AMENDMENTS TO THE **CONSTITUTION CARRIED**

LITTLE INTEREST AND A LIGHT VOTE THROUGHOUT THE STATE.

Thayer, of the Same City, His Democratic Opponent, Makes Good Run but is Defeated by Majority of About 800 -Complete Turnover in Waterbury. .

The little town elections of Connecticut yesterday were greatly complicated by the entire state voting on the question of adoption of two constitutional amendments, and of the electors in the Third congressional district choosing a successor to Frank J. Brandegee, who in May last was elected United States senator by the general assembly. In the latter instance Edwin W. Higgins, a lawyer of Norwich, republican, was elected to congress over Charles F. Thayer, mayor of the same city, who had the democratic nomination, the majority with several towns missing being about 1,800. The interesting feature of this contest was that Mayor Thayer carried his own which is strongly republican, and which went that way in the two elections by 546 votes majority on most of the town officers. Mr. Thayer ran well in many of the smaller towns, but his margins in these were easily wiped out by the large margins in towns which stood fast by Mr. Higgins, Two years ago Congressman Brandegee carried the district by over four thousand votes, while last fall his majority was nearly two thousand larger. The vote in the district to-day was light and the republicans suffer more in this respect than did their opponents. The vote over the entire state was light.

Both constituional amendments were carried according to the incomplete returns, that permitting the use of voting machines at state and national elections being adopted probably by a ratio of 3 to 1, while the vote on the second question-that of having binennial elections of town officers being fairly close, but not to the extent that would indicate its rejection. So indifferent were most of the towns on the amendments that the count of these ballots was delayed until the last thing by the officials, and the indicatons were that the total vote would not be known until the results are officially canvassed at the state capitol on October 17, when the governor will proclaim the changes in the state constituion.

Many of he towns had questions of their own to decide-local matters affecting either town finances or town administration-but most of them voted on the question of acceptance of the act providing for free text books for school scholars. Many towns did not like this idea and rejected the proposition, the burden of argument of the opponents being that the giving of free text books meant the raising of

more money by taxation.

Two towns, which are within the limits of the city of the same name-New Britain and Stamford-voted on the matter of consolidation of town and city governments which in effect means abolition of an old fashioned form of dual government. New Britain decided to wipe out the town government while Stamford decided adversely as the result of a long period of agitation against consolidation. In the town election in New Britain Samuel Bassett, a democrat, mayor of the city, who has been first selectman of the town as well was shorn of half his political honors by being defeated for the town office.

MISSING SECURITIES ARE ALL RECOVERED

VOUNG LEONARD'S FATHER TURNS OVER REMAINING \$59,000 WORTH.

Them Mailed Back by the Youth Himself-His Story That He Carried Out His Scheme of Forgery and Robbery Solely to Show by What a Simple Device the Elaborate Safeguards of New York Banks Could be Set at Naught Evidently True,

New York, Oct. 2.-By the confession of Henry A. Leonard, a young clerk in the employ of Halle and Stieglitz, brokers, at No. 30 Broad street, the mystery of the robbery on Wednesday last of \$359,000 worth of securities from the National City bank was cleared up to-day. Leonard, who lives with his parents at No. 586 East One Hundred and Thirty-sixth street, was arrested yesterday and kept in close confinement while the detectives continued their search for the missing securities, every dollar of which was receovered to-day.

The prisoner, who is only twenty-four years old, and who had previously borne the reputation of an industrious and thoroughly reliable clerk, made the statement in his confession that he had planned and carried out his scheme of forgery and robbery, not from any criminal motive, but solely to show by what a simple device the elaborate safeguards of New York banks could be set at naught. That this statement is true is in a measure corroborated by the facts in thecase, and is the belief of the young man's employers by whom he was highly esteemed.

Soon after the theft Leonard mailed a package containing \$300,000 in securities to the residence of Dyer Pearl, senior member of the firm of Pearl & .Co., by whom they were owned. The package was received by Mr. Pearl yesterday. To-night's Leonard's father turned over to the police the remaining \$59,000 in stocks and bonds, which he said had been found in a wardrobe in his house, where, his son had said after his arrest, he had secreted them. The first clue that led to Leonard's arrest was obthe rubber stamp maker whom Leonard stamp used in the check he presented at the National City bank. As a model for the stamp he gave the maker an and also a memorandum in his own hand, which was identified by fellow clerks.

Leonard was held in the Tombs police court in \$50,000 ball for further on his way to prison he said, in response to a question, "I did it on a

NAME OF MAN WHO BOUGHT DRESS SUIT CASES.

Boston Police Believe They Have It-Have Photograph of the Man and an the Manager of the Office of a Tremont Street Doctor-Haynes and Wingfield Released,

Boston, Oct. 2 .- What the police consider an important and promising clue to the solution of the Winthrop dresssuit case mystery developed to-night. The officers believe they have learned the name of the man who bought the tained when the detectives had traced two dress-suit cases at the South End pawn shops, and they have secured a photograph of the suspect. It is possible, they say, that an arrest will be made to-morrow.

The man, whose name the police do not care to make known at this time. is the manager of the office of a Tremont street doctor who is of doubtful reputation, and whose place of business has for some time been under the surveillance of the authorities. MILITARY CAMPAIGN AGAINST VENEZUELA

ONE MAY BE NECESSARY TO BRING CASTRO TO HIS SENSES.

Well Known Fact in Army Circles That the General Staff Has Been Making Country-Washington and Paris Seriously Considering Troublous Conditions in the South American Republic-Looking for Way to Make Castro Give Justice to Foreigners.

Washington, Oct. 2.-Venezuela and

er troublous conditions are now the subject of earnest consideration by the Washington and Paris governments. Just from Paris with full instructions, M. Jusserand, the French ambassador, called at the state department to-day and was in conference with Secretary Donohue to-night received a dispatch from Butte telling of the arrest of a the main subject under consideration, man who is believed to be Pat Crowe special atention being given to President Castro. To-day's conference is the first of a series which may be expected on this subject and was of a preliminary nature. At its conclusion partment, the company ordered all emthe announcement was made that the Venezuelan situation had not entered on "an imminently critical" stage. No to listen to addresses by the company course of action was agreed upon today and none was proposed. What the relative attitude of the two aggrieved nations is toward Venezuela was informally discussed

M. Jusserand made it plain that while France proposed to protect the rights of her citizens in Venezuela as elsewhere throughout the world, the Arrest is Possible To-day-Suspect French government will continue its traditional policy of courteous recognition of the special interest of this country in a question like this which affects another American republic.

It is a well known fact not only in army circles but throughout the diplomatic corps that the general staff of the army has been making a thorough and special study of Venezuela from a military standpoint, but this government as well as France appreclates the difficulties of an inland expedition to the Venezuelan capital, even should a critical turn of events warrant the serious consideration of such a move. At the same time France, with the remainder of the European nations realizes that a naval demonstation off La Guayra, if such a course should ever be determined on, is not Castro to yield, because of the distance of Caracas from the sea.

In diplomatic circles the significance of to-day's conference is attributed not so much to its direct results, but as evincing the firm purpose of the Amerually perhaps, but none the less effectively, to protect the rights of their citzens in Venezuela. It is understood that France is not primarily seeking assurance from Washington that a French naval demonstration against Venezuela will be approved though such assurance, it is stated on high authority, would be vouchsafed. What France desires to find, and this desire is thoroughly shared by the Washington government, is an effective means of insuring justice for for-eigners in Venezuela. Mr. Jusserand will continue his policy of discussing quite frankly with the Washington government the grievances of his country against Venezuela, that there may be no misunderstanding of the motives of the two claimant powers.

Patrick's counsel, former United States Senator David B. Hill, presented a brief in support of his motion for a the Cleveland type and make the jourre-argument of the case which was de-Patrick by the co June by a vote of 4 to 3. In the course of this brief he points out that a son of Judge John Clinton Gray, one of the judges of the court of appeals and one of those who voted against the reversal of Patrick's conviction, was an assistant district attorney of New York county and participated in the prosecution of Patrick and that therefore he

should not have sat in the case. The opposing brief of District Attorney Jerome, drawn, it is said by the late ex-Justice Judson S. Landon, a. short time before his recent death, and filed by Assistant District Attorney Howard Gans, characterized Senator Hill's comment upon Judge Gray's participation in the judgment of the court as being such as "no degree of eminence in counsel could render respect-

able. 'The suggestion that Judge Gray violated the proprieties in taking part in this case is as contemptible as it is impudent," the district attorney's brief declares.

The legal history of Patrick's case may be summarized as follows: Arrested October 4, 1900; trial begun January 20. 1902; convicted March 25, 1902; put in death house at Sing Sing, April 1. 1902; appeal for new trial February 10, 1903; petition for new trial denied by the trial court, March 3, 1903; argument on appeal to court of appeals postponed for second time May 20, 1904; argument for re-opening case February 12, 1905; arguments for new trial March 15, 1905; court refuses to grant new trial, affirms conviction June 9, 1905; refuses stay of execution June 14, 1905; execution set for August, June 16, 1905; motion for re-argument and stay of execution granted July 24, 1905; renewal of motion for re-argument, October 2,

New Orleans, Oct. 2.-The announcenent of President Roosevelt's decision to visit New Orleans on his forthcoming trip to the south caused much gratincation here to-day, and it was regarded as certain to give fresh stimulus to the fight now in progress to drive out the yellow fever before the end of the pres-ent month. The president's refusal to be swayed by the fear of personal risk. which so many influences have pressed upon him, has further commended him to the people of Louisians, and there is on every side a disposition to make

his reception markedly cordial. Mayor Behrman said to-day that the arrangements for the reception would be pushed with enthusiasm, and that he felt confident that the president would find himself as safe in New Orleans on October 26 as if he were then in his own home. If he desires to do so during his brief stay the president will be permitted to visit the emer-gency hospital, which Dr. White and his associates of the marine hospital service regard as perhaps the place in the city most certainly proof against the danger of infection. It is expected that when he comes the president will desire to visit Dr. White and learn from him personally something about the struggle that has been so successfully carried on, and Dr. White will take that opportunity to extend an in-

vitation to visit the hospital. To-day's report was most encouraging in the matter of new cases for any Monday since the fever started, With the exception of four, all the public schools opened to-day with a large en-

The property will be sold to the highest bidder. Positively no postponement.

OBITUARY NOTES.

Funeral of Richard Edwards.

Funeral services were held Sunday afternoon over the remains of Richard Edwards at the Stony Creek church, and were very largely attended, the church not being nearly large enough to hold the assemblage. Mr. Edwards belonged to several fraternal orderws and these all turned out. A large delegation from Widow's Son lodge, F. and A. M., of Branford, had charge of the services at the grave. Past Master Mulford gave the impressive Masonic

ADOPT VOTING MACHINE.

Little Interest in Constitutional Questions in Woodbridge.

Little interest was manifested in the voting on the constitutional amendments in the Woodbridge election yesterday, only 9 out of a total of 35 voters easting their ballots on these issues. The amendment regarding the use of the voting machines was ratified by a vote of 7 to 2, while the other amendment to permit of the election of town officers biennially instead of annually was defeated, 6 to 3, The entire republican ticket was

elected, the republican vote being 26, to 9 for the democratic ticket. The elected republican ticket comprises: Assessor, Virgil P. Sperry; board of elief, William H. Warner, Albert L. Sperry; collector of taxes, G. Halsted Bishop; registrar of voters, Leroy C. Beecher; grand jurors, Charles J. Peck, Elten Warner, Fanuel O. Clark: constables, Frank Brault, John Paulson, Erwin J. Newton, William B. Thompson; selectmen, Rollin C. Newton, Jaob Beisiegel; town clerk. Henry E. Baldwin; treasurer, William H. Warner; treasurer of town deposit funds, William W. Peck; school fund treasurer, G. Halsted Bishop; school committe, Henry C. Baldwin, Herbert H. Tom-

linson; auditor, Herbert H. Tomlinson; tree warden, Charles P. Augur-In addition to the above the following lemocrats were elected as a minority representation; selectman, James W. Rice; assessor, Howard Peck; board of elief, Robert Palne; registrar of voters, Frank G. Northrop; grand jurors, Charles Peck, Charles P. Augur, Henry W. NORTH HAVEN NO LICENSE.

Citizens Emphatically Vote Down the Liquor Question.

The important issue of the election n North Haven yesterday was the license question which brought out the phenominal vote of 284. The vote was 200 against license with but 84 in favor. The republican ticket carried the town without difficulty. The officials elected were:

Selectmen, D. Walter, Patten, r., Charles E. Davis, r., Louis J. Uhl, d. Town clerk-John H, Blakeslee, r. Assessors-Louis & Fowler, r., Benjamin Culver, d.

William Dickerman.

Board of relief-Nathan H. Marks, Pacific road. Charles H. Thorpe, Hobart Blakeslee, Grand jurors-Reuben Harrison, Rob-Mr. Mansfield.

There was comparatively little inter- , system, est manifested in the constitutional questions to be decided.

HAMDEN IS REPUBLICAN.

Vote Not So Large as Had Been Ex-

pected. Interest in the election was at a high pltch in Hamden owing to the present of three tickets in the field but the total vote, 570, fell somewhat below that which had been expected. There was practically no opposition to license, which was voted by a large margin. As in most of the towns hereabouts the constitutional questions interested the voters very little, less than a fifth of the voters casting their ballots. Voting machines were favored, 61 to 40, while bi-ennial elections were defeated 44 to 37. The republican ticket had things fairly easy. The elected candidates with their votes: Selectman, James D. Doolittie, r, 415; George W. Malone, r, 349; Burton O. Potter; d, 231; town clerk, George E. Andrews, r. 215; treasurer Walter Hayles; collector, of taxes, Walter Kenyon, r, 290, defeating Robert C, Baldwin, d, 265; registrars of voters, Elgar N. Munson, r, 422; Andrew McKeon, 126; assessors, Edward D. Sanford, r. 327; Lester A. Warner, r. 3289; Patrick Maher, d. 248; grand jurors, George D. Atwater, r, 426; Burton D. Hoskins r, 336; William F. Kelley, d. 215; constables, Oscar L. Smith, r, 427; William H. Dick, r, 413; Bennett J. Dickerman r, 210; Charles W. Maley, d. 341: Robert O'Connell, 172; school committee, William M. Cook, r., 341; Charles F. Clark, r., 289; James I. Webb, d. 248; tree warden, Robert G. Johnstone, 431.

CHANGE IN OFFICIALS.

New Position for Consolidated Railroad

previously mentioned in the Courier, went into effect yesterday. Thomas E. Byrnes, assistant to the president, has been transferred to this city, and Fayette S. Curtis, second vice-president, goes to Boston. E. H. McHenry, fourth vice-president, assumes charge of construction, and, in the matter of electrical construction, will be assisted by Calvert Townley, as first vice-president of the Consolidated Railway com-

pany. Following is the official order defining the exact duties of C. M. Ingersoll, who has resigned as chief engineer of the road and has been succeeded by Edward Gagel, who has been assistant to the chief engineer for some time:

"Effective October 1, the department of real estate, right of way and taxes is created. This department shall be charged with the purchase, leasing and adjustment of the company's real estate and right of way, and with the settlement of all taxes accruing there-

"The department shall be in charge of a commissioner, who shall report to the president and who shall be assisted by a real estate agent, engineer, rent agent and by such other assistants as he may appoint from time to time, with the approval of the president."

J. A. J. Orr, for some years head of the insurance department of the road, will leave on November 1 to assume duties with a corporation in New York city. It is stated his successor will be Howard Kochersperger, son of Vice-President H. M. Köchersperger, of the New Haven road.

Looked More Like Piece of Raw Beef Than Human Being-Doctors Useless - Blessed Relief and First Real Sleep in Weeks After First Application, and

SPEEDY CURE BY CUTICURA REMEDIES

"Words cannot describe the terrible eczema I suffered with. I was

almost a solid mass of sores from head to foot, and looked more like a piece of raw beef than a human being. Blood and pus oozed from a great sore on my scalp, from under my finger nails, and near-ly all over my body, and every hair in my

head fell out. I could not sit down, for my clothes would stick to the raw and bleeding flesh, making me cry out with pain. My doctor did all he could, but got worse and worse. I did not think I could live, and wanted death to end my trightful sufferings.

"My mother-in-law begged me to try Cuticura. I said I would, but had no hope of recovery. But oh, what blessed relief I experienced after apply-ing Cuticura Ointment. It cooled the bleeding and itching flesh, and brought me the first real sleep in weeks. It was as grateful as ice to a burning tongue. I would bathe with warm water and Cuticura Soap, then apply the Ointment freely, and took the Resolvent for the blood. Soon the sores stopped running, the flesh began to heal, my hair started to grow, and in a short time I was completely cured. If any one doubts this, tell them to write to me. - Mrs. Win. TRACK WORK STARTS

NEXT FRIDAY-GREAT NEED FOR CANDIDATES.

Outlook Not Encouraging-First Week Under Conch Mack.

It is strongly urged that a very large number of men report at the field for the fall practice of the track team. No matter how inexperienced a man may be, he may have some talent or ability which careful training can develop, and should report for two reasons. In the first place this is the first year under Coach Mack, and it is necessary that he get a line on his men's ability this fall, such as an old coach would already have. Also the outlook for the coming season is very discouraging. Pennsylvania and Cornell, in addition to preserving their strong teams of last year intact have gained more than double in new men, and especially is this true of the former. Harvard has also been strengthened, but on the contrary, Yale has lost many of her point winners and has gained very little new material. The team is, moreover, strong in some events and almost entirely lacking material in others. Only by the earnest ro-operation of all concerned can a team be developed which will be a credit to Yale, and this means the winning of the intercollegiate meet-

All men who can do so are requested to report at the field to Coach Mack between 10 and 11, and all others to Captain Cates at 2 o'clock.

There are quite a number of last year's team left as a nucleus. In the dashes Yale will have D. J. Torrey, who won the 100 yard dash in the Princeton meet last year, and J. G. Lowe '07, R. L. Twitchell '07, and L. K. Robinson '06S., all promising men.

R. B. Burch '09 is one of the best of the new men of last year's half-milers, E. R. Parsons '07, winners of this event In all three big meets last year is left, as well as to G. L. Engle '06S., B. Moore '06, and V. V. Tilson '08.

In the 40 yard Durnap will be missed, but Coholan '078, and F. Ewing '06S., both joint winners last year, remain. J. A. Parsons is a promising

C. D. Hill '07 and R. A. Spitzer '08 are both valuable men in the mile, In the two mile W. J. Hail, T. S. who won this event in all the meets last year, and D. W. Porter, are left. For the hurdles the most promising

candidates are Captain Cates '06 L. S., R. W. Forbes '07, L. C. Porter, T. S. W. C. Johnston '06S., H. W. Eales '06S., and J. A. Stevenson, J. N. Peyton '08S., is also a likely candidate. J. W. Marshall '07S., is a consistent

man in the high jump, and is fairly well supported by J. J. Hashrouck '06S. W. F. Knox '07, who won second place in the Harvard meet and fourth place in the Intercollegiate, and L. T. Sheffield '06S, are the best men remain. ing for the broad jump.

T. L. Shevlin '06 and R. C. Tripp '06S. in the hammer throw, and P. T. White in the shot put are the only men left in these events, which stand especially in need of good new material.

Yale is usually strong in the pole vault this year. W. R. Dray '08, who broke the intercollegiate record last year by a mark of 11 feet 10 1-2 inches should do even better this year, as should A. C. Guilbert, M. S., who won the A. A. W championship of America this summer in the Olympia games held in Portland, Ore. These men, with J. F. O'Brien, M. S., H. L. Hinton and P. G. Lom form a very strong combi-

FOUND RIGHT PATH

After a False Start.

"In 1890 I began to drink coffee. "At that time I was healthy and enjoyed life. At first I noticed no bad effects from the indulgence but in course of time found that various troubles were coming upon me.

"Palpitation of the heart took unto itself sick and nervous headaches, kidney troubles followed and eventually my stomach became so deranged that even a light meal caused me serious distress.

"Our physician's prescriptions failed to help me and then I dosed myself with patent medicines till I was thoroughly disgusted and hopeless.

"Finally I began to suspect that coffee was the cause of my troubles. I experimented by leaving it off, except for one small cup at breakfast. This helped some but did not altogether relieve my distress. It satisfied me, however, that I was on the right track.

"So I gave up the old kind of coffee altogether and began to use Postum Food Coffee. In 10 days I found myself greatly improved, my nerves steady, my head clear, my kidneys working better and better, my heart's action rapidly improving, my appetite improved and the ability to eat a hearty meal without subsequent suffering restored to me. And this condi-

tion remains. "Leaving off coffee and using Postum did this, with no help from drugs, as I abandoned the use of medicines when I began to use the food coffee." Name given by Postum Co., Battle Creek.

JAMES D. DEWELL

Who Has Become a Member of a New York Admiralty Firm.

Attorney James D. Dewell of New Haven, who has for some time had an office in New York city, has gone into partnership with well known admiralty lawyers there, the firm being Cushman, Dewell & Cushman, with offices at 79 Wall street. Mr. Dewell will hereafter spend most of his time in New York city, though he will live here and give some attention to law work here. Mr. Dewell's new move has been made necessary by the large increase of his business in New York city. For several years he has devoted himself almost entirely to admiralty work, and has found mental pleasure and financial profit in it. Soon after he began to practice law he turned his attention to admiralty, and has handled with skill and success some of the most important and most complicated cases that have been brought in this country. He has become thoroughly versed in the theory and practice of his specialty, and ranks high among the admiralty lawyers. In the course of his practice he has tried cases along the Atlantic coast from Virginia to Maine, and has among his clients the managers of large marine interests. His progress has been steady and sure, and his success large and solid. He has dealt with admiralty matters outside his work in court, and has recently been asked to furnish an article for the Yale Law Journal on some admiralty topic. He is an independent thinker and a clear and forcible writer, and his briefs and opinions have received much commendation from competent judges of their quality. His

The doors and windows of Mr. Lee's room were found fast closed and the room filled with gas fro man open gas jet. He had been in the best of spirits, and the possibility of suicide is not credited by his friends. His body was found by his wife, and the death has proved a great shock to her and to the friends of Mr. Lee, Medical Examiner Barnett of West Haven, from the facts in his possession, was inclined to the opinion that it

was a case of suicide. It is now in the hands of Coroner Mix pending an investigation.

The dead man was forty-six years old and had been employed as a molder by O. B. North for the past twenty-nine years. He entered their employ as an appreptice. He is survived by a widow and two sons.

The funeral arrangements are under the direction of Theodore Keller. Friends of Mr. Lee are decidedly of the opinion that it was not a case of suicide, and such a verdict is expected from the coroner after all investigations are made.

It's no place for American negroes, he says, as regards climatic conditions or opportunity to get ahead in the world; they are ten times better off

The Chicago Tribune, which is published in a city that can boast the greatest cattle market in the world, complains of the bad quality of the beef furnished to consumers there. It finds that all the best beef is exported or sent to the eastern markets, and that the inferior quality goes to the Chicago shops. This is something grievous for the Chicago people, but it is a rule that obtains in about all the original sources of supply.

Word comes from the Chautauqua grape belt that this season's harvest, now begun, will be from 6,000 to 8,000 earloads in excess of the large consumption of the delicious Concords within the belt itself and adjacent fiscal year 1904-5. According to these plying Eastern cities, the fruit is shipped South and West as far as Chicago and Denver, the East thus making a return to the West for Colorado and Oregon and other fruits that later on will come eastward by the carload.

Dr. Edward Wilmot Blydon, who has just been received at the Elysee by President Loubet as envoy extraordipary and minister plenipotentiary of the Republic of Liberia, is said to be probably the ablest living man of color. He has rendered great service to his race, both in Liberia and in the British West African colonies. The special object of his mission is connected with the delimitation of the frontier between Liberia and French territory. French territory touches Liberia on two sides, and with British nearly surrounds the republic.

A correspondent at Christiania describes the four leaders of the Norwegian revolution-Michelsen, Berner, Lovland and Nansen. Michelsen, minister of state, is the real head of the movement. He is a merchant, much interested in his business, overworked and in such poor health that he thinks of leaving Christiania because of its mervating climate. Berner, president of the storthing, is a man in the late sixtles, old-fashioned in attire, deliberate in speech and action, and stubbornly tenacious of his purpose. Lovland, minister of the exterior, is a farmer's son. He was a school teacher and an editor before he entered politics. He is s consummate diplomat, who knows particularly how to bide his time. As for Nansen, he helped chiefly by lending his popular name to the movement. He is, as he always was, a dreamer, and has no political aspirations,

CLOTHES AND MARBIAGE.

People are not getting married in England as much as they ought to, and haps the cost of dressing a woman had something to do with the decrease in marriage. Then an English woman rose up and pointed out that at least \$1,000 a year is by no means an unusual sum for the average daughter of well-to-do parents to spend on clothes. She was speaking of the average soclety girl in London who goes to a "fairly smart" dressmaker or tallor, and not to one of the first rate firms. The tailor-made dresses would cost at should say that the class of girl I am speaking of (not one with the command of unlimited or even of large means, but the ordinary social girl) spends about £10 on a tailor-made dress, about £12 for an afternoon or visiting gown, and probably £14 for an evening or ball tollet; and, as she generally has about two or more of each, it is easy to see that her expenditure must be much larger than that calculated in the list." But if the girl is able to go to a "very first rate" dressmaker, she could not get a day dress for less than \$90, and the simplest evening gown would cost \$125. Hence the moral: "It seems hard that the very means taken by the girls to attract admirers to their side should make possible husbands shun them."

Of course this sad state of things is in England, and so is not important here. In this country young women do not dress beyond their means, and they never dress beyond their husband's means-or credit. All right in this

SOUND AND PROSPEROUS.

Mexico isn't suffering under the gold standard. The Mexican treasury has just issued some figures showing the gains made in foreign commerce in the figures, imports amounted in value to \$85,761,081. The imports for 1902-3 were varued at \$75,905,000; so that in the last News, eign countries have increased \$10,000,000, or 13.3 per cent. In splite of any possible contraction in purchasing power attributable to a change from the silver to the gold standard, Mexico bought more goods abroad last year than in any other year in her history. Exports have increased at an even greater ratio than imports. In 1902-3-under the silver standard-the exports reached the value of \$83,093,000. For 1904-5 the total was \$104.800.000, a gain of nearly \$22,000,000, or 26 per cent. Exports, be sides increasing, are becoming more diversified in character. Mexico has always sent abroad large quantities of silver, both as coin and bullion. Ten years ago more than half her export trade was in gold and silver. For 1893-4 exports of the two precious metals amounted in value to \$25,258,000, against \$17,355,000 for other merchandise. In 1902-3 the totals were: Gold and silver, \$40,495,000; other merchandise, \$42,369,000. In 1904-5 there was another gain in the value of merchandise proper, the totals being: Gold and silver, \$46,000,000; other exports, \$58,000,000. There was an increase of \$3,000,000 in gold shipments over the year preceding and a decrease of \$6,-750,000 in silver shipments. Other industries are making relatively greater progress than mining and smelting, and a more diversified export trade is being built up. This is in itself an evidence of sounder conditions and health-

Mexico seems to be entirely out of the revolution habit, and to be rapidly taking her place with the sound and well governed nations. If she can keep it up after President Diaz perishes she I'd never find any so cheap again, and will be all right.

A STIR IN PARIS.

There is almost as much local pride in Paris as in New Haven, and so it is not surprising to read that much popular excitement has been caused in Paris by the discovery that the municipal authorities have been contemplatslice of the Bois de Boulogne into building lots. The official scheme, it is said, proposed to appropriate 100 acres at the entrance to the famous pleasure ground, cut down 6,000 trees, and replace them by dwelling houses. The Paris Municipal Council, it appears, purchased from bigger salary,-New York Weekly.

The execution of their plan would necessitate the felling of all , along the glacis from the Porte Malllot to the Porte d'Auteuil, a proposition which is offensive to all classes. The

The Bois de Boulogne now covers an area of about 4,200 acres, and the space occupied by the fortifications, which form a ribbon round the city nearly twenty miles in ength and a quarter of a mile broad. has a total area of about 3,000 acres. The conservator of the Bois, M. Foresof the Council's building project, which, if it were permitted and found sufficlently lucrative, would be doubtless extended, indefinitely, in the near fu-

Necessity of a Foreign Market Forcing

Agitation upon the subject of tariff revision and reciprocity treaties nowadays is induced by anxiety about forthe trees planted after the war of 1870 This is in striking contrast with the time when the chief solicitude was over the home market, and it implies a changing sentiment which must sooner or later lead to a new commercial polpresent agitation, however, probably is icy. The requirements for reserving strong enough not only to preserve the and developing the home market for Bois but all such open spaces as still domestic production are different from those necessary for securing and extending the foreign market. The old The Figaro and other journals insist policy of protection was supported by that the idea of converting any part plausible arguments. There is no fallacy more gross and palpable than that which attributes high wages for labor and high profit for capital in this country to the restriction of imports. They are necessarily due to value than others at a smaller expenditure of labor and of the capital which is the other chief factor in production. The result may be increased by higher intelligence and activity and greater freedom in the application of energy, which add to efficiency in production, but we are apt to overestimate our superlority in those qualities. Opportunity, no doubt, tends to stimulate them, but so far as they are really more highly developed than elsewhere there is the less need of protection against the cometition of others. With

The home narket has been built up and filled up, and we thave reached the point where not only in agriculture, mining and forestry, but in many lines of manufacturing, we are able to produce a surplus for export. What we want is not to hold our domestic markets against others, but to gain access to foreign markets. We can hope to do and by producing at as low a cost and selling at as low prices as they do pacity we can do that without diminuwhatever the figures representing wages or profits or prices the real source of wealth and wellbeing is in volume of production and faculty of excange. If we are to find more and larger markets abroad and increase our foreign trade, we must abandon the policy of restriction, remove obstacles and lower barriers which add to the cost of interchange and limit the opportunities of production. In spite of casuitry that has become so familiar as to be accepted by many as a truism, there can be no one-sided trade between nations, no selling without buying, no extension of exports without corresponding increase of imports arguments in support of it had certain on one form or another. Hash Machines

HEY always sell best in the Fall for several reasons. The law is off on mince pies after the first frost and even hash is a little more seasonable, often masquerading as eroquettes and other savory things. The Food Chopper becomes a hard worked friend of the cook now-adays and pays its cost in a week, for it chops everything except the kindling wood.

It does not follow that a picture (painting, print or photograph) to be well framed must be expensively framed. Much of the effect of a picture depends on the frame and to successfully frame a picture requires taste, skill and the requisite stock. Our establishment has made a specialty of framing for many years and our stock of mouldings is not excelled in quality ar var lety in any shop in New England. LATEST FAIR HAVEN NEWS

RECEPTION TO REV. AND MRS. CHARLES G. SMITH

At Grand Avenue Baptist Chapel-A

and wife was extended last evening by the Grand Avenue Baptist church and congregation, the receiving hours be- not "just right" ing from 7:39 to 10 o'clock. During the evening several hundred people called. The reception was held in the chapel. Mr. and Mrs. Smith, assisted by the deacons and their wives, received in the receiving parlors. The rooms were decorated with autumn foliage cut flowers, and palms and a number of fancy lamps helped to make up a very pretty effect. The arrangements were under the direction of a committee consisting of Deacon N. A. Beebe, Mrs. Frederick L. Willis, Mrs. S. J. Latta and Deacon and Mrs. George Sturgis-Deacon Beebe presided and introduced the speakers. The callers were introduced by the ushers of the church and dx young ladies,

Early in the evening there were several musical selections, which included vocal soles by Mrs. Harry Goodyear and Miss D. Gertrude Duell, with Miss Ruth Wilson as accompanist, also piano solos by Miss May Nettleton and Miss Wilson

Deacon Beebe introduced as the first speaker Rev. W. W. Weeks, D. D., of Springfield, Mass., who in a half hour gave an excellent address. Dr. Weeks and Mr. Smith are natives in the same city, Toronto, Canada, and it was through Dr. Weeks, who is pastor of the Highland Baptist church of Springfield that Mr. Smith came to this city-Dr. Weeks spoke in a complimentary manner of Mr. Smith, who had been a member of his church in Toronto before he was ordained a minister. He said that as a church member, a citizen and a clergyman, he had always been faithful to his trust, and he bespoke for him a successful ministry in this city. Dr. Weeks spoke of the aggressive church as the church which preached the gospel of Jesus Christ. He believed that the church had lost nuch of its energy in the institutional church. He cared not so much for the great numbers of the Baptist denom-Ination-nearly 6,000,000 on this continent-as he did for the several thousand who were valiantly standing up for the gospel of Jesus Christ.

Mr. Smith was the next speaker. He thanked Dr. Weeks for his kind words, and all of his friends for their hearty reception. He spoke of a visit from Dr. Weeks, when he was living in England two years ago, and of the series of meetings they had held in several owns in the Derbyshire district.

"Dr. Weeks invited me to Springfield," said Mr. Smith, "and as a result of that visit to the states, I am now located Easy to Buy, Easy to Sell in Fair Haven. I have been your pastor for four months and I have no new plans to make. I am here to raise the fallen and to extend the kindem of Almighty God. 1 thank you all in behalf of my wife and myself for your hearty reception, and I hope my stay here will prove to be a long and happy

Rev. Dr. Sneath brought the greetings of the Grand Avenue Congregationa church, "I came to rejoice with you," he said, "that you have a pastor again This place will appeal for his best work. I trust with all these churches working together we shall see in Fair Haven this winter an outpouring of the holy spirit in saving power. I simply wish to add my welcome and the hearty welcome of our church."

Rev. E. C. Tullar remarked in a hu morous way that the Grand Avenue Baptist church was not ableto find a minister in the United States good enough for them and they had sent to Canada. Mr. Tullar gave a most hearty welcome in behalf of the East Pearl

Street M. E. church. Rev. R. E. Brown spoke a welcome for the Pilgrim church; Rev. Mr. Flanders for the Howard Avenue Baptist church; Rev. Mr. Ford for Olivet church; Rev. Mr. Koenig for the German Baptist church, and Rev. Mr. Geering of Yale Theological seminary also made a few remarks. A hearty welcome for the Montowese Baptist church was given by Rev. Mr. Wells. The affair was most successful and Mr. and Mrs. Smith must have been pleased at the earnestness and heartiness of the welcome. Mr. Smith has started out upon his pastorate with the united support of his people, and there is a prospect that it will prove a very

successful pastorate. In the will of the late Mrs. Anna M. Shields, of Humphrey street, which is now being probated in the probate court, the sum of \$3,000 is given to the Home for the Friendless. This will prove of great aid to the finances, as the institution is doing a greater work and is in need of larges finances than in former years.

Norman A. Tanner, of East Pearl street, the New Haven manager of the brokerage house of W. B. Smith & Co., yesterday removed his office from 840 Chapel to 24 Center street. The funeral of Leverett S. Bagley

will be held at his late residence in East Haven to-morrow afternoon at 2 o'clock. The deceased was seventythree years old. East Haven republicans elected their

own ticket yesterday, and the majority for license was nine-Miss Alice, daughter of Mr. and Mrs. Patrick Finnerty, of Grand avenue, and James J. Cannon, of Blatchley avenue, will be united in marriage at St. Fran-

cis' church to-morrow morning,

A new hydrant has been located at Clay street and Maltby place. The election in this section of the city passed off very quietly yesterday and he vote was light. Many did not know

that an election was in progress.

The funeral of the late Mrs. Fannie V., widow of Merwin E. Hemingway, was held at 4 o'clock yesterday afternoon at the home in Montowese. Mrs. Hemingway died Saturday and was in the sixty-ninth year of her age,

BUSSINESS MEN'S CARNIVAL

At Pythian Hall, Branford, Wednesday The carnival of the Branford Business Men's association, which is to be held on the Green and at Pythian Hall next Wednesday, is one of the principal topics of conversation and interest. Every one is enthusiastic over the carnival and the prespects are that it will surpass any of the old-time fairs which were held before the Driving Park came into existence. The young people in the several different districts of the town are buslly engaged in trimming vehicles for the parade, and this feature will be one of the big drawing cards of the morning. The ladies societies of the several churches are planning to serve dinners to the throng that is expected. Large exhibits are promised in all departments. Judson Street has assured the committee that he will exhibit all his live stock, and he is said to have some very fine stock. Other promises have been made by other farmers. The poultry and pet stock display will also be large and will be in cases arranged on the Green. The entertainment and athletic committees are very much encouraged by reports which they have received this week. The executive committee met last evening to complete the details. An invitation has been extended to Guilford to enter the vehicles which were at that fair last week, and undoubtedly many will accept. The schools have been invited to participate in the carnival, and will close for the day, and the children will march in the parade. The M. I. F. company factory will shut down for the day. Exhibitors of poultry and live stock are urged to have their exhibits on the Green before nine o'clock Wednesday morning. The fruit and vegetables will be exhibited in Pythian Hall, which will be open Tuesday evening, and all exhibits should be brought there at that time. Exhibits of vegetables are to be in peach baskets plicant, and fruit on plates to be supplied by the committee. The ladies can have their exhibit at the hall Tuesday evening. The exhibit will be displayed in the

lodge room on the second floor.

Mr. Zapp, who was seventy-two years of age, died of pneumonia last evening after a short illness. He is survived by his wife, a son Charles Zapp, who is agent for Ruppert's in this city, and two daughters, Mrs. August Loeser and Mrs. John Schanzenbach, both of this city. Mr. Zapp was a member of the Polar Star fodge, I. O. O. F., and Connecticut Rock lodge, A. F. and A. M. His death will be mourned by a sides his fellow lodge members, for he was well known and universally re-

spected throughout the city. The funeral arrangements which are in charge of Stahl & Son have not yet been completed.

NEW POLI THEATER.

Worcester House Opened Last Evening.

Worcester, Mass., Oct. 21.-Poli's theater opened here to-night with a crowded house. This town is the sixth which Manager Poli has now invaded with his circuit. Many prominent people were present,

including some of the city officials of this city, Hartford and Springfield. The party from New Haven included Mr. and Mrs. S. Z. Poll, and some ladies, J. J. Splain, Mayor John P. Stud-

ley, T. M. Sagel, T. Alonzo and T. H.

'Architect E. W. Maynerd and Builder C. Laughlin were present.

Telegrams and floral pleces arrived galore in the evening all wishing success to Mr. Poli's new undertaking,

LIGHT VOTE POLLED IN CITY ELECTION

1887.

THE TOTAL VOTE POLLED WAS

Majority of 309 Voters Favor the Use Term of Office for Selectmen and Con-Favor if Two Years' Term-Fifth Ward Opposed to Voting Machines-

Yesterday there was an election in this city, but owing to the fact that the total vote of the fifteen wards which comprise the city of New Haven was only 1,816 on one of the issues, and only 1,887 on the other, it is self evident that very few appreciated that it was election day or thought the matter of too small consequence to bother with it. The election was held for the purpose of giving the people of this Rev. In order that either of these amendments be passed they must first receive a majority vote of the entire state in their favor. In this case the first amendment means that at the election in this city next April the sefor eighteen months, and then after information. that the two year schedule will become operative in each and every town

In the case of the voting machines, however, a majority vote from all over the state legalizes their use

in state elections in the future. The voting was very light all over this city yesterday, and the proposed amendment concerning selectmen and constables received a total vote of 1,324 in its favor as against 492 in opposition, thereby giving a favorable majority of 832, and a total vote cast of

1.816. There was slightly more interest taken in the voting machine question, 71 more votes being cast than on the other amendment. The total vote cast was 1,887. Of this number 1,098 of the voters favored the use of the machines while 789 voters were opposed to their use. This leaves a majority of 309 in

favor of the machines,

In this city voting machines were tried in the Fifth and Tenth wards, and it is an interesting fact to note that yesterday in the Fifth ward 43 voters favored the machines and 60 opposed to them. On the other hand, in the Tenth ward 105 voters favored the machines, while only 23 opposed them. Another interesting thing yesterday was the fact that both the Twelfth and Fourteenth wards cast exfor and against the use of the ma-The Fourth, Fifth and Sixth wards all showed by their votes that they did not want the machines, as did also the Fifteenth ward. The wards favoring the use of the machines were First, Second, Third, Seventh, the Eighth, Ninth, Tenth, Eleventh and Thirteenth.

ter-Committee Reports Favorably on Proposed Ninth Ward Public Play At the regular monthly maeting of

the board of aldermen held in city hall last evening, but little business of general importance was transacted, al-though a considerable amount of routine business was transacted. When the roll was called the following absentees were noted: Aldermen Homan Nathanson, Curtiss, Loos, Brown and

Allen. The committee of which Alderman Hamilton was the chairman reported favorably concerning the petition for a public play ground in the Ninth ward and the report was tabled for printing. A petition was received which was

signed by thirty-four residents asking that a grade crossing be established at Bridge street and that the railroad commissioners be asked by the aldermen to consider the matter. Were this of Voting Machines-Question as to petition be acted upon favorably i would mean an outlay of about \$200,000 by the railroad company as it would have to build the big bridge over all the tracks which at this point runs into Belle dock. The petition was tabled for printing.

The following petition was received from Charles A. Rich and is self explanatory:

New Haven Oct. 2, 1905. To the Honorable Board of Aldermen of the City of New Haven:

Gentlemen: The printed application of the N. Y., N. H. and H. R. R. Co. and the New Haven and Northampton company for the improvement of the cut, granted by your board at the special meeting held last Thursday evening contains no allusion to the closing of Union street or any part of it and does in fact provide for a bride over that thoroughfare in the same manner and in the same terms as it provides for bridges over other thoroughfares, but it

is understood that there is a note on the blue print submitted with that application which grants the right to the railroad o disconinue a certain part of In view of the above facts it appears desirable to a number of citizens to in-

is one of the most serious and important acts that can come before your board and it is a matter about which ectmen and constables will be elected all citizens are entitled to the fullest

Your petitioner, therefore, being a citizen and elector of the city of New Haven, respectfully petitions that your honorable board will direct the corporation counsel to prepare and make public and submit to your board his opinion in regard to the questions hereinafter stated, and in regard to such other matters as may in his judgment be necessary to a clear understanding of the effect upon the rights of the city of New Haven of the action of your board in granting the applica-

tion of the railroad. First-Has the action of your board given to the railroad the right to discontinue Union street, or any part of

Second-If the action of your board does give the railroad this right has your board conformed with all legal requirements necessary in closing a pubic right of way?

Third-To whom would the land now coupled by the present cut belong should the present cut be wholly or in part abandoned for railroad purposes? The above questions, and a consideration of other matters germane to them. is of great interest to many citizens. It is all matter which the corporation counsel has now at hand and which in the opinion of your petitioner should

be made public. Respectfully submitted, Charles A. Rich,

39 Maple Street. After the communication had been read Alderman Langley made a motion that the corporation counsel be asked actly the same number of votes both for an opinion in the matter, and the motion was seconded, Alderman Hotchkiss thought that, as this same matter has been explained before to the board by the corporation counsel, considerable time might be saved in having him at the next board meeting and at that time make an additional explanation, rather than to have him put to the necessity of drawing up a formal statement. Alderman Langley's motion was

then carried. The report of the committee on the salary of a building inspector was next given a final reading and an animated The management of the Yale Glee discussion followed. The report, as club for the coming year is to be previously published in this paper, reccompetent man.

tion day throughout the state was the complete turn about of the political worm in Waterbury. Two years ago everything went republican, from the mayor down, but the result of to-day's voting showed a reversal that was not expected in any quarter. The entire city went democratic with the exception of the office of city clark, which was retained by William H. Sandland, the republican victor in to-day's battle of ballots. William H. Thoms, the democratic candidate for Mayor ran well up with his ticket, which finished on an average of 550 majority ahead of the republican ticket-

In New London the republicans carried everything before them, with the exception of one seat in the aldermanic chamber in the city election, and also took all the places at the town election. In Norwalk and South Norwalk there were city elections also, the republicans being victors in both places. These four places, Waterbury, New London, Norwalk and South Norwalk were the only places in the state were city elections were held.

The democrats carried Danbury by a majority of about 275, the entire town ticket being carried. That place was one of the few in the state that voted against the two constitutional amendments, both being defeated. The vote on these amendments was close, however. Free text books also were voted down in Danbury, but the place went license with a big vote. There was nething of interest in the day's proceedings, and the vote was not very

In Meriden the entire republican town ticket was carried by a large majority, First Selectman George W. Miller being elected for the ninth time and eighth consecutive term. The voters favored both constitutional amendments, passing the voting machine proposition by a vote of 1,222 to 564 and the changing the time for the election of town officers by a vote of 1,295 to 629. Meriden also voted to adopt free text books, this vote standing 1,675 to

NOVEL BANKING SCHEME.

Chlengo Capitalists Open Institution on Mutual Plan.

Chicago, Oct. 2,-Chicago capitalists to-day gave to the financial world something claimed to be distinctly novel when they opened a new institution to be known as the Mutual bank. The new institution is asserted to be the first of its kind in the country which, organized under existing laws as a bank and owned and operated by stockholders, divides its profits equally with its saving depositors. The mutual profitsharing plan under which the new bank from information received your com- is to be opened contemplates sharing profits equally between stockholders and savings depositors, after the usual guaranteed 3 per cent. semi-annually has been paid to savings depositors and 3 per cent, has been distributed to stockholders. This profit sharing goes to the point where, if at any time the management of the bank desires to carry any surplus out of earnings to the profit and loss account, it must be done out of the stockholders' share of profits, and not from that of the depos-

The first day's business at the bank suggests that the new departure in banking will be popular. Over 500 accounts were opened, which it is claimed breaks the record for one day's bustness in any of the local banks. Lawrence Heyworth is president of the new

WITTE IN GREAT FAVOR.

Now Occupies a Commanding Position in Russia.

St. Petersburg, Oct. 2.-The position of chief of the new ministerial cabinet, the creation of which is called for by the institution of the imperial doumawith the right to interpellation, was offered to Count Witte Friday last by the emperor. Count Witte to-day declined to confirm the report but it is known that, at the emperor's request he has abandoned his plan of going abroad in order to assist in the elaboration of the project for a cabinet, and an official who is very close to Count Witte said that his nomination as chancellor might be expected within a month, simultaneous with the promulgation of the project on which the Solsky commission will resume work as soon as Count Witte returned from a few days' trip to the provinces.

The emperor, it is said, in court circles, recognizes fully the great services rendered by Count Witte and entertains the friendliest sentiments towards him. Count Witte now occupies a commanding position in Russia.

Money Rates Eased Off-More Gold-National City Bank Secures \$3,300,000 Bull In the Ascendant.

The money market eased off yesterday and this helped the bulls. Besides there was talk of more gold coming and this was verified by the following dispatch which came by Associated Press last evening:

New York, Oct. 2.-The National City bank announced to-day that it had en-gaged for import about \$3,300,000 of gold in London-The prospects are that more gold

will come this week also-Call loans dropped one per cent, lower yesterday than Saturday. Speculation broadened and higher prices were made for such shares as United States Steel common and pre-

ferred, Union Pacific, Rock Island, Reading, Southern Pacific and Amalgamated Copper, while a number of industrials that have taken little part in the general improvement were advanced by the pools op'erating in them. There was heavy buying of Amal-

gamated Copper. Pennsylvania, and some other stocks by Boston yesterday which had an appearance of short covering. The heavy loaning yesterday was by

the Bank of Commerce, which put out \$10,000,000 under 6 per cent, and marked down its rate to 5 1-2 per cent. J. P. Morgan, Kuhn, Loeb & Co., and the National City bank all supplied considerable funds to the market. Southern Pacific scored a further gain

on buying by a firm that has done a good deal in it since it was selling under 68. A Waldorf operator has also taken a great deal of the stock, predicting an advance of 10 to 20 points further. The management still refuses to say anything about possible dividends.

There was very heavy trading yesterday in United States Steel common to the highest price on this movement. At 38 1-2 the demand was larger than the supply. H. Content & Co. bought 10,-100 shares Sheffield & McCullough gold even more than this. Wolf Brothers & Co. bought 20,000 and Halstead & Hegelman 5,000. The Steel preferred buying was not so prominent, though It was noticeable that the demand for It above 105 was of the same good quality that has obtained recently. Within a few days the semi-officia estimate of the net earnings for the September quarter will be made public. The fig-(Continued on Eighth Page.

YESTERDAY'S STOCK MARKET.

Money Rates Easier and Securities Inclined to Advance.

New York, Oct. 2 .- The course of today's money market justified last week's speculative confidence that the tone would relax after the special requirements of the close of last week had been met. These requirements in- C. cluded those for the turn of the month and for the quarter, and also for the very large syndicate transactions which were put through. Syndicate payments on the large railroad bond issues were evidently redeposited immediately and became available in to-day's money market. Therefore instead of Friday's rates for call loans above 6 per cent. and up to 7 per cent., there was only a momentary demand to-day at 6 per cent., and the free offerings carried the rate down to 5 per cent. In response to this prices of securities were inclined to advance. Efforts to awaken any animation in the speculation, however, proved mostly abortive. Movements International Paper 221/2 do pfd

While the action of the money market lessened anxiety regarding any immediate stringency, and all of the news the solid foundation of values, it was desired foundation of values, it was mexican Central felt that actual ease in money is not to be hoped for at once. The early reports of additional gold engagements of Missouri Pacific mational Biseut was calculated to uphold confidence in the solid foundation of values, it was Mexican in London were regarded as exaggerated, but authoritative admissions justified the conclusion that gold had been secured there.

This was enough to prove that the Norfolk & Western do pfd North American Northern Pacific Pacific Mall advance in the Bank of England discount rate was not to make an effective barrier to the securing of further gold for New York. The price of gold in London was marked up again as a further measure of protection for the supply in that market. Brief Mention.

High water to-day, 1:57 a. m.

Civil service examinations for stenographers and typewriters in the Philtopine and Isthmian services will be held in this city to-day.

A special meeting of Queen's Daughters was held at the convent home, 123 Greene street, last evening to further arrange for the carnival.

James L. Nesblt, a liveryman, and Alonzo Markle, a driver, were arrested vesterday for violation of the back ordinance. There is a mix-up about the Heense.

Yesterday afternoon Mayor Studley and Landlord Sullivan of the Hotel Oneco, left for Worcester to attend the formal opening of Manager Poli's new theater in that city.

The New Haven county convention of the W. C. T. U will take place at Waterbury, Conn., to-day Wednesday and Thursday, October 3, 4 and 5. A good attendance is expected.

Chief Fancher yesterday received a check of \$25 from Leonard Bostwick in appreciation of the work of the fire department at his house on Humphrey street last Friday night. The check is for the Firemen's Benevolent associa-

Robert Fisher, of 67 York street, who has been at the Middletown hospital for treatment and was brought home Sunday, and who escaped from his brother at the depot, is held at the county fail until he can be sent back to the retreat.

OFFICE FURNITURE DISPLAY.

Important and Interesting Section at Food Exhibit.

The up-to-date business men of the city and surrounding towns will be interested in an announcement of the management of the coming food and industrial exposition that one section of the floor space is to be set apart for a display of office furniture, appliances and conveniences. With modern business methods re-

duced to a minimum amount of clerk hire, the so-called labor saving devices which are making manufacturers rich are also finding their way into the offices and no one knows this better than all live business men who to-day find themselves doing larger amount of business with smaller clerical forces. This is all rendered possible by such

devices as adding machines, typewriters, letter and paper files and the like. Secretary Linsley has had under his personal supervision the matter of securing exhibits for this particular section of the exposition and he has succeeded in bringing here the leading office appliance houses in the country.

The Connecticut Computing Machine company, located in this city and one of the newest of our infant industries, has taken a large space. The Burroughs adding machine company will put in machines to demonstrate the work which their machines will do.

The old style of addressing letters by hand is also a thing of the past, and concerns who mail monthly thousands of invoices will be interested in the wor kof the machine of the Addressograph company. Thus there will be exhibits that will interest the business men. The housewife will have her interests in the show, and they will be numberless, but the business man will find a corner where he is perfectly at home and he will benefit by an evening spent at the armory.

HAPPY BIRTHDAY PARTY.

On Sunday evening many of the friends of Miss Carrie Nonnemacher of 97 Elliott street gathered at her home to celebrate her eighteenth birthday. It was an invitation pary, and nothing had been left undone to make the affair a success. During the evening some fine music was rendered, both vocal and instrumental, and the occasion was much enjoyed by all. At a late hour a sumptuous banquet was served the guests. When the happy ones separated it was not without wishing Miss Carrie many happy returns of the day. Among those present were Mr. and Mrs. J. Nonnemacher, Mrs. Bergster, Miss Bertha Stuble, Miss Agnes Ward. Miss Bertha Heinze, Miss Lena Myers, Miss Louise Myers and Miss Ethel Bo-

ENTERTAINMENTS

Hyperion Theatre.

Miss Viola Allen will be seen as Betty Singleton in Clyde Fitch's play "The loast of the Town," at the Hyperion theater to-night and to-morrow evening. Miss Allen has provided many delightful entertainments for the theatergoers of this city and her appearance in Mr. Fitch's play promises to be of no exception to the rule. Mr. Fitch is said to have provided Miss Allen with a comedy of rare charm and dramatic effectiveness. Miss Allen will mpersonate Betty Singleton, an actress who was supposed to be famous during the reign of George III. The supporting company is an unusually fine one and includes such well known players as Isabel Irving. A. E. Anson (first appearance in America), Hamilton Hunter, Hassard Short, Joseph Wheelock, sr., C. Leslie Allen, Haroid deBecker, and James Young.

VIOLA ALLEN.

THE SAMBO GIRL.

Eva Tanguay and "The Sambo Girl' will be at the Hyperion theater, Saturday, matince and night, for a period of funmaking, lasting two and one-half hours. Great delight has been occasioned among the theatergoing public by the announcement of the coming of Miss Tanguay, who has simply captivated everyone who has witnessed her unique style of fun making in other musical shows, Miss Tanguay, who by reason of her inimitable stage characterizations, is quite in a class by herself, has, within a comparatively short space of time, won stellar recognition that has brought envy to the heart of many a musical star, who has struggled for years to gain the great degree of public favor that came to Miss Tanguay in the first few months

"A PAIR OF PINKS."

West and Vokes with their big company of comedy artists and talented operatic singers, and the popular comedienne, Margaret Daly Vokes, will be seen in their new laughable vehicle, "A Pair of Pinks," at the New Haven theater on Monday, Tursday and Wednesday, October 9, 10 and 11.

West and Vokes have secured a cast of exceptional note and ability, and one of the most attractive and handsomely gowned singing and dancing ing clothing merchant at Oakland, Cal- choruses in America, which, taken together with the magnificent new scenery. electric effects and startling stage novelties, combine in forming an organization of extraordinary merit in dispensing pure amusement. There will be a Elko, S. C. matines Wednesday.

"UNDER SOUTHERN SKIES." One of the chief charms of "Under Southern Skies" lies in the quaint costuming of the characters. The period in which the story is laid is in the early '70's, and the dressing of the actors will be found by those whose memorles carry them back, to be faithful and accurate in every respect.

"Under Southern Skies" will be presented at the Hyperion theater October 12, 13 and 14,

The Bijon.

"Tactics," a military playlet in one act, by the Barrows, Lancaster company, scored a tramendous success at the Bijou last night. The idea is a good one, and a love story running through the act keeps up the interest. The squabbles between the northerner and the southerner are enlivening and the entire number is worthy of first place on the most excellent bill provided by Manager Poli.

The Five Columbians scored a hit, and Little Miss Miller made an individual success. Griff Brothers are marvelously strong jawed gymnasts; Carlin and Ootto have a laugh a second to produce, Miles and Nitram as the dancing domestics are good, Eckoff and Gordon, with musical fun-making, scored and the Zingari Trio are excellent sing-

SETTLEMENT OF MAIL STRIKE.

Business Now Going Ahead on Time and Without Interference. New York, Oct. 2.-Postmaster Willcox, after having spent the morning with the superintendent of mails look-

ing into the conditions of the mail service after the end of the strike of the mail wagon drivers, declared to-day that the service was running as smoothly now as it had ever done beforethe strike.

"All the mails," he said, "are getting out on time now, regularly and with-out interference, and they have been doing so ever since the strike was ended Saturday night. The drivers engaged during the strike and retained are efficient, and the old men taken back are certainly good drivers, whatever they did. The public was inconvenienced by the strike, and it was patlent, and I told Mr. Walcott, the contractor, when I continued his contract that it would be more critical hereafter, and that he would have to see that no delays occurred now that the strike was settled."

TRAIN FROM NEW HAVEN.

Locomotive on Fire in South Norwalk

Yesterday. South Norwalk, Oct. 2.-When the 45 train pulled into the South Norwalk station from New Haven this morning the floor of the cab was blazing in a lively manner. Employes at the depot were notified, and in a short time the hose at the station was playing a stream of water on the fire, while fire extinguishers from the baggage room and the South Norwalk Municirks were also

into use. The number of the locomotive was 811 and the woodwork was considera-

here fifteen minutes. GYMNASTIC CLASSES.

At the City Mission House-The gymnasium for women and girls at the City Mission house, 201 Orange street, will be open for the registration of afternoon and evening classes this evening between 7:30 and 9 o'clock. Miss May B. Lyon, one of the instructors, will also meet at this time any who wish to make appointments for private exercises and instruction.
