DR. MATTISON'S INDIAN EMMENAGOGUE This celebrated female medicine. possessing virtues un known to anything else of the struction from any cause, and town where the offence may after all other remedies of the

kind have been tried in vain. Over Two Thousand Bottles

Have Now Been Sold

without a single failure when taken as directed, and without the least injury to health of Representatives, in General Assembly in any case. IF It is put up in bottles, of three different strengths, with full directions for using, and sent by Express, closely sealed, to all parts of the country.

REMEMBER-This medicine is designed expressly for TOOBSTINATE CASES, which all other remedies of the kind have failed to cure; also that it is warranted as represented in every respect, or the price

will be refunded. Beware of imitations! none genuine and warranted unless purchased directly of Dr. M. or at his office.

Accommodations for ladies wishing to remain in the city a short time for treat-Dr. Mattison's Diuretic Compound,

FOR ACUTE AND CHRONIC GONORRHEA. This new remedy contains neither Balsam Copaiva, Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drug, but is an elegant vegetable liquid, pleasant to the taste and smell, grateful to the stomach, cooling, cleansing and healing in its operaritation in the orinary passages. You, therefore, who have been swallowing down Balsam Gopaiva either in capsules or mixtures, for months in succession, until with pale face and disordered stomach, your breath and clothes are filled with its vile

odor, throw away the disgusting mixtures, and send for a bottle of this New Remedy. which will not only cure you at once, but it the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so iong.

One Bottle, which lasts a week, will often effect a permanent cure. Price \$2 00.

Dr. Muttison's Anti-Syphilitic Syrup FOR CONSTITUTIONAL SYPHILIS. No remedy ever discovered has done what has been achieved by this. Under its use,

every form of constitutional syphilitic taint is speedily cured and in a few weeks the subtle poison is completely eradicated from the system and health and strength are permanently restored.

It was this remedy that cured in a few

weeks a gentleman from the South, then stopping at Newport, and for which he pre-sented Dr. M. with \$450 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia, and New York for five years. One bottle, which lasts a month, will of-ten effect a perfect cure. Price \$10; half clerk, treasurer or collector, in any other

REMEDY FOR HARD TIMES.

A Rare Opportunity in the best Market, and most, delightful and healthful Climate in the Union. Only thirty miles south of Philadelphia, on a railroad; being a Rich, Heavy Soil
and highly productive Wheat land:
Amongst the best in the Garden State of
New Jersey.

It consists of 20,000 acres of good land, divided into farms of different sizes to suit the purchaser—from 20 acres and upwards, is sold at the rate of from \$15 to \$20 per acre for the farm land, payable one-fourth cash, and the balance by quarter yearly installments, with legal interest, within the term of four years.

THE SOIL. Is, in great part, a Rich Clay Loam, suitable for Wheat, Grass and Potatoes - also a dark and rich sandy loam, suitable for corn, sweet potatoes, tobacco, all kinds of vegeta-bles and root crops, and the finest varieties of fruit, such as grapes, pears, peaches, apri-cots, nectarines, blackberries, melons and other fruits, best adapted to the Philadelphia and New York markets. In respect to the soil and crops there can be no mis-take, as visitors can examine both, and none are expected to buy before so doing, and finding these statements correct,these circumstances unless these statements were correct, there would be no use in their being made. It is considered

The Rest Fruit Soil in the Union. See Reports of Solon Rebinson. Esq., of the New York Tribune, and the well known time he stirs the earth. egriculturet, William Parry, Cinnaminson, New Jersey, which will be furnished in-THE MARKET-

By looking over a map the reader will same general characteristics or at least appearances, is entirely unremunerative except is its productiveness is promoted by artificial fertilization.

A few words about the quality and value day, being only 32 miles from the latter.— Produce in this market brings double the price that it does in 1 cations distant from the cities. In this location it can be put in the market the same morning it is gathered, and for what the farmer sells he gets the highest price; whilst groceries and other articles he purchases, he gets at the lowest price. In the West, what he sells brings him a pittance, but for what he buys he pays two prices. In locating here the settler has many other advantages. He is within a few hours, by railroad, of all the great cities of New England and the Middle States. He is near his old friends and object was to open a farm, having become convinced that the soil was valuable for culassociations. He has school for his children, divine service, and all the advantages of civilization, and he is near a large city. THE CLIMATE Is delightful, the winters being salubrious

and open, whilst the summers are no warm-er than in the North. The location is upon the line of latitude with northern Virginia. Fersons wanting a change of climate for health, would be much benefitted in Vineland. The mildness of the climate and its bracing influence. makes it excellent for all pulmonary affections, dyspepsia, or general debility. Visitors wil notice a difference in a few days. Chills and fevers are unknown.

CONVENIENCES AT HAND Building materiel is plenty. Fish and bysters are pl. nuful and cheap.
Visitors must expect, however, to see a

new place. Why the Property has not been Settled Before ?

This question the rea er naturally asks. It is because it has been held in large tracts

and opportunity for thorough investigation. should bring money to secure the purchases

as locations are not held upon refusal. people have been thrown out of employ-ment or business, and possess some little means or small income, is to start them- altogether, for 23 acres, and we wanted the eclves a home. They can buy a piece of land at a small price, and earn more than wages in improving it. and when it is done it is a certain independence and no loss. A few acres in fruit trees will ensure a comfortable living. The land is put down to apply the proving a comfortable living. The land is put down to apply the proving a comfortable living.

other time.

The whole tract, with six miles front on the Railroad, being laid out with fine and spacious aven es, with a town in the center—five acre lots in the town sell at from \$150 to \$200; two and a-half acre lots at from \$80 to \$120, and town lots 50 feet from by 150 feet at \$100—payable one-half cash and the balance within a year.— It is only upon farms of 20 acres, or more, that four years' time is given.

TO MANUFACTURERS

The town affords a fine opening for the Bhoe manufacturing business, and other articles, being near Philadelphia, and the surtounding country has a large population, which afferds a good market.

This settle nent, in the course of several

years, will be one of the most beautiful laces in the country, and most agreeable or a residence.

It is intended to make it a vine and fruit

growing country, as this culture is the most profitable and the best adapted to the market. Every advantage and convenience for settlers will be introduced which will insure the prosperity of the place. The hard times throughout the country will be an advantage to the settlement, as it compels peopl

Large numbers of people are purchasing, and people who desire the best location should visit the place at once.

Improved land is also for sale.

Timber.—Land can be bought with or rithout timber. The timber at market The title is indisputable. Warrantee

deeds given clear of all incumbrance, when he money is paid.

Boarding conveniences at hand.

Report of Solon Robinson,

OF THE NEW YORK TRIBUNE, UPON THE VINELAND SETTLEMENT.

The following is an extract from the re port of Solon Robinson, Esq., published in the New York Tribune, in reference to Vineland. All persons can read this Re-

port with interest.

Advantages of Farming near Home-Vine land-Remarks upon Marl-Soil: its Evidence.

It is certainly one of the most extensive we know of this side of the western prairies. We found some of the oldest farms

dred years ago.

The geologist would soon discover the cause of this continued fertility. The whole country is a marine deposit, and all through the soil we found evidences of -calcareous substances, generally in the form of indurated calcareous marl, showing many distinct forms of ancient shells of the tertiary formation; and this marly substance is scatter ed all through the soil, in a very comminu-ted form, and in the exact condition most easily assimilated by such plants as the farmer desires to cultivate.

Marl, in all its forms, has been used to fertilize crops in England, from the time it BAD BREATH, was occupied by the Romans; and in France and Germany a marl bed is counted on as a valuable bed of manure, that can be dug and carted and spread over the field. How much more valuable then it must be, when found already mixed through the soil, where new particles will be turned up and exposed and transformed to the owner's use every ticularly beneficial to persons wearing

Having then satisfied our minds of the cause, they will not be excited with wonder at seeing indubitable evidence of fertility in a soil which in other situations, having the same general characteristics or at least apcept is its productiveness is promoted by artificial fertilization.

A few words about the quality and value of this land for cultivation, of which we

have some strong proof. Our first visit was to Wm D. Wilson, Franklin township, Gloucester county, who purchased some eight miles north of Millville, about three years ago, for the purpose of establishing a steam mill, to work up the timber into lumber, to send off by the new railroad. as well as the firewood and coal, for which he built a branch track a mile object was to open a farm, having become convinced that the soil was valuable for cultivation. In this he has not been disappointed , as some of his crops prove. For instance, last year, the second time of cropping, 306 bushels of potatoes on one acre, worth 60 cents a bushel in the field. This

year, seven acres, without manure, pro-356 bushels of oats. In one field, the first crop was potatoes planted among the roots, and yielded 76 bushels. The potatoes were dug, and wheat sown, and yielded 16 bushels; and the stubble turned ander and sown to buckwheat, which yielded 33 2-8 buchels; and then the ground was sown to clo ver and timothy, which gave as a crop 21-4 tons per acre.

The fertilizers applied to these crops were first, ashes from clearings: second, 225 lbs. of superphosphate of 1 me; third, 200 lbs. Peravian guano; then 50 bushels of slaked lime has been spread upon the clover since, it was mowed, and turned in for wheat.

Mr. Wilson's growing crops and the wheat stubble of the present season, all indicate his land as productive as any part of the State.

by families not disposed to sell, and being without railroad facilities, they had tew in disposed through the property this season, for the first time.

At Mary Barrow's, an old style Jersey woman farmer, several miles south of Mr. Wilson's, we were so particularly struck with the fine appearance of a field of cora, that we stopped to inquire of the hired man how it was produced. We found that the At Mary Barrow's, an old style Jersey Visitors are shown over the land in a land had been the year but one before in carriage, free of expense, and afforded time wheat, sown with clover, and this cut one

portunity for thorough investigation. season, and last spring plewed once, with who come with a view to settle, bring money to secure the purchases "Yes, but you manured high, we suppose!" we said interrogatively, and got this reply:

"Waal, you see, we couldn't a done that, cause we hadn't but forty one-horse loads most on't for the truck.

hard-time prices, and all improvements can ver, which had fed the corn, because the be made at a deaper rate than most any "truck patch" had not been clovered, and had been in cultivation long enough to ob literate all signs of the forest.

isit was to the large farm of Our next Andrew Sharp, five miles north of Millville from half to a mile east of the railroad, and just about in the center of Vineland Sharp commenced work here in December, 1858, upon 270 acres In less than three years, he has got 234 acres cleared and in crops this season, all well inclosed and divided into several fields, with cedar rail or pole fence; has built a two story dwelling, about 36 by 40 feet, and a smaller house for farm laborers, a stable and granary, and

some other outbuildings:
Considerable part of the land was cleared for the plow at \$9 an acre, and on some of it the first crop was buckwheat, limed with 50 bushels in powder per acre. This crop may be put in July 4th to 20th, and yields 29 to thirty bushels per acre, harvested in November; when the land being sowed with 150 lbs. of Peruvian guano and seeded with rye, yielded 12 to 15 bushels per acre. and \$10 worth of straw. The rye stubble turned, after knocking off a large growth of oak sprouts. and dressed again with guano and seeded to wheat, gave 15 or 16 bushels. The crop which he was threshing while we were there promises more, of a very plump

grain, and the straw is very heavy.

We went over the stubble, and found the clover and timothy, from seed sowed last spring, on the wheat without harrowing, spring, on the wheat a when the pool any old cultivated farm, and with a little work done in the winter to clear off some roots and rotten stumps, and setting stakes to mark permanent ones, he will be able to cut the crop next year with a mowing ma chine, and we will guarantee two tons per acre, if he will give the overplus if it over-

runs the estimate runs the estimate.

Part of the land was planted with potatoes for a first crop, which yielded 120 bushels per acre. It was then limed with 50 bushels per acre, and seeded with wheat and seeded with wheat and clover, yielding an average of over 15 bushels per acre, and the clover pew looks beautiful.

clover now looks beautiful. Other pertions have been planted with corn as a first crop, which yielded 30 bush-els of yellow flint corn, and the second crop 40 bushels, and the third crop, treated 150 lbs. of guano, we are sure no one would estimate below 40 bushels per acre.

P. S. There is a change of cars at Glassboro'. Also beware of charpers on the cars

The proof of the perfect of the perfect

In other cases, the corn crop of last year was followed with oats this season, not yet threshed; but will average probably 40 or 50 bushels. Sweet potatoes, beans, melons, and in fact, all garden vegetables, as well as young peach and other fruit trees, planted this year, show very plainly that this long neglected tract of land should remain so no longer, and there is now a strong probability that it will not: for under th auspices of Mr. Landis, it will be divided into small lots, with roads located to accommodate all-the surveyor is now busy at this work-and all purchasers will be reland-Remarks upon Marl-Soil: its quired to built neat comfortable houses, and great Fertility-The Cause of Fertility either fence their lots with uniformity, or -Amount of Crops Produced-Practical agree to live without fence, which would be preterable, by which means a good popula-tion would be secured, who will establish churches, schools, stores, mills, mechanic fertile tracts, in almost level position, and shops and homes—homes of American far-suitable condition for pleasant farming that mers, surrounded by gardens, orchards, fields and comforts of civilized life.

If any one, from any derangement of busapparently just as profitably productive as when first cleared of forest fifty or a hunfind a new location and cheap home in the country, and who may read and believe what we have truly stated, he will do well to go and see for himself what may be seen within a two hours' ride out of Philadelphia.

VERMIFUGE LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Ceiebrated Vermisuge and Liver Pills. • We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE. For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS. For the cure of LIVER COMPLAINTS, all Bilious DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE, preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled. and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS. PITTSBURGH, PA.

to dispose of their Drug business. in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.
P.S. Deders and Physicians ordering from oth P.S. Deders and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and take mone but Dr. M.Lune's, prepared by Heming Brow., Pittchurgh, Pa. To those wishing to give them a trial, we will forward per mail, post paid, only part of the United States, one box of Pills for twelve three-cent posters rismps, or one vial of Vermitage for burries there-cent isomans. All orders from Canada must be accompanied by \$\frac{1}{2}\$ say coute extra.

THE OXYGENATED BITTERS. THE OXYGENATED BITTERS, CONTAINING NO ALCOHOL.

Reliable Testimony. We call the attention of the reader to the following

letter from President Smith, of Wesleyan University MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. FOWLE & Co. - Gentlemen : - I first made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years trom a form of dyspepsia, which was attended with a nervous heada-he, on an average of not less than one day in a week, I was induced, by the unpretending rec-ommendation of Dr. Green, "to try one bottle, and if

no benefit was received to discontinue the use The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia as most persons. These Bitters have also been of ser-

Wild Cherry Balsam Ayer's Sarsaparilla

A compound remedy, in which we have la-sored to produce the most effectual alterative that can be made. It is a concentrated extract if Para Sarsaparilla, so combined with other substances of still greater alterative power as to allord an effective autidote for the diseases Sarsaparilla is reputed to cure. It is believed fart such a remedy is wanted by those who miler from Strumous complaints, and that one which will accomplish their cure must prove Coughs, Colds, Coughs, Colds, Coughs, Colds, of immense service to this large class of our siff eted fellow-citizens. How completely this compaund will do it has been proven by experment on many of the worst cases to be found to the following complaints:

Sensula and Sensulous Complaints, Emprions and Equiptive Diseases, Ulcers, Empriors and Equiptive Diseases, Ulcers, Emprior Sate Regions.

PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITE AF-FECTIONS, MERCURIAL DISEASE, DROFSY, NEU-RALGIA OR TIC DOULOUREUX, DEBLITY, DYS-PHESIA AND INDIGESTION, ERVSIPELAS, ROSE on Sr. Anthony's Fig., and indeed the whole class of complaints arising from Impurity of

This compound will be found a great pro-oter of health, when taken in the spring, to moter of health, when taken in the spring, to essel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bad. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous seres, through which the system will strive to serie, through which the system will strive or id itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiate i blood whenever you find its impurities burstin g through the skin in pimples, cruptions, or sore; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it structed and stuggish in the veins; creamed whence or it is foul, and your feelings will tell you when. Even where no particular disorder is felt people enjoy better health, and live longer for cleansing the blood. Keep the blood acalthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something to wrong, and the great machinery of

Sursaparilla has, and deserves much, the eputation, of accomplishing these ends. But the world has been erregiously deceived by preparations of it, partly because the drug done has not all the virtue that is claimed or it, but more because many preparations, or etending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frands upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. - Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of oblequy which rests upon it. And we think we have ground for upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intend od to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on

PREPARED BY DR. J. C. AYER & CO. LOWELL, MASS. Price, \$1 per Bottle; Six Bottles for \$5.

Ayer's Cherry Pectoral,

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Aver's Cathartic Pills,

Ayer's Cathartic Phils, For the cure of Costiveness, Javindice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eryptions and Skin Diseases, Licer Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgie, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of family physic.

Price 25 cents per Box; Eoxes for \$1.00 Great numbers of Clergymen, Physicians, State men, and eminent personages, have lent the names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. DARLING'S LIVER REGULATOR, LIFE BITTERS,

Are pure vegetable extracts. They cure all bilious disorders of the human system They regulate and invigorate the liver and kidneys; they give tone to the digestive ororgans; they give tone to the digestream organs; they segulate the secretions, excretions and exhalations, equalize the circulation, and purify the blood. Thus, all bilious complaints—some of which are Torpid Liver, Sick Headache, Dyspepsia, Piles, whill and Ferras coefficients or Loose chills and Fevers, costiveness or Loose ness -are entirely controled and cured by there remedies. DARLINGS

LIVER REGULATOR

Removes the morbid and bilious deposit from the stomach and bowels, regulates the liver and kidneys, removing every obstruction, restores a natural and healthy action in the vital organs. It is a superior
