicinal qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy, but a mild, warming, searching, and effective, can be taken by the oldest person or youngest child.

Madame ZADOC PORTER'S Balsam has been used by the public for over 18 years, and has acquired its present sale by being recommended by those who have used it, to their afflicted friends and others.
Most Important.—Madame ZADOC PORTER'S Curative Balsam is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a bottle will prove to be worth 100 times its cost.

Notice.—Save Your Money!—Do not be persuaded to purchase articles at 4s. to 5s., which do not contain the virtues of a Dime Bottle of Madame ZADOC PORTER'S Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines, by which their profits are larger, unless the customer insist upon having Madame ZADOC PORTER'S Curative Balsam, price 10 cents, and in large bottles at 20 cents, and take no other. If you cannot get it at one store you can at another.
Sold by all druggists and storekeepers at 10 cts. and larger bottles at 20 cts.

IMPORTANT NATIONAL WORKS.
PUBLISHED BY D. APPLETON & CO.
346 and 348 Broadway, New York.

The following works are sent to Subscribers in any part of the country, (upon receipt of retail price,) by mail or express, prepaid:
THE NEW AMERICAN CYCLOPEDIA: A Popular Dictionary of General Knowledge. Edited by George Ripley and Charles A. Dana, aided by a numerous select corps of writers in all branches of Science, Art and Literature. This work is being published in about 15 large octavo volumes, each containing 750 two-column pages. Vols. I. to XI. are now ready, each containing near 2,500 original articles. An additional volume will be published once in about three months.
Price in Cloth, \$3; Sheep, \$3.50; Half Mor. \$4; Half Russia, \$4.50 each.

The New American Cyclopaedia is popular without being superficial, learned but not pedantic, comprehensive but sufficiently detailed, free from personal prejudice and party prejudice, fresh yet accurate. It is a complete statement of all that is known upon every important topic within the scope of human intelligence. Every important article in it has been specially written for its pages by men who are authorities upon the topics which they speak. They are required to bring the subject up to the present moment; to state just how it stands now. All the statistical information is from the latest reports; the geographical accounts keep pace with the latest explorations; historical matters include the freshest just views; the biographical notices not only speak of the dead, but also the living. It is a library of itself.

ARRANGEMENT OF THE DEBATES OF CONGRESS: Being a Political History of the United States, from the first Federal Congress in 1789 to 1856. Edited and compiled by Hon. Thomas H. Benton, from the Records of Congress.
This work will be complete in 11 royal octavo volumes of 750 pages each, 15 of which are now ready. An additional volume will be published once in three months. Cloth, \$3; Raw Sheep, \$3.50; Half Mor. \$4; Half Cloth, \$4.50 each.

A WAY OF PROCEEDING THE CYCLOPEDIA OR DEBATES.—Form a club of four, and remit the price of four books, and five copies will be sent at the remitter's expense for carriage; or for ten subscribers eleven copies will be sent at our expense for carriage.
TO AGENTS.—No other works will so liberally reward the exertions of Agents.—Agents wanted in this Country. Terms made known on application to the Publishers.

A SPECIFIC REMEDY FOR Spermatorrhea, or Seminal Weakness, and General Irritability in either sex.
The untimely, terrible consequences of which are too well known to require more than a bare allusion to them, is one of the most insidious, and therefore dangerous, of all the long catalogue of human ills. It saps the very springs of life, rapidly undermines the constitution, and sinks the unhappy victim into imbecility and a premature grave! From one to three boxes of the Specific Pill are generally sufficient to effect a permanent cure in the most aggravated cases, whether constitutional, or arising from Abuse or Excesses.

MEDICAL TESTIMONY.
"We believe it to be, in the treatment of Spermatorrhea, as near a Specific as any medicine can be."—B. KEITH, M. D.—Am. Jour. of Medical Science.
"I have found them all that would be desired. Their effect has been truly wonderful. I used them in a case of Spermatorrhea of long standing which has been under treatment for years. I think three boxes will complete the cure."—E. P. DICKE, M. D.
"This is not a Homoeopathic Remedy nor is there any mercury or other deleterious ingredient combined with it."
PRICE:—\$1 per box. Six boxes for \$5, by mail, pre-paid. For sale by all respectable Druggists, and at the Sole General Depot in the United States, by J. WINCHESTER, 36 John St., N. Y.

DR. LA CROIX'S PRIVATE MEDICAL TREATISE
ON THE
Physiological View of Marriage.

250 Pages and 130 Engravings. Price only Two and a Half Cents. Sent free of postage to all parts of the Union. On the intricacies of youth and maturity, disclosing the secret causes of both sexes of all ages, causing debility, nervousness, depression of spirits, palpitation of the heart, suicidal imaginations, involuntary emissions, bluishness, defective memory, indigestion and lassitude, with Confessions of Thrilling Interest of a Boarding School Miss, a College Student, and a Young Married Lady, &c., &c. It is a truthful adviser to the married and those contemplating marriage, who entertain secret doubts of their physical condition, and who are conscious of having hazarded the health, happiness and privileges to which every human being is entitled.

Young men who are troubled with weakness, generally caused by a bad habit in youth, the effects of which are dizziness, pains, forgetfulness, sometimes ringing in the ears, weak eyes, weakness of the back and lower extremities, confusion of ideas, loss of memory, with melancholy, may be cured by the author's new Paris and London treatment.

We have recently devoted much of our time in visiting the European Hospitals, availing ourselves of the knowledge and views of the most skilled Physicians and Surgeons in Europe and the Continent.—Those who place themselves under our care will now have the full benefit of the many new and efficacious remedies which we are enabled to introduce into our practice, and the public may rest assured of the same zeal, assiduity, secrecy, and attention being paid to their cases, which has so successfully distinguished us heretofore, as a Physician in our peculiar department of professional practice, for the past twenty-five years.

French Female Pills.—Ladies who wish for medicines, the efficacy of which has been tested in thousands of cases, and never failed to effect speedy cures without any bad results, will use none but Dr. DeLaney's Female periodical Pills. The only precaution necessary to be observed is, ladies should not take them if they have reason to believe they are in certain situations (the particulars of which will be found on the wrapper accompanying each box) though always safe and healthy, so gentle, yet so active are they.
Price \$1 per box. They can be mailed to any part of the United States or Canada. To the Ladies—Who need a confidential medical adviser with regard to and of those interesting complaints to which their delicate organization renders them liable, are particularly invited to consult us.

"The Electro-Galvanic Protective." For Married Ladies whose health will not admit, or who have no desire to increase their families, may be obtained as above.—It is a perfectly safe preventive to conception, and has been extensively used to the last 20 years. Price reduced to \$10.

The Secrets of Youth Unveiled.
A Treatise on the cause of premature decay—A solemn warning. Just published the book showing the insidious progress and prevalence among schools, (both male and female,) of this fatal habit, pointing out the fatality that invariably attends its victims, and developing the whole progress of the disease, from the commencement to the end.
It will be sent by mail on receipt of two [3] cent stamps.
Send a cent daily, from 8 in the morning till 9 at night, and on Sundays from 2 till 5 p. m.

GREAT IMPROVEMENTS IN SEWING MACHINES.
EMPIRE SHUTTLE MACHINE
Patented February 14th, 1860.
Salesroom, 510 Broadway, NEW YORK.

This Machine is constructed on an entirely new principle of mechanism, possessing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be Simplicity and Perfection combined.
The following are the principle objections argued against Sewing Machines:
1.—Excessive fatigue to the operator.
2.—Liability to get out of order.
3.—Expense trouble and loss of time in repairing.
4.—Incapacity to sew every description of material.
5.—Disagreeable noise while in operation.
The Empire Sewing Machine is exempt from all these objections.

It has a straight needle, perpendicular action, makes the lock or Shuttle Stitch, which will neither Rip nor Ravel, and is alike on both sides; performs perfect sewing on every description of material, from leather to the finest Nansook Muslin, with cotton, linen or silk thread, from the coarsest to the finest number.
Having neither CAM NOR COG WHEEL, and the least possible friction, it runs as smooth as glass, and is

Emphatically a Noiseless MACHINE
It requires Fifty per Cent less power to drive it than any Machine in Market. A girl of twelve years of age can work it steadily, without fatigue or injury to health. Its strength and wonderful simplicity of construction render it almost impossible to get out of order, and is guaranteed by the company to give satisfaction.
We respectfully invite all those who may desire to supply themselves with a superior article, to call and examine this Unrivaled Machine.
But in a more especial manner do we solicit the patronage of Merchant Tailors, Coach Makers, Hoop-Skirt Manufacturers, Shirt and Bosom Makers, Dress Makers, Carpet Makers, Gaiter Fitters, Shoe Binders, Vest and Pantalon Makers, Religious and Charitable Institutions will be liberally dealt with.

Price Of Machines Complete:
No. 1, or Family Machine \$15.00, No. 2, Small size Manufacturing \$40.00, No. 3, Large size Manufacturing \$75.00.
Cabinets in every Variety.
We want Agents for all towns in the United States, where agencies are not already established, to whom a liberal discount will be given, but we make no consignments.

THE SOLDIER'S TREE FRIEND; ALWAYS READY.

Holloway's Ointment.
Long marches, sore and stiff joints, lacerated and inflamed feet, all these the soldier must endure. Mothers, remember this: when your sons are grasping their muskets to meet danger, think what relief a single pot of this oil healing and cooling ointment will give to the one you love when far away from home and friends. It hardens and makes tough the feet so that they can endure a long march. It soothes and relieves the inflamed and stiffened joints, leaving the soldier, strong and vigorous, while for

Sabre Cuts and Gunshots: Wounds
It stands unequalled, removing and preventing every vestige of inflammation, and gently drawing the edges together, it quickly and completely heals the most frightful wounds.
Wives and Sisters of our Volunteers.
You can not put into the Knapsack of your Husbands and Brothers, a more valuable or more necessary gift than a supply of this

Extraordinary Military Salve.
The lonely sentry walking his rounds at night, exposed to drenching rains and chill night air, is often seized with most violent pains, cough and suffocating hoarseness, first symptoms of quick consumption, but if supplied with Holloway's Pills and Holloway's Ointment, all danger is averted, a few Pills taken night and morning, and the Ointment briskly rubbed twice a day over the throat and chest will remove the severest pains and stop the most distressing or dangerous cough. Therefore we say to the whole Army.

Soldiers Attention!
See to your own health first, do not trust to the Army supplies although most valuable. These Pills and Ointment have been thoroughly tested, they are the only remedies used in the European Camps and Barracks, for over forty years Doctor Holloway has supplied all the Armies in Europe, and during the Crimean campaign he established a depot of his Ointment and Pills, exclusive sale of these great remedies, many times his special agent there has sold over a ton in weight of the Ointment in a single day. These terrible and fatal enemies of the soldier in camp, Diarrhoea, Dysentery, Scurvy, Sores and Scrophulous Eruptions, disappear like a charm before these Pills and Ointment, and now while the cry rings throughout the land,

To Arms! To Arms!!
Do not let these brave men perish by disease, place in their hands these precious remedies, that will enable them to resist the dangerous exposures, the Fevers, the Chills, and the wounds they cannot avoid, and what is more, cannot frequently get succour in the moment of need, whereas if our brave men have only to put their hands into their Knapsacks and find there a sure remedy there for all casualties of the battle field. How many thousands of lives would thus be saved who would otherwise perish before relief could be obtained.

Important Caution.—None are genuine unless the words "Holloway, New York and London," are discernible as water mark in every leaf of the book of directions, around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicine or vending the same, knowing them to be spurious.

Sold at the manufactory of Prof. HOLLWAY, 80 Maiden Lane, New York, and by all respectable druggists and dealers in Medicine, throughout the civilized world, in pots at 25c., 62c., and \$1 each.
There is considerable saving by taking the larger sizes.
N. B. Directions for the guidance of patients, in every disorder are affixed to each pot. 47 lyew
