THE CASE OF THE DEFENSE Jackson, Ky., June 11 .- Putting the own under martial law with Provost Marshal Longmire in charge has creat-

The closing of the "Blind Tigers," and the vigilant patrol of the troops to see that the closing orders of the provost marshal are rigidly enforced, have stopped the random firing in and about the town at night and also have made quite a difference during the day. FURTHER DANGER FROM FLOOD NOW GONE BY.

Boat Crews Now Engaged Saving Prop-

East St. Louis, June 11 .- The crisis of the flood situation in this city has passed. Boat crews which were occupied yesterday in rescuing victims of the flood devoted themselves to-day to saving property and bringing to higher ground belated refugees who previously Three men testified to meeting them had not believed themselves in immedion this homeward trip. There is a general dis position to accept minimum reports of loss of life rather than the first exaggerated stories. One prominent undertaker averred that there had been no

loss of life directly in the flood, although there had been deaths due indirectly to the overflow. No bodies were recovered to-day.

The work to-day has been, and will continue to be, the caring for the refugees. The supply of food seems ample, but the refugees to-night lack bedding, but it is believed that this will be supplied by to-morrow night.

During much of the day the city was under quasi-military rule, though Mayor Cook and his chief of police were the guiding hands.

consort towards the officers of the army whom he always treated with scant courtesy. His desire to remove the war school from Belgrade to Shebatz particularly gave the officers offense. To-day's date is a sinister one in the

history of the Obrenovitch house, being the thirty-fifth anniversary of the assassination of King Alexander's granduncle, Michael, who was done to death by agents of Alexander Karageorgevitch, the then leading member of the house which has long disputed the throne of Servia against the -Obrenovitch family and whose head to-day, Prince Peter Karageorgevitch, has been proclaimed king.

Dissatisfaction against King Alexander's rule has been growing since his suspension of the constitution, last April and it is from that time that the military plot dates. The organization of last night's bloody deed was carried out with consummate skill. The king for the past two months was thrown off his guard by the apparent quietude of the reception of his recent coup d' etat. In the meantime the conspirators had decided to June 10 as the date for the execution of the revolution for two reasons, first, it is the annivertary of the murder of King Alexander's grand uncle. Michael, and ly encouraged him, as did Coquelin, the second, because it was feared that further delay would permit the Skupschina to settle the succession to the throne. according to the king's wishes, and it was believed that the brother of the hated queen would be his choice.

Original in composition, scientifically compounded, absolutely pure, unchangeable in any climate, always ready, and agreeable to the most delicate, they present to those suffering from Eczema the most successful curative of modern times. We know that this will be considered strong language by those acquainted with the character and obstinacy of the disease under consideration, but it is justified by innumerable successes where all the remedles and methods in vogue have failed to cure, and, in many cases, to

The first step in the treatment of the chronic forms is to remove the scales and crusts and soften the skin, by warm baths with Cuticura Soap. The scalp, ears, elbows, hands, ankles and feet will require frequently a thorough soaking in order to penetrate the thickened skin and crusts with which these parts are often covered. Dry carefully, and apply Cuticura Ointment, lightly at first, and where advisable spread it on pieces of soft cloth and bind in place. Take the Resolvent, pills or liquid, in medium doses. BACKWARD BABIES.

Their Food Usually at Fault. When the baby is peevish and backward about walking or talking the food will often be found to be the reason. This can be proved by changing to Grape-Nuts food for a few days for this scientific food will digest in the weakest stomach and will give the proper nour-Norwich. ishment for baby building. "When our girl was a tiny baby she had indigestion and although we did our best no-

thing seemed to help her. She was peevish and would not even try to walk and many times would cry aloud and seemed to be in much pain. "As we had buried three children be-

fore you can imagine how we felt to see this little girl wasting away. When she was two years old she had a terrible sick spell and we were very much alarmed. The doctor said she had summer complaint and indigestion and told us to use Grape-Nuts. After we had

given her two meals of this food her bowels were checked an in a short time she was completely well and strong lagain.

"Then we noticed how her mind too began to improve. She had never talked before but now she brightened up and understood things that were said to and understood things that were said to her. She laughs all the time instead of crying and now after two years living on Grape-Nuts she talks well, has a splendid memory, and is as bright and besitive and harw a baby as anyone splendid memory, and is as bright and healthy and happy a baby as anyone would ever care to see. I hope some other discouraged mother will read these lines and profit by them." Name given by Postum Co., Battle Creek, Mich. An excellent way to prepare for very young bables is to take one and one-half tablespoonfuls of Grape-Nuts and cover with a pint of cold water. Let it stand for half an hour, strain, and set aside. When ready to use take 12 teaspoonfuls of the strained Grape-Nuts the strained Grape-Nuts the table spoonfuls of the strained Grape-Nuts the strained Grape-Nuts the strained Grape-Nuts the strained Grape-Nuts the strained of the strained Grape-Nuts the strained for the strained of the strained for the strained for the strained Grape-Nuts the strained for the s

F. B. Q. Clothing Bargains Continued and Increased.

New Haven men have taken so kindly to our F.B.O. garments and appreciated our recent Clearance Sale offers so promptly and well that this New Haven store has been given a few more of the plums for distribution.

There are only two times in the year when you can get F. B. Q. garments at a reduction from the regular prices. F. B. Q. Clothing is not the "bargain sale" kind and it is only in the two clearance times in Spring and Fall that the regular figures are cut.

Take the chances while they last. This is all "two season" clothing, you know—we'd be ashamed of an F. B. Q. suit that you could wear out in any one season. Most F. B. Q. wearers find that their suits last two and three years—just as first-class custom made suits are supposed to last.

He began his railroad career as a clerk in the office of the superintendent | that occasion. of the Shore Line division and by untiring energy and perseverance he has won his way into one of the most responsible positions on the road. Later he secured a position in the freight department and was located at Newburg, having charge of the transfer work. From here he went to the office of forloved. mer District Superintendent C. Peter Clark. He was elected to the Massachusetts legislature while in this office. When William E. Chamberlain was appointed general manager of the system Mr. Martin was appointed his chief clerk and later was made his confidential secretary. About three months ago Mr. Martin was appointed general manager of the Worcester and Eastern Connecticut railroad. His latest promotion is a merited one, for his knowledge and experience of railroading has made him a valuable man to the road.

President John M. Hall, of the Consolidated railroad, yesterday announced the appointment of A. F. Currie, of Boston, as superintendent of the new car record office now located in this city. This office was made by the consolidation of the offices of the car accountant and car service agents. Mr. Currier was formerly the head of the latter office, with headquarters at Boston, and W. S. Crompton was superintendent of the other department. The new superintendent will take charge on June 15.

at 7:45 in the evening, which parents of all pupils in the eighth grade of the grammar schools were invited to attend. At this meeting the various courses of study of the high school (Hillhouse and Boardman) and the work of the first year were explained.

Questions by parents were also answered. The object of this meeting was to give parents so full information about the work of the school that a pupil entering the school next September may choose his course intelligently.

RUN OVER BY A TEAM.

A man who refused to give his name to the police, but who resides at the corner of Cedar Hill avenue and Warren place, was struck and knocked down by a team at the corner of State street and Warren place about 9 o'clock last evening. The team was driven by two young men in military uniforms, and was going fast. After knocking the man down they never stopped to see how badly he was hurt. The police are looking for them. The man who was struck was slightly bruised.
