????????

QUESTION: When we send a certified letter now, we pay six cents more than is required and I don't think that this is fair. I think those people in the mail room should be made aware of this and be sure to charge the proper postage on certified letters.

ANSWER: The following postal rate schedule in effect:

- (A) postage 6¢ per ounce
 - (B) a return receipt requested at time of mailing showing to whom and when delivered - 15¢
 - (C) basic certified mail fee - 30¢ (does not include the other indicated charges)
- | | |
|------------------------------------|-----------|
| Total fees and postage | 51¢ |
| Less prepaid institutional postage | <u>6¢</u> |
| Adjusted total fee | 45¢ |
- The total postal fees for the above indicated service increases 6¢ for each additional ounce.

QUESTION: Why don't we get unlined paper for typing letters? A letter typed on lined paper looks like hell and I wouldn't want to be the recipient of such a letter. And now that we do pay for our letters, why can't we single space type them in order to put more into the contents of the letter.

ANSWER: The question of selling unlined paper in the commissary is now being studied. A decision in this matter will be forthcoming in the near future.

Unlined paper may be used for typewritten letters (and only typewritten letters) subject to the following restrictions:

- (1) only one sheet of unlined paper may be enclosed in each letter.
- (2) letter typewritten on unlined paper must be attached to one sheet of unused prepaid lined stationery with only the address and identification section completed.
- (3) all typewritten letters on unlined paper must be double spaced; however, both sides of the paper may be used.

The double space requirement limits the amount of material to be censored in a single letter and keeps your mail moving on its way without unreasonable delay. If the restrictions on double spacing and number of sheets per letter were abol-

ished, it would take days and even weeks before your mail could be turned over to the post office for final processing.

QUESTION: "I would like to know the reason why, when a man is going home that he can't leave his T.V. to a friend? I heard the reason is because of maintenance or gambling debts. These are both poor excuses because, first of all, the man who is receiving the T.V. is willing to pay for the maintenance if there is need for it, and second but foremost there are very few men who owe a debt that large to begin with, if they owe a debt at all. There are men in here who are unfortunate enough to have money to buy their own sets but have friends who are more than willing to freely leave their T.V. to a friend. The man bought the T.V. with his own money so I am sure he knows what he wants to do with it, if he was allowed to. But yet it seems the administration says, NO, you do what we tell you to do and like it! When are we going to be treated like men and not like children, being told we can't give something away if we wish to? I hope I don't get a big roundabout answer to this question, but maybe someone will think about the less fortunate men in here and change this rule."

Joe Williams

ANSWER: Institution policy has not changed. Personal property can be transferred only to a member of the immediate family: Brother to Brother and Father to son.

W.T. Sheridan

QUESTION: How about allowing cassette tape players and portable (battery operated) record players, to either or both, be purchased from the commissary or sent from home? The tapes and/or records could easily be arranged to be bought from a mailing house, or through any store or dealer.

ANSWER: There has to be a restriction on items permitted in this institution and cassette tape players and record players will remain on the restricted list.

W.T. Sheridan

NOTE: The first question was answered by: Earl F. Stout, Assistant Warden.

STATE OF CONNECTICUT, : SUPERIOR COURT
 PLAINTIFF, : NEW HAVEN COUNTY
 : FEBRUARY 3rd, 1970
 -v- : CRIMINAL CASE NO. 9672

JOHN DOE, :
 DEFENDANT, :

MOTION FOR TRANSCRIPT

Comes now the above named Defendant hereinafter referred to as Petitioner, respectfully moves this Honorable Court seeking the relief sought herein and prays that this Honorable Court will grant the requested transcript. Petitioner states that this motion is not meant to be of a frivolous nature nor as a means of delay.

Petitioner respectfully requests this Honorable Court to direct the Official Court Reporter to forward a copy of the proceedings which took place before the Honorable Judge Devlin, and resulted in Petitioner's conviction and sentence imposed on the 20th day of May 1969, at New Haven County, Waterbury. Said transcript is needed for the preparation for the Petitioner's defense in the above entitled cause, and he states herein his affidavit of poverty that he is an indigent person, and, that he believes he is entitled to the redress sought. See Long v. District Court of Iowa, 385 U.S. 192 (1966),

"The judgement below must be reversed. The State properly concedes that under our decisions in Smith v. Bennett, 365 U.S. 708 (1961), and Lane v. Brown, 372 U.S. 477 (1963), 'to interpose any financial consideration between an indigent prisoner of the state and his exercise to a state right to sue for his liberty is to deny that prisoner the equal protection of the laws.' Smith v. Bennett, supra, at 709. We specifically held in Smith that having established a post-conviction procedure, a state cannot condition its availability to an indigent upon any financial consideration. And we held in Lane that the same rule applies to protect an indigent against a financial obstacle to the exercise of a state created right to appeal from an adverse decision in a post-conviction proceeding."

"In Lane v. Brown, 372 U.S. 477, page 483, the court reaffirmed the fundamental principle of Griffin v. Illinois, 351 U.S. 12, 19 (1956), that 'Destitute defendants must be afforded an adequate appellate review as defendants who have money enough to buy transcripts.' The court in Lane went on to observe that Smith had established 'that these principles were not to be limited to direct appeals from criminal convictions but extended alike to state post-conviction proceedings.' 372 U.S. 484; see also Eskridge v. Washington State Board, 357 U.S. 214 (1958); Burns v. Ohio, 360 U.S. 252 (1959); Draper v. Washington, 372 U.S. 487 (1963)."

"The state suggests that there may be an alternative way of preparing for the purpose of appeal, an account of the relevant proceedings at the trial level. Cf. Draper v. Washington, supra, in the

(Continued on page 4)

LEGAL NOTES By J.W. Mohan
(Continued from page 3)

present case a transcript is available and could easily have been furnished. We need not consider a possible situation where a transcript cannot reasonable be made available and adequate alternatives are made available by the state. Accordingly, the judgement below must be reversed and the cause remanded to the Supreme Court of Iowa for further proceedings not inconsistent with this opinion."

Petitioner states that there are other cases controlling in this particular category. See People v. Montgomery, 18 NY2d 993, 278 NY2d 226, 224 NE2d 730, (1966), wherein the New York Court of Appeals decided that case holds statutory requirement of payment for a transcript, as applied to an indigent, is a denial of equal protection and unconstitutional, under both the Federal and State Constitutions.

For other later decisions see Roberts v. LaVallee, 389 U.S. 40, 88 S.Ct. 194, 19 L.Ed.2d 41 (1967; Gardner v. California, 393 U.S. 367, 89 S.Ct. 580, 21 L.Ed.2d 601, (1969).

For the latest decision governing the right to copies of transcripts for indigent persons it is respectfully stated that this Honorable Court review the United States Supreme Court decision in Wade v. Wilson, No. 55, U.S. Law Week, P. 4071, (1970).

CONCLUSION

For the reasons set forth herein it is respectfully prayed that the relief sought be duly granted by this Honorable Court.

AFFIDAVIT OF POVERTY

John Doe, being first duly sworn upon oath deposes and says: that he is the defendant known as Petitioner herein; that because of his poverty he is unable to pay the costs of printing a copy of the requested transcript; that he is unable to pay the costs of the filing of this motion and that he has no means to obtain monies for the payment of said transcript; John Doe declares that he is a poor person in the eyes of the law and prays that this oath will be duly granted.

Respectfully submitted by,

THE DEFENDANT,

John Doe

STATE OF CONNECTICUT
TOLLAND COUNTY SS

At Somers in said County on this 3rd day of February, 1970, personally appeared John Doe, Defendant in the foregoing cause, and he made oath that he has read the foregoing Motion, knows the contents thereof and that the same is true of his own knowledge except that those matters stated to be on his belief; and as to those matters, he believes them to be true.

Before me,

Notary Public

"ERWIN'S A G O G O"

By: Buchanan

The first day on the job, I opened alone. Standing behind the bar reading a novel about the air war over Germany. Being deeply engrossed in it when suddenly the only customer I had at the time asked me my name. "Flak", I answered spontaneously. It was the last word in the sentence I just read. The name stuck! I never bothered to correct the misunderstanding.

Well, you know how it is when someone new takes over a place. The people expect a lot of changes, and I wanted to give them these changes, but as inexpensively as possible to avoid a dramatic effect on our (or rather my) annual profits. Now when you start talking about what you're going to do, you don't have to worry about ideas, suggestions come flying from all directions. I let them become really enthusiastic, and then simply implied that since this was going to be as much their place as mine, in a manner of speaking, why don't we do the decorating ourselves? They jumped at the idea! And I was already figuring how much "dough" this arrangement would save me. In addition to that, it would have a bonding effect on them and they would hesitate going to some other joint, and of course, they'd bring in friends to show off their artistic endeavors. Free labor you can't get everyday!

I didn't expect the professional job they ultimately did, but as I said, I knew them only a short time and wasn't acquainted with their occupations. One, a set designer, Tom Rahl, was with N.B.C. T.V., designing sets for live commercials and shows. One "give-away" show he asked me to watch; naturally because he worked on the show. This is something that will take me awhile to forget. It was called "Peoples Pastime Pursuits". The object of the program was to bring before the camera, in glorious color of course, the odd and unknown hobbies people have. The first contestant was a guy in the loudest sport

shirt I'd ever seen on anyone, except myself. Coming up on the stage like a shot, his face radiant with expectation. He managed to blurt out his name when the M.C. inquired, never taking his eyes off the doll in the almost "bunny-club" costume, that assisted the M.C. The thing that made his leer so obvious, she was facing in the opposite direction the M.C. was addressing him from, so that the M.C. was talking to "Romeo's" back. The M.C. was "sharp" tho and he extended his microphone around the leecher to his face; leading him as you would a donkey with a carrot! Until he was standing and facing in the correct direction, holding his 'objet d'art' protectively before him. It was a landscape created from glazed citrus fruit and peels. Suddenly the lemon sun fell out of the sky, followed by three grapefruit sand dunes, two lime palm trees & the glazed cherry campfire. All were loosened by the heat emanating from the stage lights. By the time the M.C. finished talking, the semblance of a fruit salad was at his feet. Frank Williams, our intellectual comedian, every bar has one! Almost fell off his stool from laughter. "I should go on that program", he said. Wiping the laugh tears from his eyes saying, "I'm a revindactor or equidistant fiber! What the hell is that?", I asked. "A collector of belly-button lint", he replied. I threw the 'bar-rag' at him, turning the T.V. off with such force, the knob came off in my hand. T.V., phew! Never did get to notice Tom's work. (Part three continued Next Week...)

The Department of Corrections assures that there is no change in success or who achieve success either consciously or

"THE DEPARTMENT OF CORRECTIONS SYSTEM BREAKING DOWN AND TRYING FOR A BETTER WAY"

By: Henry A. Rogers, VII

A message from an inmate with this publication, the inmate brings you a message of programs that are ageless in the department of fundamental; yet in concept and practical application, it is as new as the morning sunrise.

Not only does it parallel the coming dawn in newness, but in radiance as well in the program that will help us reach whatever good goal we're striving for; that will hasten fulfillment of the fundamental dreams that dwell in our hearts. The Department of Correction teaches the fundamental laws of wisdom and more than enough which lights the pathway for inmates who come into this institution if he will but walk by the fundamental laws and by the program of our department. The program courses being offered by the Department of Corrections, will give the inmate a new and simple concept of the programs of successful living. By successful living they mean living health, living happiness, living rehabilitation, and they do mean living subjects offered, will aid that inmate in his selection of a program courses of study which help him now fill his needs.

"THE BETTER THINGS IN FUNDAMENTALS"

It is only natural that an inmate should want the better things in his life, A nice home, money in the bank, a good car, good health, a happy citizen in life. The courts of Connecticut did not put him in this institution to spend his life in dire poverty, ill-health and disease. Inmates are, not privation, hardship and disease as his lot in life and when he did, he is not claiming his rightful heritage.

SUCCESS IN NOT A MATTER OF CHANGE

The Department of Corrections assured that there is no change is success. Those who achieve success either consciously or

unconsciously comply with the great fundamental laws. They are in harmony with it and they just naturally, without any special effort on their part, draw success to themselves. It is just as simple as that, once he learns how to comply with the principles of this wonderful program, and that is just what it is a wonderful dynamic program; fundamental; the inmate will be truly amazed at the rapid change in his fortunes for the better. There are no "ifs" or "ands" about it, when the inmate complies with this program he steps out of his poverty, disease and misery, into the sunshine of success and accomplishment.

LESSONS TEACH FUNDAMENTAL PROGRAMS

These lessons which teach the inmate the very basic of Corrections of life, for they can never achieve a healthy, happy and successful life until they realize and understand the Corrections between his life and the great programs of the Department, and when that inmate learns how to apply the principles of this program wisdom it may be directed to the accomplishment of whatever the inmate desires, and the department will agree with that inmate that if the inmate can use the mighty dynamic power of this great fundamental program for the accomplishment of his every desire, then there is certainly no excuse for his continuing to endure a life of poverty, or in hardships and disease.

SUPPLY POWER PROGRAM

The program is a fundamental and a proper application of the department. It can bring to the inmate whatever he desires to be made manifest in his life. If the desire for materialism more than enough is there, then through this program the fulfillment is also there, waiting for that inmate like the supply power, (Part Two To Appear Next Week..)

DWARFS AND FANTASY

By: Wes Lawrence

This chatter went on for some time, until I saw one of them leave and dart into one of the openings in the cavern. He soon came running back and there was more chatter, and shaking of heads. Then the leader turned back to me and said to me, "you told the truth. The keeper of the outer portals is at fault." He then told me that their little world had been broken into by one from the outside world (me) and the council was speaking about it now to see what must be done. He pointed at the Talisman I was wearing and asked me where I got it. I told him it was given to me by my mother when I was a baby and she told me, in later years, to never remove it as it would guide me in my future life. This made some sense to him and he went back to chattering in a strange dialect with the council.

They had stopped talking now and turning to me again the leader told me that I would have to live in their world of little people, that this was their upper-council room and their world was deeper into the mountain. I would have to be transported there by them and was told to lie down again, which I did, and the leader touched my body with his rod and I fell into a deep sleep. The room we were in had a hidden stairway that gave them access to the room. Down these stairs they slid my body on a board that I was strapped to, and this helped them transport me into their world.

I awoke to a strange and bewildering sight, a world within a world. I was in the middle of a square that was lit with torch lights. This was their night. I was looking at little houses built like toad stools, mushroom shaped, and many people of all ages scurrying back and forth into them. When I sat up to stare at them I knew I was in a sort of wonderland, a make believe world. There were miniature horses; the little ones were be-

ing driven in carts along roads and paths. These people stopped what they were doing when I sat up and stared down on them. Half of me was bigger than the tallest of the elders. My knap-sack was by my side untouched and I was hungry. My blanket was by my side also and I spread it out and took everything from my knap-sack and put it on the blanket.

The little people had gathered about me and were feeling my clothes and touching me. As I put my things on the blanket, they looked at what I had. The two knives started them chattering among themselves; also a ball, a bag of marbles and candies that were made of maple sugar. I started to pass out the food, first eating some myself. The elder was the one who picked up the first piece, tasted it, and then ate it all. He then shook his head for the little ones to take (these little ones did not have beards yet, as they were the younger ones). You could see this was a treat for the little people. They had never tasted sweets like this before. I was eating a sandwich I had brought with me and drinking from a bottle, which was a light wine made from grapes. Every move I made was followed by their eyes. I was like a giant to them. I pointed to the bottle for the elder and made motions of drinking to him. I remembered that I had a thimble with me and taking it from my pocket and filling it, I handed it to the elder. Taking it from me, he first smelled it, then sipped it, and then drank it all down in one swallow.

I did not feel I was being held against my will. I felt as if I was wanted by these little people. (This had a lot to do with the Talisman around my neck), the elder knew that anyone wearing it was a good person and that my coming was a good omen to the council, letting them know that someone from the outside world had guided my footsteps there.

SPRING SESSION OF PARDON BOARD MEETS ON THE FIRST MONDAY IN APRIL AND ON THE FIRST MONDAY IN MAY.

FALL SESSION MEETS ON THE FIRST MONDAY IN OCT. AND THE FIRST MON. IN NOV.

NOTICE NOTICE NOTICE NOTICE NOTICE NOTICE NOTICE NOTICE

PARDON BOARD APPLICATIONS

All inmates who are planning to make application to the Board, of Pardons for appearance at the Fall Sessions are encouraged to submit their requests to Mr. Farnham, Supervisor of Records, as soon as possible.

These requests should be submitted immediately, if possible, and inmates are reminded that the last day for receiving requests is August 24, 1970.

APPLICATIONS RESULTING IN A STARRED (*) CASE

Under the established rules of the Pardon Board, cases cannot be heard if the petitioner has:

- (1) appeared within a year
- (2) served less than a year
- (3) Appeared or was eligible for parole.

It is also the policy of the Board not to hear a case if the petitioner has any pending legal action such as an appeal or a writ of habeas corpus.

A starred case in one of these categories is very rarely heard. By, therefore, waiting for a regular session, not only are inmates saved the labor of preparing required letters, but friends, lawyers, prison staff, State's Attorneys, and the Board is spared the effort which should be given regular petitioners.

It is suggested that before undertaking the task of a starred petition, inmate should seek the advice of the prison staff, which will be readily given.

NOTICE NOTICE NOTICE NOTICE NOTICE

Effective June 22, 1970, Mr. Earl F. Stout, Jr., assumed the duties of Assistant Warden (Treatment) at the Somers institution.

Mr. Stout has replaced Mr. Alexander Cybulski who has returned to his former position as Correctional Counselor Supervisor.

"TIGERS HOLD ON TO FIRST PLACE"

By: "Duke" Broas

It was hot Sunday afternoon July 19, 1970, but not as hot as it was Saturday, the 18th. The temperature was in the mid-80's, and the battle for Jimmy Nieves "Tigers", to keep first place, against the Cubs, managed by Fredericks, was a softball game, to be well remembered.

From the first pitch Walker threw, to the last, Colon threw, it was a battle for the lead, and the game, had to go extra innings, as the score was tied, after seven regular innings of play.

The "Cubs" were first to bat, and scored two runs, before being retired. The "Tigers" came "roaring" to the plate, and before they went down, nine men had made their appearance, and when the first inning was over, the "Tigers" had a substantial lead of three runs, as the score was five to two.

The "Cubs" took the lead in their top of the second, they came up with four big runs, and held the "Tigers" scoreless, their half of the second inning.

The "Cubs" penetrated with three runs in the third, and had a nine to five lead when they were retired, and the "Tigers" could only get one run in the third, and the score was nine to six, after three completed innings of play.

The "Tigers" held the "Cubs" scoreless in their half of the fourth, put them down in order, 1-2-3, and went to work in the bottom of the fourth, to pull ahead of the "Cubs." Damaino started the "Tigers" rally with, a double to deep center, and Ramos drove a single to short right, getting his first of two R.B.I.s, sending Damaino across the plate. Diaz, and Irvin popped out, unfortunately. J. Nieves, got a nice single, and Ramos hustled home, Fitzgerald walked, Rodriguez, and Walker singled, the bases were loaded, and Felix got a double, and 5 runs had scored. The "Cubs" then got the first double-play of the game, and then a pop-up, ended it for the "Tigers", with their lead 11 to 9, going into the fifth inning. Cora got a single on a error, and Rodriguez of the "Cubs" got him home, trying to stretch a double into a triple, and got tagged out.

The "Cubs" only got 1 run in the fifth, as the "Tigers" did also, and after five innings, the score was 11 to 10, in favor of the "Tigers."

The sixth inning was the "Cubs" turn to go ahead, as DeValle hit a towering triple, to the center field fence, and Williams hit a sacrifice fly to center field, tying the score, as DeValle scored from third. Bolling hit a double, Colon singled and the "Cubs" went ahead 12 to 11, before they were retired.

The "Tigers" came to bat in the sixth "growling", and with two outs, Irvin hit a tremendous triple to the fence in right-field. The "Tigers" manager-player J. Nieves hit a pitch, all the way to the weight-lifters platform, for a great home run, putting his team ahead 13 to 12. Fitzgerald hit to third, and was thrown out, thus the "Tigers" went to take the field 1 run up, going into the seventh. The "Cubs" came back with two more runs in the seventh, and the score was 14 to 13, and the "Tigers" battled right back tying it 14 to 14.

The game had to go into the eighth inning, and the "Cubs" could only get 2 more runs. DeVallee singled, Williams tripled and Bolling flied out. Fredricks got a triple, and Williams scored the 2nd of the 2 runs. Cora flied out, and Rodriguez grounded out, so the score was 16 to 14, the "Cubs" after 7½ of play.

Ramos hit a home run for the tigers helping to bring the victory closer for the "Tigers" 16 to 15. Diaz singled, Irvin singled, forcing Diaz at 2nd, one out, and Nieves singled, sending Irvin to third, Fitzgerald singled, Irvin scored, 16 to 16, one out, and Phillips is the saver for the "Tigers", as he hit a good single to center, scoring J. Nieves. The total score 17 to 16 "Tigers."

Smith called the balls and strikes, and Johnny Chavis umpired the bases, another great job, by these men, and giving their time to umpire, is well appreciated.

	TOTAL								
Tigers	5	0	1	5	1	2	0	3	17
CUBS	2	4	3	0	1	2	2	2	16

GIANTS DOWN SOX 12 to 5

On Saturday afternoon, July 18, 1970, it only took the Giants 51 minutes to get their first win. They are 1 and 1 now. This was the shortest played game in the Intra-Mural league for this season.

It was a good 93° degrees in the sun and it was a battle for the lead for the first 3½ innings.

The Sox went down, 1, 2, 3, during the top of the 1st. Buddy Davis of the Giants was first to bat and got a single. Then Sharpless hit a deep drive to R.F., Davis tagged-up and scored. Then the Giants went down in order.

In the top of the 2nd., the Sox's "big stick" Simpson struck back with an over the left field fence home-run. The Giants kept the pressure on by scoring a run and holding the Sox scoreless in the 3rd.

Santos hit a homer after Davis hit a double and both were credited with R.B.1's. At the end of the 3rd., it was Giants 6 and Sox 1.

The Sox started a rally in the 4th., scoring 4 more runs and holding the Giants scoreless.

The score was 6 to 5 in the top of the 5th., but the Giants had "it together" now and although the Sox tried, the Giants held them scoreless.

The "big-guns" for the Giants were: Santos with 2 homers, 1 triple and 6 R.B.1's. He was 3 for 4. Davis with 2 doubles, 1 single and 4 R.B.1's. And Sharpless with 1 double, 2 R.B.1's and a walk.

For the Sox it was Simpson's big-bat only, and he had 1 home run, 2 R.B.1's, and he scored twice.

Chavis and Pelzer did another grand job of umpiring.

By: "Duke" Broas

FOOTBALL

Requests are now being accepted by the Recreation Department for those wishing to participate in the Intra-Mural football program.

Those wishing to participate must submit their names and requests to the Recreation Department no later than the AUGUST 15th deadline date. No request will be accepted after this AUGUST 15th deadline.

NOTICE--NOTICE---NOTICE

Catholic services are held in the Catholic Chapel every Sunday morning at 8:00 A.M. Confessions start at 7:30 A.M. in the Chapel. All members of the population are invited to attend these services.

Lastly, Sunday School Classes are held each and every Sunday morning in the school area starting at 9:30 A.M. These classes involve discussions of the text and teachings of our Lord.

REV. Matthew R. Shanley

AUTOMOTIVE MECHANIC APPRENTICESHIP

A new class in Auto Mechanics will be formed in Aug. of this year. This is an apprenticeship course and all trainees will be registered on the files of the State Apprenticeship Council. The instruction that you will receive is second to none, let us prove it to you!

With the curriculum approved by the Apprentice Training Division of the Labor Department and the instructor certified by the Vocational Division of the State Board of Education, you are assured of the best possible training course. There will be a daily classroom session plus practical work on automotive components, engines, chassis, etc.

There is a real shortage of auto mechanics today and the situation will get worse with more and more cars on the road. Now is the chance to do something about your future. Ask someone already in the "Auto-School", what he thinks of it. You will find that these men are our best advertisers.

If your grade placement is around 9.0 or higher, and you can make minimum security, sign the form below and submit it to the State School, in care of Mr. Charles W. McCune,

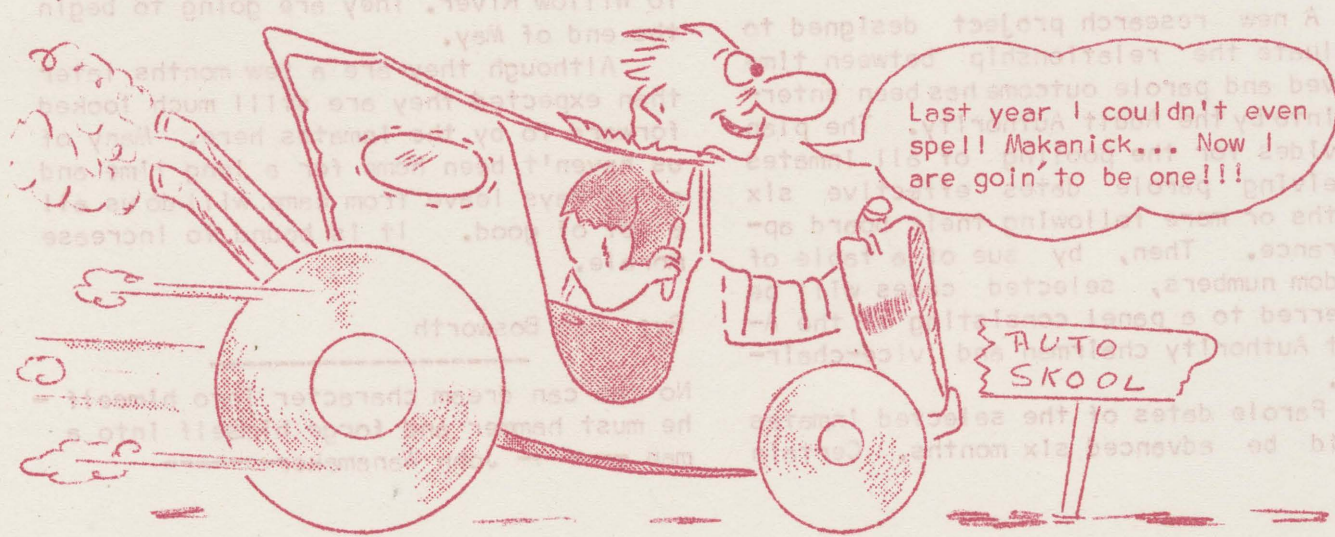

NAME _____ NUMBER _____ UNIT _____

I wish to sign up for the aptitude test for the Auto Mechanic apprenticeship.

SIGNATURE _____

ALL FORMS MUST BE IN THE SCHOOL AREA NO LATER THAN

JULY 27, 1970.....

cases are excluded from this advancement consideration. These include those serving sentences for 1st degree murder, Special Cases, those paroled to "Hold," out of state parole supervision, parole dates within less than six months following board appearance, and certain others which may be designated "Not to be advanced."

Here's what San Pedro, California has to say about "The Bridge" in their penal paper:

"Seems you guys way up there in the North are either playing, being entertained, or praying. Your entire layout makes us water at the mouth with all that's happening up there. Wish we had a wee bit of the action you guys are getting from the free world in the way of live entertainment. We'll keep on dreaming and plunking our worn-out guitar."

JACKSON, MICHIGAN:

In line with a continuing trend to improve recreation services, Warden Johnson announced the scheduled construction of a swimming pool within the walls of the main prison.

CHINO, CALIFORNIA:

A new research project designed to evaluate the relationship between time served and parole outcome has been entered into by the Adult Authority. The plan provides for the pooling of all inmates receiving parole dates effective six months or more following their board appearance. Then, by use of a table of random numbers, selected cases will be referred to a panel consisting of the Adult Authority chairman and vice-chairman.

Parole dates of the selected inmates would be advanced six months. Certain

WILLOW RIVER, MINNESOTA:
YOUTH DIVISION CAMP NO. 1

After months of talk and planning the promised home visits are finally coming to Willow River. They are going to begin the end of May.

Although they are a few months later than expected they are still much looked forward to by the inmates here. Many of us haven't been home for a long time and a few days leave from camp will do us all a lot of good. It is bound to increase morale.
