General Greely Takes Command of Federal Troops In and About San Francisco.

GROUND CLEARED FOR CON-STRUCTION OF BUILDINGS.

Heavy and Cold Rain of Yesterday Causes Temporary Setback to Gen-Encoraging Situationmediate Measures to Provide Shelter -- Homeless Fed in Systematic Manner-Number of Cases in Hospitals-Increases Every Day But Despite This General Health Conditions Are Reported Satisfactory-Measles and

W. Greeley took command of the fed- misunderstanding among the troops eral troops at this post to-day superseding General Frederick Funston, who will act under Greeley'sorders.

General Greeley has established headquarters at Fort Mason, just east of the Presidio reservation on San Francisco bay.

Major-General Greely was on the way east to attend the wedding of his daughterter, and learned of the fire while in Chicago. He immediately returned to San Francisco. Major-General Greely is commander of three divisions, including the Pacific division, commanded by General Funsion.

The new San Francisco that will rise from the ashes of the old to-day was in its first stages of rebuilding. After five days of confusion and almost superhuman effort on the part of citizens of California's metropolis in the great task of sheltering, feeding and otherwise caring for the homeless thousands complete order has been established and attention turned to the future.

Throughout the great business quarter where the devastation by fire was the most complete, dangerous walls were razed, buildings that had not been disintegrated by fire were inspected with a view of re-occupancy ground was cleared for the immediate construction of buildings in which to resume business at the earliest possi-

ble time. Confidence has been restored. The assurance of insurance companies, the measures taken by the financial institutions, the prompt and reassuring words that have reached the business men of San Francisco from eastern financial centers—all these things have must respond to calls for relief.

dispelled the feeling of uncertainty. The generally encouraging situation temporarily suffered a setback early to day because of a chilling rain which fell in the late hours of last night and during the forenoon on the thousands protected only by canvas coverings and even less impervious anelterings. While the rain caused considerable suffering for the time being, crowds were quickly ameliorated by the prompt action of every relief committee as well as by the voluntary acts of householders.

Homeless persons were fed to-day in a systematic manner. On the water front, where the boatloads of provisions docked, there was an endless procession of carts and drays carrying food to the sub-stations established throughout the city and the parks. At the stations food and drink, comprising bread, prepared meats and canned goods, milk and a limited amount of hot coffee and front.

The primary causes of dis-

ease are removed as fast as possible. Water is still scarce in some parts of the city, but every effort is making to increase the supply. At the present time the water is turned only at certain hours of the day and night, and is

in ample supply for domestic needs in the regions where the water mains are intact. Inspection of the system in the inhabited portion of the city is going forward rapidly. At some points the pipes have been found twisted and displaced by the earthquake.

The street car companies announced o-day that four lines are now ready for operation awaiting permission from the city to turn on electric power.

Electric power companies to-day said that power would be available for lighting houses and streets within the next three or four days.

The citizens' general committee, of which the mayor is presiding officer, to-day resolved to have withdrawn the entire force of state militia that has policed a large residence quarter for the last few days. A vote of thanks was tendered the governor and the state militia. The city will be patrolled ointly by the police and the federal troops. Until a city prison is re-estabished all persons held on felonious charges will be taken to Fort Mason and turned over to the regular troops.

There is a vast supply of provisions on hand for the people of San Francisco. Major-General Krauthoff, chief depot commissary of the department of California, to-day said that there were to arbitration: available 700,000 rations. More than 100 carloads additional are at the Southern Pacific yards at Fourth and Ken-

The report that Mayor Schmidtz is at the head of all patroling and is merely assisted by the troops has been officially confirmed. The officers of the army have stated that they are working subject to any restraining order from the mayor.

Food was never more plentiful in San Francisco than it is to-day and the only trouble is its proper distribution. The committee on feeding the hungry reports the satisfactory progress in the huge task and has already established fifty-two food stations.

#### HARRIMAN IN STRICKEN CITY. Magnate Goes Over Sttuation-Relief Must Continue,

New York, April 23 .- E. H. Harriman, president of the Union Pacific Railroad compand, sent the following message from Oakland, Cal., to the offices of the railroad company in this city to-day:

"Having gone over the situation in San Francisco, I am deeply impressed with the necessity of uninterrupted forwarding of foodstuffs with which to feed the two hundred thousand homeless people. The situation is well or-ganized, and the United States quartermaster's department is receiving and distributing, through its channels and through the various local relief assoct- again able to meet the anthracite operations, all supplies as fast as they arrive, but the fact should be made public in all quarters that it will require continued effort on the part of every one to keep supplies coming. Of this sum \$1,000 was forwarded at once to President George Almer Newhall of the San Francisco Chamber of Commerce, and the balance has been placed in Treasurer Warren's hands, which he will turn over to the Red Cross society, which will act as distributing agent of all the funds which are being raised here. The money sent to the Red Cross will be received through President Samuel Hemingway of the Second National bank,

The management of the general committee last evening voted to appoint Burton Mansfield chairman and John C. Gallagher secretary.

Chairman Mansfield was authorized to appoint an executive committee of nine to direct the rest of the fund-raising movement here. This committee will be convened to-day.

President Woodruff and Mayor Studley were at the meeting last evening. President Woodruff said that, speaking for the Chamber of Commerce, he was much gratified at what the Chamber had accomplished, and at the success of Secretary Gallagher in his task. The Chamber had more than redeemed its pledge to raise \$5,000, made last Friday.

Secretary Gallagher said he had yet to hear from half of the members of the Chamber, and that therefore the amount would be no doubt considerably increased. However, many of the more wealthy members of the Chamber have already contributed for the sufferers

It is estimated that no play brought out in the last fifty years of progress on the American stage has equalled the wonderful success of "Ben Hur." Not counting the London presentation, "Ben Hur" has been performed, approximately, 2,000 times. It is further estimated that its average attendance has been, in round numbers, 2,500 people a performance, making in all a total of about 5,000,000 persons who have witnessed the famous production.

The stretch from London to Seattle, on the extreme border of this country, and from St. Paul, Minn., on the north to San Antonio, Texas, on the south, shows the territory that has been covered. All of these points have been visited by the organization that will appear here. There has never been but one company in existence portraying General Wallace's work.

Financially, it is estimated that over \$5,000,000 has already been paid into the the runs of this same attraction. Other plays have outlived, and, in their time, exceeded this record, but it is certain that not in so short a space of time has any drama ever produced in this country made such a record in so limited a period,

ENTHUSIASTIC MEETING OF THE CONGREGATIONAL CLUB.

Lecture by Rev. C. H. Tyndall Well Received-Large Number at Reception to Rev. and Mrs. E. C. Tullar.

The spring meeting of the New Haven Congregational club was held last evening at Pilgrim church, Fair Haven About 150 sat down to the fine supper prepared by the ladies of the church. The tables were set on both floors of the chapel and looked very attractive. Yellow lilles were utilized liberally in decorations and with other settings the tables looked unusually attractive. It was the last time that this chapel will be used for such pleasant social gatherings, as it is soon to be taken down to give place for the new chapel. The suppers of the club have been held many times in this old chapel After supper the members of the club and other friends assembled in the auditorium of the church, where the literary exercises were held. The president, Levi T. Snow, presidedplatform was banked with palms and other greenery and Easter Illies, which made a fine display. Previous to this box offices of different theaters during gathering selections were rendered on a pianola kindly loaned by the M. Steinert & Sons Co. Prayer was offered by the pastor of the Davenport church, Rev. Mr. Pierce. The following were elected members of the club unanimously. Edward B. Sellew, and Rev. J. N. Pierce.

The lecture of the evening was given by Rev. C. H. Tyndall, Ph. D., of the Reformed church, Mt. Carmel. His subject was "Radium and Its Mysteries." stricken San Francisco, and said:

"The president, in the midst of the horrors of San Francisco, kindly but firmly declined the assistance offered by the other nations, and especially through St. George's society, the assistance of England. The president meant simply that, bowed as the American people were under their load, it was his wish that the American people should show the world that under such an adversity the United States would take careof its own; would rise equal to the terrible occasion; would feed their own hungry, would clothe their own naked, and, spurred on by the indomitable courage which this people have always exhibted under stress of distracting calamity, set up their flag and move to the assistance of the city that once was, and build a new city, even though the earth shook beneath its foundations. In doing this, in refusing your great beneficence, the president still feels that he is greatly honored, as the American people are, in that England and the other great nations, not only sent messages of regret but offered substantial material aid. He feltthat the nation as a nation should set an exampleto other nations."

duties, when, it might be thought, he would feel, the utmost graitude for the privilege of livin under sugch favoring conditions.

This carelessness becomes chronic, and there is abundant need for the constant relteration of the call to duty. If, then, a citizen is content to enjoy the comforts and the quiet of American life without rendering a thing in return he may justly be called a grafter, and a grafter of that worst sort, who robs his enefactor. For, with duty faithfully pherformed by the citizen, public opinion is readily shaped, laws quickly se cure enforcement, and public servants

are kept clean and true. It all comes back at last to the in itvidual citizen, upon whom must rest the responsibility for failure or success of government. It is easy enough to cry out against the grafte in official position who puts his hand into the public

All that loving hearts and the utmost devotion could do to minister to him and alleviate his sufferings loses one of its best men and the state a portrait painter of much distinction.

Mr. Thompson was the son of Silas Thompson, who was one of West Haven's leading and wealthy men for many years. Mr. Thompson was born in West Haven January 31, 1840. He studied under Benjamin Coe, who was a well-known New Haven artist. Thompson became famous for his work in portraits. He painted for the state the portraits of seven governors, in- nam and one of General Nathaniel cluding those of Governors Bigelow, Waller, Harrison and Chamberlain, all of which hung on the walls of the state library at Hartford. GOVERNOR COMPLIMENTS.

Young Sing at Foot Guard Anniver-

Miss Pearl Young, who sings the part of Manon in "The Mocking Bird," the New Haven Grays' comic opera, was much appreciated at the Foot Guard inniversary yesterday. Governor Roberts spoke in complimentary terms of her voice. He expressed his anticipaion of a pleasant visit to the Hyperion on "Governor's Night," next Friday evening.

The rehearsal of the opera last night was a great success. The company has the play well in hand, soloists and chorus singing their parts with confidence and good voice.

A long line of ticket buyers began to stand in line at the Hyperion box office early this morning. The buyers are today exchanging their subscription cards for tickets.

The costumes will be given out to the company to-day, and the final dress re-hearsal will be held this evening.

Final Debate Trials Held in Dwight

Hall Last Night. The final trials in the interdepartment lebate to select the team to represent Yale in the annual debate with Prince on were held last night in Dwight hall,

The list of speakers was as follows: L. S. Musgrave, P. G., affirmative; A-B. Ruddock, 1907, negative; L. A. Howard, 1906 L. S., negative; B. E. Case, 1906 S., affirmative; J. D. Whitestone, 1908, negative; M. S. Walton, 1906 L. S. negative; R. B. Hull, 1907, affirmative; D. A. Adams, L. S., negative; J. W. Murphy, 1908, negative; R. C. Bennett, 1906, affirmative; L. O. Bergh, 1906, negative; B. F. Wyland, 1908 T. S., negative, and W. W. Wyncoop, 1908, nega-

Of these men Musgrave and Bennett were not competitors. They spoke merely to give the negative speakers some opportunity for refutation.

Of the above list R. B. Hull, L. A. Howard and J. W. Murphy were chosen to compose the first team. The mem bers of the second team are D. A. Adams, B. E. Case and L. O. Bergh. The Thatcher prize for the best

speaker from the academic department was awarded to R. B. Hull. The judges were Judge R. H. Tyner,

Professor John W. Wetzel, Judge Jacob B. Ullman, Lewis S. Welch, of the Yale Alumni Weekly, and Walter Adriance.

A PLAY OF PATRIOTIC INTEREST.

Strong Company Realistically presents "Across the Pacific" at New Haven Theater

A crowded house greeted the first night's engagement of Charles E. Blaney's military comedy drama "Across the Pacific," at the New Haven theater last night. The play is one of heart interest, and besides the beautiful love story running through it, it is full of thrilling and patriotic incidents.

Mr. C. C. Barthing's Interpretation of Joe Lanier, hero and captain of the First Montana volunteers, was most realistic and won rounds of applause. Johnnie Hoey as Willie Live, a buding playwright and war correspondent of the San Francisco CaR, delighted the audience. Always present when most peceded and bubbling over with Yankee wit, he made a decided hit. The supporting company is a strong one and no one should fall to see this soulinspiring play during this engagement ernment inspector who seats are now selling for the performances to-night, to-morrow night and

This amount will be turned over to-day to Mr. Samuel Hemingway, the treasurer of the San Francisco rellef fund.

The saber drill by Troop A last night drew forth great applause. A selection by Miss May Root was also well received. There were the usual hooths, Dancing consumed the major portion of the evening.

PRICES OPENED WELL BUT SOON FELL OFF EASILY.

Persistent Liquidation Finally Brought About Demoralization-Gossip of the

The market started well yesterday, but prices soon weakened and finally

dropped rapidly. The market became a little demoralized at the last.

The net loss for the entire list ranged from 2 to 5 points. The selling converged in such shares as Reading, Union Pacific, New York Central, Brooklyn Rapid Transit, St. Paul and Amalgamated Copper, a very respectable list, In them liquidation by pools and individual holders occurred, and it seemed to be plain that stocks bought last week when support was necessary were disaster into constantly branching coming into the market again. On the sources and thus to help to its final ab whole the speculative situation was un- sorption. The sending forward of monsatisfactory and there is an immediate

prospect for betterment. New York Central, which sold at 142 understanding of the probability that 1-4 Saturday, broke to 139 3-4 yesterday, this movement not only would continue on very small sales. This was a new low record for the year. Even Reading, which has been supported easily at times by its pool, showed absence of protective buying. All of the Pacific railroad stocks were very heavy.

Effort was made to hold Union Pacific at 150, but stop-loss orders there carried it down. Copper went down to Friday's price and Anaconda broke about a dozen points. The pools were forced to sell freely and bear trades helped along prices.

Bottom prices were touched in the last hour, when all of the active issues came out in large blocks on a descending scale. Most of them got down near looked for. The absorption of capital little lower. It was difficult to detect any pool support.

Although the San Francisco fire is the dominating factor in the market the enemies of the administration insist that the bewilderment of all corporation interests has as much to do with them out, and a resulting strain upon the weakness of securities as anything

In connection with the late decline were current reports bearing on insurance company liquidation, and some of these reports went even further. President Hadley introduced the speaker.

Secretary Taft's specific subject for last evening was upon the "Duties of Nathan Frankfort's Place on Congress the Citizen," viewed from the standpoint of the recent college graduate. He said in part:

There are few minds more exalted han those of the average college senor. After graduation he takes a step lownward into active life, where he finds actual conditions somewhat different than he had expected. The truth is that the young man of wealth has more to contend with, and needs more fortitude to work out his salvation than the young man who finds it absolutely necessary to grapple with actual con ditions from the start,

There is no thing that the young man who is wealthy enough to fear nothing for the support of his family an find more inspirating than the taking of an active interest in politics.

The poor young man is apt to take s greater interest in politics during the first ten or fifteen years of bis profesdonal life, when he is single, and when he properly has time to devote to the active duties of citizenship.

When I graduated from college, the alssez faire doctrine ruled, and it was thought that everything possible should be left to private enterprise. We then looked upon the postoffice department with suspicion, as savoring of paternal-

#### WHAT THIS OLD COUNTRY GENTLEMAN HAS TO SAY ABOUT THE FEET.

IF DR. WELCH does not give the best service in treating the feet, who does? I had him treat my feet five years ago and the relief is still going on The Corns nor Bunlons have not showed up yet, but I am going to see him about my nails, and a hard bunch on the sole of my foot when I get back, Dr. Welch is a tip-top fixer for the feet and makes the best remedies. Those Balsam plasters are a heap of power and healing influence when applied to the feet. That Alleviator he uses, too, does oceans of good and Dr. Weich knows how to get the best results out of it.
