Patents for Inventors. UNITED STATES AND FOREIGN COUNTRIES
A practice of more than fourteen years, and frequent visits to the Patent Office has given him a familiarity with every department of, and mode of proceeding at, the Patent Office, which, together with the fact that he now visits Washington semi-monthly to give his personal attention to the interests of his clients, warrants him in the assertion that no office in this country is able to offer the same facilities to Inventors in securing their inventions by Letter Patent—and particularly to those whose applications have been rejected—an examination of which he will make free of charge.

Preliminary examination, prior to application for patent made at Patent Office, at a small charge.

American industry and American welfare.
And it is when you come to that that the Republican party avows its distinct purpose so to manage the revenues of the country.

In regard to the candidates there is a certain portion of the Democratic party, and there are some gentlemen who have hitherto been reckoned as Republicans, who state that the only issue in this campaign is the personal character of the candidates. I don't propose, fellow citizens, to discuss that question, and I can't recommend anybody else to; but I should like to say to some of my young friends, and to some of my older does not this fact do away with any partiality in allowing the Episcopal church to extend its edifice? No, my friend, it does not, for this reason: Civilized governments have not for years past attempted to regulate or restrict religious denominations, provided they teach nothing injurious to the welfare whose home is in Missouri cannot vote, because the constitution of the State adopted in 1875 is construed to disfranchise them. Gen-1875 is construed to disfranchise them. General Marmaduke, the Democratic candidate for governor, who boasts that he is still an unrepentant rebel, can vote. He resigned from the army to right against the United States and is not disfranchised.

Judge Lane's decision at Sait Lake City, under the anti-polygamy law, holding that a believer in polygamy is incompetent to serve either on a grand or petit jury in a case of prosecution for polygamy seems to be clearly in accord with the purpose and intent of the Edmunds act. No distinction is made in the tions. There is no danger at the present day that you will ever be fined for not attending

to vote for him with that entire satisfaction that he had expected. (Applause and laughter.) Mr. Blaine has had criticism, and the Republican party has had it before now. They say there are some dishonest men connected with it, and that Mr. Blaine is an attraction to men of easy and loose political ideas. It is one of the penalties of greatness to be thus embarrassed. I have no doubt that there are those shrewd enough Ought To Be Different. Last Saturday evening an occurrence took place at the Union depot which was a discover the color-line in schools. An amendment of the school act, which has just come in force, permits colored children to attend certain advanced schools where white children are taught. Having passed the qualifying examination, a colored girl was lately admitted to one of these advanced schools, and nearly all the white scholars in the higher department forthwith left it. Their parents petitioned to have the colored children excluded, but the appeal has not moved the school commissioners, who are bent on enforcing the law.

New Britain is 100 Democratic, a gain of 200. It gave a majority against the amend-

license by 77 majority, and gave 331 yeas for biennials and 23 nays. Mr. Platt, who was left off the Democratic ticket was elected a selectman, by help of the Republicans. He served last year very acceptably to all. Great interest was developed over the Platt matter and over the license question. The town voted no license a year ago, and the past summer no beer or liquor was for sale openly at the shore.

He induced the man to come with him on a trip toward Cincinnati and to disguise his identity told him to take the name of Ed. Ryan. The man beat him on the slightest pretext and made several attempts to induce the boy to enter houses for the purpose of robbery and threatened him because he would not beg for them. The boy met a Christian lady on the street and asked for assistance. The kind woman placed him in the Children's Home, but the brutal master appeared and demanded the boy. > That Young Factory Girl's Lucky Strike. NORTH ADAMS, Mass., Oct. 6 .- The Hogeboom-Baker elopement case, which caused considerable gossip recently at Blackenton, has ended quite satisfactorily and young Hogeboom is to have a position in his stepfather's office in New York as bookkeeper. Hogeboom's people in New York are in good circumstances and there is a fair prospect of his becoming a good business man. He is about twenty-two years old. The parents of both the bride and groom are now reconciled and Hogeboom has taken his mill girl wife to New York and will go into his

Workerers, Mass., March 23, 1884.

Dear Sir—My son, a lad of fifteen, editor of the "Go-Ahead," amateur journal, of this city, has been at different times most severely, and apparently hopelessly, afflicted with Salt Rheum. When a very small child his body was almost entirely covered with this loathsome eruption. It mostly passed away, however, after the techning period, and he was not seriously troubled with it again until abour one year ago, when the Salt Rheum first appeared on his hands between his fingers, then on his face and head in one solid mass. His condition was terrible. The rash resembled lyy poisoning, and we at first fancied it might be something not so bad as his old troubles, but the physicians pronounced it Salt Rheum, and made every effort, without avail, to cure it. We tried a preparation widely advertised as a specific for skin diseases, but it made about as much of an impression as so much cold water might have done. You can understand the situation when I say we were in despair of obtaining real help from any source.

At this point, through the advice of Mr. J. W. Bacon, whose daughter had been cure of of Salt Rheum by it, I tried KENNEDY'S FAVORITE REMEDY. This was the right and only thing at last. The skin began to heal at once, and to-day the evidence of the disease has wholy disappeared. How thankful we are, Dear Doctor; I leave you to imagine.

By order of the Board of Finance. JAMES P. PIGOTT, City Clerk. In April, 1867, the city government voted to apply to the legislature for authority to aid the New Haven and Derby railroad by subscribing to its capital stock. The authority was given in an act approved June 16, 1867. By virtue of this act and the vote of the city the city subscribed for two thousand shares of the stock of the par value of \$200,-000. To raise this sum bonds of the city were issued to the amount of \$200,000. Said bonds were dated October 1, 1867, bearing interest at the rate of 6 per cent. per annum, payable semi-annually, \$20,000 of these bonds maturing in ten years from the date thereof and \$20,000 maturing every year thereafter, so that the whole amount should

The construction of the road began in 1868. Early in 1869 the city voted to extend further aid by guaranteeing another issue of bonds. Authority to do so was given by the legislature at its May session, 1869. \$225,000 of bonds were accordingly issued by the company and guaranteed by the city, principal and interest. These bonds are dated February 1st, 1870, and payable in 1900, bearing interest at seven per cent, payable

The money was raised by the city at the Townsend Savings bank on the city's note at seven per cent. interest dated July 31, 1871.

dated July 31, 1871.

This \$75,000 does not appear to have been paid by the city directly to the road, but to have been for the most part disbursed by the city to the creditors of the road as follows: July 31 and August 1, 1871, there was disbursed by four city vouchers, numbered 1,758, 1,759, 1,760 and 1,761, to pay interest due on bonds and other indebtedness of the road, \$37,741.67:

August 4 (voucher 1,902) to Morris Tyler August 10 (voucher 2,015) New Haven Car npany, \$14,260.00. August 14 (voucher 2,016) Smith & Sperry for work done, \$630.90.

September 9 (voucher 2,252) Albert Spencer on contract for ballasting, \$4,000. October 12 (voucher 2,621) Albert Spencer on contract for ballasting, \$2,038.00. October 12 (voucher 2,621) Spring & Wilcox for turn table, \$180.90. November 8 (voucher 2,868) for construc-

November 8 (voncher 2,595) for construc-tion account, \$595.63.

December 11 (voucher 3,128) to balance to company, \$1,000.00. Total, \$75,000.00.

The city's loans and investments may be summarized as follows: First, The city bought and owns two nousand shares of the capital stock for which it paid \$200,000. Second, The city has guaranteed the pay-nent, principal and interest, of \$225,000 of thirty year seven per cent, bonds.

Third, The city has paid out in cash its loan of 1871, \$75,000. In this connection it should be stated that

In this connection it should be stated that the city has paid the interest on the gnaranteed bonds, beginning February 1st, 1872, amounting to \$15,750 per annum. The city has also paid or forborne the interest on \$50,000 of the \$75,000 cash loan above set forth, the company paying the interest on the remaining \$25,000.

Further transactions have taken place between the city and the read as follows:

Further transactions have taken place between the city and the road as follows:

As above stated the road gave the city a mortgage deed to secure the city for all loss by reason of its guarantee of the \$225,000 in bonds. This deed gave the city a second mortgage on to 10-3 miles of road and a first mortgage on its property from Water street to the water line or channel, as claimed by the Derby road, except the road bed itself. In 1871 the Consolidated road desired to obtain the water front owned

Foster, in 1873 and fixed at \$112,000. The city holding a first mortgage on this land, no title could be given without its consent. The city released its mortgage on the property in question and on June 10th or 11th, 1873, there was paid to the city\$50,000 of the\$112.000, the road taking the remaining \$63,000. The city applied this \$50,000 to pay in part the indebtedness of the city to the Townsend's bank above alleged to.

In May, 1874, the Court of Common Council passed an order to loan the road a sum not to extend \$50,000 upon satisfactory security and appointed a committee to attend to the matter. The loan was made on a note of the road, dated July 31st, 1874, bearing interest at seven per cent., and the money interest at seven per cent., and the money was disbursed as follows:

\$26,000 00 9,500 00 14,500 00

The city has loaned the road in cash \$75,000 and \$50,000, in all \$125,000.

It has received in return cash \$50,000.

This cash payment to the city has generally been treated as a repayment of cash loaned. For the remaining \$75,000 the city holds the note of the company for \$50,000.

A Steadily Advancing Market Through

New York, Oct. 6.

The stock market this morning opened at the usual hour, 10 o'clock, instead of the summer Monday morning hour of 11 o'clock, and from the opening

prices advanced almost steadily until noon, at which hour nearly the whole list had recorded improveents ranging from 14 to 134 per cent. There was

considerable increase in the volume of business, but the buying was more for the account of supporting orders placed in the market by specially interested parties than for legitimate investment. During the afternoon the market was less active, but the line

close of business, when prices were at the best of the day. The advance for the list as compared with Saturday's closed from 14 to 2 per cent. The specialties were dull. Sales 254,300 shares.

THE BEST

Hair restorative in the world is HALL's HAIR RENEWER. It cures all diseases of the scalp, and stimulates the hair glands to healthful action. It stops the falling of the hair; prevents its turning gray; cures baldness, and restores youthful color and freshness of appearance to heads already white with age. The following are a few illustrations of what is done by

Vegetable Sicilian HAIR RENEWER: BE Mus. Hunshener, 344 Franklin Are, Brooklyn, N. Y., after a severe attack of Erysipelas in the head, found her hair—aircady gray—falling off so rapidly that she soon became quite bald. One bottle of HALL'S HAIR RENEWER brought it back as soft, brown and thick as when she was a girl.

No injurious substances enter into the composition of HALL'S HAIR RENEWER, and it is not a dye. Its vegetable ingredients render it in the highest degree beneficial to the scalp as a preventive of disease. Its effects are natural and lasting, and it does not make the hair dry and brashy, like the so-called restoratives compounded with alcohol.

Buckingham's Dye WHISKERS Is, in four respects, superior to all others,
Ist—It will produce a rich, natural
color, brown or black, as desired. color, brown or black, as desired.

2d—The color so produced is permanent, cannot be washed off, and will not soil anything with which it comes in contact.

3d—It is a single preparation, and more convenient of application than any other hair or whisker dye.

4th—It contains no deleterious ingredients, as do many preparations offered for like use.
