--Beware my friend, my name is King Heroin,

I'm soft and deadly, so bitter to taste.

Of the men I've delighted and the women I slew.
I'll make a man shabby that once dressed so nice,

But you'd pick me up again, if I were in reach!
And nights when you lie awake planning your fate,
You know I'll be waiting just beyond the Gate!

So put your feet in my stirrups, and mount my steed---
Put your feet in the stirrups, and ride me well,

TRUTH !

The face of the truth is open to the eyes of the Masses of the people. The sound of truth is all this dancing and singing for nothing. The crescent and coul of truth is Almighty (God) Allah. The wrongs of truth is complete chastisement. The voice of truth is (Chief Inman) The Honorable Wallace D. Muhammed. The looks of truth is this artificial materialism in society. The fear of truth is living a fully righteous life. The message of truth was the Honorable Master Elijah Muhammed;s mission. The sorrow of truth is brothers and sisters killing brothers and sisters. The pride and dignity of truth was the teachings of Malcolm Mao, and Martin. The strength of truth in this society is the World Community of Islam in the West. The failure of truth is Capitolistic Mentalities. The pain of truth is lusting for many artificial and materialistic Gods of Man. The heaven of truth is a everlasting reward. The head of truth is following the right path. The battle of truth is continuous struggle. And the life of truth is eternal immortality and is its past power of truth and shall endure truth which shall hold to the last and never die...

YOU !

You are all that I love and cherish
All that I yearned for and dream
I sing you in verse, all my wisdom
I teach you all I esteem.

I found in your heart coverts hidden
the budding of truth and sight
The emblem of all that is highest
In earthly light and life

And guiltless we will live
together,
These truths that the world
unites,
The drama of pleasures inconstant
To saintly sins of delight...

INSTITUTIONAL GRIEVANCE COORDINATOR PROGRAM

The purpose of this program is to provide a formal internal grievance mechanism through which inmates may seek resolution to their complaints. It is structured to insure an open and readily accessible grievance channel to the administration for a timely response to inmate grievances.

The Warden will designate a staff member to be the Institutional Grievance Coordinator. The Institutional Grievance Coordinator will be directly responsible to the Warden. He will have the delegated authority to receive properly initiated grievances from inmates, investigate the complaint, make appropriate recommendations, submit the grievance for disposition, and implement relief as directed by the Warden.

Informal Remedy:

Prior to filing a grievance with the Institutional Grievance Coordinator, an inmate must attempt to resolve his grievance by discussing it with the staff responsible for the area where the problem developed. For example, his work supervisor, housing unit officer, appropriate department or division head, captain, etc. Failure to have attempted resolution of a complaint by this means, may be of itself reason for a grievance to be rejected.

Any staff member who urges or directs an inmate to utilize the formal grievance procedure will provide the Institutional Grievance Coordinator with the reason for this referral in writing with an explanation of why the staff member was unable to resolve the problem.

Scope of the Program:

The intent of this program is the prompt and timely response to inmates' institutional complaints. The boundaries of this program are limited to any area of administrative function or decision within C. C. I. Somers. Therefore, issues involving court questions, civil matters, and other institutions will not be accepted by the Institutional Grievance Coordinator. This program is limited to a grievance that effects an inmate personally, and may not be used on behalf of another inmate.

Procedure for Filing a Grievance:

Grievances must be submitted on the designated Institutional Grievance Coordinator Program forms. These forms are available in the Captain's Office, as well as on the Hospital, third floor, and in E, F, and J-Basement housing units.

Grievances should be addressed to the Institutional Grievance Coordinator. The Institutional Grievance Coordinator will have a mail box in the main corridor near the radio station, as well as in the mail room.

All facts should be presented accurately, legibly, and in specific terms.

Any staff person who has been contacted in regard to the grievance should be so identified

Grievances which relate to an incident or event must be filed within thirty (30) days of the incident or event. A waiver of this requirement may be granted by the Institutional Grievance Coordinator upon a showing by the sender of the grievance that it was not feasible to file within the prescribed thirty (30) day period.

Procedure for Processing Grievances:

Upon receipt, the Institutional Grievance Coordinator will log the grievance in the Warden's office and acknowledge receipt to the sender.

The Institutional Grievance Coordinator, through his own action, will develop sufficient information about the circumstances of the complaint to enable a decision on its merits to be reached.

An interview with the complainant may result in a deferment of the grievance pending an attempt at the informal remedy level.

Whether a grievance results in corrective action or not, the Grievance Coordinator will respond to the sender, in writing, clearly stating the basis for the response. In cases of corrective action, the response will indicate what specific action will be taken to correct the problem. The Institutional Grievance Coordinator, under the authority of the Warden, will assure the stipulated action is taken.

If the grievance is of a significant nature, either the sender or the Institutional Grievance Coordinator may elect to have copies of all correspondence pertaining to the grievance included in the sender's central file.

Action on grievances will be completed within twelve (12) working days of the acknowledged receipt. If a grievance is close to disposition at the end of the twelve (12) day period, but not yet completed, the Institutional Grievance Coordinator may so notify the sender and request an extension, which the sender may reject if he is intent upon pursuing his grievance through other channels. If this course is pursued by the sender, the grievance will be closed.

Freedom to Use the Grievance Procedure:

No action will be taken against any inmate merely because he filed a grievance. Action may be taken against an inmate under the provisions of the Code of Penal Discipline, if the sender knowingly and intentionally makes a statement or statements which prove to be completely lacking in factual basis.

Other Remedy:

If an inmate feels his grievance has not been satisfactorily resolved by this grievance procedure, he may pursue existing alternative remedies - the Office of the Commissioner, the Ombudsman Program, or the LAP attorneys. In these instances, any information relating to the grievance will be made available to these parties by the Institutional Grievance Coordinator. Regular scheduled meetings will take place between the Ombudsman and the Institutional Grievance Coordinator to review and discuss mutual areas of concern to insure the expeditious resolution of inmate complaints.

PROGRAMA DEL COORDINADOR INSTITUCIONAL DE QUEJAS

El propósito de este programa es el de ofrecer un mecanismo interno formal a través del cual los presos pueden buscar una resolución de sus quejas. Está formalizado para asegurar que haya un medio abierto y accesible para expresar quejas a la administración para una respuesta oportuna a las quejas de los presos.

El alcaide designará a un miembro del personal para que desempeñe el puesto de Coordinador Institucional de Quejas. El Coordinador Institucional de Quejas tendrá una responsabilidad directa al Alcaide. Tendrá la autoridad delegada para recibir quejas debidamente iniciadas de los presos, investigar la queja, hacer recomendaciones apropiadas, presentar la queja para una disposición, e implementar alivio según la dirección del Alcaide.

Remedio Informal:

Antes de someter una queja al Coordinador Institucional de Quejas, el preso tendrá que tratar de resolver su queja discutiéndola con el personal responsable del área en que surgió el problema. Por ejemplo, su supervisor de trabajo, oficial del área de alojamiento, encabezado apropiado de departamento, capitán, etc. Una falta de haber buscado una resolución de una queja por este medio, puede ser en sí una razón para el rechazo de una queja.

Cualquier miembro que sugiere o dirige a un preso que utilice el procedimiento formal de quejas dará por escrito al Coordinador Institucional de Quejas una explicación del por qué el miembro del personal no pudo resolver el problema.

Alcance del Programa:

La intención de este programa es la respuesta rápida y oportuna a las quejas institucionales de los presos. El alcance de este programa se limita a cualquier área de función administrativa o decisión dentro de C.C.I. Somers. Por lo tanto, cuestiones relacionadas con las cortes, asuntos civiles, y otras instituciones no serán aceptadas por el Coordinador Institucional de Quejas. Este programa se limita a aquellas quejas que afecten al preso personalmente, y no podrá usarse a favor de otro preso.

Procedimiento para Presentar una Queja:

Las quejas tendrán que someterse en las fórmulas del Coordinador Institucional de Quejas designada. Estas formulas están disponibles en la Oficina del Capitán, al igual que en el tercer piso del hospital, y en las unidades de alojamiento E, F, y J (Sotano).

Las quejas deben dirigirse al Coordinador Institucional de Quejas. El Coordinador Institucional de Quejas tendrá un buzón en el pasillo principal cerca de la estación de radio, además que en el cuarto de correo.

Todos los hechos deben presentarse con exactitud, legiblemente, y en términos específicos.

Cualquier persona del personal que haya sido consultado respecto a la queja debe ser identificada.

Las quejas que se relacionen con un incidente o evento tendrán que someterse dentro de un plazo de treinta (30) días a partir del incidente o evento. Una excepción a este requisito podrá ser aceptado por el Coordinador Institucional de Quejas si el solicitante puede probar que no le fue posible someter la queja dentro del periodo prescrito de treinta días.

Procedimiento para Procesar Quejas:

Al recibo de la queja, el Coordinador Institucional de Quejas inscribirá la queja en la oficina del Alcaide e indicará el recibo al remitente.

El Coordinador Institucional de Quejas, por sus medios propios, desarrollará suficiente información sobre las circunstancias de la queja para hacer posible una decisión basada en sus méritos.

Una entrevista con el querellante puede resultar en un aplazamiento de la queja para intentar una resolución al nivel de un remedio informal.

Aunque una queja resulte en una acción correctiva o no, el Coordinador de Quejas responderá al remitente, por escrito, exponiendo claramente la base para su respuesta. En los casos de acción correctiva, la respuesta indicará cuál acción específica se tomará para corregir el problema. El Coordinador Institucional de Quejas, bajo la autoridad del Alcaide, asegurará que se tome la acción estipulada.

Si la queja es de una naturaleza significativa, o el Coordinador Institucional de Quejas o el solicitante puede elegir que copias de toda correspondencia referente a la queja sea incluida en su archivo central.

La acción sobre las quejas se llevará a cabo dentro de doce (12) días de trabajo a partir del aviso de recibo. Si una queja está cerca de su disposición al pasarse los doce (12) días, pero aún no se realiza, el Coordinador Institucional de Quejas puede avisar al remitente sobre el respecto y pedir una extensión, lo cual el remitente puede rechazar si está decidido para proceder con su queja por otros medios. Si se sigue este curso, la queja será concluida.

Libertad para Usar el Procedimiento de Quejas:

No se tomará ninguna acción en contra de ningún preso por el simple hecho de haber sometido una queja. Se podrá tomar acción en contra de un preso bajo las provisiones del Código de Disciplina Penal, si el remitente a sabiendas e intencionalmente hace una declaración que resulta completamente sin fundamento en los hechos.

Otro Remedio:

Si un preso cree que su queja no ha sido resuelta satisfactoriamente, puede proseguir por medios alternativos - la Oficina del Comisionado, el Programa del Ombudsman, o los abogados L.A.P. En estas circunstancias, cualquier información referente a la queja estará a la disposición de aquellas personas por medio del Coordinador Institucional de Quejas. Reuniones regulares tendrán lugar entre el Ombudsman y el Coordinador Institucional de Quejas para repasar y discutir las áreas de importancia para asegurar la resolución rápida y conveniente de las quejas de los presos.

Real three-hanky movies that bring lumps to the throat and tears down the cheeks are all too rare, so this film-ways production for Universal is a welcome treat. Based on the true story of skier Jill Kinmont, whose hopes for an Olympics medal are dashed by a near fatal accident which leaves her crippled for life, this is a real tear jerker in the best sense of the word.

An ordinary citizen's personal war against a crime boss is the central theme of this tense action drama. Bo Svenson is a natural for the leading role. Robert Culp, recently seen in "Sky Riders," co-stars. The vigilante theme of one man demolishing a crime syndicate is a controversial one, but has been the basis of many successful films. Poetical Dimensions
Resolutions

No one will get out of this world alive. Resolve therefore to maintain a sense of values. Take care of yourself. Good health is everyone's major source of wealth. Without it, happiness is almost impossible. Resolve to be cheerful and helpful, people will repay you in kind. Avoid angry, abrasive persons. They are generally vengeful. Avoid zealots. They are generally humourless. Resolve to listen more and talk less. No one ever learns anything from talking. Be leary of giving advice. Wise men don't need it, and fools won't heed it. Resolve to be tender to the young, compassionate with the aged, sympathetic with the striving and tolerant of the weak and the wrong. Sometime in life you will have been all of these. Do not equate money with success. There are many successful money-makers who are miserable failures as human beings. What counts most about success is how a man achieves it.....
