Contribution to Republican Campaign—Mrs. Sage Gives \$1,000. New York, Oct. 9.—The fact that Andrew Carnegie has contributed \$20,000 to the campaign fund of the republican national committee was announced by Chairman Timothy L. Woodruff. Mr. Woodruff also announced that Mrs. Russell Sage has contributed \$1,000 to the same fund. The chairman said that he was informed of these contributions by Gen. Stewart L. Woodruff.

SHAW TALKS SOME MORE

Discussion of Tariff Revision Methods Before Boston Reformers. Boston, Oct. 9.—Former Secretary of the Treasury Leslie M. Shaw and Everett P. Wheeler of New York, former president of the New York Reform club, were the speakers before the Massachusetts Reform club at Young's Hotel to-night.

CHOLERA IN THEATER

Discovery of Case in St. Petersburg Causes Panic During Show. St. Petersburg, Oct. 9.—A case of cholera was discovered during a performance last night at the Boulevard theater. There was a panic in the audience, but no one was hurt.

PAPER STRIKE BREAKERS

Livermore Falls, Me., Oct. 9.—Twenty-five strike breaking paper makers arrived here to-day from Albany, N. Y., to go to work in the mills of the International Paper Co. here, which have been closed on account of a strike for about two months. The men were escorted to the plant by constables who came with them, and special police officers. The men will eat and sleep in the mills.

TURK GENERAL WOUNDED

Ball Cartridges Used in Shani Battle Raises Suspicion of Plot. Askaniad, Turkistan, Oct. 9.—During the manoeuvres of the Turkistan army corps to-day in the vicinity of Askaniad, General Mitchenko, who played a conspicuous part in the Russo-Japanese war and who is now governor general of Turkistan, was wounded in a shani battle. A revolutionary plot is suspected. The general, with his staff, was watching the operations from a slight eminence, when the whistle of bullets was heard. He was struck in the leg above the knee, but the ball did not touch the bone. An adjutant of Mitchenko was slightly wounded. The manoeuvres were suspended and the weapons and ammunition of the troops were examined. Ball cartridges and traces of shot in the barrels of a number of rifles were discovered. An investigation is in progress.

DANBURY MAY LOSE

Surrogate Refuses to Probate Will—Leaving Part of \$250,000 to City. Saratoga, N. Y., Oct. 9.—Because of Saratoga's ostrander's refusal today to probate the will of Mrs. Elizabeth Saratoga of New York and Saratoga, her native city, Danbury, Conn., may not receive, as provided in the will, a portion of the \$250,000 estate for the purpose of providing employment for laborers and peddling goods and infra-workmen. The surrogate's refusal was based on failure to comply with the legal requirements as to proof.

ASK NEW INSPECTOR

Trades Council Petition for Heating and Power Man Heard. A public hearing was held by a special committee of the board of aldermen last night on the petition of the Trades council that city inspectors be appointed. Stephen Miller opened the case for the petition explaining in brief what the object of the request is. He was followed by William Costello, who as an experienced steamfitter, explained at greater length the need of such an official. He said that there are many plants being installed in New Haven now, that in the larger buildings high power plants are beginning to be favored and that there is a large element of danger involved in these. He argued that the city should have an inspector to see that these plants were properly installed and to visit them from time to time to ascertain that they were in good condition just as the city has a plumbing inspector to look after the city plumbing. He said that at the present time the city had no ordinance providing for any such inspection and has no man in its employ that would be competent to do the work.

PRESENT DANGER IS URGED

William Costello Declares He Would Save Enough to More Than Pay Salary. The board of relief sessions are beginning to get quite busy now and the appeals from the central property increased valuations which began on Thursday, continued with increasing force yesterday. Now that the tax has been broken the board expects that there will be a flood of appeals covering practically all the land in the center where the increases were made. The appeals yesterday which increased the number already in to about a dozen represented mainly property on lower State street and George street. "Chapel street is still to be heard from and appeals from the big firms and large property owners on that main thoroughfare are expected in a day or so.

TOM REILLY TO SPEAK

Rally for Democratic Nominee for Congress Here on Thursday. The democrats of the city are planning another roasting rally with band and redde some night next week, probably Thursday, for Mayor Reilly, of Meriden, who is running for congress against the Hon. S. D. Sperry of this city. The rally is partly in reply to a request made by the democratic marching club of Meriden which will have a band and redde to join with the New Haven people in the support of the candidate.

FLEET OFF FOR JAPAN

Sails from Manila With Few Spectators and No Demonstration. Manila, Oct. 10.—The sixteen big battleships of the Atlantic fleet are now enroute to Japan. Sailing orders were given by Rear Admiral Charles N. Sperry for the fleet to depart two hours earlier than the announced time yesterday and early this morning the flagship Connecticut got underway. Half an hour later all of the great ships were in motion and followed the Connecticut down the bay. The people had not been warned of the change in the hour of departure and few witnessed it. There was consequently no ceremony or demonstration of any kind save the dipping of flags by the merchantmen and the whistling salutes by the launches in the bay.

PHYSICIAN'S AUTO KILLS WIFE

Accident Near New Haven. Auburn, Me., Oct. 8.—Dr. Charles E. Williams, a prominent physician of this city, and Mrs. Williams, were the victims of an automobile accident at Curtis Corner, in Leeds, early to-night. Their machine was overturned, plunging them beneath it. Mrs. Williams died a short time after she had been removed from the wreck, and his condition of Dr. Williams is serious.

SHONTS WARNS OF GREATEST DANGER

Physical Operation of Roads by Commissions More Fatal Than Governmental Ownership. Chicago, Oct. 9.—Theodore P. Shonts, speaking on "The Future Rail and Water Transportation in the United States" before the waterways congress to-day, said in part: "The widening and deepening of the waterways built by nature between the lakes and the gulf has long ceased to be a local or sectional question. It has become a matter of national, and in fact, international importance on account of the effect which it promises to have on our commerce with other countries. It is therefore entitled to the active support of every patriot of America."

PLEASSED BY PLANS

Ives Library Committee Goes Over Details With Cass Gilbert. The members of the Ives memorial library committee met last evening in the office of George D. Watrous, chairman of the committee, to receive the detailed plans for the new library from Cass Gilbert, the eminent architect, who has been preparing them. Mr. Gilbert presented the plans all worked out in full detail and ready to be used to ask bids on. The plans were carefully gone over at great length and the members of the committee expressed themselves as greatly pleased with them, and so well satisfied that although no formal adoption of them was made last night it is practically certain they will promptly be approved and sent to the library board directors for their approval so that work can be started on the building in a few days. With the committee in the session last night sat Willis Stetson, librarian of the public library.

GENERAL LAYOUT DECIDED

Members Express Approval and It Is Likely They Will Require No Alterations. There are but a few minor changes from the general plans which were approved last spring, those presented last night being the detailed working out of the previous plans. They provide for a large general delivery room which will be entered through the main entrance from Elm street. This main delivery room will be a large one, beautifully decorated and rising through the entire height of the building. It will be capped by a handsome dome of glass. Rearward from this main delivery room a corridor will extend on one side of which will be the shelves for the books to which the patrons of the library will have free access and on the other side will be the general reference and reading room. Across the entire rear of the building will extend the stacks which will be of steel on the latest plan similar to those in the new Cattelton library at Yale.

MORE APPEALS COME

Property Owners Represent That Rents Have Not Advanced. The board of relief sessions are beginning to get quite busy now and the appeals from the central property increased valuations which began on Thursday, continued with increasing force yesterday. Now that the tax has been broken the board expects that there will be a flood of appeals covering practically all the land in the center where the increases were made. The appeals yesterday which increased the number already in to about a dozen represented mainly property on lower State street and George street. "Chapel street is still to be heard from and appeals from the big firms and large property owners on that main thoroughfare are expected in a day or so.

BARNEY HITS IT UP

Oldfield Beats Walter Christie in Three-Mile Auto Race. Cleveland, O., Oct. 9.—Teasing around the Glenville race track at the rate of a mile a minute, Barney Oldfield beat Walter Christie today in a three-mile automobile race. In the semi-finals Christie defeated Robert Keiser and Oldfield beat Charles Soules. Christie and Oldfield then ran a three-mile heat, Oldfield taking the first. The remaining two heats will be raced to-morrow. Time, 3 minutes 31. Each of the contestants gave exhibition miles with a flying start, but no records were broken. Christie made a mile in 53.1 seconds.

RETURNS FROM THE WORLD'S CHAMPIONSHIP GAME BETWEEN DETROIT (AMERICAN LEAGUE) PENNANT WINNER AND CHICAGO (NATIONAL LEAGUE) PENNANT WINNER WILL BE ANNOUNCED FROM THE JOURNAL-COURIER BUILDING, 400 STATE STREET, THIS AFTERNOON.

SAULT STE MARIE, Mich., Oct. 9.—A fight with rifles between American fishermen and Canadian officers is said to have taken place on Lake Superior, opposite Whitefish Point, yesterday. Boats arriving at the Canadian side tell of seeing the trouble at a distance. Local Canadian officers admit hearing of the affair, but decline to discuss it. Americans are said to have been fishing in Canadian waters at this end of the lake for some time and several days ago officers went to the scene to make a seizure. It is reported that the fishermen escaped.

AGREEMENT HEARD

Director Foley Tells of Arrangement Regarding Granite Blocks. The session of the special committee from the board of aldermen for the purpose of giving the public a chance to express ideas on the proposed agreement with the Connecticut granite company regarding the use of the granite blocks taken up in the repavement of certain city streets which both the city and the trolley company claim as their property, was a brief one. Director Foley for the city explained that the agreement, which provides that the trolley company may continue to use the blocks on East Chapel street and shall bring a friendly suit against the city to determine through the courts the true ownership, is in the form of a contract, the trolley company to purchase the blocks from the city at a price which the aldermen are to determine with the road and both parties to act as if the blocks had been purchased by the trolley company, it being a condition sale conditioned on the decision of the court. If the trolley company wins the case the sale will of course be off. The question of ownership this does not come before the committee of the aldermen at all.

FRIENDLY SUIT TO COME

Engineer Osborne Tells of Company's Willingness to Accept Proposal. The other side was presented by F. H. Osborne, an engineer for the road, who represented at the hearing. He said his road was a party to the agreement to bring a friendly suit to determine the ownership of the blocks. He said they were being used on the pavement of East Chapel street. No attempt was made last night to determine the price. The committee reserved its decision on the matter.

RED FIRE FOR SUNNY JIM

Southeastern Pennsylvania Turns Out to See Candidate. West Chester, Pa., Oct. 9.—To-night through streets thronged with cheering thousands and blazing with various colored lights, James S. Sherman, republican vice-presidential nominee, rode at the head of a great political parade which was arranged by local party leaders in honor of the candidate. The political activities of William H. Taft's fellow nominee shifted quickly to-day from the middle west to the Atlantic seaboard in a flying trip to fulfill a speaking engagement in the district of his personal friends, Congressman Thomas S. Butler, who lives in this city. Large delegations from many nearby towns poured into town all afternoon to take part in the demonstration. Music from a dozen bands and gaily attired marching clubs added to the enthusiasm.

GIVES NEW SPRING

Member of Heaton Family Provides One for Rock. Through the gift announced to the park commission at its meeting last night, that board will now be able to add to the attractions at East Rock park a fine new spring, or rather an old spring that has long been disused and allowed to go to waste. The spring is known as the "Colonial Spring." The gift comes from a member of the Heaton family and is given to perpetuate the memory of James Heaton of colonial times. The donor is keeping his name concealed and he is not wish to have it known who he is. The park board accepted the gift last night and passed a vote of thanks to the unknown donor. The spring, located at the base of East Rock to the right of the orange street entrance and in the early days of New Haven history was used by travelers to quench their thirst.

SERVIA CONTINUES TO CRY FOR WAR

Report of Bombardment at Bosnian Frontier Following Killing of Austrian Gendarmes. Despite warnings to King Peter from Great Britain and France that the people of Serbia must be kept in check the populace of Belgrade held demonstrations yesterday and demanded the resignation of the cabinet and the abdication of King Peter unless he declared war against Austria-Hungary, which has refused to accept Serbia's protest against her annexing of Bosnia and Herzegovina. Ten thousand Austro-Hungarian troops are garrisoned along the Drina river between Bosnia and Serbia, ready for eventualities; and it is said 150,000 men can be thrown into Serbian territory in twenty-four hours.

BUSH AND HYDE WIN IN ORANGE

Named for Republican Representatives in Biggest Caucus Held There in Years. Before the largest republican caucus in the history of Orange politics last night, Charles K. Bush and Frederick C. Hyde were placed in nomination for republican representatives. The town hall in West Haven, the scene of the caucus, was packed with men wrought up with excitement over the picking of the candidates for the position. The other two were John Brown, present representative, and James B. Smith.

TOWN HALL WAS PACKED

James B. Smith and John Brown Defeated in Hot Fight for Honors—Wrangle Over Voting. There was a long dispute and many speakers as to how the building should be done. Some wanted all the names to be voted on, the highest chosen, and then the other candidate picked by vote from the other three. Another proposition was that two names be voted for on the same ticket. Another proposition was that the first and second on a single ballot be taken. It was finally voted that two names be balloted on.

PHILADELPHIA PAGEANT

5,000 Men and Women in Great Historical Presentation. Philadelphia, Oct. 9.—Like pages out of the past and fraught with the memories of 225 years, the first great historical pageant ever planned in this country took place today before three-quarters of a million people. In this culminating feature of Philadelphia's notable celebration of Founders' Week, there were 5,000 men and women in costume. There were seventy floats representing months of careful study and faithful to the last detail in their portrayal of the scenes selected from the long span of years that have marked the growth of the city. People fought to get a glimpse of it and hundreds of women and children, fainting from the congested corners, every ambulance in the city was brought into use and every hospital was filled. The eight miles of grandstands covered practically every foot on each side of the route traversed by the pageant.

NEWS OF THE STATE

Funeral of Bishop Tierney Is Largely Attended—Killed by Freight.

REPRESENTATIVE IS NAMED

No One Blamed for Waterbury Gas Tragedy—Page Not to Run for Office.

Hartford, Oct. 9.—In all its solemn grandeur pontifical high mass for the repose of the soul of Michael J. Tierney, late bishop of the diocese of Hartford, was sung in Gregorian chant in St. Joseph's cathedral this morning by 100 voices from St. Thomas' seminary and the boy choir of the cathedral. Most Rev. Archbishop William O'Connell, D. D., of Boston officiated, assisted by the Rt. Rev. Mgr. Synnot, administrators of the diocese. The other officers of the mass were deacon, the Rev. John Cooney, P. R., Meriden; sub deacon, the Rev. John Russell, P. R., New Haven; masters of ceremonies, the Rev. J. G. Murray, the Rev. E. M. Hayes and the Rev. J. P. Quinn; chaplains to the bishops giving absolution, the Rev. John Van Noort, Putnam; the Rev. Michael Keon, New Haven; the Rev. Hugh Tracnor, Norwich; the Rev. Charles J. McElroy, P. R., Bridgeport; the Rev. Walter J. Shanley, P. R., Danbury; the Rev. John T. Winters, New Britain; the Rev. James P. Donovan, D. D., P. R., and the Rev. Maurice F. McAuliffe, Hartford.

The sermon was preached by the Rt. Rev. Bishop Matthew Harkins of Providence, a close friend of the late bishop.

At the conclusion of the sermon the final absolution was pronounced by the archbishop, assisted by the bishops of the diocese. Then the body was placed in the crypt.

The cathedral was crowded during the ceremonies. Several hundred people stood in line for an hour before the doors were opened in order to be sure of a seat.

Democratic Caucus Held.

Derby, Oct. 9.—At the democratic caucus held here to-night Edward Tracy and Joseph Colwell were nominated for representatives. The republicans at their caucus nominated Edwin Hallock and Charles E. Beardsley for the same offices.

Killed by Killed by Freight.

Meriden, Oct. 9.—William Kilmartin, aged twenty-seven, was almost instantly killed by a freight train at the railroad station here to-day. It is said that Kilmartin was trying to board the train when he slipped and fell under the wheels. He lived with his parents in this city.

Page Not to Run.

Naugatuck, Oct. 9.—John M. Page of this place, who was nominated by the Fourteenth district democratic senatorial convention in Milford, on Wednesday for state senator, said to-

day that he would positively be unable to accept the nomination, owing to his business affairs, which will occupy his entire time.

Looks Bad for Mike.

Bridgeport, Oct. 9.—More testimony to show that another man known as "Comet House Mike," was the slayer of Frank Olinsky, was introduced today by the defense in the murder trial of Mikolola Mishita of Shelton, now going on before Judge Case and a jury in the criminal superior court. Peter Padia testified this morning that he saw Mike Djalidk at the wedding and that Djalidk was known as "Comet House Mike." The next Sunday he saw Djalidk packing a suit case and in explanation he said Djalidk said: "I must go away to Brooklyn for I killed that man." Djalidk explained that he was drunk at the time and did not know what he was saying.

No One Blamed for Gas Tragedy.

Waterbury, Oct. 9.—Deputy Coroner W. D. Makepeace late to-day forwarded to Coroner Mix his report of the illuminating gas fatality, which resulted in the death of four Italians in a boarding house here early Thursday morning. He declares no blame can attach to the tenants of the floor below, who, he believes, although they deny it, deposited a quarter in a long disused meter on their floor. They could not be expected, he says, to know that the meter supplied the floor above, where the tragedy occurred, or that a gas fixture on that floor had been torn away, leaving the pipe open. He attaches no blame to the gas company. No inquest will be held.

Taft's Grant Speech

Kern Says "Attack" Is Evidence of Taft's Weakness.

Clifton Forge, Va., Oct. 9.—John W. Kern, the democratic vice presidential nominee, said a hurried visit to this city to-night, making the last address of his tour through Virginia. He spoke to a large audience in the Masonic Opera house. His voice was husky from his labors of the past few days, and for this reason he said his remarks would have the virtue of brevity. He took up Mr. Taft's record on the subject of injunctions, declaring that regardless of the promises the republican candidate may make now, (Kern) workers, many of whom were factory workers, would not be misled by Taft's protestations.

"Mr. Taft's unfitness for the office of president," he said, "if not sufficiently demonstrated by his record as a judge, was shown by the fact that he had taken his speech of acceptance to Oyster Bay to have it O. K'd by the president. He is weak; if he were not, he never would have made the attack he made in New York upon General Grant."

SHORTS WARNS OF GREATEST DANGER

(Continued from First Page.)

ad—it is dead. Until legitimate regulation is substituted for the physical operation which is now authorized there can be no railroad progress in New York or any other state which has analogous laws. Rather than see this analogous condition become general and permanent, I as a railroad man, would prefer governmental ownership and operation of the railroads, dangerous as that would be for the maintenance of our liberty, because operation without ownership, not only destroys the initiative by destroying the hope of reward to the individual officers and drive up the fountains of money supply which are necessary to keep the railroad development abreast of the traffic requirements, but also because of the fact that the commissions which operate the railroads have no financial responsibility and are not held accountable for results. Therefore extravagance and graft and ruin must eventually ensue, whereas if the government bought the railroads and paid for them it would of necessity be responsible to the people for a fair return of the investment and unless our whole theory of government should prove a failure, it would have to hire trained men to operate the properties and place on these men responsibility for such management as would satisfy the people that the properties were efficiently and economically administered.

"Do not misunderstand me—I believe in supervision or regulation by commission. I think the welfare of the country and the welfare of the railroads requires the existence of such bodies and that they be clothed with powers sufficiently broad to enable them to effectually protect the public welfare.

"The solution of the problem of continuing railroad development and creating additional facilities which should now be under active construction therefore rests in giving the railroads a square deal. This means a prohibition of all rate discriminations, but full, complete authority to fix their own rates, subject to review, and thus obtain under normal conditions, a fair return of the investment. It also means the right under proper regulation to operate their own properties. That is at that is needed but that is absolutely essential."

HUGHES ANSWERS SHORTS

Declares Public Service Commission Serves Legitimate Purpose.

Webb City, Mo., Oct. 9.—When asked today about an attack upon the public service commission law of New York, reported to have been made by Theodore P. Shorts before the Waterways convention in Chicago, Governor Hughes of New York gave the Associated Press this formal statement: "The public service commission law does not interfere with legitimate enterprises. On the contrary it makes needed provision for the enforcement of the rights of the public and those who are willing to deal with the public fairly should find nothing but advantage in its provision."

**COL. STEWART TO
BE FORCED OUT**
Army Retiring Board Finds the
Officer Seriously Afflicted
With Valvular Disease
of the Heart.
WILL BE RETIRED TO-DAY

Says He Has Hidden Twenty to Thirty Miles a Day—General Grant Said Efficiency Was Marred by Frailty.

Washington, Oct. 9.—The army retiring board which has been investigating the health of Col. William F. Stewart, the so-called "Fort Grant exile," concluded its work to-day, and while the result of its deliberations was not officially made public, it is understood that the board found Col. Stewart so seriously afflicted with valvular disease of the heart as to incapacitate him from active service in the army. The finding which has been agreed on will be reported to the secretary of war probably tomorrow and it is considered likely that Col. Stewart's retirement by the president will follow. If not retired, Col. Stewart would have more than four years of active service and since he is one of the oldest officers of the artillery corps, his friends contend he would stand a good chance of reaching the grade of brigadier general before leaving the active service. If retired he will receive three fourths of his regular pay, or about \$400 per month.

Before the board took the subject up in executive session to-day it heard a somewhat detailed statement by Col. Stewart relative to his record in the army and listened to brief arguments by Col. Stewart's counsel and Recorder-Howard, who spoke for the secretary. Col. Stewart was not permitted to go outside his medical record, and when his attorney made an effort to elicit from him the circumstances under which he had been transferred from Fort Barrancas, Fla., to Fort Grant, Ariz., Captain Howard interposed positive objection which was sustained by the board.

In his statement Col. Stewart said that he was in the habit of taking horseback rides of from 20 to 35 miles a day for many years until his removal to Fort Grant a year ago. He found at Fort Grant only one horse, and inasmuch as that animal was a cripple he was deprived of this opportunity for exercise. While at Fort Grant, however, he substituted walking for riding and generally covered from eight to fourteen miles a day. He never felt any ill effects from either walking or riding, and up to a month ago he had received no warning from any physician against these forms of exercise, notwithstanding for 35 years he had been under the observation of army surgeons. He said that he had known ever since 1874 that his heart was affected, but he paid no attention to that fact. Col. Stewart said that he had been in the service for almost forty years, and that there were only four officers having a longer record.

"Do you wish to be retired?" asked Mr. Lattimer, the colonel's counsel.

"No," responded Col. Stewart, with emphasis.

"Why do you wish to continue in the service?" asked the lawyer.

"Because I have spent my life in the army and am fond of the service. I was born at a military post, grew up on the frontier and when I grew up entered the army. I see no reason why I should be prevented from remaining an officer until the arrival of the time for my retirement as fixed by the law."

The arguments of counsel were brief. Mr. Lattimer, for Col. Stewart, contenting himself with a retrospect of his client's service, which, he said, had been the subject of much favorable comment, the only criticism being by General Grant, who said that Col. Stewart was an able and efficient officer, but that his efficiency was marred by frailty.

DO NOT HATE RACE
Wallace Battle Says It Is Ignorance and Dirt, Not Color, That Divide.
EDUCATION OF THE NEGRO
Believes If These Bad Features Are Eliminated Prejudice Against Negro Will Cease.

Wallace A. Battle, president of the Okolona (Miss.) industrial college for colored young men and women, spoke before the New Haven union of the King's Daughters at the Trinity M. E. church yesterday afternoon at 4:30. This was the last of several speeches in New Haven by the head of the Okolona industrial school, and the King's Daughters, consisting of 35 circles, gave Mr. Battle a most cordial and enthusiastic welcome.

He said in part:

"The race prejudice to address the representatives of the first women of the first city of Connecticut is a privilege that shall ever inspire me to even larger activities in the work to which the whole country is now about to turn its attention in earnest.

"When the chapter which is so conspicuously omitted in written upon the work of American women the historian will probably close it with the most unalloyed work of all—the work of the New England women to bring up the rear of American civilization. There are many of these and you are a part of them; and as a race want you to know while you live that we with gratitude upon our feeble lips are lifting up to call you blessed.

"In spite of the multiplicity of difficulties to build an industrial school in the black belt, in spite of the poverty-stricken condition of my race to help, and in spite of the destruction of three of our best buildings two years ago by storm and fire, the total property valuation is today at \$5,000, and there are 300 students and 11 industries taught by 18 teachers.

"Mr. Carnegie's contribution of \$5,000 for the new buildings is an condition that no debt shall be left; 400 young men and women are anxiously awaiting the opening of school, which cannot be done until the comparatively small sum of \$5,000 has been raised for the equipment of the new buildings."

The speaker here described conditions in the rural districts of the state, and continued:

"I contend that the other races do not hate the negro, but, on the contrary, have a deep sympathy and love for him. Many people are mistaking the sign for the thing. The real thing that other races are running from and objecting to in the masses of my race is not the negro himself, but ignorance, dirt and poverty. Change these, and even bad men will not object to the presence of the negro. The only problem is the removal of these three things—all the rest of the problem has been well solved by an old colored lady in Kentucky.

"At Okolona we are teaching our young men and women that it is just as honorable to be a first class house servant, farmer or bricklayer as to be a cheap politician, or to hold some minor federal office for a season.

"Under Governor Noel there is an increasingly kindly feeling between the races in Mississippi, and if you will help the whites there who are overburdened with the peculiar educational problem of the south, you will contribute largely toward making more glorious our united country which we all love so well."

President Battle was introduced by his friend and former classmate at Berea college, Edwin R. Embree, assistant editor Yale Alumni Weekly.

An ill. Ex. Chief of Police found an easy and safe way out of the ill caused by coffee. He says:
"I suffered intensely from heart trouble and nervousness for five years, and though treated by some of the best physicians in this city, did not get permanent relief until I changed from coffee to Postum."
"A friend of my family was visiting at our house and seeing my condition, insisted that coffee was at the bottom of my trouble. I confess I was skeptical but promised to try Postum in place of coffee."
"It was nearly three weeks before I noticed much of any change, as my case was a bad one. Then I saw that my nervousness was gradually disappearing. A little later I was able to sleep a part of the night on my left side, something I had been unable to do for 5 years at least."
"I kept on using Postum, and the result is, so far as heart trouble and nervousness are concerned, I am a well man."
"The best proof is that I am writing this with my own hand, a thing I was unable to do for several years prior to the change from coffee to Postum."
"There's a reason."

ARRESTED FOR CONSPIRACY.
Union Men Charged With Assisting in Forcing Rival Out of Business.
Chicago, Oct. 8.—John S. Kelly, western manager of the Central Foundry Co., of New York; James Gavin, business agent of the Plumbers' union; Simon O'Donnell, business agent of the Plumbers' union; and Wm. Gunther, president of the Gas-fitters' union, were arrested yesterday on complaint of W. H. Shilcock, a dealer in plumbers' supplies. They were released on \$2,000 bonds each.
Shilcock alleges that O'Donnell, Gunther, and Gavin ordered contracting plumbers not to buy his goods, and ordered members of the Journeymen Plumbers' union to quit work on buildings where Shilcock goods were being put in, so that they could assist Kelly in forcing Shilcock out of business.
Shilcock has an open shop and because of this he believes Kelly solicited the union leaders to assist him in his fight against Shilcock's firm.

DRESS-MAKERS
The nervous strain through which dressmakers have to pass at certain seasons of the year seems almost beyond endurance, and frequently brings on nervous prostration, fainting spells, dizziness, sleeplessness and a general breaking down of the feminine system, until life seems altogether miserable.
For all overworked women there is one tried and true remedy.
LYDIA E. PINKHAM'S VEGETABLE COMPOUND restores the feminine system to a strong, healthy, normal condition.
Mrs. Ella Griffin, of Park St., Canton, N. Y., writes to Mrs. Pinkham: "I was troubled for three years with female weakness, backache, pains in my side, and headaches. I was most miserable and discouraged, for doctors gave me no relief. Lydia E. Pinkham's Vegetable Compound brought back my health and made me feel better than ever before."
FACTS FOR SICK WOMEN.
For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?
Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

SITUATION IN THE FORMER

Two Hundred Pupils Without Desks. According to Superintendent's Report—Bids Awarded.

The members of the board of education decided at their meeting last night to meet the committee from the Westville school district at the next regular meeting of the board which will be held on Friday, October 23 at 9 o'clock.

The board and the committee from Westville will then discuss the recent action of the local board prohibiting all tuition pupils from the high school of this city.

The meeting last night was attended by all the members with the exception of E. A. Betts; John D. Jackson being present for the first time this year.

The superintendent of schools presented an interesting report last night which in part follows:

The situation at the high school. At present two hundred pupils are without desks, of whom seventy-seven are seated in the Science lecture hall, twenty-nine in room 119, a recitation room provided with recitation benches, and the remaining ninety-four are scattered about the building in small numbers in the various class rooms.

The Science Lecture hall is a large room, 55 feet by 42 feet, with seats rising in tiers. It is provided with about 300 lecture-room fittings, each seat having an arm tablet but no desk. The pupils sitting in this room are provided with compartment boxes in the front of the room where they keep their books and materials.

Owing to the large increase in the number of pupils this year and to the inadequate amount of money for text books and supplies it has been necessary for many pupils to purchase a portion of their books.

The summary of pupils in attendance at the school by classes follows:

Table with 3 columns: Boys, Girls, Total. Rows for Seniors, Juniors, Second year, First year, Post graduates, and Totals.

At present there are from the above figures, a total of 2,160 pupils which is an increase of 218 over the attendance last year, of 455 over the registration of 1906, and of 415 over the attendance of 1905.

In speaking of the tuition problem in the school Mr. Beeds presented the following statistics to the board, laying special emphasis on the number from Westville by classes:

Table with 2 columns: Westville, Total. Rows for Seniors, Juniors, Second year, First year, Post Graduates, and Totals.

Registration in the Schools. The total registration of the public schools during the first month of the present year shows the number enrolled as 22,145, which is an increase of 1,138 over the same figures of 1907.

The Night Schools. In speaking of the night schools the superintendent reported that the average nightly attendance at the schools was as follows:

Boardman Advance, 92; Hillhouse Elementary, 225; Hamilton Italian, 135; and Cedar street Russian, 276.

Bids Awarded. The report of the committee on new school buildings was then submitted. The principal item on the report was the award of contracts for the new Prince street school to the lowest bidder, David H. Clark.

The committee reported that the investigation of the Oak street school showed that it was totally unfit for

THEN GO THROUGH SOUTH

New York, Ohio and Indiana to Hear Candidate—Voice in Good Shape.

Cincinnati, Oct. 9.—W. H. Taft and President Roosevelt will have consultations in Washington, where the candidate will spend Sunday, Oct. 13.

The Ohioian let it be known today that he is in no sense "chasing rainbows" in his intended tour of the south, but had promised that, should he go on the stump, he would speak in certain southern cities.

It has been decided that Newark, Trenton and Camden, N. J., shall have the candidate for meetings on Monday, October 13, after which he will return for a night meeting in Baltimore, Md., and then turn westward again, speaking the next day in West Virginia.

Mr. Taft admitted that he slept a solid twelve hours last night. His voice today had regained its natural condition, and he expressed himself as feeling entirely rested from his trip and anxious to proceed with the work yet to be done.

Mr. Taft will be accompanied by his wife, Mrs. Helen Taft, and their two children, Mr. and Mrs. Charles G. Phelps, acting chairman.

Hon. William Howard Taft, the republican nominee for president, will be in this city Monday, October 26, according to information received here yesterday from Charles E. Brooker by Congressman N. D. Sperry.

INDEPENDENT TICKET

F. C. Albrecht, of Rowayton, Put Up by Hearstians for Governor.

Bridgeport, Oct. 9.—At a conference of 125 representatives of the Independent party from all parts of the state, making in fact the first state convention of the party, convened in the Hotel Stratfield, this evening a state ticket was nominated as follows:

Governor, F. C. Albrecht, Rowayton; Lieutenant governor, J. E. Beale, Berlin; secretary of state, George Nelbel, Lisbon; treasurer, Dr. S. A. Brouder, Moosup; comptroller, W. T. Crowell, Winsted; congressman-at-large, John H. Kelly, Bridgeport.

The name of former Mayor Stephen P. Chivers of Ansonia, was presented to the conference when the call was made for the nomination of candidates for governor. It was greeted with a prolonged hissing, so vigorous that it was withdrawn and Albrecht was then nominated without opposition.

BRYAN COMING HERE

Waterbury, Oct. 9.—Former Senator William Kennedy of Naugatuck announced to-night that arrangements had been made for the appearance of Mr. Bryan in Connecticut, following directly upon the heels of Mr. Taft, who comes here October 26. On the following day, Tuesday, October 27, Mr. Bryan's special will leave New York, stopping at the same towns and cities as Mr. Taft's itinerary provides for, speaking twenty minutes in Waterbury and returning to Brooklyn, N. Y., to address mass meetings that night. Mr. Kennedy says that the railroad arrangements have already been completed.

NEWS OF THE LOCAL THEATERS

AT THE HYPERION

'Little Mose' Company Booked for Tuesday—'The Gay White Way' on the Way.

In Charlotte Leslie, the exceptional good looking and clever prima donna at Nixon & Zimmerman's "Little Mose" company, which is dated to appear at the Hyperion theater Tuesday, October 13, the management has a remarkably clever girl. Not every prima donna in this day and age can read and deliver lines, sing, dance and act but, Miss Leslie has had a thorough training at the hands of that past master of the stage craft, Al. E.

EMMA CARUS. In "The Gay White Way" at the Hyperion.

Erlanger, who has taken particular interest in her development and welfare. Miss Leslie is a niece of Judge Leaventritt of New York, who it will be remembered recently resigned from the supreme bench in order to resume his most profitable practice, and as Mr. Erlanger has long since been one of his favorite clients, this little chief of the theatrical business, has taken a particular interest in his niece. She has played a part in "Ben Hur," after which she developed a magnificent voice and did much of the solo work and although unseen was heard to excellent advantage. After her engagement with the famous Biblical play she went to the field of musical comedy having had small parts in a little of everything, the various Frank Daniels operas, "Humpty Dumpty," "The White Cat," "Pip, Puff, Pout," "The Red Mill," etc., in which as the Roly Poly girl she will be remembered, and from which she resigned to assume the leading female part in Mr. Nirdlinger's new play, "Little Mose." During the time of rehearsing Miss Leslie has been a constant attendant of the famous "Gims" and has evidently been given the Lillian Russell combination for she is trained down to weight and is a perfect dream in the fetching costumes of the Nirdlinger-Brown-Sloane vehicle, in which she is one of the general favorites.

"The Gay White Way," which proved to be one of last season's most satisfactory and entertaining musical attractions, returns to the Hyperion theater for three performances beginning Friday night, October 16. This year several changes have been made both in the cast and in the piece itself, but it is said they are all for the better, and have been made with the idea of keeping the big review up-to-date. Dealing, as it does, with life on Broadway, known familiarly as the Gay White Way, it was not only desirable, but necessary, to drop some of

last year's burlesque on popular successes in order to introduce others on more recent dramatic and musical sensations. The most important of these changes is the addition of a seemingly famous novelty on "The Bell," the most discussed and most emphatic dramatic hit of the day. Jefferson De Angelis still heads the tri-ster combination, but this year his companions have been changed. They are, however, artists of undisputed talent, extended experience and exceptional versatility. Camille D'Arville is one of the best and most favorably known light opera prima donnas of the day.

DATE OF CONCERT CHANGED.

The date for the concert at which E. A. Leopold will present Signor Gambardella, tenor; Beatrice Brewster, child, contralto, of Hartford; Miss Marie V. Ghidini, soprano; Miss Charlotte L. Barnes, contralto; and Miss Edith Dillon, pianist, has owing to conflicting dates, been changed to Monday, October 26. A large number of tickets has already been bought and Warner hall promises to be well filled the night of the concert.

PLEASANT HOME PARTY.

Tendered by the C. N. S. C. at Home of A. Swanson.

A very pleasant party was given by the C. N. S. C. at the home of A. Swanson in Middletown avenue, Thursday evening. The Bennett quartet rendered several songs and A. Swanson and C. Legrand gave a buck and wing dance. The hours were passed away in interesting games in which all took part. Those present were the Misses E. Garrity, L. Smith, M. Kophart, E. Heerey, E. Kelly, A. Callahan, M. Barnett, C. Story, N. Sullivan, B. Vernon, I. Hudson, M. O'Donnell, M. Moriarity, E. Baker, E. Moore, M. McKernan and the Messrs. J. Legrand, A. Swanson, J. Moore, E. Smith, C. Legrand, J. Coughlin, E. Nolan, N. Moore, A. Gritzbael, J. Crowe, J. Soronias, W. Haesche, G. Lewis, O. Krasselt, G. Driscoll, J. Kane, W. Korn, M. Swanson and W. Baker. Supper was served at midnight.

\$500 AEROPLANE PRIZE.

First American to Fly Across Lake Michigan Within a Year.

Chicago, Oct. 9.—In the hope of increasing interest in flying machines and aeronautics in the vicinity of Chicago, Edward F. Harbert has offered a prize of \$500 to the first person who succeeds in crossing over Lake Michigan from Chicago to South Haven, Mich., in an aeroplane.

Harbert, an enthusiast on the subject, is building an aeroplane, but will not compete for the prize.

The money was posted with a check yesterday, and to be won the flight must be made within a year. The participants must be Americans.

POLI'S NEXT WEEK

Lasky's Great Act to Headline New Bill—Charles F. Semon and Mr. and Mrs. Jimmy Barry on the Jolly.

Manager Poli has secured the most pretentious and beautiful musical comedy, "At the Country Club," the latest offering of Jesse L. Lasky, that promising and enterprising producer who has presented so many successes at this theater in the past for next week.

There are seven well-staged musical numbers in the piece, written by George Spink, who will be remembered as the author of "Bill Simmons." Mr. Spink is also appearing in the cast, as well as Miss Mayme Kelso, late of the "Waltz Dream" company, and Ned Reardon, lately comedian in support of Chauncey Orest.

Four handsome show girls and four young men with exceptional voices make up the balance of the cast, which is said to be one of the best ever presented in vaudeville.

The scene is that of an elaborate country club and is unusually pretentious. A massive stone fire-place and large double balcony are unusual features in a scene of this kind. A principal feature which is bound to interest the lady patrons of this theater is the dresses worn by the young ladies in the cast. Five changes of the most stunning gowns imaginable in newest possible styles are worn by these young ladies.

To Show Director's Gown.

The new Director's gown taken from the latest Parisian models are shown.

Hats Galore!

The musical number called "Hats," in which the girls change their headgear a great many times, should also be of interest, as the hats are from Korsman's, the New York, Fifth Avenue milliner, and all direct Parisian importations, some of them being in advance of any styles shown at the present time.

Men's Styles.

As the men's clothes are from a prominent Fifth Avenue tailor, they are unusually stylish and in good form, and it may well be seen that "At the Country Club" should prove an interesting attraction.

This is the first vaudeville effort of George Spink, who has given to Jesse L. Lasky by far the best act the ambitious producer of big, expensive and beautiful acts has so far shown the public.

"Spink is one of those rare creatures who cannot be classified. He is eccentric, and he isn't. He is also erratic, and he isn't. He is always bright and interesting, and comes under that term, a 'universal genius' for lack of a more definite phrase.

"George Spink can write music, write dialogue, play the piano, sing, dance, act, stage and do anything and everything else pertaining to the stage. In 'At the Country Club,' of which he himself is the star, because he is the life of it all, Spink has done all that is enumerated above.

Jesse L. Lasky, in speaking of his production, said: "It has always been my ambition to give to vaudeville its greatest and most beautiful features, and in 'At the Country Club' I think I have at last succeeded. It is a musical comedy of the most modern type, its strongest point being the elaborateness of its costumes, as well as the uniqueness of its musical numbers and general excellence of production.

"I consider the scene of the 'Country Club' the best as well as the most expensive ever shown on the stage. It is by Ernest Albert of New York, which should be a guarantee of its general excellence. Twenty-six unusually stylish and costly gowns are worn by four stunning show girls, as

well as the same number of hats of the most dazzling and stylish creations; in fact, we have expended on the wardrobe not less than four thousand dollars, but wait until you see 'At the Country Club' and I am sure it will speak for itself.

"The musical numbers are called 'At the Waldorf,' 'The Sympathetic Girl,' 'Hark to the Horns' and 'In Dreamland.' They are all by George Spink, who is the author of 'Bill Simmons,' which scored one of the greatest hits throughout the country.

The numbers are all staged by Louis Hooper, who is considered the best stage director in New York city. Altogether, I shall take great pride in presenting 'At the Country Club' to the patrons of Poli's."

The bill will have Charles F. Semon, the "Narrow Feller," the five Juggling Jordans, Mr. and Mrs. Jimmie Barry in the side-splitting comedy "At Hensfoot Corners," Melotte, Twins and Clay Smith, Harry Breen, Bert and Lottie Walton and the electrograph with Story of a Foundling and Anti-Hair Powder which will close the bill.

Seat sale is now on for all next week and the sale is reported to be unprecedented in the history of Poli's.

2-CENT EUROPEAN MAIL IN.

New York, Oct. 9.—The first mail to arrive from England since the establishment of the two-cent rate of postage between that country and America came on the Lusitania to-day. It was not, however, the first mail to leave England for this country under the new rate, and therefore was not of extraordinary size. It consisted of 1,628 bags, which the postoffice authorities say is only about 200 bags more than the ordinary amount at this time of the year.

The fact that five Paris daily papers are at present publishing serial stories translated from the English reminds us of a capital error which appeared in some such translation a short time ago. The English author had written: "He-he-he" laughed Jones. The French paper rendered this as: "Lal-lal-lal" Pin Jones. "Lal" is the personal pronoun of "he."

JEFFERSON DE ANGELIS. In "The Gay White Way" at the Hyperion.

GRAND OPERA HOUSE

'Convict 999' Opens Monday for Three Days—'Shoemaker' Last of the Week.

On Monday, Tuesday and Wednesday next, at the Grand Opera House, the latest sensational melodramatic production from the A. H. Woods' workshop, bearing the significant title "Convict 999" will be presented by a company of unusual merit, and with an elaborate scenic equipment of thirteen settings. The play is said to tell a pathetic story of the arrest, trial, conviction and sentencing of a perfectly innocent young fellow to a disgraceful death in the electric chair, for the terrible crime of murder in the first degree; of his sufferings, while incarcerated in a "condemned cell" at Sing Sing prison, awaiting the day of his execution; of his thrilling escape from that living hell and his final justification.

"The Shoemaker."

A melodrama considerably out of the ordinary and introducing Lew Welch, one of the brightest salaried artists and withal most well known comedians and character actor before the public, will be presented for the first time in New Haven at the Grand Opera House, Thursday, Friday and Saturday next with Saturday matinee.

"Card King of the Coast" Opens to Big House.

"The Card King of the Coast" was greeted by a full and enthusiastic house last night. It is a play of the Klondike where every man is his own lawgiver and his local statutes are cartridges. They were used freely and with the desired effect.

The play opens in Washington in the home of Senator Vaughn. Senator Vaughn's daughter, Miriam is about to be married to Senator Preston. Senator Preston is half brother to Truxton Boone, the "card king." But Truxton is a black sheep and hasn't appeared for many years. He appears just in time for the wedding.

But Preston isn't the only one who is in love with Miriam. Perry McGraw is infatuated, but as he is a morphine fiend Truxton apparently hasn't a very hard row to hoe after McGraw, who has murdered Preston. McGraw does kill Preston and writes a note in Preston's hand that Miriam killed him. Both Miriam and McGraw flee.

McGraw goes to the Klondike and changes his name to Jim Caruth. Of course the "Card King" appears. Caruth has imported some ladies for his dance hall. As luck would have it, Miriam appears under the name of Mary Ross. Caruth is in his element, especially when Miriam fails to recognize him. He says it has cost him five hundred dollars to get her there and now she is his slave.

But Truxton advances her money and she repays him the amount it has cost him. But Ann Blake, who has appeared before, and who loves Truxton now appears in an attempt to thwart Truxton in his love for Miriam. But even she never suspects that Mary Ross is Mary Vaughn. Caruth only knows her identity.

But Truxton's faith is unshaken until Miriam tells her true name and then he doubts her, for Preston was his half brother. But a phonograph record comes to the rescue. The record was started just before the murder, by chance, by a servant. In it Preston cries out the name of his true murderer. Caruth or McGraw is immediately strung up—the punishment of the guilty.

There is a matinee today in addition to the usual evening performance.

TEST OIL AS WARSHIP FUEL.

Mare Island Navy Yard, Cal., Oct. 9.—The monitor Wyoming was placed in commission at the navy yard yesterday, after having been out of service for three years, during which time oil-burning furnaces have been installed. Commander J. J. Knapp is in command of the vessel. Important tests will be made with the Wyoming to determine the advisability of installing oil-burning furnaces on the large ships of the navy.

Don't mark your stationery any longer with a monogram. That is out of date. The latest symbol is the thumb mark. It is engraved in gold or silver and has all the value of a Bertillon mark of identification. Stationers who have introduced this way of marking use the prints in the center of a correspondence card and about half an inch from the top to make them most effective. The thumb is sometimes printed in red or blue, although the metal colors are more popular.

BOTH TEAMS ARE FIT

Chicago and Detroit on Edge for Championship Clash To-day.

FIRST GAME AT DETROIT

World's Series to Go to Chicago, According to Captain Chance and President Murphy.

New York, Oct. 9.—The night before the opening of the game for the world's baseball championship finds both the Detroit American league and the Chicago National league teams in excellent condition and filled with confidence that victory is to be their portion.

Every indication tonight is that the opening of the series at Bennett Park tomorrow will be under the most auspicious circumstances. Baseball enthusiasm is at a high pitch in the city and baseball is practically the sole topic of conversation in hotels, theaters, cafes, street cars and all public places. Bennett park, the home of the Detroit team, is in good condition and the indications are that it will be filled with a record-breaking crowd when play is called at 2 o'clock tomorrow afternoon.

The Chicago team, sixteen men strong, with President Murphy, Secretary Williams and a number of newspaper men, arrived from New York over the Michigan Central railway this afternoon. They went immediately to their quarters at the Hotel Tuller. All of the players except Captain-Manager Frank Chance are in excellent condition for the game.

Chicago's captain from taking his place at first base. Immediately upon his arrival here, Chance called in a throat specialist and his throat was treated during the late afternoon and evening. Pitchers Brown and Pfeister were also buffeted about in the attack on the Chicago players after the game yesterday, but did not suffer any serious injury.

"The boys are in fine shape," said Captain Chance tonight. "And I feel confident that we can win another world's series from the Detroit Tigers. However, I am not looking for any such victory as we had last year. Detroit's team is too good to suffer such a defeat again. But we feel that we can beat them. Either Overall or Ruelbach will open the series tomorrow afternoon, probably Ruelbach if he warms up well."

President Charles W. Murphy of the Chicago club repeated Capt. Chance's statements about the condition of the team. "We are in splendid form," he said, "and will open the series with every confidence." When told of the statement issued tonight by John T. Brush, president of the New York club, denying that the alleged game between New York and Chicago was taken into the United States courts, Mr. Murphy said that the report was too ridiculous to need any denial.

Manager Hugh Jennings had his American league champions on the field at Bennett Park all the morning giving them their final practice for the first of the games which means so much to them. Tonight he said that his entire team was in satisfactory shape. He said of Shortstop O'Leary, who has been out of the game for several weeks, that his injured thumb is well enough not to trouble him seriously tomorrow. Catcher Schmidt has a bad finger, but it will not keep him out of the game. "The pitching choice for tomorrow lies between Killian and Donovan," said Jennings favoring Killian. We are going into the fight for the world's championship filled with confidence.

Our last game with the Chicago American league team, which gave us the championship of our league, showed me that I still have the greatest and greatest team in modern baseball."

Within two hours after the reserved seat sale was opened this morning at Bennett Park every reserved seat for Saturday's game was sold and there were still hundreds of men in line waiting to obtain the coveted admissions. Circus seats which will accommodate 10,000 spectators arrived at Bennett Park today from Chicago and a large force of carpenters put them in place this afternoon under the supervision of architects.

Telegrams of congratulation on his victory in the American league continue to reach Manager Jennings. Manager John McGraw of the New York Nationals, former teammates and close friends of Jennings, telegraphed to him to-day:

"If justice had been done you would be playing it off with the Giants now. My hearty congratulations. May you always prosper as you have this year."

NEW HAVEN BALL TEAMS.

Years in Which They Played at Old Diamonds About City.

New Haven, Oct. 9, 1908. Sporting Editor Journal-Courier: Will you please print in your paper the years that the New Haven baseball team began and stopped playing ball both at the Howard avenue and Elm City Park grounds.

The New Haven baseball team commenced playing in 1888 at the Howard avenue grounds, and continued playing for four years, abandoning the grounds in 1892. At the Elm City park the local ball club played for one year only, while in the Connecticut league. Ed Sullivan managed the team in 1892.

Drivers of High-Classed Machines Will Try to Set New Marks—Track Remodeled With Great Care.

Garden City, N. Y., Oct. 9.—Thirty-seven cars of American and foreign make are entered in the five sweep-stake automobile races to be run tomorrow over the remodeled Vanderbilt cup course on Long Island, under conditions that bid fair to mark the beginning of a new era in automobile road racing in this country and not improbably make automobile history in the matter of broken records.

The principal interest in the races is in the matter of broken records all along the line in this department of motoring. The first car will be sent away from the starting tape at 9 o'clock and the other cars at brief intervals.

Preparations for the event have been made on a scale of completeness probably unequalled in the records of American road racing. During the past week the various entrants have established camps all along the course while the drivers have kept at the task of familiarizing themselves with the turns and hills on the twenty-five mile circuit.

The course has been made as nearly perfect as possible. Nine miles of cement track have been laid during the summer, this section being the completed part of the new Long Island motor parkway, while the other sixteen miles have been transformed from ordinary country highway into a continuous stretch of thoroughly packed and oiled macadam. Grade crossings have been eliminated and the turns made as safe as possible.

Only two dangerous turns remain—the "Harpin" at Woodbury and the old Westbury bend. It is here that accidents are looked for if any occur. An ample guard of uniformed deputies has been provided for the entire circuit to keep the course clear and to guard the spectators as far as possible from accident. The parkway course is lined on either side with a strong wire fence, held by strong posts the two fences being 100 feet apart, the width of the parkway right of way. Within this limit parking spaces have been reserved for spectators in automobiles, while hundreds of temporary automobile stalls and temporary repair shops have been built for the convenience of those who motor to the scene of the race.

A permanent grandstand 600 feet in length and seating 5,000 persons has been erected opposite the starting point.

The principal interest in the motor parkway sweepstakes, not only because of the severe test of driving skill and endurance afforded by the distance—250 miles. The entrants include such well known drivers as Lewis Strang, Herbert Lytle, Lescault and Lechtner.

In a way the Parkway is a tryout for the Vanderbilt cup race which has for years been the premier automobile event and which will be held over the same course on October 24. Many of these same drivers and cars are entered in the cup races.

Following are the events to be contested to-morrow:

Motor Parkway sweepstakes for cars selling over \$4,000; distance, six laps (about 250 miles); entry fee \$150. Prize, \$1,000 in cash or plate to the winner.

Meadowbrook sweepstakes, for cars selling from \$2,000 to \$4,000; distance nine laps (about 225 miles); entry fee, \$125; prize, \$1,000 in cash or plate to the winner.

Garden City sweepstakes, for cars selling from \$2,000 to \$3,000; distance eight laps (about 200 miles); entry fee \$100; prize, \$1,000 in cash or plate to the winner.

Jersey sweepstakes, for cars selling from \$1,500 to \$2,000; distance six laps (about 150 miles); entry fee \$75; prize, \$1,000 in cash or plate to the winner.

Nausau sweepstakes, for cars selling for \$1,000 and under; distance four laps (about 100 miles); entry fee, \$50; prize, \$1,000 in cash or plate to the winner.

A bunch of clerks from the hardware stores are getting interested in the game again this season and were out at practice on the alleys last night.

Herman and French, who will roll if it is decided not to put Smith in went with the local team to Paterson, yesterday morning.

"Charlie" Johnson, with 203.2, heads the state league and George Weber is in fourth place, with 199.1. Longboat rolled 516 with the Academy city league team. He is rolling in good form and is a valuable man to the team.

Kelsey Hall and French are three rollers it would be hard to beat. The Republican club depends on these three rollers more than on any others.

McClellan won't start anybody at the Academy alleys with high scores. He rolled 327 for three games last night.

Detroit Tigers Who Will Again Battle For The World's Pennant

WAGNER AND CRISS.

Lead National and American Leagues Respectively—Evers Beats Doolin.

After one of the hottest struggles in the history of the game, the batting lineups in the two big leagues for the season in the National and American leagues, both of whom have the same average, .323.

Johnnie Evers, the wonderful little second sacker of the triple champion Cubs, was the runner-up in the National league, beating out by three points Clark, Pittsburgh.

These four honorees were the only hitters to land in the 200 class, the only others to come within striking distance of this exalted position being Doolin of the Giants and McWhinn of the Brooklyn club, who had 192 each.

In the American league the battle has not been so hot and for a time it looked as if Cobb, the champion of last year, would repeat, but Criss, who has come to Detroit from the Red Sox, has been there with the goods when he would count, beat him out amply.

Dr. Gessler, the leader of the Red Sox, is third, with 315, one point ahead of Schmalz.

Washington has fallen from the 300 class and ends the season with 293, while Larry Lajoie, the one-time leader, has an average of .287.

The following have averaged .275. The following have averaged .275.

AT DANBURY RACES

Sherman's Colner Captures First Race and Purse of \$400.

ADMIRAL WILKES A WINNER

Simon's Horse Takes Event in Straight Heats—Coincident in One-Mile Dash.

Danbury, Conn., Oct. 9.—The first race of the afternoon, the \$155 purse, with a purse of \$400, was won by Colner, owned by C. M. Sherman of Westfield, Mass., the best time of the race was made by Minnie Albert, who won the first heat in 2:15 1-2.

The 2:27 trot which carried a purse of \$300 was won by Admiral Wilkes, owned by Frank L. Simon, of New Canaan, in straight heats, the best time, 2:24 1-2, being made in the first heat.

The running race of the day, a one mile dash, was won by Coincident, Frank McFadden, Brooklyn, N. Y., owner, in 1:44 1-2.

The summary: 2:15 Pace—Purse \$400. Colner, b.g. (Sherman)..... 2 1 1 1

2:27 Trot—Purse \$300. Admiral Wilkes, b.g. (Simon)..... 1 1 1 1

Running race—Coincident, owned by Frank McFadden of Brooklyn, N. Y., was first; Umbrella second, and Mark Meddle, third. Time, 1:44 1-2.

KAUFMANN BEAT BRADLEY. New York, Oct. 9.—Al Kaufmann of San Francisco, knocked out Prof. Bradley of Boston in the fourth round of what was to have been a six round go at the National Athletic club here tonight.

The battle, which was a grueling one was witnessed by a large crowd.

Being unable to get on a battle with Owen Moran at Jim Jeffries' club, at Los Angeles, Cal., Ad Wolkart, the crack Milwaukee featherweight, has just signed articles for a twenty-five round bout with Freddie Weeks, the little Cripple Creek featherweight which will be fought at that club on October 20. Weeks has not engaged in a battle since he defeated Jimmy Walsh at Denver over a year ago.

Jack Robinson, the Chicago fighter, who has fought many battles has been matched to fight Bill McKinnon, the Boston middle-weight, whom the critics of that city claim to be a promising man. They will meet for fifteen rounds before the Standard A. C. of Lymanville, R. I., on October 14. Robinson fought a great fight against Frank Kight, the Pittsburgh fighter, only a few weeks ago, and he expects to beat McKinnon.

BEANEATERS WIN. New Britain, Oct. 9.—The Boston and Philadelphia American league teams played an exhibition game here to-day for the benefit of the Tuberculosis Relief fund, the Boston team winning, 8 to 3. Score by innings:

Boston..... 0 3 1 0 0 1 0 3 0 8 13 3

Phila..... 1 0 0 2 0 0 0 0 0 3 11 1

President Brush of Giants Says Game Will Not Be Brought Before Courts.

TOO GOOD SPORTS FOR THAT

New York Will Leave Chicago Undisputed Champion, Although Former Still Claims It.

New York, Oct. 9.—Secretary Knowles of the New York National League Baseball club, to-day said he had heard nothing of any intended injunction to be applied for by his club from the United States court in order to prevent the Chicago team from playing the Detroit world's championship series. It had been widely rumored that such action would be taken on the ground that the New York team actually won the National league pennant and is, consequently, the only team which can compete for championship of the world.

President Brush, of the New York National club late to-day emphatically confirmed the statement of Secretary Knowles this morning that the matter of the alleged New York-Chicago game of September 23 will not be taken to the federal courts in the form of a request for an injunction prohibiting the Chicago club from playing the world's championship series with Detroit beginning to-morrow.

"We are too good sports for that," said Mr. Brush. "We shall not contest the matter further. We believe the pennant is ours technically; there is no doubt about this. From a sportsman's point of view it is inconceivable how anyone can look at this matter otherwise. But, so far as we are concerned, the matter will remain as it is. We are proud of our record, and have such emphatic and constant assurances from far and near as to convince us that our position is generally upheld. We fought to a finish, and believe we stand on our record as good sportsmen."

USUAL YALE SPIRIT.

Shows Itself in Plucky Fight of Defeated Ells at Lawn Tennis.

Philadelphia, Oct. 9.—H. N. Tilden and A. Thayer, of Pennsylvania, to-day won the intercollegiate lawn tennis doubles championship, defeating in the final round Holden and Bundy, of Yale, by three sets to none.

The match had been adjourned from the previous day, when after 58 games had been played, the tally was two sets all and six games all. The struggle was close to-day, notwithstanding the Yale men failed to win a set. The latter lobbed persistently and these tactics bothered their opponents. The plucky play of the Pennsylvanians, who won the championship against heavy odds, was applauded by a large gallery of enthusiasts.

Harvard having previously won the singles championship, with N. W. Niles, the points are this year evenly divided between Pennsylvania and Harvard. The summary: Doubles, Final Round. Tilden and Thayer, Pennsylvania, beat Holden and Bundy, Yale, 6-4, 11-9, 6-4.

Boston, Oct. 9.—In the finals of the women's tennis tournament at the Longwood Cricket club, played to-day, Mrs. Barger-Wallach of New York, defeated Miss Alice Thorndike of this city, 6-1, 6-0. Mrs. Barger-Wallach will play Miss Evelyn Sears of Boston, to-morrow, for the possession of the Edwin Sheaf cup.

LITTLE SCHOOL SPIRIT.

Deploable State of Affairs at Cornell—Few Venture on Gridiron.

Ithaca, N. Y., Oct. 9.—Captain Walder of the Cornell football team has issued a public letter calling on the students for additional material for the football squad. Never in the past ten years has the list of candidates been so small and the mediocrity of the candidates for the left of the line is alarming the coaches.

Captain Walder says there are hardly enough men for the team substitutes and second team.

The Oberlin team arrived to-day for its game here to-morrow.

VARSIITY SCORED ON

Brides Plunges Through Regulars for Two Touchdowns in Fifteen Minutes.

SCRUBS IN FINE FORM

Charlie Chadwick Coaches the Guards After the Practice Game is Finished.

For the second time this week yesterday the Yale scrub team played all around the varsity, scoring two touchdowns and two goals to none for the varsity. Yesterday's sweep was even more decisive than the former ones, the ball hardly going into the scrub team's territory during the fifteen minutes.

Starting off the backfield of the scrub team was made up of Brides, Wheaton and Burke, but in the first few minutes of play Wheaton was thrown and slightly injured, someone carelessly stepping on his face. Then Daly took Wheaton's place. Before the change Wheaton was responsible for most of the gains, but after that "Pop" Corey, who was in at quarter on the scrub team, gave the ball to Brides most of the time and the old veterans again and again tore the strong varsity line for ten yard gains, scoring about three minutes after he started out and scoring a second time five minutes after he started out and scoring a second time five minutes later. On each occasion Freeman, who was one of the ends on the scrub team, kicked the goal, making the final score of the practice game 13 to 0.

Hopkins played quarter with the varsity, but did not have a chance to show much skill yesterday. Murphy from the backfield made a couple of good tackles, but the rest of the varsity was not playing in its regular form.

Charlie Chadwick '91, who played guard on Brink Thorne's eleven, was coaching at the field yesterday for the first time in a number of years. He gave Cooney, Andrus and Biddle some fine points after the scrimmage. The other coaches were Biglow and Clarence F. Alcott.

The lineup of the varsity and the scrub teams at the field yesterday: Varsity. Scrub. Kilpatrick..... Van Sinderen. Left end..... Beinecke. Hobbs..... Left tackle..... Greenough. Andrus..... Left guard..... Hyde. Biddle..... Center..... Cooney..... Right guard..... Goebel..... Right tackle..... Ware. Burch..... Right end..... Neldie. Hopkins..... Quarterback..... Corey. Philbin..... Left halfback..... Brides. Murphy..... Wheaton, Daly. Right halfback..... Coy..... Fullback..... Burke.

ALL HARVARD.

Finals in Golf Tournament to be Fought Out by Crimson Players.

Newton, Mass., Oct. 9.—Two Harvard men will meet in the finals to determine the individual championship of the Intercollegiate Golf association to-morrow, as a result of to-day's play in the semi-finals at the Brae Burn Country club. They are H. H. Wilder and T. Briggs. To-day's play was at 36 holes, and Wilder defeated Briggs, 4 up and 2 to play.

K. Mosser of Yale, 4 up and 2 to play, while Briggs defeated D. Roberts, 10 holes. Briggs, 7 up and 4 to play. Wilder was somewhat off his game during the morning round, and was one down at the end of the first 18 holes. In the afternoon, however, he braced wonderfully and equalled Briggs' 73 of yesterday, which is four strokes under Bogey. Briggs was not forced to extend himself at any time.

HOLY CROSS HERE

Worcester Eleven Arrives and Will Put Up a Better Game Than Last Year.

The Holy Cross football eleven which is to meet Yale this afternoon at 3 o'clock arrived in the city late last evening and the members are stopping at the Oneco hotel. They are a buskier bunch than lined up against Yale one year ago, and the game promises to be very good one although not so fast as that between Yale and Syracuse last week.

What Yale fears principally is a goal from the field several members of the eleven, both backs and linemen being good drop kickers. Especially is this true of Jones and Szheld. The officials of the game will be M. J. Thompson of Waterbury, referee; Langford of Trinity, umpire; and Doc Hull, time-keeper. The lineup of the two teams will be:

Yale—Kilpatrick, left end; Hobbs, left tackle; Andrus, left guard; Biddle, center; Cooney, right guard; Goebel, right tackle; Burch, right end; Hopkins, quarterback; Philbin, left half-back; Murphy, right half-back; Coy, fullback.

Holy Cross—Joy, left end; Trigas, left tackle; Sweeney, left guard; Conti, center; Roche, right guard; Dolan, right tackle; Riscoli, right end; Mahoney, quarterback; T. Mahoney, left half-back; Jones, right half-back; Szheld, fullback.

New Haven Eastern League Quintet Captures Five-Men Contest in Paterson—Other Results.

(Special to the Journal-Courier.) Paterson, N. J., Oct. 9.—The New Haven Eastern league quintet won two out of three games with the Paterson team in the five men match here to-night. Some of the finest scores ever rolled in here were rolled during the evening, every man in the New Haven team except one rolling over 550 in the five men contest, and Brunt, the Paterson star, roller, 761. The scores:

Five men team:

New Haven.	
French	186 205 192—583
Weber	149 208 189—546
Smith	201 139 215—555

Moran	176 176 192
Brunt	245 154 178

86 BALLOONS IN RACE.

To Engage at Berlin in Three Day Contests—Three Americans.

Berlin, Oct. 9.—Eighty-six balloons have assembled here to take part in the series of airship contests that begin tomorrow and continue through Sunday and Monday. Among the pilots are several army aviators of wide reputation. The start will be made from the suburb of Schmaggenborf. The principal event will be the contest for the international cup, which will take place on Sunday. Great public interest has been aroused by this event, for which there are twenty-three entries representing eight nations. There will be also a number of other endurance and distance races with fixed goals. The balloons were tested today in the presence of the contestants, and regulations according to size and other conditions were made.

The three American contestants, James C. McCoy, Henry Arnold, and A. H. H. Forbes, accompanied by Brig. Gen. James Allen, chief of the Signal corps, U. S. A., visited the grounds today and obtained maps from the Aero club, which is promoting the contests. They were given also the final instructions for pilots. Every half hour during daylight during the progress of the races the pilots will drop out loaded envelopes containing dispatches informing the Aero club of the whereabouts of their balloons.

BURGLARIZE JEWELRY SHOP

Four Watch Fobs Taken from Fair Haven Store.

Around the hour of 10:15 last night the jewelry store maintained by Eugene Rowe at 91 East Grand avenue was entered by a burglar and five valuable watch fobs whose combined value is set down as \$20 were taken from the stock in the store. The police were notified of the burglary and have a suspicion that a certain person may have done the job, but no warrant has been issued yet and no arrest made. Rowe is well known in this section of the city. The police are working on the case and hope to have the right man in a short time.

ALPHONSO IN AUTO WRECK.

Placentia, Spain, Oct. 9.—The Spanish royal automobile was ditched here to-day as the result of a tire bursting. King Alfonso was uninjured, but two of his aides were badly bruised.

SHELTON.

(Special Journal-Courier News Service.) Shelton, Oct. 9.—The examinations for those persons holding applications for the position of letter carriers will be held in the high school room Saturday morning at 9 o'clock. At least fifty hold applications, many of these being Derby and Ansonia people.

The republicans of the town of Huntington met in caucus this evening in Clark's hall and elected two candidates for representatives in the general assembly and five justices of the peace. The caucus was called to order at 8 o'clock and was not adjourned until 10:30 o'clock. Col. S. Blakeman was the chairman of the caucus and Edward Knorr, clerk. Dr. O. A. Shelton and E. J. Keeler were nominated as representatives. Their opponents were Daniel Nichols and John O. Sweet. The vote was as follows: Dr. G. A. Shelton, 139; Daniel Nichols, 146; John O. Sweet, 138; E. J. Keeler, 170. Dr. Shelton and Mr. Keeler were the two strongest men that could be put up by the Water Co. faction and the showing made by Mr. Sweet and Mr. Nichols was a surprise to that faction of the party.

The justices of the peace nominated were: D. A. Nichols, A. C. Baldwin, R. C. Cook, E. S. Hawley and Nicholas Wakelee.

Jeremiah H. Parker, a well known citizen of this place, passed away at the home of his sister, Mrs. Frederick Pierson, in Wells Hollow, this morning. Mr. Parker had been in ill health for some time and as he was an old man his death was not unexpected. He was a resident of this city for many years. Besides his sister, one brother, Treat Parker, survives the deceased.

N. H. H. S. SCHEDULE

Manager Kennedy Arranges Interesting Schedule—Team to Play Four Out-of-Town Games.

Harold Kennedy, manager of the N. H. H. S. football team, has been busily engaged arranging his schedule and submits an interesting number of schools secured to play against the local high Kennedy has eight games scheduled, the first one to be played this morning at Yale field with Waterbury high. The local gridiron men will have at least four out of town trips. The team is scheduled for New York, Ridgefield, Washington and Ansonia games. Manager Kennedy has not yet satisfactorily filled his Thanksgiving date.

Negotiations are being carried on with the Commercial school of New York for a game and on definite details, has as yet been reached. The largest attendance of the season is anticipated at a local Thanksgiving day game, large inducements will have to be offered by the New York school to have the local high play them at the metropolis.

The schedule follows:

- October 10—N. H. H. S. vs. Waterbury high at Yale field.
- October 11—N. H. H. S. vs. Ridgefield school at Ridgefield, Conn.
- October 14—N. H. H. S. vs. Erasmus Hall high school at Yale field.
- October 21—N. H. H. S. vs. Manual Training high at Brooklyn.
- November 4—N. H. H. S. vs. Ansonia at Ansonia.
- November 7—N. H. H. S. vs. Hopkins Grammar school at Yale field.
- November 14—N. H. H. S. vs. Gunnery school at Washington.
- November 22—N. H. H. S. vs. Commercial school. Game not yet certain.

WINCHESTER CONCERT.

Ladies of Polishing Department to Give Minstrel Show for Benefit.

The ladies of the coning and polishing department, W. H. A. Co., have devised a unique method in raising funds for two of their number who are incapacitated through severe illness from performing the duties assigned them daily. The plan is nothing short of a Ladies' Minstrel Troupe, composed entirely of members from the above department, and will be given in West Haven town hall, Monday evening, Oct. 12. A dance will follow the performance. One remarkable feature connected with the affair is the manner in which the tickets have been disposed of. The performance will be enhanced by the presence of the Aquatic String Quartet and one special number, a bene solo being presented by Miss Terrell. Mr. Hawley Lincoln is director, and is worthy some praise for the efficient manner in which he has brought the various members to perfection. The committee in charge is: Miss M. A. Peabody, chairman; Mrs. J. Simpson, the Misses P. Bunch, M. Powell, E. Champagne, M. Daryl and K. McCarthy. The ladies have been fortunate in securing the services of Miss Maud Champagne, who will accompany the various soloists.

SHAKING DOWN NEW SCOUT.

Washington, Oct. 9.—Orders were issued at the navy department today to the scout cruiser Salamis to leave the Boston navy yard about October 15 for Guantanamo Bay, Cuba, for a "shaking down" cruise. The vessel will leave Guantanamo for Rockland, Me., in time for certain competitive trials to be held November 15th off the Rockland coast.

YALE FIELD TO-DAY

N. H. H. S. Eleven to Meet Brass City Team 10:30 This Morning.

SAXE IS AGAIN STRONG

Rips Up First Team for Touchdowns—Will Not Start in the Game To-day.

Yale field, at 10:30 this morning, will be well inhabited with hustling and eager numbers of high school students, who will be on hand to cheer their school team in its first tussle with a high school eleven this season. Not only did a large number of the students attend the football games last year but many of the townspeople also were frequent spectators, for that team put up snappy exhibitions and made their games well worth seeing.

This year's eleven will not only put up a plucky fight throughout the season, but its chances of successfully working off all kinds of forward passes and trick plays are assured and their deeds on the gridiron will even surpass those of last year's eleven.

The Waterbury high school will be the local high's opponents this morning and a lively tilt is expected. The Brass City contingent will dash right into the contest and will strive hard to best the Connecticut champions of many years, for the up-state gridiron warriors are still smarting under that trimming, when the local high basketball quintet unexpectedly and gently administered to them.

At practice yesterday, two teams were sent through a little scrimmage by Coach Smith and the first team was completely outplayed. The second team ploughed through first team's line in great style for four touchdowns. Saxe was responsible for the creditable showing of the second eleven and tore up the opposing line at will. He was continually given the ball and after incessant attacks on the first team crossed the line for the second team's touchdown.

Although Saxe played brilliant ball yesterday, and is one of the strongest backs of the N. H. H. S. squad, he will not be used in the game first. Frankel, the powerful guard of the eleven, will also be kept on the side lines during the first part of the game. He was sick during the week and returned yesterday and made a strong showing at his old position.

Flanagan, the regular center, is laid up with a bad foot and will probably not play to-day. Gladstone will replace the big 290 pounder. Captain Davis announced the following lineup for to-day:

Moss, G. Davis, B. Osborn, G. Gladstone, C. Bishop, G. Bird, R. Alderman, C. Connelly, G. Einfeld, H. McCormick, B. and Dunn, etc.

EAST HAVEN.

(Special Journal-Courier News Service)

The business meeting of the Ladies Aid society that was to have been held at the home of Mrs. Samuel Chidsey, was postponed for a week and will then be held in the chapel Wednesday afternoon.

Mrs. Eben C. Sage has returned from Meriden, where she was in attendance at the Baptist convention.

Miss Martha Bartee, who has been enjoying a vacation in East Haddam, returned yesterday, reporting a delightful time.

Dr. E. J. Lyman left yesterday afternoon for Hadley, Mass., where he is to remain until Sunday with his wife, who is at the home of her parents.

Mrs. Albert Page spent several days this week in Hartford, enjoying the festivities of the bridge dedication. She was joined Wednesday night by Mr. Page, both returning Thursday evening.

The annual church supper was held in the chapel last evening at 6:30 o'clock. Three tables were filled with the older members and the waitresses and young people filled nearly two more. This annual supper is always well patronized by the members. The annual meeting followed at the church at 7:45. The report of the pastor was prefaced by a little talk regarding the capacity of the chapel, it being stated that it was too small to accommodate the members as was made apparent by the number present last evening.

The pastor's report showed a net gain of 37 members during the year. The Sunday school superintendent's report showed that there had been a marked improvement during the year. The system of giving pins to those having a perfect attendance has proved very satisfactory. The report of the secretary and treasurer followed. Other reports were: Benevolent contributions, Foreign Missionary society, treasurer of same society, Home Missionary secretary and treasurer, secretary and treasurer of Y. P. & C. E., secretary and treasurer of the W. C. T. U., secretary of the Busy Body, secretary and treasurer of Wayside Cleaners, secretary and treasurer of Woman's Aid society, Ladies of Cradle Roll. These were all accepted and were most satisfactory. The report from Mr. Rowley, captain of the Boys' Military brigade, was most interesting and very pleasing to those interested in the organization. Next in order was the election of officers which resulted as follows: Superintendent of Sunday school, John Scoville, assistant superintendent, S. E. Dibble, jr.; librarian, Ellsworth E. Cowles; secretary and treasurer, T. H. Thompson; standing committee, H. C. Nickerson, F. L. Coleman; custodian of benevolent contributions, Miss Clara Street. A motion was made and carried that a rising vote of thanks be extended to E. B. Street for his faithful service during his many years as Sunday school superintendent. Remarks were made by the pastor and a unanimous vote was accorded the retiring superintendent. A vacancy being caused by the death of one of the deacons, a ballot was taken to fill the position. This resulted in the election of Herbert C. Nickerson. No further business being in order the meeting closed.

Mrs. Chester B. Whittlesley of Wallingford was in town last evening to attend the annual church supper, being the guest of Mrs. D. J. Clark.

CARDINAL TALKS ON AMERICAN WOMEN

Gibbons, Home from London, Replies to Dr. McPhail's Declaration on Their Unhappiness.

DEFENDS THEIR PRINCIPLES

Says Foreign Critic Gets Distorted View of Our Social Life from Newspaper Scandals.

New York, Oct. 9.—Cardinal Gibbons, in an interview published here today, made what might be called a corrective reply to Dr. Andrew McPhail, who, in an article published in a London paper recently, was quoted as declaring that American women are idle and unhappy. "American women of a certain class and a limited number," said His Eminence, "perhaps are the least and unhappiest in the world. I refer to the possessors of exorbitant wealth, some of whom have neither religious principles nor domestic virtues to restrain them and employ their vast fortunes merely for the gratification of their passions. But also there is a portion of our very wealthy class that lives quietly and virtuously and against them and against our middle and poorer classes the charge of idleness is absolutely unfair."

Cardinal Gibbons went on to say that the foreign critic of America gets a distorted view of American social life from the scandals and divorces he reads in the newspapers, never seeming to be aware of the fact of a million happy women which never get into print. The really good women of America whose lives are actuated by sound principles," he continues, "that is, the majority of them, never get into the society that the foreigner sees. He draws his unfavorable conclusions from a few extraordinary women who spend their lives and wealth in the pursuit of mad and meaningless pleasures. Of them the foreign criticism of which you speak is entirely just. This should be deplored as much by Americans as by foreigners."

The interviewer told the cardinal that Dr. McPhail likens the woman who works to a trek dog and the cardinal replied that he admitted the woman who works.

"But that is a grave economical problem which I would not discuss off-hand," he added.

The boys of Brooklyn college today received the pope's blessing through the medium of the cardinal. The cardinal visited the college at the solicitation of its president, Father O'Connor. He assured the boys that as pioneer students of the institution they had both a great opportunity and a great responsibility and he hoped each and every one of them would live up to the high ideals of the college.

The Cream of Green Sweet Corn.

KORNLET is not, as many people think, canned corn. It is the pulp of the kernel of the finest sweet corn, put up when the corn is in the height of its milk. The process to which the corn is subjected removes the skin and leaves nothing but the creamy pulp of the kernel. For gems, fritters, soups and croquettes this delicious and nutritious food product cannot be surpassed.

CATCH CHINESE SMUGGLED IN.

Bellingham, Wash., Oct. 9.—Seven Chinamen, who had been smuggled across the border near Sumas, were captured on the outskirts of Clearbrook Wednesday by W. C. Chaffin, a farmer, who acted on instruction from the immigration officers are holding the Orientals awaiting the arrival of an inspector from Seattle. The prisoners are the first to be taken in Sumas territory this year.

SEVERAL SEATS LEFT.

Still a Chance to Obtain Good Ones for Hughes' Address. There are still a number of free reserved seat tickets left for Foy au-

ditorium, Sunday afternoon, when the Rev. David C. Hughes, father of the governor of New York state, will deliver an address to men on "Idealism." The meeting will begin at 3:30

o'clock with the singing of a selection by a choir, under the direction of Allen B. Fenno. Rev. Dr. Hughes is an able speaker, and, undoubtedly, will be heard by a

large number of men tomorrow afternoon. He is a man of strong convictions—in this respect much like his famous son. Those who have not received their reserved seat tickets up to the present, should do so today.

Hints For The Household

HELPS FOR THE HOUSEWIFE

An Old Bicycle Pump Useful in Cleaning Sewing Machine.

Keep the kitchen utensils in one place and a small one at that. It will save time and steps.

Don't throw away four scraps of velvet. They can be used as cleaners for all sorts of things.

Alcohol and whiting make a good silver polish and is excellent for polishing plate glass or mirrors.

Olive oil will remove tar stains from dress goods. Wash afterward with white soap and tepid water.

New lamp wicks, if boiled in vinegar, and thoroughly dried before using, will not smelt bad when burning.

A weak solution of turpentine poured down the water pipes once a week will drive the water bugs away.

Rub the white spots made by wet or hot dishes on your polished tables with spirits of camphor. It will remove them.

A teaspoonful of butter put into the water in which vegetables are boiling will prevent them from bubbling over.

Sweet apples will cook better and have a more delicious flavor if a little lemon juice or pure cider vinegar is added.

If lettuce is kept for several hours it should be laid on a wet towel and placed on the cellar floor or in the refrigerator.

When washing pongee silk never wring it at all. Simply hang it on the line and let the water drip out. Iron with a warm iron when dry.

If the sink pipe is clogged remove the strainer and insert the hose into it and turn the water on full force. In almost all cases it cleans the pipe.

If porcelain vessels are placed directly over the gas flame they will clean much better by rubbing lard over the outside of the pan before putting it over the flame.

If you have an old bicycle pump around the house, you can put it to good service when next you clean your sewing machine. Tiny pieces of lint, threads and the like can be blown

out of the crevices and the machine cleaned in much less time. An atomizer can often be used for the same purpose.

To clean the refrigerator wash the inside once or twice a week in cold weather, every other day in hot weather, with plenty of borax or washing soda in warm water. Then place pieces of charcoal in the corners to absorb the odors of food. These should be removed often.

A careful housewife has nailed a small strip of white wood over her gas range, into which are screwed half a dozen dresser hooks. On these she hangs her cooking fork, iron spoon, wooden spoon, small strainers, and a cooking knife, and finds that having them all ready to hand saves many steps.

Expensive china can be saved much wear if round pieces of felt are placed between the plates. They should be cut a little larger than the bottom of the plate. One yard of felt (two yards wide) will make forty-one circles. Canton flannel is less expensive and can be used in place of felt, but it frays at the edges and looks untidy. Pieces of felt pasted on the bottom of ornaments which are to stand on a polished surface prevent scratching. The small cuttings left over from the plate circles can be used for smaller articles.

THE WINTER COLORS The half-tone of all colors lead. Blue comes first and the rich dark tones navy will be employed in many smart gowns.

Black will be much seen both in dress and in everyday gowns. Citron, sulphur and a sticky tone of green known as verdater will make many afternoon frocks.

Seabreeze, a nondescript hue of lilac, will be very much seen, especially in accessories. All shades of yellow will be used, but burnt gold and golden brown will enjoy especial favor.

The intensely dark eyes of brown will achieve many of the fashionable street suits. Khaki is still largely used in trimmings and all smoked effects will be a la mode.

Tone Talks. The following question is pertinent: "Should singing lessons tire my throat?" Not they should not. Every stinging lesson ought to benefit the throat and make it feel better and stronger for the exercise. If, after a lesson the throat aches or is husky or hoarse, it is positive proof that the throat has been wrongly used and that the tones have been forced. Don't expect to extend your upward range by incessantly forcing your voice to sing high notes. This is probably the reason why your throat gets tired. This kind of practice not only ruins the quality but tears the voice to pieces.

Tones are never right that are phlegmed or forced or not under perfect breath command and all other conditions respectably controlled.

and otherwise improve the complexion. Unequaled in its results and thoroughly pleasant. Try it and you will be entirely satisfied.

HEALTH HINTS

Fresh Air in Sleeping Room Will Prevent Taking Cold.

The chest and bust can probably be developed more quickly by deep breathing than by any other method.

If any member of the family is very sick at the stomach heat up the white of an egg and let him swallow it. It acts like a charm.

Washing the eyes morning and night in water as hot as it can be borne is a wonderful tonic for those useful servants which are so easily injured.

To prevent bed sores and to insure a comfortable bed for invalids, make a pillow that will reach from shoulder to hips, not too wide, of some smooth material, such as saten, etc.; fill with goose feathers. This will never lump or get hot or in any way uncomfortable.

If you have been a victim of colds with the approach of winter stop to consider the cause. In nine times out of ten it will be found that you are afraid of fresh air. Keep your windows up as far as they will go at night and the more windows you have the better chance will there be that you rot the cold habit.

A poultice of witch hazel is often very soothing to a muscular pain and is simply made. In a small saucepan put a square of folded flannel cloth. Four or five times enough water to thoroughly moisten it; heat and place the flannel cloth over the pain. Cover it with a dry flannel and pin a towel over it to keep it in place.

Two or three times a day open the windows wide in your working room, then close them again, all save a generous space at the top, and see how quickly the freshened air will warm up. Some one has spoken of "taking great drafts of the atmosphere." Don't treat it as an enemy to be battled from the home or it will grow resentful and revenge itself upon you as soon as it finds you unprotected. Make friends with it, bid it welcome under open windows and doors and eager lungs and it will prove an incomparable health and beauty giver.

For removing dandruff every night anoint the scalp with sweet almond oil. Rub it in and bind the head with a silk handkerchief or an oilskin cap. This will prevent its staining the pillow. In the morning wash it out with soapy warm water and a little borax. Do this until the scurf has disappeared. Then at night apply the following tonic with a vigorous scalp massage: Castor oil, one-half pint; pure alcohol, one-half pint; tincture of cantharides, one-half ounce; oil of bergamot, two drams. Color a pale pink with alkannet root. Apply to the roots.

Every morning in the quiet of your own room before the day's work is begun and in the evening before retiring, stand by an open window and practice correct breathing. Stand erect, arms, muscles relaxed, mouth closed, inhaling to the time of four pulse beats. Retain the breath for two pulse beats and exhale while counting four. These three divisions constitute one correct breath. Place the fingers on the wrist pulse until accustomed to measuring the time. When a correct breath is taken the abdominal muscles will be brought into action as well as the muscles of the back below the waist line. In walking this form of breathing should be practiced and in a short time one will breathe correctly and be absolutely unconscious of any effort to do so. If one be hasty tempered or nervous there is no better restorer to sanity or calmness than this regular passionless pumping of fresh air into the lungs. If practiced in a well-ventilated room, it is a guaranty against lung troubles, and incipient cases of tuberculosis.

IN THE DINING ROOM A sideboard, a round table, chairs and a serving table make up a set of dining room furniture.

A round table looks better in any shaped room and will serve more persons than a square one.

When a meal is not being served the console or serving table may hold some of the decorative china and glassware.

The corner or small square china closet is being done away with, it being no longer good form to display one's hoard of cut glass, etc.

A few silver pieces in the room, however, help in the way of decoration, and a handsome coffee set and tray will adorn the serving table.

A fruit dish of beautiful design may also be placed in the sideboard and set in the middle of the table between meals.

The plate rail is now an established institution and one's collection of Staffordshire and china platters is disposed of in this way.

Platters are not necessary in the dining room and if any are placed there care should be taken that they do not give the dining room a crowded effect.

A plain paper is best for the average sized dining room and deep, yellow, buff and cream will be found to contribute a light and cheerful tone to dark rooms.

APPLE SALAD Apple salad is always palatable, but many housewives think it requires time and trouble to make.

One of the simplest ways of tossing one together at a moment's notice is to take ten fall apples, cut them up into tiny pieces and serve with water cream and French dressing.

This may not only be served for luncheon but is also delicious for a late supper or a simple dinner.

Towel Embroidery.

Probably no article in the embroidery realm will be given more attention during the next few weeks than the stamping and embroidering of towels. Surely no gift would be more acceptable to the average housewife, and if there are duplicates so much the better, which can hardly be said of the average Christmas present.

The designs shown to-day are new and original, never having been published, and in selecting them we have endeavored to get the showy and artistic effects without too much embroidery.

No. 130 is an artistic arrangement of poppies, with a space surrounded by buds for the initial. The perforated stamping pattern is ten cents.

This design is No. 129. It is wholly different from the preceding pattern, it being constructed wholly on the conventional form of decoration. A towel embroidered with this design, however, would be exceedingly attractive. Perforated stamping pattern, fifteen cents. Stamping material enough for months of stamping, ten cents.

We will send a sheet of embroidery designs to any address upon receipt of a two-cent stamp. Address Fancy Work Department, Journal-Courier, New Haven, Conn.

RECEIPT COLUMN

Some "Real Home Cooking" Enjoyed During a Woman's Vacation.

Bread savors—A delicate breakfast or tea dish. For five persons have ready two tablespoonfuls of butter, one onion, a cup of dry bread cut in dice, five fresh eggs and salt and pepper to taste.

Melt the butter in a skillet, slice the onion extremely thin and brown lightly in the butter. Add the diced bread, shake until a light brown, then cover and allow bread, onion and butter to simmer together fifteen minutes. Beat the eggs, yolks and whites together, stir lightly into the mixture in the pan, toss with a fork, add pepper and salt, and when the eggs are set serve at once hot. If you prefer the bread crisp crisp instead of soft do not simmer, but fry to a golden-brown and add the eggs at once.

Prune pudding—Wash and soak one pound of good California prunes overnight. In the morning stew them until tender in the water in which they soaked, which should be clear if the prunes were properly washed. What tender drain off the water, stone and chop the prunes. Beat the whites of four eggs stiff, add gradually one cup of sugar, beating all the while, and finally the chopped prunes. Pour at once into a deep baking dish, bake twenty minutes and serve cold with whipped cream, sweetened and flavored with a little sherry wine.

Orange soup—One-third box of gelatine, one-third cup of cold water, one-third cup of boiling water, one cup of sugar, one tablespoon strained lemon juice, one cup strained orange juice, whites of three eggs, one cup of whipped cream. Soak the gelatine overnight in the cold water. In the morning dissolve in the boiling water and add the sugar, lemon and orange juices. Set the mixture in a bowl immersed in cold water or in cracked ice to chill. Before it begins to set add the beaten whites of the eggs and the whipped cream. Have a mold lined with lady fingers or sponge cake and pour the gelatine cream in the center.

Corn cake—Two eggs, half cup butter (small), half cup of sugar, one cup sweet milk, one cup flour, one cup oatmeal, two teaspoons baking powder, half teaspoon of salt. Beat the eggs light, add the sugar and the milk, sift the flour and meal (the latter should be a fine yellow meal) together with salt and baking powder. Put the butter to melt, not brown, on the stove, mix the other ingredients, beating briskly, and when the butter reaches the boiling point add that, stir well, pour into a buttered baking dish, stoneware preferred, and bake in a moderately fast oven until golden golden brown.

THE NEW SATIN

There is a new weave of satin just displayed which is extra wide. It has been woven for the use of the dress-makers who have orders for the modified empire skirt, which is not gored.

This seems to indicate early in the season that the great dealers intend to keep to this model for the fall styles. It will not be extreme, but probably carried out on the lovely slender lines that the later empire gowns show.

In this extra wide lustrous satin there is a new shade of golden brown called rust. There are also dark grays in the soft smoke and elephant shades and it is whispered that these will make up the dominant gowns.

The new myrtle tones are also of this satin and the brilliant gendarmes blue.

The grays will be embroidered in heavy silk bullion and padded silk floss in three shades of gray. Here and there there will be a touch of silver fringe, and when the gowns are built for elaborate evening wear, to be worn with a hat, the gumpes and long, wrinkled sleeves will be of new coarse tulle embroidered with silver and rhinestones.

There seems to be a good deal of evidence coming from all sides that the dull grays are to take the place of vivid colors for elaborate gowns.

Y. W. C. A. CLASSES

The Saturday class for children from 5 to 12 years of age will open October 17 at 9 a. m.

The will consist of doll outfits, each child to bring her own doll and material to use. They will be taught to make the underclothes at first, later dresses, coats, hats, etc. In learning to shape garments for the children's children, they will store up knowledge which will be of service to them in later life.

Immediately following this class there will be a children's class in the gymnasium.

Some may like to enter both classes for which special rates have been arranged.

Those who wish to join the arts and crafts and English classes, will meet for their first lesson on Monday evening, October 12 at 8 o'clock.

There is still opportunity to join an afternoon class in dressmaking. Names are being taken for classes in French, German, elocution, embroidery and gymnasium work.

The music school receives pupils at any time, both young women and boys and girls.

Office hours in educational department, 3 to 3 p. m.

THE USE OF BOWS

There is no end to the methods that will be employed this winter in the use of bows. They will be worn at the neck, back and front, also at the belt back or front, and always at the top edge.

The bow or rosette will not be placed at the bottom edge as it was last season.

The newest spot for a bow to be used is at the front of the bodice just below the yoke. This is of a different color from the frock and is usually made of liberty satin. It is not full and loose, but long and trim. The loops and ends are the full width of the ribbon and are laid out in flat lines.

These will touch up not only dressy costumes for theater, restaurants and informal dinners but they will be worth on simple house frocks. The most vivid colors will be used to give brilliancy, to simple gowns such as white, gray and black.

NIMBLE FINGERS

How White Canvas Shoes May be Made Into Evening Slippers.

A lingerie blouse usually wears out about the neck, as the strain comes on that part. Where the rest of the blouse is in good condition, a yoke made of valenciennes or cluny insertion can be set in with charming effect. The collar can also be made of the insertion with a ruffle of lace on the edge.

Beaded stockings are very easy to make. An openwork pair may be chosen and the beads sewn on the edge of the design, or a pair with lace inset may have beads to outline the lace and to stud it here and there. It is not advisable when decorating stockings to let the adornment run too far above the ankle, for it merely makes the whole effect ungraceful and unattractive.

It is wonderful what a scrap bag does to help one at unexpected moments, particularly if it contains little bits of lace of any kind. There are some that blend together wonderfully well which may be used for hat trimmings, bands, bindings and bows; others may serve to cover sash slippers that have become soiled in the wearing, and one ingenious maiden even used little bits of lace to mend an old painted fan that had worn away in places.

White canvas shoes may be turned into pretty slippers by painting them with a Dresden design in small flowers.

This idea turns comparatively plain shoes into very ornate slippers suitable to wear in the evening with light décolleté dresses. Needless to say, it is necessary to have some artistic talent in the family before this can be accomplished. After the shoes are finished they will look like creations, which is so popular this year for anything from a wash bag to a lingerie hat.

For quite a long time the needle-work shops have been selling pillow tops, dollies, centerpieces and table covers partly embroidered, so the beginner in the art merely has to copy the work already begun. This is a particularly easy method for the elderly woman whose eyesight is not sufficiently good to choose the shades of silks for herself. It is, too, much more encouraging to finish work already begun. It gives an impetus, a desire to see it complete, quite lacking when just the stamped material is lying in the work basket. Besides embroidery one may also buy bits of drawnwork in which the threads have already been pulled and one corner is finished. As so few know the intricate stitches, it is far better to invest in one of these—even if it costs somewhat more.

BIRD'S-EYE MAPLE Luckily is the woman nowadays who numbers among her assets some pieces of bird's-eye maple. During the last few years this wood, which was formerly overlooked in the anti-sag passion for mahogany, has taken a wonderful grip on popular fancy, and the dealers in antiques say that prices for it have gone up two-fold in the past two years. Of course, too, bird's-eye maple owes its present popularity to more than a caprice. A fine piece possesses all the luster of satin and it has the added advantage of improving with years of service.

Of course, the maple is used more especially for bedroom duty, and the old four-posters in this wood, when finished with a canopy of blue or some other delicate hue of chints, are truly beautiful.

WINTER PRESERVES

Good Things That are Made of Grapes and Melon Rinds.

Grape catchup—This is a delicious side dish with turkey. Take very ripe grapes—wild ones preferred, but domestic ones will answer—and cook them until the skin and the pulp separate. To five pints of the grapes add three pounds of sugar, one pint of strong elder vinegar, ground cloves and ground cinnamon to suit individual taste. Boil all together for fifteen or twenty minutes, put up in small jars and seal tightly.

Unfermented grape juice—A most appetizing drink, said to be a great tonic. Wash the grapes thoroughly and cook in porcelain kettle, needed no circumstances use an iron pot for this. Cover the grapes with cold water and bring to the boiling point. Strain off the juice in cheesecloth bags, and let the juice stand until perfectly clear. To each quart of juice add one-quarter of a pound of white sugar. Boil again and skim. While hot put into bottles and seal the cork with wax, so that they will be airtight.

Grape mousse—Cook enough grapes so that when strained they will make one large coffee cup of pure juice. Stir this into a pint of very heavy cream. Add one tablespoonful of lemon juice and enough sugar to sweeten. Whip this with cream whipper until very thick and pour into a mold. Pack in freezer, covering with salt and ice, letting it stand four or five hours. Refresh the ice if necessary. Turn out on platter to serve and sprinkle nuts over the inverted mold.

Grape butter—Separate the pulp and the skins of the grapes. Do not boil through a coarse sieve. Mix with the skins and then measure together. To each quart of grapes add one pint of sugar and cook until thick and jellied.

Melon Preserves—In selecting rinds for melon preserves get the very thick ones and cut them free from all pinkish portions and remove the outside green rind. Cut the pieces into small squares and weigh them. To every pound of rind allow one pound of granulated sugar. Put the sugar into a porcelain-lined kettle, and add as much water as will be needed to make a good syrup to cover the preserves. Squeeze the juice of one lemon into the syrup and carefully stir out the seeds. Boil the rind, being careful not to use any of the white, and add to it the bag of spices. Boil the spices in with the rind. Some use ginger root though often it destroys the honey flavor of the liquid, making it too strong with ginger. It is best to use delicate spices. First boil the syrup until it gets moderately thick, then skim it free from scum and add the rind. They can be slowly cooked or rushed through, though they get more like honey if slowly cooked on the back of the stove. They must be preserved in glass jars with tight lids.

Cadmus Literary Club to Celebrate Its Tenth Anniversary—Social and Personal Notes.

The Cadmus Literary club is getting ready to celebrate its tenth anniversary, and the entertainment committee is busy at work arranging the program. The anniversary will be observed next Thursday evening at the residence of Mrs. F. E. Fowler, 121 Grand avenue. In the first time in the history of this club the members have decided to invite their husbands to one of their meetings and they will be expected to attend the anniversary exercises. An interesting program is promised for the evening.

Secretary Hine of the state board of education has requested that there be some instruction in the line of elementary teaching in agriculture in the Fair Haven schools. The object is more especially that pupils may plant gardens and also preserve plants and shrubbery. In the Strong district for some time Principal Graves has encouraged this work, and many of the pupils have had little gardens and flower pots. Mr. Hine may do something more in this line another year, for he believes that it is a branch of instruction that should be encouraged in the schools.

C. F. Bates, who is always interested in politics, was asked last evening if there was to be any political excitement over in this part of the city, and he replied: "Well, I guess not just yet. This week, with the Hartford bridge, the Danbury fair and the baseball excitement in the National league, there has been no time to talk politics. But there will be something doing soon. I should say that about next week politics ought to get a little warmer." Registrar Fonda in the Fourth ward expects that this ward will be up and doing on election day and that every republican vote will be polled for Taft and Sherman. Large portraits of these candidates have been placed in the window of the Clogston Paper Box company in East Grand avenue.

At the Pilgrim church Sunday morning Rev. R. E. Brown will preach on "Transforming Power." Charles Hetchkins of Quinnipiac avenue is quite ill having been attacked with convulsions. He was thought to be some better yesterday.

At Grand P. E. church Sunday morning there will be morning prayer and sermon on "The Meaning of Catholic and Protestant" at 10:30; evening prayer and sermon on "Ingratitude" at 7:30, and Sunday school at 12:15 p. m.

Rev. and Mrs. R. E. Brown will attend the annual meeting of the American Board of Foreign Missions which convenes in the Academy of Music in Brooklyn, October 12-18.

The City Mission.—No. 201 Orange street, Rev. W. D. Mossman, missionary pastor. Sunday services tomorrow at the usual hours, 9 a. m., 3 p. m. and 7:30 in the evening. The auditorium service in the evening will be in charge of Christian Endeavor society of the Dwight Place church.

On Wednesday next, Oct. 15, will be held the "Rally Night" of the City Missionary association for the work of the missionary year beginning Oct. 1. Supper will be served at 7 o'clock to those who have received invitation cards. The "social hour" in the auditorium from 8 to 9 o'clock is open to all connected with any department of the mission work. Included will be instrumental and vocal music, recitations and also brief addresses from some of the officers of the association and several of the pastors of the city.

SUNDAY SCHOOL TEACHERS.—One Hundred Register in Religious Education Federation. Sunday school teachers registered this week in the normal classes of the Religious Education Federation of this city. One class was organized Tuesday night in the Grand Avenue Congregational church; about fifty teachers were present at this class alone, representing all the Protestant churches of Fair Haven. Several smaller classes representing different grades were organized Thursday evening in the United church chapel. A very good beginning has been made for the year's work.

PERSONAL NOTES

Mr. and Mrs. F. E. Andrews of Dwight street have rented their house to Mr. and Mrs. James Todd for the winter. Mr. and Mrs. Todd have been spending the summer at their cottage at Pine Orchard.

Mrs. F. D. Graves will open her home, "Luzerne," in Whiteville, for a charitable and picnic on Friday afternoon, October 16, at 2:30 o'clock for the benefit of the ladies' auxiliary of the Deutsche Gesellschaft.

Prof. and Mrs. Irving Fisher have closed their cottage at Narragansett Pier and are at their home in Prospect street for the winter.

Mrs. Samuel Hammond of College street has returned from Torrington, where she had been spending most of the summer. Mrs. Hammond also spent some weeks at Bantam lake.

Mrs. R. W. Rice and son, Mr. Warren Rice, went to Hartford by auto during the big bridge celebration. They visited friends in that city.

Prepare both according to directions. You will have twice as many cups with Van Houten's—each cup will have a better flavor. Van Houten's Cocoa may cost more but it is the cheapest in the end because a little goes a long way. VAN HOUTEN'S (Best and Goes Farthest) COCOA"

Under the auspices of the ladies' guild of Pilgrim church an entertainment was given in the chapel Thursday evening. Mr. Williams of Yale, who in the program is referred to as "the wizard of the west," gave some exhibitions in magic and impersonations, which interested the audience very much.

The funeral of Mrs. Walstele E. Wheeler was attended at the home of her son, Dr. Frank H. Wheeler, 27 Church street, yesterday morning. Rev. Dr. Sneath officiated and also went to Montville and officiated at the committal service in the cemetery.

The Grand Avenue Baptist church has elected the following delegates to the Baptist state convention to be held at the South church, Hartford, October 20-21. Rev. and Mrs. Charles G. Smith, Thomas G. Hinkley, Melville M. Gower, Ernest Zuber.

At the Grand Avenue Congregational church, the Rev. Isaiah W. Sneath, pastor, will preach at the morning service on the topic, "Fruit of the Spirit." The Sunday school will meet at 12 o'clock and the Y. P. S. C. E. at 4:30 p. m. At the evening service the pastor will speak on "The Prophet's Questions." At the Tuesday evening service the topic will be "My Bible; Its Value to Me." There will be special music by a quartet.

Mrs. James B. Moran and son, J. Raymond of Grand avenue are spending a few days in town but will return to Morris to remain until November. Mrs. Moran is treasurer of Myrtle chapter, O. E. S., and came to town for the official visit of the grand officers to the chapter.

Live Oak council, R. A., appointed a committee of three at Thursday night's meeting to confer with the general committee in regard to forming a state league of Accumulites for carpet bowling. The lodge has already entered the city bowling league. It was also voted to hold a card party on the first meeting night in November. One application for membership was received.

At the Grand Avenue Baptist church Sunday, public worship at 10:30 a. m. and 7:30 p. m. In the morning the pastor, Rev. Charles G. Smith will preach on "The Onward March" and in the evening his topic will be "Staking Our Claim." Attorney Frank Bishop of this city will speak at the Tuesday evening meeting at 7:45, presiding over the cause of the New Haven Baptist union.

The delegates who attended the New Haven Baptist association at Meriden, have returned. The association voted to hold its next meeting in 1909 at the Grand Avenue Baptist church. It is 12 years since the association met in this church.

Look Under It. to protect persons and property of the common citizens. Penny Arcade Talk. Now we hear in the graphophones in penny arcades a speech of this candidate, including in sonorous tones, "Why should the poor workman be denied the sacred right of a trial by jury for his alleged crime?" A white man gets a selfish feeling when he sees such a deliberate attempt to suck sympathy by the most infernal deceit. What brought up the subject was a demand by the Labor Trust leaders that their lawbreakers, sluggers and dynamiters, when they disobey the orders of the court and do these acts, be tried for contempt of that court by a jury instead of being sentenced by the court itself for contempt of its orders. In that plan the Trust leaders hope to make it easy for their workers to do these acts and escape by a packed or frightened jury. But mark you the clean-cut distinction and here we lift the stone and put sunlight on the hidden, bleached equipment and show how they try to misinform the public to gain sympathy and play upon the emotions of the uninformed. Under the present law every criminal has a right to trial for his crime by jury. The paid slugging of the "entertainment committee" of a labor union always has a jury trial for maiming or killing another workman, or for blowing up property. He is tried by a law court and a jury. Notice therefore the hypocrisy in the maudlin appeal of Bryan and other wily pervertors of fact when they say "why should the workman be denied the sacred right of trial by jury for his alleged crime?" A man who commits a crime against the people, whether he has smelt on his nose and poses as a martyred workman or has his finger nails manacled and is a member of a capitalist trust, is always tried by a jury. Never is the criminal tried for his crime by the Equity Court which issues an injunction ordering him not to commit it. If he goes on and does the act in spite of the court's order, not to, when that court simply orders him "not to," until the court can enquire into his right to do the act he intends, then in the event he willfully disobeys the court's orders, he is held "in contempt" and is punished not for the crime, (which must be tried by the jury in a law court) but for disobedience of the court's orders. Anyone Could "Order." If an Equity court was stripped of its power to punish a criminal for refusing to obey the court's order to not commit the act until the court could investigate, then a street Arab could as well issue the order and he would have as much power to enforce that order. The courts established by the people must be supported by the people else they had as well be dissolved. Notice now the thought line running through all this Labor Trust movement against the courts. It reads plain enough. Every move is directed towards weakening the courts and therefore lessening

BONE HAS TEAM READY FOR SEASON

Roller Polo Players to Report Friday—Two New Men to Appear—Changes at the Rink.

NEW YORK LEAGUE NO GO

Has Gloomy Outlook This Season—American Teams May Play at Savin Rock—Simmons a Giant.

George Bone, owner of the New Haven polo team, last night announced that his players would arrive in the City of Elms by next Friday when they will be put through some practice in preparation for the first game on Monday, Oct. 19, which will probably be against the New Britain team, last year's champions. The practice will be held at the Quinlan rink, which is undergoing many changes at present. The hall is being painted and the heating and lighting systems are being improved upon.

The team this year will consist of Taylor and Warner rushers, Griffith center, Gardner halfback and Sutton goal. Griffith, who will play center for the local club, played a good game at center for Bridgeport last year and was exchanged for "Wild" Charles Farrell. Griffith was with Fall River when the trade was made. Another addition to the local team is Taylor, who will fill the first rush position. When seen by Bone last week a few years ago Taylor was playing amateur polo, but since then he has made great strides in the game and is now considered a strong rush. This will be his first appearance in the east.

George Bone is not in the best of health and will probably not be seen in many polo contests this year. He is chairman of the schedule committee and will attend the regular meeting of the National Polo league tomorrow at the Bay State hotel, Worcester. All the clubs on the circuit will be represented and final arrangements will be made before the opening of the season.

The situation in the New York State league as regards polo is going from bad to worse. The league there is gradually becoming a nonentity and the services of amateur players are being secured, which only points to an unsatisfactory and gloomy outlook. Bone will go to Meriden today to see the Boston and Philadelphia teams play. The American teams are playing exhibition games about the state for the benefit of the Tuberculosis Relief Fund, and Bone will try to make arrangements to have the team play at Savin Rock Monday afternoon. If he is successful in bringing about the desired result there is little doubt but that a large number of the fans will hike to the prairie to witness the work on the diamond.

When asked about Simmons, the local slugger, concerning his future career, George Bone said that even if Simmons' name did not appear in the Giants 1903 reserve list that he was a member of that club. McGraw told Bone that Simmons reported to the Giants at the close of the local team's season and was supposed to travel around with the team of extra men on McGraw's staff which played ball about New York state. Simmons did not do this, deciding to take a rest and report in the spring to the Giants, as he will do. Bone said that he had papers signed by President Brush to that effect.

PEQUOTS VS. LIGHTS.

Great Game Expected at Lighthouse Tomorrow—\$50 Side Bet.

Preparations are all in readiness for the big game at the Lighthouse tomorrow when Jimmy Carroll's Pequots and Manager Ullman's Lighthouse teams play for a fifty dollar purse along with the gate receipts. The Pequots have already defeated the Lighthouse team two games and despite the fact the Lighthouse boys are confident of winning tomorrow.

Manager Ullman of the Lighthouse team said that the Pequots will have to go some to beat his team now as he has strengthened the weak spots. This statement little affects Manager Carroll of the Pequots for that individual has already hired an express wagon to bring home the money.

All the baserall fans who wish to see a corking game have only to hike down to the Lighthouse tomorrow. The teams will line up as follows:

Lighthouse—Ford, c; Tone, p; Welton, 1b; Foley, 2b; Davis, ss; Barry, 3b; Byrne, lf; Heltz, cf; Lynch, rf.

Pequots—Dunn, c; Daniels, p; Frisco, 1b; Cook, 2b; D'Andrea, ss; Sampson, 3b; Murray, lf; Shannahan, cf; Carroll, rf.

"Tone" Malone, the ever ready, smiling, indicator holder will be on deck to call balls and strikes. Game called at 3 o'clock.

Sporting Editor Journal-Courier:

I wish to deny the report sent out by Nip Cook and Bill Shannahan to the effect that they are managers of the Pequots as I am the sole manager.

JAMES B. CARROLL.

TOO LATE.

Naps Already Disbanded—Unable to Meet Giants in Post-Season Games.

Cleveland, O., Oct. 9.—A telegram was received from John T. Brush of the New York National League club, by the Cleveland News to-day approving a suggestion that a series of post-season games be played between the New York and Cleveland clubs. The management of the Cleveland club was at first favorably impressed with the proposition. At the conclusion of a conference late this afternoon of the officers of the Cleveland club, however, it was decided that as the team had disbanded and the players widely scattered, it was too late to play the games, and Mr. Brush will be notified accordingly.

OBITUARY NOTES.

Franklin Gardner Guion.

Franklin Gardner Guion died at 3 o'clock, Wednesday afternoon, of general debility due to old age, after falling, for some months, at the home in Hartford, of his daughter, Mrs. William C. Russell. Mr. Guion was born in New York city, May 1, 1814, of Huguenot parentage. He served during the war with Mexico with Colonel Vanuren in the pay department from July, 1846, to the close of the war. He was with General Zachary Taylor and with General Scott from Vera Cruz to the City of Mexico. Upon entering the army in 1846 he relinquished a responsible clerkship which he had in the Bank of Kinderhook, N. Y., since 1842. After his return from Mexico he was offered and accepted the position of cashier of that bank, retaining the office until 1859. In 1851 he was instrumental in establishing the church at Kinderhook, which led to the organization of a parish taking the name of St. Paul's, of which he was made senior warden and clerk of the vestry. In 1876 he became associated with the Russell & Erwin Manufacturing company in New Britain. He was married in 1849 to Cordelia Lucella, daughter of Norman Warner of New Britain. He retired from active business in 1898.

He leaves a son, Franklin W. Guion of New Haven, and two daughters, Henrietta L. Guion, and Cordelia W. Russell of William C. Russell.

Funeral services will be held at the house this afternoon at 2 o'clock. The body will be taken to New Britain for burial in Fairview Cemetery. Here services will be held at 3:30 o'clock.

The expense incident to funeral service is many times a heavy burden, occurring as it often does unexpectedly after long periods of illness. It is our desire to be known as considerate our charges, and especially thoughtful of the many cares and responsibilities which we must necessarily assume in such occasions.

NO DEVELOPMENTS YET.

There were no new developments last night in the case of the body of the little child which was found in the barnyard in Edgewood avenue a few days ago. While the authorities are investigating the case they had nothing new to offer in it yesterday.

Good Coal

And Clean,

Full Weight

And

Lowest Market Prices.

TEL. 3412

To many of our patrons we are simply Verdi & Balsamo, coal dealers, telephone 3412. Their friends bought coal of us and were pleased; they afterwards bought and were pleased and our business grew—has grown steadily and rapidly for five years. But patrons who have visited our yards see the reason for this. Immense yards, with fine dockage at all tides; coal hoisted direct from barges to bins; all coal under cover and constantly screened and culled, so that our customers get as good coal as it is possible for us to procure and prepare. When it comes to weighing, we have the finest scales made, scales carefully tested and certified, scales that weigh accurately. Every detail of the business is carefully systematized, economy studied, delivery prompt and careful and our charges the lowest market prices. We are satisfying our regular customers and think we can satisfy you. Your trade is respectfully solicited.

MILFORD.

(Special Journal-Courier News Service.)

Milford, Oct. 9.—Mr. and Mrs. Emil Nyebrey have closed their cottage at Fort Trumbull Beach and returned to New York for the winter.

Rev. and Mrs. H. O. Gilman are entertaining Mr. Gilman's sister, Mrs. Seymour Wanser and son of Glen Cove, L. I.

Mrs. Disbrow of Easton and Miss Jennie Disbrow of Long Island have been spending the week in town at the residence of Mr. and Mrs. S. A. Libbey.

Mrs. Martha Whitcomb has returned to New Haven after a pleasant visit with Mrs. Carrie Baldwin of Clark street.

Mrs. Edmund Tibbals and daughter Esther have been guests of Mrs. Ray Royden this week.

Mrs. C. B. Ford is improving in health and was able to go automobile riding this week.

Miss Julia Beach has been enjoying the week in Hartford. While there she was the guest of her brother, who is located in that city.

That the harvest festival at the M. E. church has been a success is evident by the large assembly of people who have partaken of the suppers on

Wednesday and Thursday evenings. The patronage at the other booths has been very encouraging, and the fine display of fancy articles have been above that of previous years. A large collection of handkerchiefs, gloves, ewal and work boxes, fancy bags, wash cloths, picture frames, etc., were the gift of Mrs. Egbert of Fort Trumbull Beach and New York, who has recently become a member of the society. At the entertainment on Thursday evening the committee arranged tableaux to be followed by selections by the Harmonica club, with a recitation by Mrs. T. J. Beach of Woodmont; piano solos by Miss Maud Wilcox. The platform was decorated with cedar trees and during the song "The Old Oaken Bucket" which was beautifully rendered by Mrs. Seymour Wanser of Glen Cove, L. I. a curb and bucket was used as an illustration and red lights were thrown on the scene at the conclusion of the song. The piece "Bring in the Sheaves" was illustrated and sung by four little girls, Misses Lizzie Stowe, Ruth Neilson, Marion Green and Louise Banks. In the tableaux "Rock of Ages" Miss Mildred Benjamin took the part of supplicant at the cross and Miss Florence Gregory sang as a solo the time honored hymn "Rock of Ages." Red light was used, the scene was very effective. "The Dilatory Soldier" was rendered by four boys. Great disappointment was felt at the absence of the Harmonica club, that had previously engaged to be present. Mrs. C. H. Harvey and Mrs. E. B. Burwell presided at the piano during the displaying of the tableaux. Friday evening's entertainment was arranged by a committee of the junior league.

The death of Theodore S. Bassett took place at his summer residence at Fort Trumbull Beach, on Wednesday evening at 8 o'clock. The funeral was held in Derby on Friday afternoon. Mr. Bassett was sixty-nine years of age, and had been a resident of our town a portion of the year for ten years past. He was connected in business in New York and Derby at which place he returned for the winter season. He leaves one son and two grandchildren.

The "Red Special" bearing Eugene V. Debs, the socialist candidate for president, in touring the country, stopped over at Milford at 12:40 and gave a short address from the platform of the train. The train was decorated with flags and a picture of Debs occupied a prominent place on the car. He was escorted by a coterie of men and a band of music which announced the arrival of the train.

KENTUCKY RACE.

Lexington, Ky., Oct. 9.—Katherine Direct, the pronounced favorite, today won without particular trouble the pacing division of the Futurity, which was left unfinished yesterday. The 2:14 trot was also won by the prime favorite, Allen Winter, which lowered the record for the race in the first heat and again in the third heat to 2:08 1-2. If the track is in condition tomorrow Dan Patch will go against his record of 1:55.

Pearl—Down on the porch last night Reggy was taken for a burglar. Ruby—Why I'm surprised. Reby never stole anything in his life. Pearl—No; he is even too slow to steal a kiss.—Chicago News.

Does the World Owe You a Living?

Of course it does, but the world isn't running a delivery wagon. It's the man with energy and perseverance in work, and who practices thrift in his daily life, to whom the world makes good its promise.

WALL STREET NOTES

Collapse in Securities Abroad Upsets Market—75,000 Foreign Shares Sold.

LOSSES MADE UP LATER

Copper Stocks Fall to Respond to Boston Tip—Kuhn, Loeb's Announcement.

The collapse in securities abroad, with consols a point further down in the early trading, upset this market at the opening. The rumor manufacturers also contributed a report, just before the opening, that Turkish warships had fired on a Bulgarian vessel in the Black Sea.

Foreign houses were estimated to have sold in this market today fully 75,000 shares, chiefly United States Steel, Canadian Pacific, Baltimore & Ohio, Reading and the Harriman issues.

The foreign sales of Steel common the past two days have been about 50,000 shares. The action of the stock in holding at 45 in view of this large selling was looked upon as very good evidence that the stock is being accumulated here by strong interests who are satisfied with the current earnings of the steel corporation.

Demand sterling sold at 4.87. This was an advance of 40 points. It later reacted 1-4. There were inquiries regarding gold for export, probably to Paris, but only of a tentative nature.

Comment was made on the relative strength of the Hill stocks and their quick recovery yesterday. If there were a liquidating movement on by European holders these stocks would be very likely to show evidence of it.

The copper stocks did not act as if the street shared the belief of a Boston authority, that a war among European nations would be an incentive for an advance of 3 to 5 cents. Like the rest of the market, the metal group was at the lowest for the movement.

The brief formal announcement that Kuhn, Loeb & Co. would take up the \$724,000 "Erie" notes, maturing in December, was understood by Wall Street to mean that E. H. Harriman had again come to the rescue of a hard-pushed railroad.

It is understood that the proceeds of the \$14,000,000 of Southern Pacific bonds sold by that company to Kuhn, Loeb & Co. and Speyer & Co. are to be used in paying for the building of the extension in Mexico and in the redemption of the \$5,000,000 of bonds of the Southern Pacific of Arizona (series A) due on March 1 next.

perceptible on earlier days of the week, was realized. It was helped by the strength of Rock Island and the Harriman issues, which was due to the significance attached to the announcement by the firm that finances important Harriman financing of the provision for the \$7,000,000 St. Louis & San Francisco notes maturing on December 1.

The Kind You Have Always Bought

Signature of *Dr. J. C. Ayer & Co.*

46 Elm St. New Haven

In the civil side of superior court yesterday afternoon, Vera Peck Cadwell was granted a divorce from her husband, Clifford M. Cadwell, and given her maiden name.

Judge Wheeler gave the decree after having heard the testimony of Mrs. Cadwell and her sister and mother. The grounds were cruelty.

The testimony was that Cadwell followed his wife home one night many months ago when she was with her mother and sister and shot at them with a revolver, wounding his wife in the neck. He had been living apart from her prior to that. He was found guilty of attempted murder and sent to state prison for ten years.

Court records of this were introduced and noted by Judge Wheeler through Attorney Spello.

Mrs. Cadwell was given permission also to retake her maiden name of Vera Corwin Peck.

Elot Nelson was granted a divorce upon grounds of the desertion of his wife, Emily Nelson, on March 31, 1901.

Katie Shallor was divorced from Harold Shallor because of his desertion on December, 1900. Custody of her son John was awarded her.

Sarah Storor got a decree from Corwin Storor on the grounds of cruelty.

Estella Piedra was given the custody of her child, Lora, and divorced from Phillip Piedra.

Wilhelmina Smith divorced Frederick Smith on charges of habitual intemperance and was given the custody of her child.

SHELDON ASKS FOR \$50,000.

Republican Treasurer Wants \$50 Each from 10,000 Business Men.

New York, Oct. 9.—An appeal for contributions to the republican national campaign fund of \$50 each from 10,000 business men was issued today by George H. Sheldon, treasurer of the republican national committee. The appeal reads as follows:

"The legitimate expenses of the republican national campaign are necessarily large. Under the law, corporations may not contribute, and we therefore ask individuals to contribute more generally.

"Many would-be contributors are deterred from subscription lest the amount, when published, be the subject of comment as being too small, or, other hand, too large.

"I have therefore determined to ask a uniform contribution of \$50 from, say 10,000 business men, so vitally concerned in the continuance of republican principles.

"I hope you will place yourself on this roll and send me your check for which an official receipt will be sent you."

BUSY WEDDING MONTH.

Novel Frozen Confections Made Right Here in New Haven.

People who want unusual novelties and delicious ices and ice creams for weddings and wedding parties are likely to turn to the Harris-Hart Co., for them.

These makers have long made a specialty of this kind of work. Mrs. Corvella Lamoureaux, the head chef, is skilled in the designing of novelties, and he knows, too, how to make wonderful concoctions in the matter of combining ice creams and frozen puddings of various kinds.

The Harris-Hart Co. is having orders from all over the county for wedding dinners and luncheons, for the fame of this firm as makers of delicious frozen desserts has gone all over the state.

Their business has grown to such extent that they are obliged to move into larger quarters where they expect to be settled in about a fortnight. They are at present at No. 139 Commerce street, Telephone, No. 74.

TROLLEY CARS CRASH.

One Man Killed and Twenty Hurt in Collision Near Haverhill.

Haverhill, Mass., Oct. 9.—One man was killed, another received probably fatal injuries, while twenty others were hurt in a collision between two Boston and Northern electric cars on Main street, in the Bradford district of Haverhill, just across the Merrimac river, today.

A thick mist from the Merrimac river hung over Haverhill and Bradford this morning, and the motorists were unable to see 200 feet ahead of them. The cars were both racing down heavy grades, which converge at the foot where Main and Central streets come together. One of the cars was telechecked by the other.

Reduced Prices for 1908-9

On Ladies' Custom-Made Garments

Current retrenchment in personal expenditures tends to the purchase of ready-made garments—often unsatisfactory and frequently not economy. This season we are reducing prices, but holding materials and workmanship to the highest perfection. At these reduced prices we hope to meet present conditions and at the same time greatly increase our sales.

LABOR NOT SECRETIVE.

Gompers Says Federation Proceedings Are Always Open.

Washington, Oct. 9.—Samuel Gompers, president of the American Federation of Labor, has made public correspondence received by him relating to confidential of "The Corporation Auxiliary Company" of the "Chamber of Commerce Building, Cleveland, O.," to furnish D. A. Reynolds, president of the Great Eastern Telephone company of New York, a complete report of the proceedings of the convention, including "secret sessions," of the Federation of Labor, to be held in Denver in November.

Mr. Gompers calls attention to the fact that sessions of the convention of the American Federation of Labor are always open, and that the full proceedings are provided to the press and any one desiring them.

BODY FOUND IN HARBOR.

Stevadore at Belle Dock Probably Accidentally Drowned.

The body of a man identified as James Kerrigan, a wharf laborer, was found floating in the water near the Starin dock early yesterday. He was employed as a stevedore and was seen at Belle dock Thursday afternoon. Medical Examiner Bartlett, who investigated the case, reports it an accidental drowning and thinks that Kerrigan fell overboard during the night. Kerrigan was about 30 years old and lived in Fair Haven. Two brothers, Patrick Kerrigan of Maltby place and Michael Kerrigan, claimed the body.

MUST NEITHER GIN NOR BUY.

Spartanburg, S. C., Oct. 9.—Night riders have appeared in various sections of the state. The Cherokee ginners, seven miles from here, was posted Tuesday night. The proprietors were warned not to gin or buy any more cotton until there is an improvement in the market.

A German statistician has calculated that the steam power in present use on this globe is equal to 120,000,000 horsepower. The coal needed to supply this steam for a year would make a freight train extending ten times around the earth.

60 Years

Sixty years of experience with Ayer's Cherry Pectoral make us have great confidence in it for coughs, colds on the chest, bronchitis, hoarseness, weak throats, weak lungs. Ask your doctor to tell you his experience with it. If satisfactory, then you will certainly have every confidence in it.

We thoroughly believe in our remedies. It's not you to believe in them, but. Suppose you let your doctor decide.
