Thursday, November 5, 1885. CREMATION.

Bishop Arthur Cleveland Coxe preached strongly in Buffalo last Sunday against cremation. His text was the burial of Jesus as narrated in John's gospel, and his endeavor was to show that burial was a Christian inheritance from the Jews, derived from divine sanction, and that burning was repugnant to Christian civilization. It was a plea against Ladies genuine kid and kid foxed, glove top button boots, B, C, D and E widths at \$1.50 departing from custom and he utterly refused to consider the sanitary argument, declaring that the movement for cremation was only a craze for a new thing. "The idea is oright, soft goat button, flexible sole, in Common Sense and Opera Styles, B, C, D and E so shocking," he said. "Think of taking the corpse of a loved one, the hand that you have so lovingly pressed these many years, place ing the body on a cruel iron car and pushing it into a fiery furnace. I confess my shrinks in horror from it. Brethren, I beseech you retain the Christian customs of eighteen centuries and see that our dead are

quietly laid in the tomb." Bishop Coxe did not express any horror of he terrible concomitants of burial. To many, however, they seem quite as unpleasant as anything connected with cremation and there is no question that the idea of cremation is fast gaining acceptance. It is less than ten years since Dr. LeMoyne built the first furnace in the United States at Washngton, Pennsylvania. Partly by reason of the shock it gave the almost universal church a horn at all. You blow a horn.—Texas dea of burial and partly because Dr. Le Siftings. Moyne was an eccentric man it was thought that the Washington crematory would find patrons only among eccentric persons. There is more of a gain in this than many seem to imagine. Wind falls and shaken fruit are less bruised in dropping from low than from high trees. But how of cropping under the trees? This, at best, rarely pays for the trouble of sowing, tillage and gathering; it would be far better to devote the space and strength of the soil to one crop alone—the fruit crop—than to make a double draft on the soil, neither one of which can be wholly satisfactory.

Watering Plants.—A good grower don't wait until a plant flags before applying water, but waters according to the needs of the plant. Some plants require much more water than others. Callas and all other bulbus plants can hardly be given too much water when growing and blooming. On the other hand geraniums, cinerarias and carnations are easily over-watered. The same is true of primroses. Cinerarias and fuchsias need liberal watering to do well. Nearly all plants like to have their leaves frequently sponged or sprinkled with water. The Passing of the Hotel Clerk.

harles Dudley Warner in the November Har-per's.] The hotel clerk has disappeared or is dis appearing. The faithful chronicler must note this significant change in American life, for it means the passing away of a whole order of things. And he notes it with a certain sadness; for, though this clerk was feared by the general public, he was the admiration of the humorist. There was ever anything in the world before answer ing to this resplendent autocrat of sleepin ommodations, this darling of the flashing pin, perfumed locks, impudent eye and loft; scension. He was the one being in ex stence before whom the free-born American uailed. We have so little real aristocracn this country that this dominating person stood out in relief; he had power to abase the proud and to make the humble crawl into a hole. But his hour has struck and he is passing away, not absolutely, for the tra-eler can still find him here and there, gen-rally only in those gorgeous palaces wher civilization is new and has the appearance of a lacquer, and is not of the substance of th

In fact, the kind of civilization that pro duced the hotel clerk is gone, or is goin o. He belonged to an era of smartn and pretension which the foreign traveler did not recognize as a growing development of character, but mistook for vulgarity. He belouged to what might be called the steam-boat period, when the steamboat was as gor-geous and as beautiful as a barber's saloon, and its clerk had the fine manners and the striking attire of the gambler. He belonged to the era of the table in the hotel dining room a quarter of a mile long, where the waiters were all drilled to move like clock-work at a signal from the first officer, who stood at the head of the table. We can see them now facing the table in a shining line, half wheeling at the signal stretching out simultaneously over the head of the submissive guests a hundred arms, seizing the tops of the vegetable dishes, and then, tram tramp, with the step of the soldier going down the echoing floor, disappearing throu swinging doors, and anon returning with t same military precision to deposit a pla that weighed two pounds, with a bang, b fore each awed occupant of a seat. As military evolution it was nearly perfect, as the American people were rather proud of it It was a magnificence which somewhat crushed them, but they felt they were some how a part of it, and it is doubtful if an oreign potentate was ever served exactly Frost-bitten potatoes are good for only one thing—to cook immediately and feed to stock.

much appetite, and rather preferred magnificence to comfort. But in time, with othe standards of taste, this pageantry vanished and the traveler began to assert his man hood. Of course there are still traces left of the old civilization, and when the traveler fin nem they awake a train of reflections the singular development of democratic in America.

What a piece of work is man! how noble reason! how infinite in faculties! in form and moving how express and admirable ! in action how like an angel! in apprehension how like a god! the beauty of the world! the paragon of animals !-SHAKESPEARE.

How beautiful are the above lines uttered by the world's greatest mind! How infinite the scope of man's power if his faculties are well preserved. Nothing, short of creation, is to him impossible. Our soul is lost in admiration. when we contemplate the possibilities of this greatest exhibition of Infinite Power. Yet what is this quintessence of dust when blasted by disease-his noble

functions perverted or destroyed? As "all men are born free and equal," as far as moral rights are concerned, so likewise we hold they should be born physically: but as long as children must suffer for the sins of their parents this cannot be. That the human race has deteriorated physically is a conceded question. To restore it is an impossibility, as long as people persist in immorality and indulgencies which are in disregard of nature's laws. The most we can do then is to

ameliorate this condition and cure disease in individuals. To this end we offer to the public remedies which have done more good, accomplished better results in overthrowing disease than any others which have been discovered up to the present

time, viz: DR. FLOWER'S LIVER AND STOMACH SANATIVE AND

NERVE PILLS. The former is an infallible remedy for all affections of the Liver and Stomach, and is besides an invaluable general tonic. The latter is a reliable cure for all nervous diseases and conditions, such as Hysteria, Sleeplessness, Nervous Prostration, Depression

caused by overwork, etc. These remedies are extensively prescribed by physicians, a recommendation which does not obtain with any other proprietary article, and command at the hands of the druggists in New England a largr sale than any other medicine.

NEW HAVEN, CONN. Dr. Brown's success has been truly wonderf Dr. Brown's success has been truly wonderful, this method of treatment is original and eminently successful. He tells at a glance the cause of disease and indicates the appropriate remedy. His medicines compounded by himself are purely vegetable and composed of Roots, Barks and Herba. Their effect is magical; striking at once at the root of disease, they continue their purifying work until all disease and impurities are eliminated from the system. Scores of voluntary testimonials from grateful patients who have been cured, certifying to the Doctor's skill, can be seen at his office. Among the diseases which yield to his treatment are: Malaria, Catarrh, Lung, Liver and Kidney complaints, also all diseases of the Blood and Skin. Dr. BROWN has a sovereign remedy for nervous troubles.

Whereas, This post has learned of the sudden death of our late comrade-in-arms, General George B. McCleilan; and general as the first commander of the Army of the Potomac in the war of the rebellion proved his abilities as a soldier and general, endearing himself to every soldier of the army, and surrounded himself with an impenetrable wall of friendship which followed him through those trying days and into his private life when as a citizen and gentleman it encouraged and inspired him and made his going to the grave the happier and brighter.

Therefore be it resolved, That in the death of General George B. McClellan the country has lost a valiant soldier and esteemed citizen and an exemplary gentleman and the Grand Army of the Republic one of its most respected and honored members.

Resolved, That as a token of respect to his memory our charter, colors and emblems be draped in mourning for the space of thirty days.

Resolved, That a memorial service to his memory be held in our post reom within said time of mourning. ng. Resolved, That these resolutions be spread upon he minutes of the post.

WEDDING BELLS. Kleeberg-Herz. Miss Jennie Kleeberg, eldest daughter Rabbi Kleeberg, and Leo H. Herz, foreman of the box department at Mayer, Strouse & Co.'s, were united in marriage at 7 o'clock last evening at the Mishkan Israel, the Rev. Mr. Kleeberg officiating. The church was crowded long before the time for the ceremony to take place, and it was a few minutes after 7 when the groom took his stand and waited for his bride, who shortly afterwards marched up the aisle leaning on the arm of her father, who left her at the platform with the groom. The bride was dressed in white Ottoman silk trimmed with dressed in white Ottoman silk trimmed with duchess lace, with diamond ornaments. The ushers at the church were: I. M. Povernor English, the stene of the joyous event, was delightfully trimmed, adorned and embellished for the joyous occasion, and praise and admiration were heard on all sides for the beautiful scene. The house would have been overgrowded had not a temporary building been added in the rear in which the supper was served, and even then, so large was the attendance, that there was in the early part of the evening no more room than was requisite for the comfort of the guests. The most fashionable society was numerously represented, and there were about twenty-five guests of note and prominence from New York city, most of whom had rooms engaged at the New Haven House during their New Haven visit. The whole house was builliant with light. The decorating was largely with choice flowers, the floral display being magnificent and rarely, if ever, equalled in the city. The walls, pictures, chandeliers, in fact, all parts of the rooms below were gay with floral decorations. Very fine tropical plants were grouped about and flanked the main entraice. The mirrors were wreathed with roses and smilax and the large pictures were almost hid from view by the pirofusion of like Beautiful decorations. All the apartments above were also beautifully adorned with flowers and blooming plants, and the gas lights and ethandelies abounded with elusters of roses. Une charming and artistic large floral piece bore the card of Dickerman, the florist of this city, and was exceedingly tasteful. It represented a cosy modern fireplace with fenders, open grate and hearth. The hearth was a bed of chrysanthemums and the grate was faced with rose buds, while the other frame work was of flowers and a three leaf clover was displayed above. The floral decorations of the occasion were arranged under the direction of Mr. Dickerman of this city, assisted by Klunder of New York, both furnishing material. The former alone furnished 2,500 roses for the occasion.

Im-mediately after the first race was finished Mr. Hubbell came into the judges' stand and said that he wanted to go right home and wanted that he wanted to go right home and wanted to know if he could have his money which his horse won. The starter who was manag-ing the race told Mr. Hubbell that if he came to the hotel he would give him his money. Mr. Hubbell said that he could not wait and he starter said he would give it to him then the starter said he would give it to him then if he would pay the entrance fee of Boston John, which he had by letter entered for G. H. Washburn. Mr. Hubbell didn't see how he could be held responsible for Washburn's horse, although he acknowledged that he wrote the letter entering him at Mr. Washburn's request. Mr. Hubbell was they told to come to the hotel Hubbell was then told to come to the hotel in the evening when the matter would be settled, as they could not stop the races to settle the matter then. At this Mr. Hubbell got excited and said the whole races were a sharp game and that he knew before he came that the races were given to chea and that he would publish them. Mr. Hub-bell also used other ungentlemanly language towards the judges and was ordered from the stand. The matter, however, was settled at

stand. The matter, however, was settled at the Tontine Hotel in the evening, he being paid his money.

To-day people will have an opportunity of seeing some of the best racing ever giving in Connecticut. Besides Fhil Thompson as an attraction, there will be a double team run-ning race between W. H. Snyder's team and ohn Murphy's. The races will begin at 1

Rev. Sidney Bryant, who died on Monday, was born in Sheffield, Mass., December 1812. He graduated in 1837 from Oneida Institute, Whitesboro, New York. He studied theology with Dr. Beeman and Proessor Larned in Troy, N. Y., and took his cond year of theology in 1838-39 in this city. He was licensed to preach by the South ssociation at a meeting held in Middletown Conn., August 6, 1839. His first pastorat of twelve years was in West Stockbridge Mass. He was also pastor of the church East Granby for five years. He was much respected for his sterling worth as a Christian minister, and a large circle of frieads will learn of his death with deep regret. The funeral will be attended from the residence of his son, Mr. Samuel J. Bryant, on Elm street, West Haven, this morning at 11:30 'clock.

Death of an Esteemed Lady. Mrs. Frances H., widow of the late Horac Butler of this city, died yesterday of lung rouble, aged eighty-six years. She was nost excellent and esteemed lady. Her hus oand was a noted builder. He built the Tombs in New York and the old Pavilion

and wife, Mr. and Mrs. George M. Grant, Judge Lynde Hairiscii, Mrs. David H. Clark, Colonel S. J. Fox and wife, Hon. S. W. Kellogg of Waterbury, Mr. W. J. Atwater, Suparintendent Ell S. Quintard, George Hotchkiss of Orange street, Mr. and Mrs. Charles Kimberly, General E. E. Bradley, Mr. W. F. Gilbert and daughter, Mrs. Colonel John E. Earle, E. L. Kimberly of West Haven, Mr. and Mrs. C. S. Mersies, Mr. and Mrs. C. S. Mersies, Mr. and Mrs. Fred B. Mällory, F. E. Morgan, secretary of the New Haven Clock company. Besides there were very many more who called and extended congratulations and after a short stay retired. Carriages were rolling incessantly from 9 to 12 o'clock, The affair will long be fraught with pleasant memories to the large assemblage present.

AT HAMILTON PARK.

Some Good Track—Some Hot Words Used by Mr. Hubbell.

Yesterday was an extra fine day for the The interest of the evening centered in The I

sellent condition. When the horses were called to the track for the first heat at 1:30 o'clock in the afternoon there were about three hundred people present, among them being about twenty ladies.

The horses which appeared on the track for this heat were: Lodi Belle, which was an excellent exponent of the histrionic reuses her voice with considerable skill and is an excellent exponent of the histrionic requirements of light opera. Mr. Fred Solomon was exceedingly amusing as the doughty general. His song "I Told It, to the Colonel" called for a deserved encore. Miss Baker, the contraito, had nothing to do and was hardly up to the requirements. Mr. Taylor, a light tenor, sung his part sweetly, but excited no interest in his acting.

The chorus understood their work thoroughly and under the efficient control of Mr. Solomon, who occupied the director's chair, showed a careful training. An augmented orchestra furnished the instrumental music very successfully.

very successfully.

MICHAEL STROGOFF.

Charles L. Andrews' company gave "Mi chael Strogoff" to a large audience at the New Haven Opera House last evening. The play has been produced here several but never under better effoumstances than but never under better circumstances than last evening. The applause was hearty and frequent and the interest manifested insures full houses during the remainder of the week. The cast is an excellent one. Mr. Joseph Slayton played the part of the imperial messenger with dignity and force, and his efforts were ably seconded by Mr. Clarence Wilkens as "Ogereff," who gave us the best interpretation of the Tartar chief we have yet seen here. Miss Cicle Rush as "Narfa Strogoff" and Miss Arnold as "Nadia" won deserved applause. The rival newspaper correspondents were funny enough, but took up more time with their nonsense than was necessary. The scenery enough, but took up more time with their nonsense than was necessary. The scenery was adequate and the orchestra was materially assisted by Mr. Simpson, who gave a truly wonderful exhibition xylophone solo between the acts. The ballet was probably the bestlever seen in this city. Signorina Brianga, Mille. Cappellini and Miss Carullo are all exceptionally fine artists, and the corps de ballet, though not large, danced with a grace seldom seen outside of the metropolis. The performance will be repeated every night this week and on Saturday afternoon.

GILBERT AND SULLIVAN'S MIKADO. Mr. Wall, manager of the New Have Opera House, paid a flying visit to New York and secured from Mr. Stetson of the Fifth Avenue Theater the authorized company and version of this most successful of al Gilbert and Sullivan's operas. The opera is packing the houses nightly, the receipts exceeding any theater in New York. The company will appear at the New Haven Opera House November 20th and 21st and mat-

CARLL'S OPERA HOUSE. Nearly all the seats have been sold for the opera "Carmen," to be produced at this opera house this evening by the Mapleson Opera company. The cast is as follows: Dor Jose, Signor Ravelli; Escamillo (Toreador) Signor Del Puente; Zuniga, Signor Cheru-bini; Il Dancaire, Signor Caracciolo, Il Remendada, Signor Rinaldini; Moralef, Signor Bieletto; Michaela, Mile. Dot-ti; Paquita, Mile. Bauermeister; Merce-des, Mile De Vigne, and Carmen (a Gipsy), Mile Minnie Hauk. (Her first enverages Mile. Minnie Hauk. (Her first appearant this season.) The incidental divertisseme will be supported by Mme. Malvina Cavalazzi and the corps de ballet. Director of the music and conductor, Signor Arditi.

GOVERNOR HILL SERENADED. is Makes a Speech to His Fellow Citizens of Elmira in Which He Congratulates Them and Himself On His Election. ELMIRA, Nov. 5 .- A hundred guns are fir-

ing in honor of Hill's election. A large prossion is parading the principal streets. The Governor addressed the crowd from the alcony of the Democratic headquarters as Friends and Fellow Citizens-Words are inadequate to express my full appreciation of the compliment of this reception. A com-

plimentary vote by one's own neighbors and friends is a matter for congratulation, but owing to the peculiar circumstances under which the recent campaign was conducted by our opponents the confidence exhibited by the people of this county and of my native county of Schuyler in the popular manifestation of yesterday in my behalf makes the local result particularly gratifying. You and they were the best judges of the justice of the attacks made upon me during the campaign. Those attacks have been answered by the people who have known me from my boyhood and who resented them in such an emphatic unner. Knowing as I did that these charges had their origin in the bitter disappoint-ment of the lobby which surrounded and controlled the last legislature, a lobby which vas able to control for its favorite n the columns of the newspapers which were the most violent in their attacks upon my character, I deemed them unworthy of no-tice during the recent contest. I deem them unworthy of notice now. You have answered them and for that answer I thank you om the bottom of my heart. Although

fully recognize and appreciate the fact that this vast assembly is composed of my friends and neighbors of all parts, yet those who difand neighbors of all parts, yet intional poli-fer from me in their views of national politics will pardon me for speaking at this time a few words of congratulation to the Democratic party of the State and nation for the decisive victory which it has won. That victory means that the great empire State of New York is a Democratic State under any and all circumstances. It means that the independent voters of our State are not controlled by self-leaders or hypocritical

newspapers. It means that these independent voters have abandoned the party of hypocrisy and sham and have effected a pernanent alliance with the Democratic parts n the interest of reform and good govern ment. It means that the people propose to sustain the hands of a Democratic President, but not by putting his opponents in power. It means that the people are weary of sectional strife and have no sympathy ing alive the dying embers of . It means that capital and labor hall receive equal protection under the law and that the efforts of the workingmen to etter their condition shall be aided by the ecessary legislation. It is not necessary necessary legislation. It is not necessary for me at this time to make pledges for the future. In my letter of acceptance I set forth the principles by which I should be guided in the event of my election. The future will show whether those professions were sincere. In closing I desire once again to thank the people of Elmira, without party distinction, who as fragmently heavered me in distinction, who so frequently honored me in he past, for this renewed evidence of their onfidence and esteem. Famous Vanderbilt Check Pre-NEW YORK, Nov. 4 .- The examination W. S. Warner before United States Commis cioner Shields was continued to-day. E. W. Rossiter, William H. Vanderbilt's private ecretary, identified the famous \$150,000 check which Mr. Vanderbilt gave to General Grant. The check was drawn on the Lincoln National bank and was dated May 3, 1884.

Mr. Rossiter was unwilling to let the check go out of his own hands. Mr. George E. Spencer, cashier of the firm of Grant & Ward, testified regarding the letter book which was offered in evidence, but was after-ward withdrawn. General Foster then asked ward withdrawn. General Foster then asked for an adjournment in order to give an opportunity to make preparation. Colonel Bliss, counsel for Warner, opposed the adjournment. He argued that Mr. Dorsheimer wanted the case adjourned in order to give him an opportunity to bring Warner before the grand jury. He had addressed a letter to the district attorney entering his protest against such a proceeding. Commissioner Shields adjourned the case until Wednesday of next week. The Ownership of the World.

The West Shore Mortgage Bonds. ALBANY, Nov. 4 .- At a special meeting of he stockholders of the New York Central and Hudson River railroad company in this city the president submitted the action of the board of directors in relation to the West Shore railway company, including the question of ratifying and confirming and authorizing the guarantee of \$50,000,000 first mortgage bonds. The proposed action of the board was confirmed and the execution of the guarantee was direct, the rate in favor eeding two-thirds of its capital stock.

Russia Refuses to Allow Turkey to parently the Only Alternative. London, Nov. 4.-To-day's despatch from the Russian, Servian and Turkish capitals do not modify the angry appearance of the eastern war cloud. Though King Milan's threat to throw a division of Servian troops across the Bulgarian frontier to day was not carried out, the failure to execute the movement is apparently due to reasons purely of military convenience. At all events King Milan's disposition remains as bellicose as ever, as shown by the language of the note telegraphed from Belgrade to-day to the powers refusing to disband the Servian troops until favorable action shall have been taken upon Turkcy's demand for recognition taken upon Turkey's demand for recognition of the Porte's suzerainty over Roumelia and the restoration of the status quo with indemnity to Turkey for her military expenses. This seems to completely justify the impression noted in these dispatches yesterday that an understanding between Turkey and Servia has been effected. The attitude of Russia remains most uncomprising. She has notified the powers that notwithstanding her acquiescence in the note advising the Balkan principalities to disarm, she will not permit the recovery of Roumelia through armed intervention by the Porte unless some one or more of the interested governments recedes from its present stand. War would seem to be the only possible out-

He had been on a protracted spree and on Sunday after the couple had retired but as this was not an unusual occurrence n attention was paid to it. Since then nothing has been seen of Mrs. Herman, although her husband visited his home regularly at night and left in the morning. Last night and this morning he was seen at the usual hour. The absence of Mrs. Herman caused one of the neighbors to call at her rooms this morning, but finding them locked the doors were forced open and her body, with the throat cut from ear to ear, wa found upon the floor near the bed. Concert at Dwight Place Church The musical entertainment last evening a the Dwight Place church was largely attended and was of a high order of merit. Mr and Mrs. Parsons, the church choir, Miss Lizzie C. Gaffney and Mr. Charles Herbert Clarke were the artists. The piano solos of Mr. and Mrs. Parsons were executed with that precision and artistic taste which always characterize their performances. Several of Mr. Parsons' own compositions were among the most attractive numbers of the pro gramme. The overture to William Tell by ooth performers was perhaps the most enjoyed piano selection. Miss Gaffney was listened to with renewed pleasure by her many friends in the church. Mr. Clarke has a fine tenor voice; not high, but of even quality, which he uses with a finish and effect quite refreshing among our local singers. His singing shows method and careful study. The nale quartette of the church gave their s tions in their usual finished manner and evening throughout was most enjoyable.

Linsley Hall was filled at the special town meeting yesterday. A resolution to resoind the vote passed at the annual meeting appropriating money for a soldiers' monument was offered. The person who offered the resolution was the only one who spoke in its favor. Many of the ex-soldiers opposed it. Some of them spoke well and the resolution was voted down by a large majority. Other resolutions were offered, but the meeting adjourned with everything left as it was at the close of the annual meeting. So we can now have a soldiers' monument and celebrate our centennial without fear of town meetings. entennial without fear of town meetings. Nov. 4.

The Fate that Overcame "Little Mac"

and Five Other Governors. Apropos of the sudden death of Gen. Geo. B. McClellan, we note that the New York Sun points out the singular fact that Governor DeWitt Clinton, Governor Slas Wright, Governor William L. Marcy, Governor and Chief Justice Sanford E. Church, and Governor R. E. Fenton, all of New York State, opped dead of heart disease, and under life identical circumstances—each of them ying while reading a letter except Marcy, who was perusing Cowper's poems.

Hold your hand against the ribs on your left side, front—the regular, steady beating of the great "force pump" of the system, run by an unknown and mysterious Engineer, is awful in its impressiveness. Few persons like to count their own pulse-beats, and fewer persons still enjoy marking the "thub—thub" of their own heart.

"DROPPED BEAD,"

What if it should skip a beat. What if it should akip a beat.

As a matter of fact the heart is the least susceptible to primary disease of any of our vital organs. It is, however, very much injured by certain long continued congestions of the vital organs, like the kidneys, liver and stomach. Moreover, blood filled with uric acid produces a rheumatic tendency, and is very injurious to healthful heart action—it often proves fatal, and, of course, the uric acid comes from impaired kidney action.

action.

Roberts, the great English authority, says that heart disease is chiefly secondary to some more fatal malady in the blood or other many many in it is not the original

Take as an illustration: The kidneys are a very subject to congestion and yet, being deficient in the nerves of sensation, this congested condition is not indicated by pain. It may exist for years, unknown even to physicians, and if it does not result in complete destruction of the kidneys, the extra work which is forced upon the heart weakens it every year, and—a "mysterious" sudden death claims another victim.

This is the true history of heart disease—so called, which in reality is chiefly a secondary effect of Bright's disease of the kidneys.

ary effect of Bright's disease of the kidneys, and indicates the universal need of that renowned specific Warner's safe cure.

B. F. Larrabee, of Boston, who was by it so wonderfully cured of Bright's disease in 1879, says that with its disappearance went the distressing heart disorder, which he then discovered was only secondary to the year! There is a general impression that the nedical profession is not at fault if it frank-

y admits that heart disease is the cause of leath. In other words, a cure of heart disase is not expected of them.

There may be no help for a broken down, worn out, apoplectic heart, but there is a nelp for the kidney disorder which in most cases is responsible for the heart trouble, and if its use put money and fame into the treasury of the profession instead of into the hands of an independent investigator, every graduated doctor in the world would exclaim of it, as one, nobler and less prejudiced than his fellows, once exclaimed: "It is a God-

send to humanity."

What therefore must be the public estimate of that bigotry and want of frankness which forbids in such cases (because forsooth it is a proprietary article) the use of the one effective remedial agency of the age.

Heart disease, indeed. Why not call such things by their right names! Why not? Dead without a moment's warning. This

kewise is an untruth! Warnings are given by the thousand. Physicians are not surprised. They expected it. They know what the end will be, but the victim!—oh, no, he mustn't be told, you know, it would only frighten him, for there is no help, you cnow, for it.

The fate that attended "Little Mac" and the five governors is not a royal and exclusive one—it threatens every one who fails to heed the warnings of nature as set forth

011, With Hypophosphites, For Pulmonary Troubles. T. J. McFall, M. D., Anderson, S. C., says: 'I consider Scott's Emulsion one of the best reparations in the market for Pulmenary roubles. I have used it in my practi since 1876, and am well satisfied with it."

Pinancial. St. Paul and Union Pacific the Features—Large Bealings and a Rise in These Stocks—The Advance Loss Toward the End and the Whole List

Cleses Down. New York, Nov. 4, 1885 St. Paul and Union Pacific were the features of the dealings on 'Change this morning. Both were strong and advanced sharply by noon, strengthening the whole list and causing the prices to advance generally in sympathy. The first named sold up from 90½ to 22½ on a report of a large increase in the earnings of the road for October. Union Pacific and the 2% count in compactness of the purious countries. cific sold up 2% per cent. in consequence of the pur-chase of a large block of the stock for shipment aboard. Of the 175,000 shares sold up to noon 40,-000 were in the above mentioned stocks alone. At moon with a few exceptions the list was up 14 to 2% per cent. The market continued to advance up to 1:30 p. m., but after that hour there was a decided pressure to sell the leading stocks. The sell-ing continued up to the close of business, at which time the list was down to the bottom prices of the day. The selling was mainly directed toward Western Union, Oregon Navigation and Transcon-tinental, Lackswanna, Lake Shore, Northern Pacific, St. Paul and Union Pacific. The last two named lost most of the morning's advance. The decline ranged from 14 to 3 per cent. as compared with Monday's prices. The specialties were weak and closed lower. The sales amounted to over 520,

THE WARM WEATHER

Our recent announcement is attracting eager buyers from every city, town and hamlet within fifty miles of New Haven. Seldom it is that such an opportunity occurs to buy at reduced prices from a stock as large and varied as ours. When we advertised the sale of several thousand Men's and Boys' Suits and Overcoats at manufacturers' prices, we looked for a large increase in our sales, and we were not disappointed. The same powerful inducements which have characterized our offering for the past ten days will be continued, and to make this sale still more attractive, many new lots have been added.

We Shall Sell This Week:
