NEWS OF THE STATE

T. Roosevelt, Jr., in Thompsonville—Visits Carpet Mills.

MITE OF A CHILD DEAD

Ear Nearly Bitten Off in Fight—Assaulted by Negro—Norwich Suicide.

Thompsonville, Sept. 2.—President Roosevelt's son, Theodore, Jr., came here to-day as the guest of Robert P. Perkins, president of the Hartford Carpet corporation. The afternoon was spent in the carpet mills watching the process of the manufacture of carpets. This evening an informal reception was held in the Calumet club.

Robbery in South Norwalk. South Norwalk, Sept. 2.—Sometime early to-day a burglar paid a visit to the cigar store of John Oldenslager in Washington street. The man opened the outside door, and then unlocked the safe, apparently without any trouble, as there were no marks on it. The sum of \$27.60 was taken, and the police are trying to solve the mystery.

A Mite of a Child. New Britain, Sept. 2.—The infant daughter of Mr. and Mrs. Edwin Nelson, which died this week and was buried yesterday afternoon, was probably the smallest child ever born in this city. Though two months and seventeen days old, the child weighed only twenty-four ounces and was only about fourteen inches in length. The child was unusually small at birth but was fully matured and grew since birth. The mother thinks the child weighed about sixteen ounces at birth, and was about twelve inches in length. Gastritis and faulty digestion was the cause of the infant's death.

Nearly Bit an Ear Off. Derby, Sept. 2.—James Donorommo was arrested today charged with assault and mayhem, it being alleged that during a quarrel with James Daddio of Centerville, in East Derby last evening he bit off half of the latter's ear.

Assaulted by Negro. Naugatuck, Sept. 2.—The authorities are today looking for a negro, named William Smith, in connection with an attack alleged to have been made upon Mrs. Hendricks, a white woman at her home in Middlebury yesterday. The woman is said today to be in a serious though not necessarily fatal condition. According to the information which the authorities have, Smith is alleged to have gone to the Hendricks house, and in the course of his visit there a quarrel developed. To escape from Smith Mrs. Hendricks ran upstairs and Smith followed her, striking her over the head with a cuspidor with such force as to fracture her skull, inflict scalp wounds and shatter the cuspidor. Mrs. Hendricks, it is said, then ran out of the house and into the yard, where Smith followed and beat her with a club. He then went away, and Mrs. Hendricks was later found by her husband lying on the floor of the house in great pain. She was said today to be partly conscious and preparations were made to take her to the Waterbury hospital. Smith is said to have been drinking.

Suicide by Drowning. Norwich, Sept. 2.—Eugene Gay, aged 37 years, committed suicide by jumping into the Yantic river in front of the Chelsea boat house here today. It is said that he had been drinking heavily for the past few days, and that he had hallucinations that somebody was following him. He leaves a widow.

State Board of Charities. Hartford, Sept. 2.—A meeting of the state board of charities was held at the capitol today. Mrs. Rebekkah Bacon reported visits to the school for boys in Meriden, the almshouse and county jail in New Haven all of which were found in good condition. Other institutions in New London and Tolland counties were visited and reports favorable on their condition were made.

of harmony and the statement by one of his opponents that the ward ought to have delegates at the convention and owed it to the rest of the city to elect them he refused to call it saying however, that he would not mind if one was called without him. He then started off down the street with Major Isbell and the assembly disbanded without trying to take any action.

In the other wards there was complete contrast. Although the calls in each came under the same method as in the Tenth ward there was no dispute over it and everything went smoothly. The delegates in practically all the wards were unopposed, but it is believed that they will all be for Robert E. Lee, the attorney who is most prominently mentioned for the nomination and whose choice is practically assured. In the Ninth, which is Lee's home ward, the delegates are instructed for him.

The delegates chosen in each of the wards follow:

First—John McCarthy, Frank R. Fisher, E. P. Merriam, Frank H. Mason, L. Chapman, Henry Hillman.
Second—E. S. Pickett, Louis Knollmeyer, Edward J. Stanford, Patrick Gallagher, John Flannery, John F. Clarke, Frank H. Pierce, J. J. Chandler, Herbert W. Oviatt, Dominic J. Collins.

MEGAPHONE MAN

J. Henry Smythe, Jr., the Famous Political Cheer Leader, in Town.

STARTS ALL THE NOISE

Visitor Says Yale Should Set Example Which Others Should Follow.

J. Henry Smythe, Jr., of Philadelphia, the Penn student who is famous as "The Grand Old Party Megaphone Man," is at the New Haven house, en route to Maine where he will speak in the state campaign. Later Smythe will participate in the intercollegiate "First voter" movement.

J. Henry Smythe, Jr., the Megaphone Man.

President Taft will combine the genius of a Roosevelt with the lovable characteristics of a McKinley.

"A national election is the best entrance into politics and it is especially a young man's duty to concern himself about the affairs of government. Patriotism is instilled through campaigns. Better a party man than an independent—even a religious person must be desecrated."

At the republican national convention last June in Chicago, Smythe led the delegates in "Three cheers for Taft and Sherman!" and then Senator Lodge stopped him. His next call planned was, "Three cheers for the Grand Old Party of Lincoln, Grant, McKinley and Roosevelt!" Then, "Three cheers for the President and for Taft as the standard-bearer of the Roosevelt square-deal policy!" And finally, "Three cheers for the republican party; its brilliant record of achievement and its platform of promise!"

In 1904, Smythe reached the front of the platform just after the nomination speech. Waving the Stars and Stripes and using a megaphone he began with, "All together now, three cheers for the President, h-p, h-p, Hurrah! Hurrah! Hurrah!" He then started the call, "Roos-e-velt!" "Roos-e-velt!" "Roos-e-velt!" repeated over and over again with the system of a college yell. The Associated Press report said: "It was taken up by the throng and the cry of 'Roos-e-velt!' rolled over the hall in volume so great and so terrific that the screeching of a hundred steam whistles would have been dwarfed in comparison." Breathless after nearly ten minutes' exertion, Smythe made a bow of thanks to his audience of 12,000, receiving applause for his daring, and retired.

BOB EATON ROBBED

Internal Revenue Collector Loses \$300 on Trip to Hartford.

HIS POCKET WAS PICKED

Thieves Who Have Come to Attend Bridge Celebration Busy Already.

Robert O. Eaton, the genial collector of internal revenue, who before he was collector of internal revenue was deputy dairy commissioner, is quietly mourning for \$300 which was picked from his pocket on a recent trip to Hartford.

With the approach of the bridge celebration in Hartford that city has increased its population somewhat by an addition of Knights of the Road. These knights, finding pickling dull in Hartford, have infested the railroad trains and have prospered to a greater or less extent, it is said.

The other morning Collector Eaton went up to the capital city and in his pocket had a roll of \$300. When he left the New Haven depot he had the \$300. Half way up he had the \$300. In the Hartford depot he discovered that the \$300 was gone and was so good natured that he only smiled. Mr. Eaton has complained of the rather annoying occurrence to the police, but has no hope of getting the money back. He is taking the loss very philosophically, and will attend the bridge celebration later in the month.

AN ANNOUNCEMENT.

Additional Bargain Given Out by Gamble-Desmond's This Morning.

In addition to the silk petticoats that were advertised in a sale in last evening papers by the Gamble-Desmond Co., the firm offers a hundred silk skirts to go at \$2.98 each. These petticoats are in black only and, as only one hundred of them are here, the buyer suggests that those who want these skirts shall ask for them early this morning. Then, too, as the lot is limited to a hundred, in fairness to those who can't get here very early, only one petticoat will be sold to each customer.

AUTO AMBULANCE

Police Commissioners to Ask Extra Appropriation This Afternoon.

MOELLER MAKES AN OFFER

Commissioners Believe That Much Better Service Can Be Obtained.

Representatives from the police commissioners will appear before the board of finance this afternoon and ask for an appropriation from the city which will allow the department an automobile to be used as an ambulance and in special instances of necessity.

Mr. Moeller, representing the Continental Automobile company, has offered a \$3,700 machine for \$2,700, a \$1,000 reduction, and many of the commissioners do not think that this is an offer to be despised. So this afternoon they will ask for the \$3,700 appropriation for the ambulance and patrol wagon. Commissioners Dean and Maxwell will appear.

That an automatic ambulance should be procured there is no doubt. Under the present conditions it often takes a long time to get an injured person to the hospital and with an automobile it is believed that the time will be greatly shortened.

The police board will have to ask the finance board for a \$700 appropriation for new horses anyway, and for a \$200 appropriation for caring for the horses. Next year there would have to be an extra appropriation for caring for the horses and considering the service the appropriation asked by the police board is apparently the most reasonable and satisfactory.

NO VISION OF SALOME

Bridgeport Authorities Find Woman They Are Looking for Not Here.

(Special to the Journal-Courier.)

Bridgeport, Sept. 2.—After an investigation Miss Helen King, the probation officer of the city court, found to-night that Miss Saldie Gergash, who was reported to be executing a Salome dance at Savin Rock, was in New York. Miss King visited all the resorts at Savin Rock and failed to find Miss Gergash in order to get her to return to the funeral of her child.

It was rumored that Miss Gergash was appearing at Savin Rock in an attraction the title of which was "The Vision of Salome." Miss King is tonight, however, says that there is no such attraction at Savin Rock.

TAFT AND FORAKER ONE POLITICALLY

With Past Dissension Forgotten, Each Sings Praises of the Other Before Toledo Audience.

A SENSATION FOR OHIO

Shoulder to Shoulder in Coming Oratorical Campaign, and, as for a Feud, There Is No Such Thing.

Toledo, O., Sept. 2.—That Taft and Foraker are politically together is through the public admission of both Taft and Foraker here to-day, the political sensation of Ohio.

Senator Foraker is an avowed candidate for the United States senate to succeed himself and his services in the National campaign have been sought by National Chairman Hitchcock and the senator has promised to take the stump.

This rapid composition of political differences, attested by enthusiastic expressions of singleness of purpose by each, makes a "story" in politics which contains all the elements and phases of the science. The conflicting ambitions of both principals, as attested by the pre-convention strife, has constituted not only the official record, but the general impression in the public mind. Both this record and impression were swept out of existence by the events of to-day and last night.

At a dinner given here last night by Charles T. Lewis, who is the host of Judge Taft at the Middle Bass club, being president of the organization.

Foraker to remain in this city to-day and attend both the review of the parade of the G. A. R. in the stand, with Judge Taft and the reception to be given later by the Lincoln Republican club. When Senator Foraker left the dinner he was called on the long distance telephone from Chicago by Chairman Hitchcock of the National committee and requested to open the republican campaign in Kansas. Senator Foraker has not as yet given his answer to this invitation, but it is stated to the National chairman that he would take part in the speaking program.

Judge Taft said on this journey that he knew of no arrangement whereby he was to meet Senator Foraker, nor did he know of any endeavors to effect such an arrangement. But the city of Toledo seemed to know all about it, and when after the candidate had been in his place only a few minutes, a carriage which headed the parade, stopped in front of the stand and discharged its passengers, there was a tremendous shout as the thousands who were within sight of the stand in the immense stands adjoining and across the street, caught sight of the senator, his colleague, Senator Dick, Governor Harris and Mayor Whitlock. Senator Foraker was the last of the little party to reach Judge Taft's side, but when he did and each raised his right hand, Taft saying, "Hello, Senator," and Foraker, "I am glad to see you, Judge," and then shook hands, long and heartily, and smiled decidedly cordially, there was a mighty shout from the crowd, then applause and then cheers. The two sat down together and remained in earnest conversation for more than an hour, incidentally receiving the plaudits of the marching veterans.

Before Judge Taft was allowed to depart on automobile ride which had been arranged for him, he consented to shake hands for twenty minutes with an enthusiastic throng. The ride ended at the Lyceum theatre at 4 o'clock, where, when Mr. Taft had been cheered for a few minutes by an audience which filled the large playhouse, Senator Foraker made his appearance.

Speechmaking began. Mr. Taft said: "Your chairman has said that I have filled office for nearly twenty years almost without reward. As he did so, Senator Foraker whispered to me that there are some who would accept the honor on the terms." (Laughter.) "It is a pleasure to me to be here with Senator Foraker," continued Mr. Taft, "because when Governor of Ohio he gave me really my first chance, and took a good deal of risk in putting a man of twenty-nine on the bench of the superior court of Cincinnati." (More applause.)

"We are about to enter an oratorical campaign. It is a pleasure to think in this presence that we are going to stand in the campaign shoulder to shoulder with the full strength of the republican for judge of probate, there is no one left in the field except Edwin S. Thomas of West Haven. The city convention for the choice of delegates to the district convention will be held Friday night, but the date of the other convention has not been settled.

Mr. Thomas made no fight in the city, but friends put tickets in various ways, following promises made two years ago. In nearly all the wards the Thomas ticket won. Mr. Reynolds' statement follows: "I announce my withdrawal from the probate fight and desire nothing further done in my interests. Many things occurred during the campaign that I sincerely regret, in fact more than I regret my defeat. None of these incidents, however, do I charge against Mr. Thomas.

"To each of my friends who worked hard and honestly for my nomination, I offer my sincere thanks and gratitude. My successful opponent is now entitled to the undivided support of the democratic party and I trust every friend of mine will assist in placing him in the office. With the help of all his chances are excellent, and I wish him success."

JERK BACKWARD BREAKS NECK. Lima, O., Sept. 2.—Daniel Harper, aged ten, was killed while running after a foul ball at the local ball park of the Ohio state league to-day in practice before the game. The lad in endeavoring to dodge the reflection of a mirror jokingly held in the hands of another boy jerked his head backward, breaking his neck as he did so, dying instantly. The boy's mother is in such a critical condition that she cannot recover as a result of the accident.

THOMAS ALONE IN RACE. Reynolds Withdraws from Probate Contest Following City Caucuses. With the withdrawal yesterday of Attorney Matthew Reynolds from the contest for the democratic nomination for judge of probate, there is no one left in the field except Edwin S. Thomas of West Haven. The city convention for the choice of delegates to the district convention will be held Friday night, but the date of the other convention has not been settled.

SARSFIELDS SECOND

Have Fine Standing in State Militia—Winter Plans Made.

The Sarsfield Guard, Co. C, held its regular monthly meeting last night and an order was read issued from the adjutant general's office in Hartford, giving the standing of the different organizations throughout the state for the past year.

Co. M of Torrington led the whole brigade with an average of 97.49, with Co. C (Sarsfields) a close second with 97.94, while Co. F (Grays) came third with 97.81.

The Sarsfields at present have a full quota of men with a waiting list of fourteen applicants for membership. It was voted to run a "hop" at the Shoreham last week in September and also to run a series of dances in Lenox hall this coming season. The following committee was appointed to take charge of the dances: Corporal Edward T. Dora, chairman; Sergeant Arthur Kavanagh, secretary; Sergeant Edward Cullom, treasurer, and Sergeants Holland and McMahon, Privates Donovan, Murphy, O'Connor and Barry.

The Sarsfields are to decorate the graves of the deceased members September 20 and are also to attend divine services at St. John's R. C. church on that morning.

The candidates for the Sarsfield's football eleven are to report at the armory September 18; also the candidates for the basketball team are to report September 22. As the Sarsfields have splendid material for both teams it is expected that both will win championships.

AN INFIDEL IS DEAD. Octogenarian Was Independent in Religion Before Ingersoll.

Youngtown, O., Sept. 2.—Chester Bedell, eighty-two years old, author of "Twenty-one Battles Fought With Relatives and Intolerance" and an infidel, died last night at North Benton. He erected on his 800 acre farm several years ago a monument to rebuke "those who use religion as a cloak to get their living without honest work." On the monument besides which his body will be buried was a heroic likeness of himself. In the right hand is held a scroll on which is carved "universal mental liberty" and the left hand points a finger of scorn to a scroll underneath the left foot upon which is the word "superstition," by which Bedell designated all the "so-called holy writs." Bedell was a man of strong convictions which he never hesitated to express. He took pride in his religious independence and the fact that he was an unbeliever before Robert G. Ingersoll.

CLOSE RACE IN MICHIGAN. Detroit, Mich., Sept. 2.—With the returns still incomplete an midnight approached to-night, the republican nomination for governor as decided by yesterday's primary election became more and more the closest kind of a decision. INCREASE URGED FOR TEACHERS

Board of Education Requests Appropriation to Fulfill the Schedule Made Out in June.

NEW APPOINTEE PRESENT

Invited by the Board, Slade Attends Finance Board Hearing—Kelly Asks One Thousand Dollars Increase.

The board of finance last evening continued its hearings of the various city departments on their estimates for 1909. The principal interest of the evening centered in the hearing of the boards of education and of public works.

In the former hearing, Messrs. Moran, Whitney Spang, Wheeler and Ullman were present with Superintendent Frank H. Beede and Secretary George T. Hewlett. One of the two new appointees of Mayor Martin, Benjamin Slade, was present at the hearing. The principal item of the estimate of this department was the teachers' salaries.

In this appropriation the board asked for an increase of \$40,561 over the appropriation of last year. About \$20,000 of this increase will be used for the increase in maximum salaries granted by the board last June. The rest of the increase will be used for routine increases and for the maintenance of sixteen additional school rooms to be opened in September, 1909. No recommendation for further increases in the maximum now paid the teachers was voiced.

Colonel I. M. Ullman, who, with James E. Wheeler, appeared as a member of the board of education for the last time before the finance board, delivered a short address to the members present. He dwelt for some length on the manner in which the repairs of the school buildings were neglected and said that a well organized business concern would not be so lax in this respect as the school board is. He also, in a parting speech, spoke of the need for the erection of at least one new school building each year as he believed that at least 1,200 scholars were not properly provided for.

The board of education extended an invitation to both new members to be present last night and also at the next regular meeting of the board on September 21, when bids for the new Prince street school will be opened.

The attitude of the new appointees to the board, Messrs. Grant and Slade, toward the adoption this coming year of the teachers' schedule will be watched with more than ordinary interest by over 500 teachers. Mayor Martin has openly endorsed this schedule, and the teachers fully expect that his appointees will secure its adoption.

Following the education estimate the public works appropriations were next placed before the finance board. One of these items is for an increase in the salary of the city engineer, Cassius W. Kelly, who receives \$2,500.

Last evening Mr. Kelly was on hand to explain his position. He stated that for the last fifteen years no increase had been granted to the city engineer while the population of the city has increased 50 per cent. He also introduced several comparisons between cities throughout the state, chief of which were Hartford, where the city pays \$5,000 a year, Bridgeport, which pays \$4,000 and Waterbury, where the engineer receives \$5,000.

After short discussions on the appropriations the board adjourned until this evening when the remaining departments, including fire and po-

Railroad and other corporation bonds \$597,425,613. Miscellaneous bonds, not classified \$17,289,891. Judgments, claims, etc., \$156,015,708.

It is added that the assets in question are ample in amount to provide security for additional circulation to the limit authorized by the Aldrich-Vreeland act without resorting to commercial paper.

IT'S SPERRY'S BIRTHDAY. Fifteen Thousand Americans and Australians in Grand Review.

Melbourne, Thursday, Sept. 2.—Fifteen thousand Americans and Australians took part in a grand review and parade to-day at Flemington, one of the western suburbs of the city. The weather was fine and great crowds of spectators were massed on every hand to watch the evolutions. The reception which they gave the American marines and bluejackets as they marched by was even more enthusiastic than that extended to their favorites among the troops.

This was Admiral Sperry's birthday and many congratulations were showered on him by the American residents. The city of Melbourne commemorated the occasion by presenting him with a silver bowl, bearing a suitable inscription.

FAIR HAVEN NEWS

Residents Pleased Over New Haven Police Board's Action Regarding Officers Mack and Cook.

Fair Haven residents are pleased over the honorable mention voted by the New Haven police board on Tuesday evening to Officers Mack and Cook for their work in arresting the persons connected with the Sheehan murder in Fair Haven East. At the meeting of the borough board on Friday evening it is expected that the policemen will receive another commendatory vote. An officer of the borough government last evening stated that he thought the borough officers were deserving of praise for their promptness in making the arrests. He said he had no doubt the officers would receive a unanimous vote of approbation. The borough board will audit and order paid bills amounting to about \$500 at its meeting Friday.

Although the democratic primaries were considered rather dull Tuesday evening in the Fourteenth ward of the 95 voters on the list, 42 cast ballots. The dullness was by reason of the fact that there was only one ticket in any of the Fair Haven wards. In this respect the primaries were not so lively as were the recent republican caucuses where there were some contests.

Anthony DeMatty, who has just returned from his vacation, went to Pittsburg and visited his brother, F. P. DeMatty, who accompanied him on the remainder of his journey. Mr. DeMatty reports the iron business rather dull in Pittsburg and some of the other Pennsylvania towns, but the manufacturers were expecting better business within a few months. Mr. DeMatty says that in Toledo, Detroit and some of the other cities in that section, the people have not known any dull times. He was much impressed with the fact electric service on the big trolley cars running out of Detroit. From Detroit to Toledo, the fifty-seven miles are made in two hours.

Elsha Roberts is moving from 17 Grand avenue to 22 Front street. Mr. Roberts, it will be remembered, erected a flag staff forty-three feet in height in Front street, near Grand avenue recently. He called the spot Port Hudson, and erected a sign bearing the name of the famous siege in the civil war where he was a soldier in a Connecticut regiment. The flag-staff was taken from the sloop Catherine which he built and some time ago disposed of and the craft was converted into a power boat. Mr. Roberts recently sold the flagstaff and assisted in its erection in Clinton avenue. He has a fine flag but has no convenient place to erect the flagstaff at the present time.

The funeral of Otto Domath will be attended at his late residence in Centerville to-morrow at 2:30 p. m. Sabin & Lane the undertakers, will have charge of the arrangements. Mr. Domath was a native of Germany and was fifty-nine years old. He died from a shock. He leaves a widow and several children. Last spring he bought a farm in Centerville and removed there.

East Rock lodge A. O. U. W., will hold its regular meeting this evening.

The agreement of the local grocery men and marketmen to close their stores Thursday afternoons during the summer terminated last week. The merchants are pleased with the arrangement, which is likely to be renewed next summer. It has given one half holiday in the week without any apparent loss in trade.

Sydney Gallagher and family of Blatchley avenue have returned from Short Beach.

Miss Louise Hubbard and Miss Belle Schaefer have returned from Northford.

Mrs. Edward Maley of Blatchley avenue and a party of girls she was chaperoning have returned from Woodmont.

The W. C. T. U., which suspended its meetings since June will resume its meetings this afternoon at its hall in Central hall building. It is the annual meeting and election of officers.

J. H. Thompson and daughters, Miss Mildred and Miss Genevieve, who have been stopping at the Merwin Point house, Woodmont, for two weeks, have returned to their home on Lenox street.

Mrs. John G. North, who died in Portland, Me., Monday, at the age of 86 years, was the mother of Mrs. Erastus Blakelee, who formerly resided here. Mrs. Blakelee resided here several years, when her husband, the late Rev. Erastus Blakelee, was pastor of the Second church, now the Pilgrim church. At that time, Mrs. North was a resident in this city and was a frequent visitor at the Blakelee home. Mr. Blakelee died a few years ago.

William E. Morgan of Grand avenue is attending the national convention of the G. A. R. at Toledo. Mr. Morgan for several years has been assistant adjutant general of the Connecticut department.

The second degree, Tuesday evening, on two candidates and the third degree on three candidates. The work was performed by the degree team. William Thorn of 174 Beacon avenue, has removed to 133 Edgewood avenue. A large party composed of ladies of the Grand Avenue Baptist church, went down to Mrs. George Loveland's cottage at Summer Island yesterday. They returned in the evening and reported having an enjoyable time. Mr. and Mrs. Enos Lucas celebrated their golden wedding at their home, 51 Exchange street, last Saturday. They were married August 29, 1858, by the Rev. Robin H. Loomis of Durham. They were the recipients of many pretty and useful presents, and among them was a gold cake with a goldpiece, a present from No. 2 union W. C. S. U., of which Mrs. Lucas is a member. THE POLITICAL MACHINE.

As Mr. Lillie has not yet been nominated by the dominant party, it is a bit premature to bring up for more serious discussion the machine of which it is proposed to make him the beneficiary, but since it has been referred to by the Springfield Republican and discussed by the Hartford Courant it can no longer be ignored.

It is the belief of the Republican that if the direct primary nominating principle were adopted in Connecticut it would "incidentally drop the present (republican) machine oligarchy into a pit so deep that it would never reach the surface again."

The differences between the kind of political machinery these gifted newspapers are considering and the kind which is ready to the hand of the party engineers in Connecticut to-day is that under the direct primary law the nominee of the republican party this year would be Governor Woodruff and not George L. Lillie.

OUR AERIAL COBBERS. Those who watched the heroic and timely rescue of Lineman Jackson on Center street Tuesday afternoon by his fellow workmen, and the members of the fire department, can have nothing but praise for all concerned.

But this would not be so serious a thing if the efforts of the machine stopped there. The voters could soon take it out of them at the polls, as they threaten to do this fall.

ment, in order that its members may occupy the more remunerative offices, and its friends and supporters the positions of compliment and honor.

The refusal of thousands of republicans and democrats to register under the preposterous enrollment law, when properly interpreted, means that at last all palaver about the need of organization, etc., is understood.

THE VERMONT ELECTION.

The two national organizations having attached in advance a significance to the election this year in the state of Vermont and the significance attached by them having been accepted by the public at large, the result may be said to have an artificial meaning for the political mathematicians.

It is difficult to see how either party can take much comfort out of the conduct of the voters of Vermont this month. There was no kicking of lively heels in either party.

As a rule it is needless to comment upon such cases as that of Harry Thaw, already too notorious, or the more recent legal entanglements of the Hains brothers.

OUR AERIAL COBBERS.

Those who watched the heroic and timely rescue of Lineman Jackson on Center street Tuesday afternoon by his fellow workmen, and the members of the fire department, can have nothing but praise for all concerned.

There are not many more such accidents as this may be considered fortunate. The remedy may be thought to lie in greater caution on the part of these men, who have elected this dangerous calling as their means of earning a living.

where his foothold is none too secure at best, to get to his work. Such an occurrence as that of Tuesday afternoon on Center street is another forceful argument in favor of placing every electric wire in the city underground, be it used for lighting, telegraph, telephone or trolley purposes.

When wires are put in suitable conduits, just below the street pavement, there is little chance that any workman will receive a shock.

If only looked at from the aesthetic standpoint, there is no reason why any corporation should permanently impose upon the city to the extent of disfiguring its streets with their wires. If they are given permission by the city to string wires they certainly can and should be made to put the latter out of sight at the earliest possible moment.

VERY APPROPRIATE.

We have read with very great interest on account of the convention of the republicans of the twenty-ninth senatorial district to elect delegates at large to the approaching republican state convention.

PRIVILEGES OF THE RICH.

As a rule it is needless to comment upon such cases as that of Harry Thaw, already too notorious, or the more recent legal entanglements of the Hains brothers.

It is quite as necessary that wealth be as powerless to interfere with the strict enforcement of justice in criminal proceedings as in civil proceedings.

It is quite as necessary that wealth be as powerless to interfere with the strict enforcement of justice in criminal proceedings as in civil proceedings.

With business picking up every day—right here in Connecticut cities and right here in Hartford—with bumper crops of wheat, corn, tobacco and all the rest, all but harvested, and with bright promise of success for the party of progress, there is a whole lot to be thankful for.

is not entitled and one which his family wealth alone brings him when he is allowed to take outings that others similarly sentenced cannot take, to receive food that others similarly sentenced do not get, or to be subjected to any discipline to which others similarly sentenced are not subjected.

Without a doubt much reform is needed in our court litigations. Mr. Taft may be depended upon to bring that change about, if it can be done.

Oh, but there are some papers that are "catching it" as the result of their anti-Lillie views. Our esteemed contemporaries tell us the Providence Journal and the Springfield Republican "Live just far enough away to be out of touch with Connecticut sentiment and not far enough away to get a good bird's-eye view."

By interfering in the recent West Point hazing cases, President Roosevelt naturally placed Colonel Scott, of the military academy, and Secretary Wright in a peculiar light, and to a certain degree, undermined their discipline and dignity.

OUR CONTEMPORARIES.

"A Grand Old Machine." (New York Sun.) The Connecticut republican machine is a grand old machine, just as the Connecticut constitution may be called a grand old machine constitution.

OUR CONTEMPORARIES.

The average annual loss by fire in the last five years has been \$21,000,000, according to the latest circular issued by the National Board of Fire Underwriters.

OUR CONTEMPORARIES.

The Western gold output from 1886 to the end of last May amounted to 19,504,695 ounces, and dividends amounting to \$87,376,840 have been paid to stockholders in that period.

OUR CONTEMPORARIES.

Two noblemen of the British peerage have the privilege of standing covered before the king. These are Lord Kingsale, the premier baron in the peerage of Ireland, on whose ancestor the privilege of appearing uncovered in the presence of his sovereign was conferred by King John; and Lord Forester, an ancient irregular French ancestor, a commoner, the like privilege was conferred by Henry VIII.

OUR CONTEMPORARIES.

Father Caughan of London, preaching on marriage, remarked that a woman said to him: "When you have seen one man you have seen them all, in their moods and tempers. They are all alike."

OUR CONTEMPORARIES.

Saleman (in department store)—Looking for something cheap, madam? Mrs. Henning (looking for husband)—Oh, do you see him? Which way did he go?—Boneman Magazine.

Gentleman Farmer (to his gardener)—Will you have one of my old hats to make a scarecrow for my corn? Gardener—If it's all the same to you, sir, I'd rather have one of the missus's; it would scare 'em more.—Pileggi's Buzzer.

Dealer—Let me sell you some of our new patent bait, sir? Fisherman—Is it effective? Dealer—Effective? Why, I sold a man some of it last week, and he got turned out of the church for selling the truth about the fish he caught—Cleveland Leader.

MASKETTE'S VICTORY

Turns What Seemed an Almost Certain Defeat Into a Brilliant Win. Sheephead Bay, N. Y., Sept. 2.—James R. Keene's entry ran one, two in the Great Filly stakes, six furlongs, today when the futurity winner Maskette won, with Wedding Bells second and Lady Bedford, third. Maskette displayed a wonderful turn of speed. She carried top weight, 127 pounds, and after being outrun to the bend took the lead and won romping. Mediant broke away in front followed by Wedding Bells and Lady Bedford, and Mediant continued to show the way for the first half mile when she began to tire and Maskette, having ground on the turn took the lead and won by a length. Wedding Bells was three lengths before Lady Bedford. Hamamelis Virginica

THE price of Witch Hazel Extract, at retail, mainly and simply varies according to the proportion of plain water added to the pure stuff as bought, according to the whim, notion or conscience of the retailer. A simple case of the more water the lower the price. As our Water Metre is out of order just now we can't figure exactly what water costs us, so we just bottle our Witch Hazel straight, as distilled, exactly as made, put in full quart bottles and ask 35 cents.

P. S.—If you prefer "commercial" Witch Hazel, you can get a bottle of ours and water it to suit yourself—and in some—and still have it of average retail strength. Edw. E. Hall, 381 State St.

NEWS OF THE COURTS

Wife-Beater Allowed to Go in Charge of Probation Office—Other Court Matters.

Having beaten his wife, John Dwyer, who works in the gas house and resides in East street, felt the heavy hand of justice yesterday when Judge Tyner assessed him \$25, with costs of \$8.04, in the police court, which in the ordinary course of events would insure John's presence up in Whalley avenue for some time to come. Dwyer told the court that he would take an appeal.

His wife who is without funds however, appealed to Court Officer Gilligan, who in a gentlemanly manner put the case before the judge, who, ever lenient to the repentant, allowed Dwyer off in charge of the probation officer's care.

Interesting Will.

In the will of the late Mrs. Laura D. Lindsey, wife of Dr. C. Purdy Lindsey, which has been filed in the probate court, the income of the estate is divided between her husband on condition that he doesn't remarry, and Miss Mabel Patterson. The estate is considered well over \$100,000, and is divided into a few small personal gifts to sisters and nieces, 57 per cent. of the income is to go to Miss Patterson, and 43 per cent. to Dr. Lindsey. This division Mrs. Lindsey explains is because of the fact that Dr. Lindsey will inherit from his father's estate.

In the event of the death of the doctor, his share is to go to Miss Patterson for her life use, and on her death, is to be divided between Mrs. Lindsey's two sisters, Mary D. Stevenson and Kate A. D. Kershaw. The sisters, with their children, were given small bequests of jewelry and other personal effects by Mrs. Lindsey.

In her will Mrs. Lindsey named her husband and Fred G. Zeibig of St. Louis, Mo., as executors. Mr. Zeibig resigned, and Dr. Lindsey alone remains to qualify. Charles E. Curtis and James E. Wheeler, are named as appraisers.

Judgment Suspended.

It isn't every prisoner in the police court who has the nerve to tell Judge Tyner that he doesn't care what the court does with him. But 13-year-old Ernest Walcott, who was picked up by a train by the railroad police a day or so ago, had Eva Tanguay beaten a mile for he let loose a volley of "I don't care," when arraigned before his honor yesterday morning. Judgment in the case was suspended despite the fact.

Sent to Jail for Fifteen Days.

What to do with Jerry Mannix, legless, and with his crutches lost on a drunken debauch, puzzled Judge Tyner, in the police court yesterday. Jerry had both legs taken off at the knee by a freight in Meriden, over a decade ago, and since that time he has taken to drowning his misfortune in drink. He has been found helpless here several times and the other night he was again picked up intoxicated. His crutches had been either lost or sold—he didn't know which. He was taken to jail to sober up, but it was evident that he was still "hazy" yesterday morning. He couldn't get about much on his wooden stumps without his crutches. He wasn't in shape for Springside, and so the court decided that a longer period in jail would do him the most good. He was sent up for 15 days, and will probably be put in Springside when he comes out.

Other Cases.

You can't pull Tommy Blake, who is 18 years old of 633 Congress avenue, out of bed in the morning with a pair of horses, as his family told Judge Tyner in the police court yesterday. Tommy simply won't get up in the morning, neither will he exert himself in any other way. Accordingly his case was continued until Sept. 30, in the care of the probation officer.

Jehiel K. Pickett of 209 Davenport avenue was held on a charge of idleness until Sept. 4, as the police suspect him of obtaining money under false pretenses. Pickett, the police state, has served several terms in prison. Thomas Murley gathered in so much joy last Saturday night that yesterday he was sent to jail for 30 days for resisting Patrolman Sallies, 30 days more for breach of the peace, and 150 days more for being a common drunkard, second offense. Murley took an appeal on all three cases.

WIND UP SEASON.

Local Police Go to Waterbury for Final Game.

The local police nine will go to Waterbury where it will wind up a most successful season. Although a league game the result of the contest will have little bearing on the standing of the clubs as the New Haven nine is the undisputed champion. The men will leave the corner of Church and Chapel streets at 1 o'clock on the Waterbury car. The following is the probable line up of the team: Lautenbach, 1b; Dermody, p; McCormick, c; Sullivan, ss; Doherty, 2b; Lyons, cf; Trainer, 3b; Connelly, lf, and Tracy, rf. Ellis will also be taken along.

The season has been a highly successful one, both financially and from an athletic standpoint of triumph. Manager Lippincott and Assistant Manager Hope have done well and deserve credit for their work.

GAMES TO-DAY. New Haven at Bridgeport. Hartford at Meriden.

It was a case of Fan Wax, that famous game of old days, with the Meriden nine as the lucky ones. They having captured the first contest, thought that it was their turn to be generous and decided to share the spoils of the double-header with George Bone's side.

There was absolutely no excuse whatever for the locals riding off with the tail end of the game.

There was nothing doing in the run game until the sixth when Kid Sherwood worked for a walking kick.

The visitors woke up and secured a run in the eighth. Bridges walked and was sacrificed to second.

Explanation for Strength of Erie—Steel Earnings Booked for a Rise.

Starting generally higher, stocks continued to advance by degrees until early in the afternoon.

The arbitrageurs were estimated to have bought in all about 40,000 shares.

With a loss of \$295,000 in the gross for July, Chesapeake and Ohio showed a decrease of only \$23,000 in the net.

The only explanation heard in Wall street for the strength in Erie was that it was moving with the other Harriman stocks.

Bids for copper metal were lowered 1-8 cent per lb. around in the afternoon.

It is understood in well-informed quarters that the Steel corporation's earnings for the three months ending with September will be far in excess of most estimates.

STOCK MARKET REVIEW.

Recent Lesson to Bears Make Traders Distrustful and Hesitating.

New York, Sept. 2.—The tone of the speculation in stocks today showed a degree of distrust and hesitation.

The feeling was based on the heights to which prices have been carried already and found expression in refraining from further buying and bidding up of stocks.

More than in any active attempt to get them lower.

The lesson of the recent punishment administered to the bears is too fresh in mind yet to have lost its intimidating effect.

The doubts about the warrant for the present level of prices are due to some skepticism over the alleged rate of recuperation in business.

The absence of the usual seasonal demand from the interior for funds is the subject of growing remarks.

The pressure of funds for investment is perfectly logical even with prices of stocks at a level to invite realizing sales.

The difficulty of finding other profitable employment for funds deters holders from selling.

Money on call is almost a drug in the market and the scant supplies of desirable commercial paper are eagerly sought for investment.

The railroad mortgage market is affected in the same way.

The report that foreign investors are joining in this demand is less easy of comprehension in view of the international exchange situation.

London and Berlin were reported large buyers of stocks here today, and this was an important factor in the early strength of the market.

were made upon the ground that the defendants' Constitutional privileges had been violated in calling them as witnesses before the Grand Jury.

VERMONT AND THE STREET.

Election Plurality Not Considered an Encouraging Sign.

New York, Sept. 2.—On the Stock Exchange, opinion was divided as to the moral effect of the Vermont election results.

The republican plurality, 29,000, was slightly below the popular estimate of 30,000, and there was some disposition to lay stress on the fact that it is much the smallest plurality since 1892.

Wall Street was rather more disposed to lay stress on this fact than on the comfortable excess over the traditional "lead-line" of 25,000.

It was characteristic of Wall Street that it listened more seriously to the unfavorable inferences when the stock market ceased advancing, and that discussion at once began of the Maine state election, week after next.

Maine, however, has never been so safe a criterion of national tendencies in presidential years as Vermont; local issues have frequently complicated the result.

FORTIETH ANNUAL REUNION.

27th Regiment, C. V. Meet at Putnam's—Nine Deaths During Year.

The 40th annual reunion of the 27th regiment, Connecticut Volunteers, was held yesterday at Putnam's restaurant, Sayin Rock, where a short dinner was served at 1 o'clock.

Joseph R. Clark of Milford was elected president and Robert E. Buchmaster of Wallingford was elected vice-president.

The secretaryship was given to Comrade Charles F. Smith of West Haven, while W. W. Price of this city will be treasurer.

Charles A. Baldwin of New Haven was elected chaplain and an executive committee consisting of one representative from each company was elected as follows:

Co. A, Henry C. Shelton; Co. B, Edward R. Sheldon; Co. C, Edward R. Baldwin; Co. D, Henry E. Smith; Co. E, James W. Rice; Co. F, Edward T. Wilcox; Co. G, Albertus N. Clark; Co. H, Leander F. Johnson; Co. I, W. W. Price; and Co. K, Charles Sprayer.

About fifty veterans were present and these coupled with the wives of the veterans and the invited guests brought the number up to about 85.

The secretary reported the deaths of nine veterans during the year.

Among the invited guests to the reunion were the Honorable N. D. Sperry, Robert Woodruff, prosecuting attorney of the common pleas court; Postmaster James Howarth, Major A. H. Embley and Mrs. Ethel Cowles and son, All these with one exception responded after dinner to the call of Postmaster Wallace I. Foster, Parson Isbell and Rev. A. N. Countryman also rendered some fitting remarks.

This regiment was a New Haven county regiment and the larger part of the command enlisted in this city.

The regiment participated in the battle of Chancellorsville, Fredericksburg and Gettysburg, and in the latter battle Col. Henry C. Merwin of this city was killed. There are about 250 survivors.

A firm of shady outside London brokers was prosecuted for swindling, in acquitting them, the court with great severity said:

"There is not sufficient evidence to convict you, but if any one wishes to know my opinion of you I hope that they will refer to me."

Next day the firm's advertisement appeared in every available medium with the following well displayed: "Reference as to probity by special permission of the lord chief justice of England—Everybody's Magazine."

A Few Words Regarding the Alterations.

All summer we have had the builders working on the new Pitkin St. addition to our store. The work is now rapidly nearing completion. The first floor of this new building will be devoted to the Cloaks and Suits, making the largest and lightest apparel section in the city. The space on the second floor now occupied by the Suit Room will be devoted to Millinery. This handsome new section when finished will be second to none of its kind in New England. There will also be a new department in the Basement of the Pitkin St. addition. Here will be located a thoroughly stocked Housefurnishing and Crockery Store. Notices of the formal opening of these new departments will appear in our daily store news at an early date.

As Through A Shop Window

Double-width chiffon in all colors, to be used for automobile veils, can be found in all the shops.

Negligee gowns and sacks in silk and crepe de chine are displayed to tempt fall brides.

The vogue for separate coats will have a salutary influence on the vendors for winter, since nothing else combines so richly with cloth.

Rubber coverings for injured fingers may be found in the drug store. They are more convenient than the kid glove finger ordinarily used, for they will stay on without being tied. They come in all sizes.

Housewives delight in plenty of toweling and the kitchen towels are of as much importance as are those for the guest room. For the kitchen there is an all-linen crash dish toweling eighteen inches wide at 12 1-2 cents a yard; glass toweling, also same width and price.

A novelty intended to slip into a shopping bag is a flat little case of gun metal. One of the inner sides is fitted out with rows of bristles, which lie flat when the case is closed but rise when a spring is touched and becomes a stiff brush. This may be devoted to clothes, nails or hair, according to the needs of the wearer. The opposite side furnishes a mirror, back of which is concealed a nail file, a pencil and other small aids.

September brides may find it profitable to inspect the broken lines of lingerie now offered at reduced prices in the stores. Among these are quality corset covers whose only fault is the soil caused by shop wear, while petticoats, corsets, and, in fact, all muslin and cambric under wear that are now subject to the same marked-down price can be found in sets that match fairly well. If the underwear is to be made at home equally good bargains can be secured among the remnants of embroideries.

Hints of what the fall fabrics are to be like are already creeping into the shops, so many of the fabrics will be well known. That glossy-faced materials, with satins in the lead for elaborate occasions and satin-faced wools for daytime use, will prevail, there is no doubt.

A great many checks, plaids and stripes are to be employed. Among some samples seen which represented a part of a buyer's output for the coming season, it was evident that very simple but firm weaves, such as the broadcloths, Venetian clothes, pruned lin and serge are to be in great request. And it is said that enormous orders for velvets are putting the velvet manufacturers through their paces to keep up with them and get them to their customers before the season opens.
