A large crowd collected and it looked as though the fight would go to a finish when a young man separated the fighters. They got together again however in a moment and the crowd again collected. Prof. John Wurts of the Yale law school happened along soon after the boys started their second round and attempted to stop the bout by kind words. This was no place for words, kind or otherwise, as the professor soon found out, and he took it upon himself to interfere more strenuously. He clutched the trusty left of the flaxen haired youth and started to walk away with him but the boy wriggled free and again made for his op ponent. Prof. Wurts was right there and deshing through the crowd he again grabbed the youth and hustled him down Church street a safe distance. President of Cornell Says to Reject Hughes Would Repudiate Reform Policies of Whole

Oyster Bay, N. Y., Aug. 17 .- Mr. Roosevelt today had a long talk with Congressman J. Sloat Fassett, with whom political conditions in New York state were discussed. Congressman Fassett, on leaving Sagamore Hill, said he hardly knew what to say about his talk with the president because he feared that what he might say would be taken as coming from the president. Speaking for himself, Mr. Passett said he was somewhat puzzled as to the situation in New York state. NO CHANCE FOR ACCIDENT

Gangs Working Day and Night to Get Street Ready for Laying Wooden Blocks.

With favorable weather, in two more days the railway company's part in the repair work of the State street pavement at State and Elm streets Grand avenue, will be finished. There are two shifts of men, one numbering commencing at 9' o'clock at night and the other working in the day time and the clearing out of the earth between the ties and the shifting of the rails is being pushed rapidly. By its agreement with the city, the

railroad company has to take care of the pavement between the rails and claims that they left the young distance of two feet each The street is 30 feet wide, so the company has to look out for over half of it. When the city decided to put in the wooden block pavement and tear up the present stone work, the railroad company naturally did not care to have the city's employes working among the rails, especially in the tearing up process, and so put its own men to work removing the cobblestones Last night was the fourth night and the stones and the dirt as far as the junction have been removed. The taking up of the pavement afforded the railroad an opportunity of making a greater distance between the double tracks at the junction, where it

be struck by one coming in the opposite direction. The tracks leading into the city were shifted a foot and there now is no danger of an accident. The work at the junction, including the shifting of the rails has been the most extensive in the city, with possible exception of that at the Chapel

street bridge Work is also being done

on Meadow street, but there will be no change in the layout of the tracks. As soon as the railroad company has finished shifting the rails and has taken all the dirt from between the tracks State street between Chapel and Court and will be finished by the end of the week as far as the junction.

General Belief That Stronger Reason Existed for Murder of Sheehan Last Saturday Night.

ITALIAN CONFESSES

Claims He Thought Victim Had a Revolver in His Hand-Implicates Other Man, Despite Latter's Denials.

The only startling event in the progress of the investigation of the murder of George Sheehan last Saturday night which came out yesterday was the confession of John Campanganli, the older of the two Italians who are held under suspicion that he and his companion were the men who committed the murder. This confession was obtained yesterday noon by the detectives after a great deal of questioning and was not a direct but rather halting admission of the fact. The other Italian stoutly maintained his innocence and tried to claim he was not with the other man who had confessed, but the confession involved him so that he could not extricate himself in the convictions, of the

Deputy Coroner Pond took up his examination again shortly after noon and was busy on it until after 6 o'clock in the evening, at which time he had not finished, so that he could make no statement last night. When, asked if the confession had been made he said that he could not say anything about it as it had been made not to him but to the police, according to reports. The detective bureau substantlated the report of the confession. The coroner in the session yesterday had a large list of Italians of the neighborhood on the stand and when he decided to stop for the day there were half a dozen others waltto wait until to-day. The official re-Examiner Bartlett was given to the

deputy coroner yesterday. In the confession which he made vesterday Campanganii said that he and his companion came upon the young man and the girl and that they thought they saw him with a res in his hand and so they attacked him. In his hand and so the Italian differed from the girl's in some details, but police believe that the girl's story the one to be credited. The Italia not knowing that he was went to the house where they were found by the police.

The belief grows that the mi for the murder was other than the weak one suggested that they though the young man was a melon patch thief. Mr. Dunn, speaking in regard to this suggestion, says that it is absolutely absurd. In the first place he says that they have had melons on table at his house right along and that the young man never took any cause he did not care for them, a furthermore if he wanted any he they have plenty of them on his place, which he could have for the asking. The first notification the Dunns received of the trouble was a telephone call which Mrs. Dunn answered and was feared that some day some one she could not believe the news when leaning out the side of one car would she was told that Sheehan had been killed. She hung up the telephone and went away. Then there came another call which Mr. Dunn answered, and when he was told of what had happened he hastily dressed and hurried out and down the road to the spot where the crime had been com-

DIFFER IN FIGURES

Some Papers Unable to Agree as to Bent of Delegates Chosen.

FROM TWO POINTS OF VIEW

Totals Secured by Middletown Sun and Hartford Courant Are at

Variance.

The state papers and their statisticlans are all at sea over the number of delegates that Lilley, Lake and Woodruff have for the state convention. One thing is practically certain and that is that since his declaration, seven delegates have been chosen for Governor Woodruff and the three prac-

tically decided upon in Guilford last night brings the number pu to 10. The Hartford Courant gives Lilley 96, Lake 28, and Woodruff 7, before the choice of the Guilford delegates. The equally impartial Middletown Sun gives Lilley 68, Lake 59 and Woodruff 6. The Waterbury American thinks that Willington must be for Lilley because Col. W. H. Hall, who is a big factor in the town, heads the delegation and is for Lilley. But this claim, with all due apologies, is a false one, for Col. Hall was sporting a handsome Lake button at the legislative reunion last week and declined to pin on a Lilley one

when they were distributed. Both Lilley and the anti-Lilley movement claim Winsted and there will be battle royal there with the odds in favor of the antis. Willimantic is another doubtful place with Senator Charles A. Gates working for Lilley. New London is split by a factional row, but the Waterbury man is said to be in the lead there.

The announcement of Governor Waller that he will not run on the democratic ticket this fall, comes as a great relief to the republicans, especially the Lilley dictators.

Friday at the White City, both afteroon and evening, will witness an unprecedented rush of amusements. Concerts by Holt's American band will add musical flavor and inspiration to one of the greatest days the Sons of Erin have ever had in New Haven. Many special features are being arranged in nonor of the Hibernians by Manager The fireworks extravaganza will pre-

sent a scene of glory run wild. To talk expense-well expense is not to enter into the arrangements. There will be a pyrotechnical exhibition that will be simply bewildering and brilliant almost beyond conception.

Besides other attractions, Upton, the Dare-Devil Roller Skater, will skate down the great chutes and Davalo, the diving boy, will dive from a sixty-foot staging into the lag-n but four feet

groom is said to reside in Seymour, where he secured the license. The certificate issued by the Seymour town clerk is also said to be incomplete, as it is only signed in one place by the town clerk.

The case is believed to be the first of its kind that has ever come up in Ansonia. Considerable difficulty has been experienced in getting ministers, doctors and others to make correct returns of marriages, births and deaths, and a year or so ago it was discovered that a score or more of marriages performed by a Jewish rabbi had never been reported to the city clerk, as required by law. The matter was straightened out in some manner. More or less trouble is met with in making up the vital statistics, and when the Seymour marriage license was filed at the city clerk's office here the authorities decided that action was necessary. Rev. Mr. Makar probably did not notice that the

After Other Treatment Failed-Eczema in Raw Spot on Baby Boy's Face Lasted for Months— Cried with Pain when Washed.

ECZEMA WAS CURED AND HAS NEVER REAPPEARED

"Our baby boy broke out with eczema on his face when one month old. One place on the side of his face the size of a nickel was raw like beefsteak for three months, and he would cry out when I bathed the parts that were sore and broken out. I gave him three months' treatment from a good doctor, but at the end of that time the child was no better. Then my doctor recommended Cuticura. After using a cake of Cuticura Soap, a third of a box of Cuticura Ointment, and half a bottle of Cuticura Resolvent he was well and his face was as smooth as any baby's. He is now two years and a half old and no eczema has reappeared. I am still using the Cuticura Soap; I think it is the finest toilet soap I ever used. I keep my little girl's hair and face cleansed with it too. I am so thankful for what Cuticura has done for us. Mrs. M. L. Harris, R. F. D. 1. Alton, Kan., May 14 and June 12, '07."

his defense at the hearing before the commissioner, after the complainants had presented their side of the case. With the approval of the governor, Mr. Marshall submitted to Mr. Brackett the names of four hotels in Saratoga where it is alleged public betting was openly conducted.

In reply to a question from Mr. Brackett the governor stated that the commissioner to be appointed would under the law be compelled to take testimony in Saratoga. The governor said that his engagements were such he could not hear the testimony in person and for that reason would appoint a commissioner. He announced he was not prepared at this time to give the name of the man whom he intends to appoint.

Oyster Planters to Open August lar street. 27-Mrs. Henry Gessler Quite Ill.

Some of the local oyster planters will begin opening oysters for shipment August 27. From the best indications the oysters promise to be fine this fall. While there is not a big demand for the bivalves the last of August, they are sent away in small shipments. From now on the oysters will be improving in quality. This is now the dull season in the business. although the planters are getting their boats and all of the paraphernalia of the trade in good condition for the busy season. Yesterday there were six steamers at the wharves in Quinniplac river about the Quinniplac drawbridge, an indication that there is not much doing just now in the

TAFT STANDS ON WHOLE PLATFORM

Candidate Will Not Stick to Any Pet Issues During Campaign Porch Talks.

IS ALREADY ON RECORD

He Hears That Physicians Are for Him-John Hays Hammond Collegians.

Hot Springs, Va., Aug. 17 .- Discussing today the character of speeches he is to make during the campaign, Judge himself on record in the speeches he has already made on every question likely to become important in the campaign.

"But" he speeches he wooster st.; Autos Repaired. Bodies Repaired and Refinished. Gasoline and Oils. Engineers and Machinists. Phone 4514. Taft said he believed he had placed

My subjects will be chosen with particular reference to the interest and character of the particular delegation to whom I shall speak. In this way it is possible that I shall review many of the important and minor issues, but I have laid out no set plan for taking up in any particular order, any question or set of

Mr. Taft's speech to the Virginians here Friday engaged his attention to a

considerable extent today. Dr. C. A. L. Reed of Cincinnati, who s a candidate for the United States senate and a personal friend of Mr. Taft, came here today on business of a personal nature with the candidate.

Before leaving Dr. Reed expressed the belief that a great majority of the conditions of the conditi physicians of the country favored the candidacy of Mr. Taft. The record of Mr. Taft in the Philippines and in Panama, so far as the medical profession s concerned, Dr. Reed said, was the cause of this feeling of friendliness.

There was a conference to-day betweer John Hayes Hammond and Herbert M. Myers, a Columbus, O. attorney, who is president of the Ohio Republican College league, which is affiliated with the national republican college league.

A general plan of co-operation was discussed. "It is our intention," said Mr. My era "to organize republican clubs in every college and university in the country. We expect to reach 25,000 first voters in the course of the cam-

The conference resulted in an agreement that the college league and the league of republican clubs should co-operate and work in harmony. The national league headquarters will be in New York. The western head-quarters of the college league will street.

Archibald Estate

Little business and what there was overboard and was caught and res- of it small, was lodged in the probate cued by Miss Sheldon. The feat has court yesterday morning. The will of made the latter quite a heroine among the late Henry Weiner of North Haven was offered and an \$8,000 estate left to the life use of his widow, Katherine Weiner. At her death it is to be distributed between Henry Weiner, Catherine Munz and Dora Carson. children, and G. Henry Frye, a grand-

The inventory of the late Caroline B Webster was also offered showing property valued at \$3,293.46, most of which is in cash.

'An inventory showing the estate of the late Kenneth Archibald of this city to be worth \$19,402.70 was filed by the appraisers, Samuel Lloyd and Edward M. Bradley. Archibald was lost in the Rocky mountains several weeks ago, and upon the application of his father, Rev. Andrew W. Rammed by Motor Boat, Bowsprit Is Almost Carried Away.

As a result of the southwest blow which struck the local harbor yesterday the twenty-one foot Seawanhaka knockabout Petrel, owned by Captain John Hackett of the New Haven Yacht club almost suffered a complete disablement for the rest of the

A motor boat by the name of Letter B, owned by the Electric Launch company of Bayonne, N. J., which was on its way to be delivered at Buszard's Bay, put in the harbor in a d's-abled condition and anchored slightly in advance of the Petrel.

The anchor, as a result of the high wind and terrific sea that was running, began to drag and in a short time the launch was pounding Captain Hackett's boat.

A boatman from the yacht club put out and in a short time had the two boats separated.

The Petrel besides being scraped considerably had a section of her fen-

der rail started and also had her bob The Letter B did not escape from the fray without injury, the planking on her port side being constlerably

damaged. The accident to the Petrel yesterday calls to mind the injury which the boat suffered almost at the same

time last year. Rev. George E. Kidd's boat, the Porgy, in a notheast gale also dragged her anchor and smashed Captain Hackett's boat. As a result the Petrel's howsprit was severely damaged

necessitating a new one. The accident to the Petrel yesterday will not keep her out of the weekly race on Saturday. The Cavaller, owned by Charles

Waterhouse, is undergoing repairs at Crampton's yard from a recent accident.

One of the most essential elements in founding and in the development of a business is the financial end—and the successful business man solves that problem first of all. The first step after organization is the selection of the right bank to do business with. Because the bank conducted by modern methods feels the pulsation of business, locally and nationally, like the doctor would in the sick room. It is always advisable to keep in close touch with your banker.

WALL STREET NOTES

Rally Toward Close Follows Much Weakness With Extreme Losses.

PACIFIC ROADS' SHOWING

Attention Paid to Income Account of New York Central-Break in Smelting.

After an early spurt in stocks, they eased off gradually, and by midday were very weak, with extreme losse of 1 to 1 1-2 points. But trading was dull and liquidation was much smaller. It was apparent that last week's selling had cleared away mos of the speculative accounts which were to be liquidated. Sales to noon were about 290,000, as against 472,000 en Saturday. Around 1 o'clock ther was a rally, on light transactions, Un ion Pacific recovering from 154 7-8 to 155 1-2 on four transactions of 100 shares each. It was in the last fifteen minutes that the market showed signs of real and general strength, led by Union Pacific.

London cables, including many pri-Vate advices, refer to the favorable influences exerted on that, and on Continental markets, by the meeting of the three crowned heads at Cronberg. One feature specially dwelt upon is the firmness which has developed in British consols. It looks, however, as though a fly will be found in the ointment, if this morning's brief dispatch is confirmed, telling of a \$500,000,000 British loan for naval construction purposes. London traded both ways in this market, and appeared to have bought a few shares on balance, on the break. Total transactions were probably less than 15,000 shares. American stocks were featureless in London before the local

The reports of Union Pacific and Southern Pacific for June showing small increases in the net were considered as uncommonly favorable under the circumstances. They had probably both been discounted a week ago, but, nevertheless, the stocks increased fractionally after the publication of the figures. In both cases the decrease in the operating expenses had overtaken the decrease in the gross. It is known that the figures for July and the first part of this month are much more favorable.

The receivership for the Pennsyl- Southern Pacific vania Coal and Coke company was probably the cause for a little selling of Baltimore and Ohlo and other soft coal stocks.

That crop news was sufficiently reassuring, was reflected in a cent drop in the price of wheat around midday This encouraged those who believe that the granger stocks are likely lead any further upward movemen If such a thing is possible,

The attention which is being pa to the income account of the Ne rk Central is causing some unear ness among the friends of the ros and the bulls on the stock. All the has been said in the past about th company sailing so close to the wir in the matter of dividend payments being recalled, and added to by muc more to the effect that indications point to the necessity of taking in West. Elect. Co. 68 another reef. It is figured out that Wheel. & Lake Erle according to the report made to the New York Stock Exchange for the June half-year the company earned the merest fraction beyond 1 per cent. in its share capital, and that even under the most favorable conditions rewhere such windfalls are to come from this time as brought Central out whole a year ago, is a question perplexing many who still believe in perplexing many who still believe in the integrity of the present dividend.

The break around midday of American Smelting from 98 to 90 1-4 was probably due to a bear attack, which was designed to check the attempt to rally the general market. Smelting having risen about the most sharply of anything on the list, was easiest to depress. Since the last week of May It had advanced from around 72 to 107, or 35 points. It was little wonder, therefore, that it should have declined 16 1-4 points last week. Yesterday the further decline in copper metal was used as an argument for selling this stock. The low price of silver was also referred to as a reason why Smelting stock is very high. But bar silver recovered a little in London yesterday. Copper also was steady there.

STOCK MARKET REVIEW. Prices Rise and Fall With Evidence of Bear Pressure.

Wall Street, New York, Aug. 17 .-Irregularity was the chief feature of to-day's stock market. Prices rose and fell alternately, mostly within narrow range, although some of the more active features registered substantial gains at the opening. The trading bore evidence of bear pressure and the general professionalism, although close observers expressed the opinion that stocks are gradually passing into stronger hands. This belief appears to be based largely on the operations of certain prominent banking and brokerage houses, as well as the continued ease of money. further prospects of good crops and advices from the leading railroad centres, which almost uniformly report indications of awakening business. Quite the most important development of the day in railway circles was the publication of the annual report of the Harriman lines for the fiscal year. The Union Pacific systems showed a net loss compared with the previous year of about \$2,170,000. while the Southern Pacific railway reported a net decrease for the same period of \$8,363,000. In both instances, however, the falling off was largely due to increased taxes. Both lines show material gains in net earnings for the month of June.

receivership proceedings against the Pennsylvania Coal and Coke company served to call attention to the soft coal situation, but was otherwise ignored. As a whole the coalers held comparatively firm, though Reading was frequently subjected to pressure. Smelting led the industrial stocks, making a sharp recovery from Saturday's close, and the coppers moved in sympathy despite another cut in the price of the metal. The methods of a well known market manipulator from New England caused some uneasiness in conservative quarters but elsewhere they subjected to good natured ridicule. Much the greater part of the day's business was done in the early session, trading becoming very narrow in the afternoon, while the list developed a heavy undertone. Towards the close, however, under the lead of St. Paul. Smelting and Reading, the market grew strong

and the closing was active at the day's best prices. Government bonds were unchanged on call. The general bond market

was steady. Total sales par value,

FINE FIELD OF CORN.

At Springside Farm it is Fifteen Feet High

The corn they are raising this season up at Springside Farm is causing all the farmers, farm hands and persons from the city who visited the farm to gasp and wonder how it was done. But the news comes from reliable sources and several pictures were taken of the fields-the corn is fifteen feet high and there are three and four ears or corn on each stalk. Now don't gasp and say be-gosh, that's what the farmers said when they saw the corn, and Farmer Wright, who planted the seed, says it's the finest corn that was ever grown in this part of the country and that there isn't another field of corn in the state anything like the Springside farm corn. The corn when it grows so high as it did at Springside this year is too tough for eating purposes, and Farmer Wright says they are going to feed it to the catle. A number of pictures were taken of the cornfield at Springside farm, which overs eight acres.

in all the HEGEMAN DRUG STORES New York Bosses' Argument About Hughes Not Being a Good Party Greater New York and at all relia-dealers' throughout the country. Man Is Effectively Muzzled.

> New York, Aug. 17.-That Governor Charles E. Hughes will be one of the principal republican campaign orators peril will be a reality. in the coming campaign, and that he will be relied on by the managers of Taft's campaign to help carry the Mid- Saslafsky Suspected ex-Partner as dle West for the republican nominees,

is the announcement made today at the republican national headquarters by Col. T. Coleman Du Pont, chief of the national committee's speakers' bureau. Though no official tidings are forthcoming as to the effect of this upon Timothy L. Woodruff, William Barnes, r., W. L. Ward, and the other local leaders, who have been fussing and fuming at the prospect of having to recominate the governor, it is the general opinion that they will find themselves in a more uncomfortable and

ridiculous position than ever. It is regarded as a high compliment to Mr. Hughes that so much reliance is to be placed upon him after he was one of Taft's competitors for the republican presidential nomination. That he is much esteemed by Mr. Taft and his advisers is evident. It has not yet been announced that Vice-President Fairbanks, or Speaker Cannon, or Senators Knox or La Follette or Foraker are going to be looked to for this cort of service. Doubtless each will be concerned to a greater or less extent in carrying his own particular state for Taft, or in belping to pile up a safe majority. Except in the case of Foraker these men either control or are losely associated with the machines in their respective commonwealths, and their political pre-eminence and right

Now when the bosses plead with the voters to help them nominate some one else, because "Hughes Isn't a republican," the voter can point to the man who is stumping the Middle West for the ticket, and reply: "He seems to be a good enough republican for Tatt, I

guess he's good enough for me.' It seemed to be the general opinion of those republicans who would talk today that Gov. Hughes had effectually spiked one of his adversaries' guns. If they continue to oppose him now, it will have to be with other arguments than that of his lack of republicanism

day. It will be his first political utterance since his Cincinnati speech of acceptance, and will be the only one of its character he will make until his campaign opens in Cincinnati, the first week in September.

Although it is quite common for Mr. Taft to receive letters from the Philippine Islands expressing a desire for his success, he was somewhat surprised to-day to get one from Admiral Cervera of Spanish war fame.

'I pray for the election of Senor Taft for president," writes the ad-"I should have written you a letter, but have not had time. I know very little personally about the United States, and cannot, for that reason, give an opinion of my own concerning the election. NEGRO BLAMES NEGROES.

Pastor Starts a Law and Order League to Reform the Race.

Chicago, Aug. 17 .- A law and order league, composed of negro residents of the South Side, to stamp out lawessness and crime in the "black belt" of Chicago, and to prevent any such happenings as have marked the last two days in Springfield, will be formed to-morrow night at a mass meeting in the Institutional African Methodist Episcopal church.

The decision to form such an organization was taken yesterday, after a stirring appeal by the Rev. H. E. Stewart, pastor of the church.

."The bad and lawless element of the negro race always has and will continue to affect the better element You can save good dollars by buying vastly more than the lawless element I of the white will affect that race. am closing them out regardless of cost, the preacher said. "Our people are judged by the worst element of our race, and unless we rise and condema and fight against this lawless element we will be rightly judged.

"In the trouble at Springfield, we are apt, perhaps, to condemn the whites. But we must accept share of the responsibility.

FOUND HORSE DEAD.

Cruel Horse Murderer.

Suspected of having deliberately strangled to death a horse owned by Louis Saslafsky of 23 White street, his former partner, Woolf Youcker, who keeps a small store at Lafayette and Rose streets, was arrested by Detective Donnelly yesterday. The two men were at one time partners but recently had a falling out and Youcker is alleged to have threatened to "get even" with his former partner.

Yesterday morning when Saslafsky went to his barn in the rear of his residence in White street he found his horse lying dead in its stall with piece of rope and a stick twisted into torniquet wrapped around its nostrils and evidences of the struggle of the dying beast around the stall. The twisted rope and stick slowly strangled the unfortunate beast to death, cutting off its breath. Youcker was seen about the place late Sunday night. He is charged with cruelty to animals.

Army Board Decides Officer's Aero mobile Has Met Conditions.

Washington, Aug. 17 .- The army airship board today decided that Captain Baldwin's dirigible balloon had met all conditions entitling him to the amount to speak as republicans is unquesagreed upon for its purchase.

The board calculated that the airship had maintained an average speed 13.75 miles per hour while in the air two hours one minute and fifty seconds, this speed being slightly more than the required 70 per cent, of the maximum speed of 19.61 miles per hour.

Capt. Baldwin will receive \$5,737.50. which is 15 per cent less than what he would have received had he reached a maximum speed of twenty miles.

Berlin, Aug. 17 .- The American entrants in the international balloon ompetition, to be held at Berlin, October 10 and 11, are Lieut, Frank P Lahm and Capt. Charles DeF. Chandler of the Signal Corps of the United States army, and Major Henry B. Hersey of the Weather Bureau. Besides these there are twenty other entries for the race for the James Gordon Bennett cup, among them Prince Sciplo Borgese of Italy, Dr. De Quervain, the Zurich meteorologist, and Capt. Kindelain, adjutant to the King

of Spain. There are thirty entries in the international endurance contest, representing the principal states of western Europe, and it is probable that more olic church of Ansonia, for violating will participate in the air cruises. Arrangements are being made to accommodate a quarter of a million spectators on the starting field, near the gas works, at the suburb of Sermar-

MOB BATTERS JAIL DOOR.

Long Island Sheriff Protects George Washington With Guns.

Huntington, L. L. Aug. 17 .- A crowd of men numbering about 35 approached he local jail at 1 o'clock this morning with the apparent purpose of getting at the prisoner who is charged with attacking Mrs. Katle Garvasino yester-

The mob, which carried a railroad tie for a battering ram, did not get further than the threshold of the jail, for when the door fell in two deputy sheriffs with drawn revolvers barred the The deputies warned the crowd that they would shoot if any violence was attempted, and this threat had the desired effect. The people withdrew sullenly, and the little jail, which is about half a mile from town, remained in the hands of the sheriff's guard. While the mob remained outside the jail, the prisoner, George Washington by name, implored the deputies not to

CRUISER BADLY DAMAGED.

Take Several Weeks. Bremerton, Wash., Aug. 17 .- Repairs to the cruiser Colorado, which ran ashore at Lip Lip Point, on Saturday morning, will occupy several weeks. This fact was gathered from the examination of her hull by drivers

It was found that the vessel had suffered little damage on the port side The plates on the starboard side, however, for about one hundred feet from the bow are badly dented, and the rivets so sprung that some of the plates can be moved by pressure of the hand. Eight plates at least will have to be removed. The docking keel on the starboard side also is badly damaged.
