WM. IHNE, JR., SHOT IN ARM.

Chas. Inne and a Waiter Struck Over Head With Blackjack—High-Handed and Unwarranted Piece of Work—One Arrested.

As a result of a high-handed entrance on the part of three officers of the state police force in the Hotel Inne at Savin Rock, about 9 o'clock last evening a general fighting and shooting match was precipitated by them in which William Inne, Jr., was painfully shot in the right forearm, his brother Charles, manager of the hotel, was struck by one of the officers over the head with a blackjack, inflicting a serious head wound, and John Wallace, one of the waiters at the hotel, received another head cut in the head from the same instrument.

William D. Hayward, member of the Western Federation of Miners, who was acquitted by jury of the charge of murder of Governor Steuneger of Idaho, last fall, was given a rousing reception on his visit to this city last night. Hayward was the guest of the local unions and he delivered an address on socialism and the evils which it is intended to correct together with the methods of the cure.

He reviewed the candidates offered for president, eliminating all those of the regular parties with the declaration that none of the parties except the socialist offered any cure for the industrial situation.

He declared that under the existing conditions the idle money in the United States treasury should be used to start up the factories and supply work just as \$123,000,000 had been used to dam up the flood of financial depression in 1907.

He reviewed the candidates offered for president, eliminating all those of the regular parties with the declaration that none of the parties except the socialist offered any cure for the industrial situation.

they placed him under arrest. He also accuses one of the officers present of using abusive language to him and declares he will have him up on charges. He could not learn the officer's name but says that his number is "five." He declares his action and that of his brother officers was fully warranted although they had no warrants and that the fight was precipitated by the fact that one of the writers recognized them.

Regarding Rudd's point, that the West Haven officers had no right to place him under arrest Judge Wilkinson last night said he could make no statement on the matter before the trial. The fact that he held the man under \$100 bonds however leads to the assumption for the present at least that the arrest was perfectly legal.

The Hotel Inne is one of the best known and best conducted hostleries along the west coast. It is almost entirely new having cost between \$30,000 and \$40,000 and is a handsome place. Both the place and the proprietor are well and favorably known about not only the shore but in the city. Charles Inne stated last night that there had been nothing out of the usual course of action at the place, that the cafe proper was closed and that there had been no violation of the Sunday liquor law. He knew of no reason why the entrance had been made. The hotel was filled with guests every one of the 23 rooms being occupied and considerable commotion resulted for a short time. During the evening the injured brothers were visited by a large host of friends all of whom considered that they had been the innocent victims of seemingly unwarranted action.

The state police were busy at the shore all afternoon and it is alleged one man had been drinking. In addition to Sergeant Loomis the following officers of the West Haven police figured in the case: Kennedy, Tiernan, Cannon and Burns. There will be a great deal of interest in the outcome of the cases when they are brought up Wednesday morning. The state police charge against the West Haven officer will also prove an interesting matter if official action is taken as it may mean state investigation of the doings in the case.

CLUB WOMEN GATHERING

Ninth Biennial Convention Opens in Boston To-morrow.
 Boston, June 21.—Club women from all parts of the country are pouring into this city to-night to attend the ninth biennial convention of the General Federation of Women's Clubs, which will occupy the attention of the guests for the next two weeks. The influx began yesterday afternoon when the advance guard of the army of women, the officers of the General Federation, headed by Mrs. Sarah S. Platt Decker of Denver, Col., reached town. With Mrs. Decker was Mrs. Phillip H. Moore of St. Louis, first vice president of the general federation, Mrs. Percy V. Pennypacker of Texas, auditor, and Mrs. B. F. Perkins of the state federation of Wyoming.

The officers of the general federation met the hostesses of the coming two weeks, the members of the Massachusetts federation. This afternoon a special train of seven Pullman cars rattled into the North station with delegates from Illinois, Ohio, Texas, and Missouri. The work that is to be taken up by the convention which formally opens Tuesday is far reaching and of vital interest to women. The uplifting and general welfare of humanity will be the keynote of the principal addresses.

SUFFRAGETTES STIR LONDON

Half a Million People Meet at Greatest Political Demonstration in History.

SPEECHES ARE INAUDIBLE

Women Display Genius for Organization in Executing Successful Climax to Long Fight.

London, June 21.—Favored by beautiful weather and displaying totally unexpected genius for organization, the suffragettes' demonstration in Hyde Park today was an unparalleled success. Encouraged by previous successes, the suffragettes planned today's demonstration as a climax in the year's fight for women's suffrage. It is hardly too much to say that never was such a political demonstration seen in London before.

Fully half a million people assembled in and around Hyde Park as active or passive participants in the great meeting, while for two or three hours in the middle of the day the whole centre of the city was in a ferment. Various processions appeared, each about a mile in length, and the routes through which these passed were densely crowded with spectators.

The suffragettes from the provinces were met at the various railroad stations by delegations from the London organization and these, forming themselves into line, marched from different points of the compass to Hyde Park. Arriving there, the leaders and speakers for the various sections had literally to fight their way to the platforms.

Probably there were about twenty speakers in all and these harangued the masses on the right of women to vote and the necessity of forcing parliament to adopt a resolution on the question. These women's demonstrations are far more attractive from a spectacular point of view than those held by men. Almost all of the suffragettes wore white dresses with sashes of their colors, green, white and purple, inscribed "Vote for women" and the scene as viewed from the platforms was quite a feast of color. There was much good humored chaffing and the singing of songs in the vicinity of the platforms and on this account the speeches practically were inaudible.

TAPT'S TRAIN ESCAPES WRECK

(Continued from First Page.)

came from Secretary of State Root, who pointed out the undesirability of undue haste and suggested that the advisability of postponing action until the political atmosphere had cleared.

With this view Secretary Taft was in cordial agreement and it was on his suggestion that the committee determined to defer definite action until July 1. It can be reiterated that the

proceedings of the committee yesterday constituted in no sense an elimination of any man who has been considered in connection with the chairmanship. Frank H. Hitchcock, Secretary Taft's manager, is said to be as distinctly a factor in the chairmanship equation as he was prior to the meeting of the sub-committee. Shortly after the receipt of Mr. Hitchcock's telegram yesterday requesting that he be not considered in connection with the chairmanship on account of his health, Secretary Taft telegraphed Mr. Hitchcock, inquiring solicitously about his condition. The secretary received a reply from him today saying that he felt better, but was seriously in need of a rest.

The secretary, prior to his departure for the east, passed a quiet day at the residence of his brother. Columbus, O., June 21.—Throughout the day Secretary Taft has been receiving telegrams and letters of congratulation on his nomination. They come not only from all parts of this country, but almost from all parts of the world.

The secretary is especially gratified with the cablegrams from Manila, many of which are from natives who have been his friends since he was governor general of the Philippine Islands. Several congratulatory telegrams have been received by Secretary Taft from important baseball people, who are aware of his interest in the national game. One of these was from Frank Chance, manager of the Chicago "Cubs," whom the secretary is acquainted with personally.

CLOSING EXERCISES

Graduating Class of St. John's School Held Its Commencement Last Night.

POLI'S THEATER PACKED

Fine Program by Boys and Girls of the School—Military Drill by the Former a Feature.

The commencement exercises of St. John's school were held last evening in Poli's theater. A fine program which was well selected by the sisters who teach at St. John's school afforded nearly three thousand persons who crowded the theater with two hours' entertainment of fine music and good amateur acting on the part of the scholars. The sketch: "The Golden Throne, or Religion and Patriotism," was played in an excellent manner by the graduating class, every member of the class being on the stage.

A boy's military drill produced under the direction of Sergeant William G. Doherty, showed careful practice in the manual of arms by the twenty-four boys who took part in the drill. Another number on the program which was a decided novelty was that in which fifty little girls took part, representing a field of flowers. Lillian Barry, accompanied by Lillian Pfaff, in "A Jubilee of Gold" was the special feature of the evening. The class colors were blue and gold. The class motto was, "For God and Duty."

The salutatorian of the evening was Miss Madeline Cuny, and the valedictorian was Walter J. Smith. At the close of the exercises, Rev. Father Coyle addressed the graduates, presenting Miss Madeline Cuny and Master Walter J. Smith, the two high stand pupils of the class of 1908 with gold medals. Father Coyle told the graduates that their graduating from the grammar school was but the stepping stone for a higher education and that painstaking effort, industry and honesty were the requisites required if they hoped to reach the highest goal. The exercises closed with the singing of "Farewell" by the graduates. The following is a list of the graduates: Mary McPartland, Walter Murphy, Richard Lyons, William Fabey, Alice Coonan, Lillian Pfaff, John Ward, Frederic Beschel, Thomas Doughan, Bernard Moran, Antonio Mass, Adam Bassett, Cecil Marlowe, George Kelly, Walter Smith, Robert Clarke, Mary Sause, Madeline Cuny, Elsie Reynolds, Marla Kelley, Helen Horan, Agnes Hopsia.

EVILS OF LIQUOR TRAFFIC

John G. Woolley Sets Them Forth Before World Conference.
 Saratoga, N. Y., June 21.—The evils of the liquor traffic and the progress of the wave of prohibition were themes developed in detail by John G. Woolley, of Chicago, candidate for president on the prohibition ticket in 1908, in a speech to-day before a meeting of the World's Temperance congress. Many of the local churches gave over their pulpits to-day to temperance workers.

The important events in the two concluding days of the congress will be a discussion of the army canteen question and the annual contest of the Intercollegiate Oratorical Society of the Eastern States with contestants from New York, Pennsylvania, Ohio, Indiana, Illinois, Michigan and Louisiana.

QUIET SUNDAY FOR MEN

Race Expected to Be One of the Best in Years—Yachts Already Assembling in New London Harbor.

(Special to the Journal-Courier.) Gales Ferry, Conn., June 21.—New London harbor and Thames river is fast assuming its wonted regatta week aspect. Today a number of fine yachts reached port and are at anchor in the lower harbor, while two or three are up the river. The yawl Windward, owned by J. M. Geotchins, of the New York Yacht club, came in today and is flying an immense Yale flag almost big enough for a mainsail.

As the style of rowing he teaches can be best exemplified by big men who get the tremendous full sweep of the oars and the long, smooth, feathery reach on the recovery. The splendid makeup of the Crimson's crew also gives Coach Wray of Harvard every chance to show the results of coaching men in his style from freshmen to their senior year. In fact among Yale men it is pointed out that for the first time Mr. Wray can point to a crew which has been developed systematically and Yale success on the Thames over a long period of years is always attributed to the continuity of the coaching methods which has made possible the development of a style of stroke.

FAIR HAVEN NEWS

Big Sum Raised at East Pearl Street Church—Rev. Dr. Sneath's Sermon.

At the close of the morning service at the East Pearl street M. E. church yesterday the pastor, Rev. E. C. Tulier, asked the congregation to make pledges for the raising of \$4,000. That was rather a modest request for so hot a day, but the people present responded nobly, and when the benediction was pronounced the sum of \$2,124 had been pledged. The largest amount was for \$200, and the ladies' aid society pledged \$100. The \$4,000 asked for is to make some needed repairs and improvements on the church property. Chief among the improvements is the sickling up of the interior. There are to be new windows of colored opalescent glass, refreshing of the walls and ceiling in a light shade and renewing some of the exterior woodwork, including the gables. It is now twenty-one years, and during the pastorate of Rev. Dr. Goodenough that the interior of the church was frescoed. The coloring is rather dark and while looking well at the time it has been determined that a lighter shade would be an improvement.

EXCLUDE JAPANESE

President Says if Diplomacy Fails Stringent Law Will Be Enacted.

San Jose, Cal., June 21.—In reference to a published statement that at a recent meeting of the Asiatic exclusion league, Congressman E. A. Hayes, in an address to the meeting, had delivered a message from President Roosevelt that he was still trying for Japanese exclusion by diplomacy and had quoted the president as saying: "I am sending to Japan the sharpest correspondence any nation ever received. If I cannot get what I want by diplomacy I will by exclusion legislation." Congressman Hayes to-night said: "Newspaper accounts have evidently inaccurately reported my statement. Three or four days before the last session of congress closed I saw the president, and said to him that my people had been expecting exclusion legislation, which had been prevented for the time by the efforts to make diplomacy effective in the matter, and asked him what I should say to them upon my return to California. He said that I could tell them that the president had been doing the best he could in the matter and that he now had it in good shape. 'I want,' said the president, 'to give Japan every opportunity to carry out its pledges. If I cannot succeed through diplomacy in protecting the people of the Pacific coast, I will unite with them in helping to secure the enactment of an exclusion law.'"

BUILDING NOTES.

The entire contract for the proposed changes to the building at the corner of Church and Center streets for Simons & Co has been awarded to John N. Leonard & Co. The sub-contractors for the gravel roofing, painting and electrical work have been given to Charles McFeeters and Joseph Christopher & Co. will do all the marble work, tiling and terrazzo floors. The contracts for the plumbing, steam heating and metal work have not been awarded as yet. A six-story addition, of brick, will be built on in the rear and the present five-story structure made the same height. A new front will be built, on and a passenger elevator installed. The plans are by Architects Brown & Von Beren. The Sperry & Treat Co. will do the mason work and Ronald Taylor of New York the fire-proofing in connection with the changes to Farnum hall at Yale university. The plumbing will probably be done by the day. The improvements are under the direct supervision of James A. Munro of the building department. The plans, which were drawn by Architects Allen & Williams, have been previously reported. G. W. Warner will do the carpenter work, A. N. Sasso the mason work and John B. Began the plumbing and heating on the residence to be erected on Edgewood avenue for Attorney George E. Hall, 865 Chapel street. The painting contract has not been awarded. The plans call for a frame house, with a stuccoed and shingled exterior and shingled roof. There will be nine rooms, finished in hard wood, with mantels, fireplaces, etc. The heating will be by hot air. The plans are by Architects Fote & Townsend. A. W. Penney has been awarded the entire contract to build a large two-family house on Whalley avenue for J. Dunlap Beecher, the real estate dealer. D. Morcald will do the mason work and the contracts for the plumbing, heating and painting have not been awarded. The plans show a frame house, 28x56 feet, with a shingle roof. Each apartment will have nine rooms, provided with hot air heat. Harry MacCauley has the carpenter and mason work and Clerk & Co. the plumbing on the parochial residence to be erected on Saltonstall avenue for St. Rose's R. C. parish. The building was planned by Architects Brown & Von Beren and has been previously reported. The contract for the heating has not been let as yet. From January 1 to date, building contracts in New England have aggregated \$1,482,000. For the corresponding period during the past seven years building contracts have aggregated as follows: 1907, \$1,780,000; 1906, \$2,332,000; 1905, \$2,535,000; 1904, \$1,711,000; 1903, \$1,336,000; 1902, \$5,914,000; 1901, \$2,073,000. NEW BIG BOAT ON THE SOUND. New York, June 21.—The new steamer Commonwealth, of the Fall River line, arrived here to-day from Philadelphia, where she was built. The work of putting on some minor fittings and equipment will begin to-morrow. It is expected that the new boat will be ready to make her first trip to Fall River, July 1.

ENGINEER KILLED

New Haven Passenger Train Collides With Freight at Providence.

Providence, R. I., June 21.—By a rear end collision of a passenger and a freight train on the Providence division of the New York, New Haven & Hartford railroad at the Orr street bridge in the northern part of the city late to-night, George L. Bateau, aged thirty-two years, of Providence, who was engineer of the passenger train, was killed, and the freeman of the same train, A. E. Scofield, aged twenty-four years, suffered a fracture of the skull. The passenger train was a local approaching Providence from Londondale. When opposite the lower house at the Orr street bridge it crashed into the cabooses on the rear end of a freight train, which was traveling at a slow or fast in advance of the passenger. The engineer and firemen were found beside the track where they had jumped. Bateau died on the way to the Rhode Island hospital.

MAY REMIT INDEMNITY

Japan Much Alarmed by Growth of Chinese Boycott.

San Francisco, June 21.—Sochilo Azano, president of the Toyo Kisen Kaisha Steamship company, reputed to be the second wealthiest man in Japan, has arrived here en route to New York on a financial mission. Speaking of the boycott against Japanese goods in China, Mr. Azano said that Japanese trade had suffered severely because of the boycott resulting from the Tatsu Maru affair, but he did not expect it to continue much longer. A different version is brought by Thomas F. Millard, the author, who was a fellow passenger of Mr. Azano on the steamship Mongolia. According to Mr. Millard the boycott is injuring Japanese trade so deeply that the government, through the merchants of the empire, called the Chinese merchants in Japan together in order to make a proposition to end the boycott by remitting the indemnity exacted in the Tatsu Maru incident.

SUNDAY SCHOOL SESSION

Great Enthusiasm Manifested at Opening of Big Gathering.

Louisville, Ky., June 21.—A great temperance mass meeting at the armory, sessions of the superintendent's and teachers' congress this afternoon, 600 teen missionary mass meetings throughout the city to-night, and a mass in many Louisville pupils by eminent visiting ministers were the features of to-day's work of the International Sunday School association which is holding its twelfth triennial session in Louisville. The hottest weather of the summer did not seem to abate the enthusiasm of the workers or the interest of the general public in the programme which was carried through without curtailment.

HITS INJUNCTION PLANK

Bryan Says It's a Transparent Fraud and the Committee Was Bounced.

Lincoln, Neb., June 21.—Following up his expression of yesterday in criticism of the republican national platform in general, William J. Bryan tonight gave out a statement in which he assails in particular the anti-injunction plank of the Chicago declaration, characterizing it as "a transparent fraud." The statement follows: "The anti-injunction plank of the republican platform as finally adopted is a transparent fraud. It is possible that the members of the committee were bounced by some trust lawyer; that is the only charitable view that can be taken of it. Those who advocated the plank claimed to be doing it as a concession to the wage earners, and yet if one will read the plank he will see that it is in fact an announcement that the republican party is unalterably opposed to the laboring man's position."

CAMPAIN SONG.

Catchy Tune for the Republicans Has Reached Town.

A catchy tune that bids fair to become the republican national campaign air and one that is bound to prove popular in New Haven during the next few days at least has reached town, its title being "The Man for the Big White House" and it is dedicated to the Taft organization of the state of New York. The words and music are by Frank S. Colburn. The words describe Mr. Taft in the White house, the proper man in the right place and the copies of the song will be distributed freely throughout the city to-day.

TELEPHONE RETURNS.

Big Increase in Stations Despite Business Depression.

The returns of the Southern New England Telephone company show that in spite of the business depression there have been added over and above stations discontinued 2,200 stations in this state during the last five months.

TOWN WIPED OUT BY FIRE.

Toronto, Ont., June 21.—The town of Burks Falls, Parry Sound district, on the North Bay branch of the Grand Trunk, was almost completely wiped out by fire today, involving a loss of \$100,000. All the hotels, churches and business houses were destroyed with several dwellings and many families are homeless.

AMERICAN CAR CROSSES BAIKAL.

Paris, June 22.—A dispatch to the American car in the New York-to-Paris race has crossed Lake Baikal and is expected to arrive there soon. The German car already is at Irkutsk and will remain at that city until Monday.

ARTILLERYMAN SHOTS SELF.

Norwich, June 21.—T. J. Morrison of the Third company, Coast Artillery corps, shot himself in the hip here Saturday afternoon, on the return from Fort Terry. He was going home with a companion, and while examining a revolver, shot himself accidentally. He was not attended here, but sent at once to New York, his home.

DROWNING AT HARTFORD.

Hartford, June 21.—Keron Maloy, of Gales Ferry, was drowned while swimming in the Connecticut river here to-day. Maloy was seized with cramps and sank before help could reach him. He was twenty-five years old and unmarried.

THE Royal Lancer Segar IS A GREAT SMOKE.

It is made of a fine quality of Havana filler, no binder (Cuban style) and a Connecticut wrapper which has been washed to remove the salts, creosote and other elements found in leaf tobacco and which we should prefer not to take into our systems.

Good Judges of high class segars pronounce LANCEERS the "end of the limit" in the matters of quality and smoke enjoyment.

Our sales are growing by leaps and bounds on the brand and you'll understand why, after smoking a LANCER.

BRIEF MENTION.

High water to-day at 5:26 p. m.

The annual Soldiers' Home day will be held this year on June 24, and a large number probably will go down from this city.

One of the most successful outings ever held by the Commercial Travelling Men's association of this city was that Saturday at Morris Cove. In the athletic events during the afternoon Lucius Martin won five prizes, carrying off the honors of the day.

The clerks from George M. McKendrick's rooms, 330 and 333 R. R. building, of the department of the auditor of freight receipts, enjoyed their second annual outing on Saturday afternoon at Merwin's Point.

COMMENCEMENT AT ROCK.

Week Promises to be a Notable One—The Airship.

The present week promises to be a notable one for activity at Savin Rock. It will be known as "Commencement Week," in honor of the thousands of Yale men, who will return to New Haven for their class reunions and other festivities and most of whom will visit the Rock and the scenes of the many merry days when they were in college. They will be surprised at the great growth of the Coney Island of Connecticut.

The airship has been moved to the White City and during the week Professor Hamilton will make his flights afternoon and evening from this place. More attention hereafter is to be given to the night flights and to the explaining of the details of the construction of the ship. Several young men and Prof. Hamilton himself will be on hand at all hours to give the minutest information. The interest in the ship increases the longer it stays. Thousands visited it yesterday and great interest was manifested by hundreds from out of town.

OBITUARY NOTES

Mrs. Annie Imig.
The death occurred yesterday at the home of the friendless Mrs. Annie Imig, widow of the late Jacob Imig. She was seventy-six years of age and died from old age. Funeral services will be held from the rooms of Cox & Henze to-morrow afternoon at 2:30 o'clock. Interment will be in Evergreen cemetery.

Burr Johnson.
Shortly before midnight Burr Johnson of 435 Dixwell avenue died at the New England Dairy of heart failure. Mr. Johnson was a driver and reported for duty in good health. Later he became faint and Dr. Kirby was called but before the physician arrived he had expired.

The medical examiner pronounced it a case of heart disease.

Mr. Johnson is survived by a wife and two children.

The funeral arrangements are in charge of Beecher & Bennett. Services will be conducted by Rev. Mr. Carpenter Tuesday at 3 o'clock at the late home of Mr. Johnson.

Henry C. Smith.
Henry C. Smith, a veteran of the civil war, died at his home, 875 Quinpiac avenue, after an illness of several weeks with heart trouble. He was sixty-eight years of age and was a widower.

Mr. Smith enlisted from Foxon in the Tenth Connecticut volunteers shortly after the beginning of the civil war, and served four years with the regiment. He was shot in the leg in

the battle before Fort Gregg near Petersburg, Va., on April 25, 1863, and the limb was amputated on the battlefield. He was mustered out as a corporal. After the war he worked for a short time in a piano manufactory, but the government later provided him with a pension sufficiently large for his needs. He was a member of Admiral Foote post, G. A. R. Funeral services were held at his late residence yesterday afternoon. Rev. William Burrows of St. James' Episcopal church officiated. Interment was in East Haven.

Miss Lena M. Doerschuck.
The death of Miss Lena M. Doerschuck of 399 East street, occurred after an illness of a week with apinal meningitis. She is survived by her father and one brother, Christopher Doerschuck. She was a member of Sterling circle, No. 348, Companions of the Forest of America.

The funeral will take place Tuesday morning at 8:30 o'clock from her late residence and at 9 o'clock at St. Joseph's R. C. church in Edwards street.

Laura M. Thompson.
The funeral services were held yesterday afternoon at the residence of F. W. Norton, 2 Hemingway avenue, East Haven, of Miss Laura M. Thompson, the only daughter of Frederick M. and Christina Thompson. Miss Thompson's death occurred in Brooklyn on Wednesday.

Mrs. Knauff.
The funeral services of Mrs. Bertha Knauff, wife of Frederick Knauff, were held at her home on Dodge avenue, East Haven, yesterday afternoon. Rev. Mr. Timm officiated. Interment was in East Haven cemetery. Stahl & Son had charge of the arrangements.

MR. KELLOGG'S CHANGE.
W. H. Kellogg, Jr., Yale '06 S. of this city has resigned his position as state civil engineer of Zacatecas, Mexico to become the junior partner of J. J. McVeigh, C. E., a consulting engineer of Grand Rapids, Mich. Mr. McVeigh has been a member of the American Society of Civil Engineers since 1884 and has a wide reputation in the west.

FINANCIAL REVIEW

Political Atmosphere Tends to Hold Trading in Abeyance.

CONFIDENCE IN CROPS

Continued Inpour of Money to Reserve Centers—Mysterious Phenomenon.

The prominence of political subjects last week kept attention in the financial district, as well as elsewhere, focussed on that point. The most notable effect perceptible in the securities market was the repression of all large and important activities and the adoption of a waiting attitude on the part of the larger capital interests.

The waiting policy of the speculation was confirmed by the balance of some contending features in the general situation of affairs. While some of the immediate conditions were of an uncheerful import, the undertone was one of confidence in future improvement.

There was a continued inpour of money to the banking reserve centers of the world in which New York fully shared. The reduction of the official discount of the German imperial bank marked the extension of this influence to the point where money stringency has persisted longest.

It is notable that the bond market has flattened out in spite of the redundant state of the money market. This is attributed to the recent large supply of new issues which has been fed into the bond market, with the effect of taking the edge off the investment demand.
