OBITUARY NOTES

Mrs. Mary P. Wade.
 Mrs. Mary P. Wade, daughter of Richard Hall and Mary Kirtland, and sister of Mrs. Lucy H. Boardman, who died Sunday afternoon, was born in Poland, Ohio, March 2, 1834. Her parents and grandparents were natives of Wallingford, Conn.

Turhand Kirtland, her grandfather on the maternal side, was appointed agent for the Connecticut Land Co. and in 1799 went from Wallingford to look after the interests of that company and settled in Poland, Ohio, with his family, for that purpose.

Mrs. Wade's early life was spent in Poland. She married Edward Wade, a member of Congress from Cleveland, Ohio, and went to that city to live. Her sister Lucy made her home with them until her marriage with Mr. Boardman in 1857.

Mr. Wade was a brother of U. S. Senator Benjamin Wade of Ohio and represented the Cleveland district in Congress for eight years, serving during the period when the anti-slavery movement was the leading issue. He was a member of the house at the time of the attack on Senator Sumner. Before his election to Congress, Mr. Wade was a partner of the late Senator Henry B. Payne of Ohio, father-in-law of the late William C. Whitney. They practiced law in Cleveland where they had their office.

After the death of Mr. Wade in 1886, Mrs. Wade came to New Haven and resided here since, living with her sister, Mrs. Boardman, until the death of the latter two years ago.

Mrs. Wade was a liberal contributor to charitable and educational work in New Haven and will be greatly missed by many institutions which she was always ready to aid. She leaves three nieces who reside in Ohio, and a nephew in Philadelphia, children of her late brother, T. K. Hall of Warren, Ohio. The funeral will take place from Trinity church to-day at 2:30 o'clock. Rev. Charles O. Scoville will officiate. Interment will be in Oak Grove cemetery.

Julia Amorel Barrow.
 The funeral services for the late Mrs. Julia Amorel Barrow who died Sunday at the age of fifty-four years will be held tomorrow morning at 11 a. m. from 33 Pendleton street. Interment will be in Wallingford.

James D. Dailey.
 James D. Dailey died yesterday morning at his residence, No. 232 Popular street, following a two days' illness. He was one of the oldest residents in St. Francis' parish, being 75 years of age. He is survived by two sons and one daughter. His wife died about three years ago. The funeral will be held this morning at 8:30 o'clock from his residence, and at 9 o'clock from St. Francis' church, where a solemn requiem high mass will be celebrated. Interment will be in St. Bernard's cemetery.
 Sik Brothers are the undertakers in charge.

SUICIDE STATISTICS

Thirteen in Connecticut During the Month of February.

41 DEATHS BY VIOLENCE

Prussian Record Presents Very Striking Figures—The Causes Assigned.

There were thirteen suicides in Connecticut during February, four homicides and forty-one persons killed through violent agencies. In two other cases the charges probably will be manslaughter. Of the fatalities, sixteen are credited to trains, five to drowning, seven to falls, four to poison and three to burning, while trolleys are held responsible for only two. One person was frozen to death, one asphyxiated, one killed by explosion, and one died of tetanus.

Berlin, March 2.—Statistics relative to suicides in Prussia, during 1906 are just available and present some very striking figures. In the twelve months no fewer than 7,395 persons, 5,581 men and 1,814 women, ended their own lives.

The reasons leading to self-destruction are declared by the statistical department as very difficult to establish in many cases but it was proved that of each 100 persons who had tried of life, 6.6 men killed themselves from disappointment with their condition and 3 per cent of women from the same cause; owing to physical sufferings, 13 men, 8.8 women; nervous disorders, 22 men, 65 women; insanity, 21 men, 33.8 women; weakness of intellect, 18 men, 22 women; alcoholism, 11.6 men, 13 women; attacks of passion, 2.8 men, 6.3 women; consequences of immorality, 0.5 men, 0.2 women; sorrow and despair, 9.4 men, 7.4 women; shame, at own actions or guilty consciences, 7.3 men, 6.3 women; anger and quarrels, 1.6 men, 1.8 women; while 24.5 per cent. of the men and 21.1 per cent. of the women took their lives for unknown reasons.

Reports received from London concerning the success of the Anti-Suicide Bureau of the Salvation Army, established there, have served to attract attention to the work of a bureau organized along similar lines in New York.

The New York Anti-Suicide Bureau has been in existence nearly a year, and while it has not been as extensively patronized as the London office, probably because local conditions are different, it is regarded by the army as well worth while.

Out of the total number of applicants who have come, less than a third were women, and the bulk of all the applicants were foreigners.

DIAMOND CHIPPINGS

Jerry Connell, who captained the New Haven State league baseball team last season, sailed from New York Saturday with a party of major leaguers for New Orleans where he will do his spring training.

Larry Hannafin, a former Connecticut leaguer, who pitched last season for the Albany, N. Y., team of the New York State league, has been notified that he has been traded to the Holyoke team of the Connecticut league.

New Haven's chances for a real baseball team this year look exceptionally bright. During the past year he has some promises made by Connie Danaher, but the local fans finally learned that manager thought only of his own pocketbook.

The Connecticut league magnates will in all probability get together some time this week to arrange for a new league and a draft will be submitted by the committee to the members.

Judging from the unanimity of expression regarding New York American, orders must have been sent out from headquarters to boom Griffith's team this season.

THE STOCK MARKET

Rapid Rise Marks Close of Day's Work in Wall Street

Yesterday.

RAILROAD EXPENSES DROP

One Seat Offered on the Exchange for \$50,000, While \$45,000 Is Bid.

After a period of weakness, lasting about half an hour yesterday, during which the bear party tried again to depress Union Pacific, Smelting and other stocks, selling pressure came to an end and prices slowly rallied.

In the last hour stocks scored further gains, rapidly rising in the last few minutes, under the lead of the metal group.

The pressure against Union Pacific continued until the stock had dropped to 10 1/2.

One of the causes of the long-continued strength of the market for first-class railroad bonds, while known in banking circles, was made apparent by the publication of the list of such bonds held by the United States treasury.

A very satisfactory feature of the January railroad statements was the evidence that operating expenses are being reduced.

American Smelting sold off about a point, to 55, just before the announcement of the reduction in the quarterly dividend on the common stock from 8 to 4 per cent.

The decision of the public service commission against the payment of scrip dividends by the Erie caused another decline in the preferred stock, which went to new low wheels.

An indication of the poor business on the stock exchange is found in the fact that at least one seat on the exchange has been offered for sale recently for some days.

On top of Atchison's very poor January report came other reports yesterday, indicating that the outlook for business in the southwest, Missouri, Kansas and Texas for the same month showed a falling off of \$30,000 in gross, and \$10,000 in net.

The surplus of the Interborough Rapid Transit company for 1907 increased \$28,379, and was equal to about 11 per cent on the \$25,000,000 of capital.

Arbitrage operations in this market amounted to \$1,000,000, and were divided between purchases and sales.

ILLINOIS CENTRAL MEETING. Chicago, March 2.—No business was transacted at today's session of the annual meeting of the Illinois Central railway stockholders.

Treasurer Attacks State Law Limiting Charge to 15 Per Cent. Bridgeport, March 2.—An interesting case opened here today in the city court, but was postponed until March 12.

THROWS OUT AIR LINE. Bonds Declared Not Lawful Investment for State Savings Banks. Hartford, March 2.—Attorney General Holcomb in an opinion handed down today has decided that the Seaboard Air Line Railroad company's bonds are not a lawful investment for the state savings banks of the state, even though the bonds are listed as such.

THE STOCK MARKET. Public Utilities. Formal Announcement Given of Public Hearing March 9. Hartford, March 2.—The public utilities commission, consisting of Attorney General Holcomb, ex-Attorney General Phelps, P. H. Woodard of Hartford, who was formerly secretary of the Hartford Board of Trade, Comptroller T. D. Bradstreet and ex-Railroad Commissioner W. F. Wilcox, with Ralph O. Wells of Hartford as secretary, announces formally that there will be a public hearing of all interested in the subjects involved at the supreme court room in the capital on Monday, March 9, at 11 a. m.

STOCK MARKET REVIEW. Slender Aggregate of Trading Accomplished in First Hour. New York, March 2.—Most of the slender aggregate of business in stocks today was completed during the first hour's session of the stock exchange.

BOOMS AND BOOMS

Guild Racing for Second Place on Ticket With Fort, of New Jersey.

FIGHT IN MASSACHUSETTS

Taft Well Satisfied With New England Reception—Rounding Up Delegates.

Special Correspondence Journal-Courier

Washington, D. C., March 2.—The recent visit of Governor Guild to Washington has precipitated wide discussion as to the probable choice for second place on Republican national ticket.

There can be no question but that Governor Guild is a receptive candidate for the vice-presidential nomination as has been pointed out in these despatches he is ambitious to come to Washington. Perhaps none realize better than he the probability that he is now serving his last term as governor of Massachusetts.

With these conditions confronting him there can be little doubt that the governor would welcome the vice-presidential nomination as a solution of his political problem. Here again, however, he is face to face with the inevitable senatorial dictation.

In this connection it is interesting to note, however, that Congressman Augustus P. Gardner, a brother-in-law of Senator Lodge, has announced his intention of fighting for an out and out Taft delegation in Massachusetts.

"and you can quote me as saying so." While the Guild boom was flickering another of greater brilliancy made its appearance on the horizon in the person of Governor Fort of New Jersey.

The governor is said to possess all the requirements of an administration candidate and President Roosevelt is believed to look upon Governor Fort with favor. The governor maintained a discreet silence while in Washington and none succeeded in trapping him into a political discussion.

Secretary Taft is well satisfied with his tour through New England. His reception in each city left nothing to be desired and his campaign managers pay little or no attention to the persistent reports that the secretary's strength in New England is inconsequential.

Every candidate in the republican race is now playing shrewd politics, and although for the time being Secretary Taft seems to be the only man in the public eye his opponents are not letting any grass grow under their feet.

Speaker Cannon, the peer of all shrewd politicians in congress or out of it, is placing his forces where they will do the most good. He has a peculiar hold on the affections of every member of the house of representatives and many of them who are bound to other candidates wish in their heart of hearts that they could shed their coats and vests and, Cannon fashion, get out among the people in the interests of "Uncle Joe."

In kicking over the traces and exhibiting himself as a martyr who is fighting against the heavy hand of the oppressor. The amusing thing about Foraker is that he seems to think that the deliberations of the republican convention will depend entirely on Ohio and he is accordingly devoting himself to his home state and preparing to send a contesting delegation to Chicago.

The boom for Philander C. Knox appears to be slumbering peacefully in every quarter of the country except in that circle of politicians in Washington which is made up of the Pennsylvanians. In this circle enthusiasm abounds, but unless a restraining hand is put forth soon there will be numerous cases of acute indigestion.

WALTER J. FAHY. NO HARRIMAN INJUNCTION.

Attempt to Restrain Voting of Illinois Central Shares Fails.

Chicago, March 2.—Judge Ball this morning denied the petition of H. W. Leman for an injunction restraining the voting of 251,231 shares of stock held by the Union Pacific railroad and the Railroad Securities company at the annual meeting of the Illinois Central.

At this long-delayed and oft-adjourned meeting four directors are to be elected and it is also expected that the stockholders present will be asked to ratify plans for purchasing two additional branch roads. A proposition for a large loan secured by mortgages on property of the company will also be brought before the meeting.

Four directors whose terms expire at E. H. Harriman, John Jacob Astor, A. G. Hackstaff and Stuyvesant Fish. MORE GRANITE MEN OUT. Boston, March 2.—More than 5,000 granite cutters, quarrymen and others employed in the granite industry around Barre and Montpelier, Vt., and Westley, R. I., were affected by a suspension of work to-day, owing to a failure of the unions and manufacturers to agree on a new wage scale.

POSTUM

FLY TO PIECES. The Effect of Coffee on Highly Organized People. "I have been a coffee user for years, and about two years ago got into a very serious condition of dyspepsia and indigestion. It seemed to me I would fly to pieces. I was so nervous that at the least noise I was distressed, and many times could not straighten myself up because of the pain.

"My physician told me I must not eat any heavy or strong food and ordered a diet, giving me some medicine. I followed directions carefully, but kept on using coffee and did not get any better. Last winter my husband, who was away on business, had Postum Cereal served to him in the family where he boarded.

"He liked it so well that when he came home he brought some with him. We began using it, and I found it most excellent. While I drank it my stomach never bothered me in the least, and I got over my nervous troubles. When the Postum was all gone we returned to coffee; then my stomach began to hurt me as before, and the nervous conditions came on again.

"That showed me exactly what was the cause of the whole trouble, so I quit drinking coffee altogether and kept on using Postum. The old troubles left again, and I have never had any trouble since."
