NEWS OF BRANFORD

Board of Finance Receives Estimates Next Monday—Overcrowded Schools Offer Problem for Visitors.

Branford, Sept. 6.—Chairman C. F. Bradley of the Board of Finance, announces a public meeting of the board on next Monday evening, September 9th. The estimates for the ensuing year will be formally received at that meeting, and other business proper to come before said board of finance will be considered. Taxpayers, and the public in general, are invited to attend.

A considerable portion of the time at the meeting of the board of school visitors, last evening, was given to the issue of overcrowding at the Center school building. In three rooms, i. e., 5th, 6th and 3rd grades, the number of pupils already exceeds the seating capacity and it is confidently expected that the number of pupils will increase rather than diminish as the term progresses. Various methods of relieving the congestion were informally discussed, and a committee of five, consisting of Dr. C. W. Gaylord, Rev. J. L. McGuinness, and Messrs. Barker, Cunningham and Pond were appointed by the chair to take the matter under advisement and report at an adjourned meeting to be held next Monday evening. At the same meeting, principal Lovejoy reported that the number at the high school was 110. Several appointments of teachers to fill vacancies were also made at that meeting.

Attendance at the song recital given by Signor Nucleo Argillo and Miss May Bradley at Music hall last evening was not as large as had been hoped for. Those who did attend, speak in the highest terms of the affair.

Photographer H. B. Hunter of Madison, was in town this afternoon and took views of several places of interest.

Mrs. George E. Avis of New Haven was the guest of friends in town last evening.

Mrs. Wakeman, accompanied by her son, Gordon, of Bridgeport, is spending a few days with Mrs. S. B. Bunnell of South Main street.

WILL BE FRIENDLY FIGHT THE MARTIN-AVIS CONTEST

Attorney Writes to Barlow, and Letter Writes to Martin.

All was quiet on the surface in democratic politics last night and the headquarters of the party were almost deserted. Deep down in the wards the workers are busy making the best of the very shortening time before the primaries, each for their candidate, and the fight grows in intensity right along. It was stated at the headquarters that the primary tickets will not be printed for about a week yet the intervening time being given for the correcting of mistakes and preparation of the lists handed in Wednesday evening. No withdrawals have been received yet, and it is confidently believed that none of those who have handed in their names will be out of the fight until the primaries have determined who the candidates for the offices shall be.

It is evident that the fight for the mayoralty which will be the one in which the great contest will be fought out will be conducted along lines of good fellowship and that whichever of the candidates receives the nomination will be supported by the friends as well as the person of his opponent in the race. Letters were made public yesterday between John Barlow, one of the leaders of the Avis campaign, and James B. Martin, which expressed the nature of the fight and the intention of each candidate to give the successful man the best support in his power. While each will do the best possible for the nomination desired the fight will end at the closing of the primaries and will find one party at the polls if the wishes of the two men as expressed in their letters is carried out by their friends.

Prominent politicians expressed a belief that William H. Hackett, who handed in a paper for the office of tax

A FINE VISIT TO EUROPE ANNUAL DINNER OF REPUBLICANS

NEW HAVENERS RETURN Party, Which Left on July 31, All Greatly Enjoyed the Trip.

(Continued from First Page.)

they grow instead of being made as they are here.

"I came to this dinner fearing that Col. Ullman would be absent and wanting to make this gathering non-partisan."

"I have listened with interest to the remarks of Mr. Sperry. He is a particular friend of mine and I am sure that outside of politics no one would do more for me than Mr. Sperry. From the applause which followed the reading of names of possible candidates for president I do not think that you want any of them very badly. Such being the case I would prefer that you follow civil service rules and let the next man come up. I think of the whole list Fairbanks would be the easiest to defeat. Mr. Sperry said I know who the democrats would nominate for president. If I do it is more than he knows for the republicans. I don't believe any of you know any more who is going to be the nominee for president than you know who is the republican nominee for mayor of New Haven. I did my level best to get Col. Ullman to run, but he says he will not have it."

"I believe municipal government should be taken out of politics. We ought to have a business administration such as the Consolidated railroad and the Southern New England Telephone company have. I made an effort two years ago. It was the beginning of a non partisan movement—and the ending I guess. I believe I am the only one of the non-partisans left."

"I appreciate the personal friendship of the members of the club. Some of the warmest friends I have are members of the club. I believe in gatherings of this kind and half the day when the democrats can have similar ones and I can come with you. I am glad to meet with you here and meet the Lieutenant Governor. The Governor I have lately begun to admire. I have never said as much things about him as some of the members of the general assembly have. He is a square honest business man and the people admire him regardless of his politics. Comment will increase on the stand he has taken as governor of Connecticut."

"Twenty-five years ago, if you had told Mr. Sperry and me that we would be eating at the same table sometime we would not have believed it. In 1882 when I was appointed by President Cleveland to a position in the federal building and Mr. Sperry went out we had not spoken in twelve years. Sperry met me in the doorway and said it was all nonsense the way we had been acting and wished me all the success possible. We now have a great friendship every day in the year, but one, and that is election day."

"We cannot all think alike in politics. We must do what we think best and all seek for the highest good of citizenship as we understand it."

Frank C. Bushnell was called upon

BEAUTIFUL BRILLIANT SIGN. Most Imposing Electric One in the City—Old Heidelberg's Debut.

The electric sign on the side of the high building adjoining "Old Heidelberg," 155-157 Temple street, casts the climax, so far in this city, for size and brilliancy. Viewed from Chapel street it stands out lofty, mammoth, solid letters of fire, reminding one of the beautiful sights at night on Broadway, New York.

The announcement of the firm in today's issue that Old Heidelberg "Shines day and night till the clock strikes twelve" conveys a great deal in a very few words. Its hand-painted signs of painting, faithful in details—its magnificent furnishings, its artistic and unique accessories—in a word, its high-class cuisine and service make it a place worthy of metropolitan praise. The proprietor, Mr. A. D. Bell, is credited at the public response accorded his efforts. The opening on Thursday, and the trade yesterday were a grand success. In all departments, including the business men's noon-day lunches, a la carte meals and the refreshment, the response was most gratifying.

NEW AUTO-ROAD TO ROCKY TOP

York Mountain, Mount Carmel

Rocky Top, which is so popular, not only locally, but is the favorite resort of many New York people because of its unique and beautiful location, antique and artistic furniture, and choice dinners, is now easily accessible by auto by a new road just built.

Two hundred acres of adjoining land has been purchased for this purpose and for added pasture land.

The old entrance (alongside of the Congregational church, Mt. Carmel), which is right on the trolley line and plainly marked by a sign-board, is used.

From (after the city of New Haven) road men are prepared to guide you is indicated by guide marks.

If you want a nice dinner for two or a dozen—'way up on the mountain top—telephone Mrs. Widmann—5273-12 Mount Carmel—a day in advance, and you will have one out-of-the-ordinary, one that you will be pleased with. Ordinary lunches are served without previous notification at any time. Water is supplied from an artesian well 200 feet deep, and is of exceptional purity and delicacy. Everything that goes with a first-class dinner.

While Rocky Top is about 800 feet above sea-level—giving a fine view, overlooking Long Island Sound and adjoining country—it is an easy walk for those who enjoy an easy mountain climb. Carriage will be at trolley for those who prefer to ride, if requested in advance.

Incidentally, Mrs. Widmann would call attention to the excellent pasture grounds this newly-acquired property affords for the keeping of horses—a feature that she will make a specialty of from now on. It's exceptional property for this purpose.

Mrs. A. Widmann, Prop.
Tel. 5273-12 Mount Carmel, Conn.

STOCK MARKET NOTES

A rather sharp break occurred in outstanding New York city bonds—running to a full point in some issues—which was not particularly surprising in view of the near approach of next Tuesday's \$40,000,000 sale, and the uncertainties surrounding it.

ONE IN THREE

Every Third Person Poisoned by Coffee. It is difficult to make people believe that coffee is an absolute poison to at least one person out of every three, but people are slowly finding it out.

"A lady said that perhaps coffee was the cause of my trouble, and suggested that I try Postum Food Coffee. I laughed at the thought that coffee hurt me, but she insisted so hard that I finally had some Postum made. I have been using it in place of coffee ever since, for I noticed that all my former nervousness and irritation disappeared. I began to sleep perfectly, and the Postum tasted as good or better than the old coffee, so what was the use of sticking to a beverage that was ruining me?"

"One day on an excursion on the country I remarked to a young lady friend of my greatly improved appearance. She explained that some time before she had quit using coffee and taken Postum. She had gained a number of pounds and her former palpitation of the heart, humming in the ears, trembling of the hands and legs and other disagreeable feelings had disappeared. She recommended me to quit coffee and take Postum, and was very much surprised to find that I had already made the change."

"She said her brother had also received great benefit from leaving off coffee and taking on Postum Food Coffee. 'There's a Reason.' Read 'The Road to Wellville,' in pgs.

Everything in School Stationery in our school sale at Special Prices.

The 4s of 1907 were not offered for less than 87 on Thursday, while 95 1-2 was bid. Yesterday they were offered freely at 96, and numerous sales were reported. Early in the afternoon 95 5-8 was the best bid reported by some brokers. From this it would appear that sales occurred around 95 3-4. The 4s of 1906, which were quoted at 95 bid and 95 5-8 offered on Thursday, were offered at 95 yesterday and 94 was bid. The 3 1-2s, which were 83 1-2 to 85 3-4 Thursday, were at 83 to 85 yesterday.

As a result of the last two days' rise in stocks, the short interest was greatly reduced—in fact, some commented that it was largely eliminated. The heaviest sufferers were board-room traders and members of the uptown hotel party which had been active of late on the selling side. The so-called Rock Island party was supposed to have covered up more than a week ago—about the time that Secretary Cortelyou offered relief to the monetary situation.

Plates Storm Cracked. Sperry Light in Harbor is Undergoing Repairs of Cast Iron Plate. To repair the Sperry light at the entrance to the harbor, lighthouse tender Mistletoe arrived yesterday with a force of mechanics from the lighthouse department depot at Thompsonville, S. I.

AT THE HYPERION THEATER

"SWEET KITTY BELLAIRS"

One of David Belasco's Most Stirring Pieces—"Green Bird" Coming.

"SWEET KITTY BELLAIRS."

One of the most delightful attractions which Manager Eldridge will have the pleasure of presenting to his patrons this season, will be the production of "Sweet Kitty Bellairs," written and produced by that master of theatrical art, Mr. David Belasco.

quick to leap from their scabbards at the slightest provocation, when duels were of common occurrence, and when a gentleman's chief business in life seemed to be to flirt and look pretty.

The Belasco productions have proved so successful, that their master director has decided to offer them in some of the larger of the one night stands, and consequently New Haven is to be favored when "Sweet Kitty Bellairs" will be presented on the stage of the Hyperion next Tuesday evening.

Manager Eldridge in making this announcement assures his patrons of one of the most emphatic dramatic successes of recent years, and produced here with all the original scenic equipment and a company of artists, personally selected by the author himself.

"THE GREEN BIRD."

When "The Green Bird," the latest musical success, flutters into the Hyperion theater next Wednesday evening it will re-introduce to the public several old favorites among its cast of players and a number of others who have achieved success elsewhere, but are not as yet well known in the east.

"When 'Prince Pro Tem' was produced in Boston some years ago Mr. Lennox was assigned to the role of Tommy Tompkins, a character which he made famous and which still stands as a classic. One of his last engagements in musical comedy was with 'Peggy from Paris,' in which he had a congenial role, that of the stage carpenter.

Miss Elsa Ryan, who has the principal ingenue role, first appeared on any stage at the Hollis Street theater, Boston, with Ada Rehan, in a now-forgotten English comedy. She was then but 15 years old and her part was a mere 'bit.' She made such good use of it, however, and so completely won her audience that she was given more serious work to do before the close of the season.

Miss Eleanor Kent, the prima donna of the opera, is a comparative stranger to New England audiences.

Scene from "Sweet Kitty Bellairs," to be Presented at the Hyperion.

AT THE NEW HAVEN THEATER

"HER FATAL LOVE" COMES

Opens Engagement on Monday Evening—Last Performances of "His Terrible Secret."

Messrs. Vance and Sullivan's latest offering in sensational melodrama and which comes to the New Haven theater Monday, Tuesday, and Wednesday nights, next week, with matinee Wednesday, is the sort of a play that appeals to the sympathetic side of human nature, as the trials and tribulations of a defenseless woman which the story pictures always reach the heart.

"GAY NEW YORK."

A show with plenty of action, intensified by some pretty music and a cast that contains some of the best entertainers in the country, is "Gay New York," which will be the offering at the New Haven Theater Thursday, Friday and Saturday nights, September 12, 13, 14, and at the matinee Saturday. It is a musical comedy that has the merit of a tangible plot and its ensemble contains a bevy of little and winsome girls who dance and sing and do their part toward a pleasing three hours' entertainment.

FINAL PERFORMANCE. The New Haven theater was crowded last evening to see Charles E. Blaney's unprecedented success, "His Terrible Secret," or "The Man Monkey," with that sterling actor, W. H. Turner in the leading role, supported by an excellent company. The drama is well con-

structed, the incidents cleverly grouped and the lines strong and pertinent.

The stage investiture is deserving of the highest commendation. All the scenes are realistic and bear the mark of a master hand.

BIG "PANDEMONIUM NIGHT" WHITE CITY TO SHAKE

Multitude of Fun-Laden Episodes Strikes Resort This Evening. There are but two days left of the White City season and they will be ones long remembered. To-night will be "Pandemonium night" and the arrangements call for a constant whirlwind of wholesome fun the like of which has never before been witnessed in the whole country.

"Pandemonium will certainly reign supreme, but it will be an orderly pandemonium. No boisterousness will be allowed and all the fun must be carried out in generous good nature.

Rosebuds Connect With Nolte's Curves at Opportune Stages.

CONNELL OUT OF THE GAME

Readers Take Fall Out of Authors—Cornen Allows Ponies Two Lone Hits.

CONNECTICUT LEAGUE STANDING. W. L. P.C. Derby 79 35 67.5, Stamford 67 48 58.5, etc.

(By Albert L. Donnelly.)

New Haven found Thomas Tuckey, Norwich's star southpaw for but three games yesterday, two of them coming in the first inning, and coupled with a wild throw by Bridges, scored two of the Browns' three runs. Ed Corcoran was New Haven's box artist at intervals was touched up for only singles, doubles and triples, which never got less than two hits, one inning and did all their tallying four innings, a total of eight runs checked up to their credit at the end of the game.

Jerry Connell, who has been working fairly well in the vicinity of second base during Betcher's absence, had his thumb on his right hand broken in the fifth inning in attempting to stop a throw by Jope. He retired from the game and will most probably be out of the game for the season. Jerry Connell hurt his finger in the second inning of the game in trying to stop a throw from Jope on the pickup. The ball hit his thumb and put it out of action. He hobbled around for a few minutes pulling at his injured member, but he got over it and continued in the game, making one pretty stop and really clever throw after that. Pastors had singled scoring Duffy, and he attempted to steal second, but he threw down to second. Connell took the throw which was a low one and made an effort to get it on the pickup. The ball struck his thumb and bounded off in back of second base, Sherwood capturing it. Jerry Connell led Red Rorty, who was near by and asked him to pull his finger. "Mut" did but it was of no use and he decided that his finger must be taken. The players gathered around New Haven's crippled captain and offered all kinds of sympathy and aid. Jerry left the field and withdrew to the grove where he had his thumb bandaged up. Phil Corcoran, one of three pitchers used in the game, went into Connell's position at second base and Gid Brown covered the right field garden.

WHALENS SHUTOUT.

Lose Pretty Play Pitchers' Battle to Senators.

Hartford, Sept. 6.—The New Londoners were defeated here today in their appearance of the season, 1 to 0, in a pretty play game in which neither side scored for eight innings. The winning run was made in the last half of the ninth on a base on balls, a sacrifice and a hit by O'Rourke. Both pitchers did good work, keeping the few hits well scattered, and Reiser struck out ten men, four of them in succession.

Table with columns: Name, r, h, b, o. a. e. Hartford: Rothfuss, cf. 2 1 2 0 0, Justice, ss. 1 0 1 0 0, etc.

LEE'S TEXAS LEAGUER

Scores Winning Run for Orators in Well Played Game.

Bridgeport, Sept. 6.—In one of the best games seen on the home grounds this season Bridgeport beat Springfield today, 2 to 1, winning the game in the ninth inning, when Miller weakened enough to allow the locals to bunch four hits, which, with a pass, gave them enough runs to win. A pretty Texas leaguer by Lee, which fell at Riting's feet, brought Springfield in with the winning run. Springfield played an errorless game in the field, but was not able to bat Cornen. The Bridgeport.

Table with columns: Name, r, h, b, o. a. e. Springfield: Yule 1b. 0 0 5 0 0, Connor 3b. 0 1 2 0 0, etc.

ROGERS HIT HARD.

Grubb Makes a Home Run by Hitting Ball Under Fence.

Waterbury, Sept. 6.—Waterbury could not hit Hodge, while Holbrook hit Rogers timely, and assisted by Waterbury's Grubb, the home team showed a brilliant performance in the fourth and fifth innings, winning the game by a 3 to 2 score. Grubb made a homer on a ball that went under the fence in right field. A catch by Lachance, which he

turned into a double play on a throw to McAndrews was the feature. The score: Waterbury: r. h. b. o. a. e. SPORTING NOTES.

(By Albert L. Donnelly.) Three pitchers were among the representatives of the New Haven State league team that met its daily defeat yesterday. The scene was Danaher's ball garden, and Norwich, being the visitors, of course were the victors. When Jerry Connell left the field owing to his thumb being broken there were only eight New Haven players on the field, none on the bench and none in sight. Several of the Norwich players yelled to Connell to put on a suit and get in the game. He was deaf to their pleadings, and instead looked around for "Gid" Brown. Much to his relief, he found Gid and placed him in the right field garden. Jerry will probably be out of the game the remainder of the year. Phil Corcoran showed off beyond his power yesterday. He tried to play second base and right field, and the result was that he didn't play in either place. He allowed two long drives, which he ought to have reached to, be extended into three-baggers, and he allowed an easy grazer to leap through his legs at second base. Thomas Tuckey was all to the good yesterday and had the Browns guessing all the while. Hayward's drive over shortstop, scoring two runs in the first inning, being the only clean hit of Norwich's southpaw. Holyoke made her hold on first place a more firm one by pounding Bill Rogers hard and pulling the game from Durant's Authors. Philadelphia gained slightly on Jennings' aspirants yesterday. The Athletics won a double-header from Griffith's Yanks, while the Tigers captured an easy game from Cleveland. Chicago, although she did not play yesterday, has regained third place owing to Cleveland's defeat. Jack Hannifin played in part of the first game against Philadelphia yesterday at first base, and cracked out a neat two-bagger. Jack is getting to be a handy man for McGraw.

YOU WANT IT.
To Decorate the Home
THERE IS NOTHING SO ATTRACTIVE AS
A Mission Wall Clock

Clock stands 29 inches high. Size of dial 13 inches square. Solid oak rich mission style finish. Hourly and half hourly cathedral gong strike. Eight day movement fully guaranteed timepiece.

Worth \$5.00

Eight-day
Movement

Guaranteed
for
One Year

This Clock Can Only Be Secured by Subscribing to

The Journal and Courier

In offering this clock to the public The Carrington Publishing Company feels that it is giving an opportunity to obtain an article of genuine merit and usefulness at a price much below its actual value, at the same time using a product of an old reliable home industry, THE NEW HAVEN CLOCK COMPANY.

We have avoided, and will continue to avoid, the many cheap and worthless premium schemes, relying rather upon the merits of the JOURNAL AND COURIER as a newspaper to make it welcome to our citizens, as its present rapid growth in circulation amply testifies that it is.

TERMS—Pay \$1.00 on receipt of the clock, then at the rate of 10 cents a month for 12 Months and subscribe for the Journal and Courier for one year.

The Strike

Of the Mission Clock, given with one year's subscription to the Journal and Courier, is of a deep cathedral tone, much in keeping with the atmosphere of a well furnished home.

The Mission Clock

Given with a year's subscription to the Journal and Courier is of genuine value and is up to the high standard that has always been maintained by this paper in all of its undertakings.

HARVEST TIME. The earning period of a man's life is his season of plenty—his HARVEST TIME. It is then, if ever, that he must lay by stores for Life's Winter. Who is doing with the proceeds of your harvest? Are you wisely saving a part? These are pertinent questions—of importance. Let us help you to save! Make this Bank your "granary" and keep safe the golden results of your industry. This Bank pays 4% interest on savings accounts. Pays interest on deposits subject to check also.

THE PEOPLES BANK AND TRUST COMPANY. OPEN SATURDAY EVENINGS. 799 Chapel St. Features of the Stock Market. Prices Still Higher, Despite Profit-Taking. All Stocks, U. P. Strong. Active Trading, Money Still Easy and Business Still Fine.

Wall street paid no attention to unfavorable news yesterday and prices continued still higher despite considerable profit taking.

The bad news was the radical cut in copper metal prices, followed by decline of a cent a pound in side questions; the failure of a stock exchange firm; the passage of the dividend on Inter-Met, preceded and several minor developments, of which have been wholly ignored.

The prospect of a larger return to the Hill stocks was one favorable factor.

The extra 5 per cent. dividend declared yesterday on Chicago, Burlington and Quincy stock is likely to have progressive effect, for it places Northern Pacific and Great Northern, the beneficiaries, in a position to distribute larger cash dividends.

Northern Pacific led in the market on the report of an extra dividend of 5 per cent. The advance in Northern Pacific to 134 was in part due to the benefit which this company will derive from the Burlington disbursement and to heavy short covering in Pennsylvania and New York Central, both strong on short covering.

The rapid rise in prices yesterday rested upon a recent covering. Some their covering was no doubt by those who had gone short of their customers' stocks in order to get even in the face of a badly falling market. Perhaps, if they miscalculated and the market advances they have to try and and curse.

Trading was on a substantial scale at times rather excited, and it did not until the last few minutes a downward reaction of any consequence occurred. The market's peace has been too swift, it is thought by many, to maintain.

Some very reassuring statements of earnings, such as those of New York Central and Southern Railway for August, showing very large increases in earnings, probably contributed to the feeling. The Pennsylvania railroad's statement for July showed a gain of \$2,000,000, and the New York Central lines for August gained \$2,000,000. The Missouri Pacific last increased gross \$265,000, and the Northern Railway \$117,000. Heavy operating costs are, however, absorbing a part of these increases. The Pennsylvania illustrates this tendency net gain of only about \$280,000.

Another Benefit Noticed from Dividend Increase on Burlington Stock. New York, Sept. 6.—The stock market today had the further benefit of action of the Burlington directors in increasing the dividend of 5 per cent and in distributing an extra dividend of 5 per cent to stockholders. The direct benefit to the common stockholders of the northern line and Great Northern by reason of their ownership of nearly all of the Burlington stock was clearly recognized. There was also a flood of news in circulation alleging plans for distribution of these profits to the holders of those companies in the form of extra dividends, and these rumors were the inciting cause of most of the speculation, which showed more activity than for many weeks past. Rumors were without any authentication. Another helpful factor in a favorable bank statement today. Going back to this period of a few ago, the contrast affords convincing assurances that the danger of inflation of last years severe decline may be considered as fast as fading away. The fact that the banks are now gaining on the interior movement, with the movement of crops along forward is probably due to indirect effect of the method of distribution of government funds which is followed by the secretary of the treasury. The daily report of treasurers has afforded no clue to method, but it is generally assumed that banks in the grain regions purely commercial banks have favored as far as possible. The of the money situation as a whole, however, is clearly enough seen from remittances from the interior to New York still going on at this season. The uncovered shorts played an important part in the day's upward movement. The persistent circulation rumors of further embarrassments believed to be due to efforts of some to secure stocks more easily, of the reports thus put in circulation were daring. Their effect, however slight. Heaviness in London attributed to preparation for a holiday. The day's speculation
